

Great Districts Process

ROUND 1: Policy Review (complete)

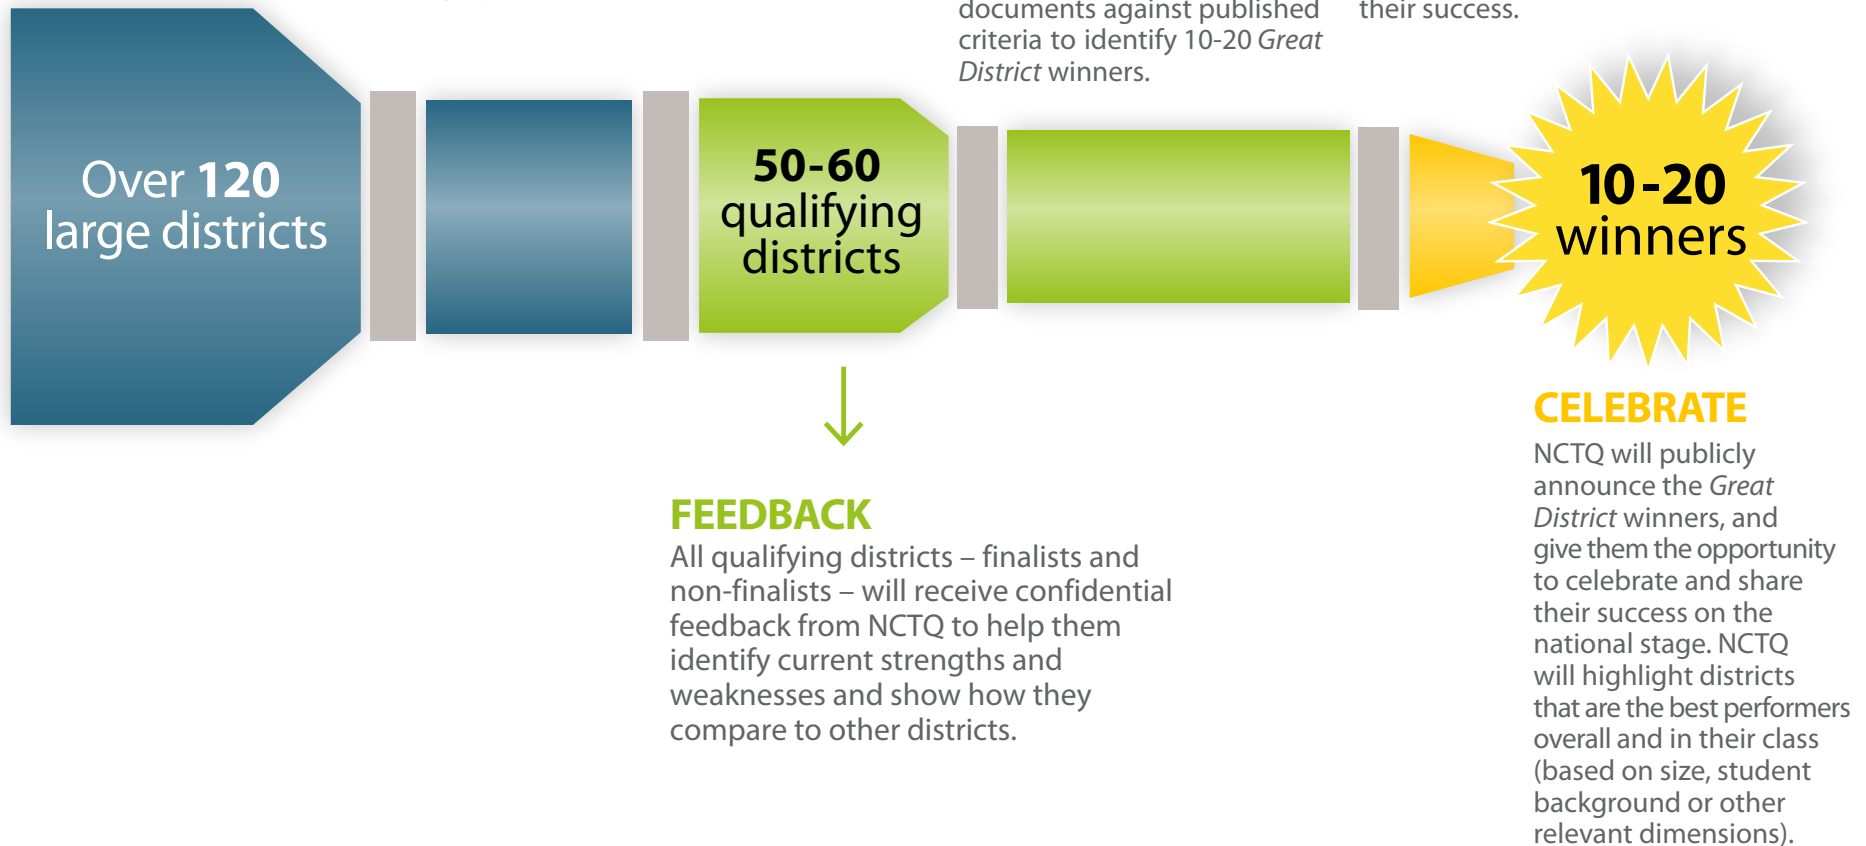

NCTQ examined publicly available policies of large districts across the country to find those that have the baseline conditions to be a good place for great teachers. On this basis, fewer than half were selected as qualifying districts.

ROUND 2: In-depth Analysis

NCTQ is now reaching out to all qualifying districts for further information on their policies and practices relevant to great teachers. NCTQ will analyze the data and documents against published criteria to identify 10-20 *Great District* winners.

ROUND 3: Listening Tour

NCTQ will engage with each winning district to understand their particular strengths as a place for great teachers to work, in preparation for celebrating their success.

We will not be publishing the names of school districts making it to the second round - ONLY the winning districts.
