School District #1, Denver Public Schools
And
Denver Classroom Teachers Association

THREE-YEAR FINANCIAL AGREEMENT

Denver Public Schools and the Denver Classroom Teachers Association agree to the following:

Terms Applicable to All Three Years

1. Title I Incentive:
   a. Any teacher or SSP in a school designated Title I, who is not currently receiving the Hard-to-Serve incentive (whether currently in ProComp or not) will receive 3.6% of the ProComp index, which currently equates to $1,500 a year from the ProComp Trust. The amount will increase consistent with the ProComp index. The Parties agree to amend the terms of the ProComp Trust and/or ProComp Agreement in order to effectuate the terms of this Agreement.
   
   b. Rules set by the ProComp Transition Team regarding the Hard-to-Serve incentive will apply equally to current Hard-to-Serve recipients and teachers receiving the new Title I incentive.

2. The financial terms of this Agreement will remain in effect until August 31, 2020. While it is the intent of the parties that the economic provisions in this Agreement shall remain in full force and effect during its term, in order to comply with the provisions of the TABOR Amendment and § 22-32-110(5) C.R.S., the provisions of the Agreement relating to benefits may be reopened by the District in connection with its annual adoption of its budget.

3. For 2020-21 and 2021-22, the parties will negotiate the financial terms at that time consistent with Article 6.

Terms of the 2017-18 Financial Agreement

1. For the 2017-18 school year, each Teacher and Specialized Service Provider’s (SSP) base salary will be increased by $1,400. A 2.5% increase will be applied to all the schedules in Article 32.
2. There shall be one additional non-student contact workday added to the District annual calendar starting in 2018-19 for a total of 187 workdays. Half of the day will be SLT-directed; the other half of the day will be self-directed. The District gives notice, consistent with the parties’ June 5, 2014 Financial Agreement, that one of the days on the District calendar will be converted from a non-student-contact day to a student-contact day during the 2018-19 school year.

3. For the 2017-18 school year, Teachers and SSPs on the traditional salary schedule shall receive steps/lanes/longevity.

4. For the 2017-18 school year, Teachers and SSPs in ProComp shall be eligible to earn ProComp base-building incentives (Professional Evaluation/PDU/Advanced Degrees/National Board Licenses) in accordance with the ProComp Agreement, with the following modifications to the ProComp Agreement:

   a. Consistent with the parties’ 2016 agreement, the Professional Evaluation and SGO/SLO ProComp incentives will continue to be combined into one Professional Evaluation ProComp incentive. Teachers and SSPs are eligible for the Professional Evaluation Incentive if they receive a final Approaching, Effective, or Distinguished end-of-year rating on their LEAP or SSP GPS evaluations (or equivalent rating on other system for evaluating teachers).

   b. A Teacher or SSP with fourteen years or less of credited service who earns the Incentive shall receive a base-building increase equivalent to 2% of the ProComp index. A Teacher or SSP with more than fourteen years of credited service who earns the Incentive shall receive a base-building increase equivalent to 1% of the ProComp index.
