

Per previous district confirmation, teachers with a MA degree are placed two steps higher on the salary schedule than their experience warrants. NCTQ was unable to secure district confirmation for the schedules below; however, based on the fact that the salary schedule's format remains unchanged over time and continues to show the progression on the schedule from year-to-year, NCTQ made the assumption that teachers with MA degrees continue to be placed two steps higher. In addition, while the footnote indicates that the 2020-2021 salary was under negotiation, the below salary amounts were finalized and ultimately approved for 2020-2021.
