PREAMBLE

In the Preamble to previous contracts, DCPS and the WTU declared fidelity to the goal of creating a partnership to advance the objective of providing “the best possible, comprehensive, efficient and effective learning environment for all students in the District of Columbia Public Schools.” In spite of their best intentions, the parties have failed to achieve this goal in the majority of DC Public Schools. Numerous factors conspired to subvert the fulfillment of their promise. The absence of consistent school system leadership, the lack of a clear, definitive master education plan with standards and a curriculum, outdated infrastructure in systems and procedures at central office, poor working conditions in schools, an ever growing “we teachers/they administrators” attitude that was allowed to fester, are but a few examples. These deficiencies and others have caused parents to lose faith in the school system and to remove their children from DC Public Schools. These deficiencies, no doubt, have also contributed to a decline in the quality of education received by DCPS students. The mistrust and lack of effective communication between teachers, principals, and central office administrators have resulted in an enormous number of grievances filed against DCPS; and, these grievances have consumed a tremendous amount of system time and money.

Indeed, the mistrust was carried into the collective bargaining process by the respective teams from DCPS and the WTU. It is largely responsible for the prolonged delay in completing this contract. We had to work through it and get to a point where we were willing to “risk” trust. Once that point was reached, we were able to recommit ourselves to developing a collaborative relationship to accomplish the purposes described in the Declaration of Education, namely, to “provide high quality teaching and learning in every classroom in every school.” To that end, we have agreed on the development of Pilot Schools to experiment with new approaches to providing instruction; the implementation of a Career Ladder, that permits promotion of the systems’ most accomplished teachers so they can be used to mentor new teachers, work on curriculum design and provide professional development. We have agreed, also, to modify the grievance procedures to include meaningful mediation in an effort to decrease the quantum of grievances, facilitate proactive intervention and resolution to potential labor – management conflicts and reduce the distractions that imperil quality education for DCPS students.

Beyond the individual merit of each of these initiatives, collectively, they represent a commitment by the WTU and DCPS to jointly engage in the struggle to rebuild public confidence in the educational product offered by DC’s public schools. We, too, want to be a part of a system of education that offers real promise to DC students. Our obligation is to make it happen. Of course, the race to this goal is more than a sprint. It will take focus, perseverance, stamina, strategy and real determination to get there. But by this agreement, we hope to signal that we’re on the right track.

2. Teachers have the right to join any teacher organization, but membership in a teacher organization shall not be required as a condition of employment.

3. Arrangements for dues deduction and the revocation of such dues deduction shall be made in accordance with the procedures of the Office of Financial Management Pay and Retirement, District of Columbia Government. The Union shall be the only teacher organization eligible to use payroll deduction for membership dues.

4. In recognition that the Union feels that employees who benefit by the Agreement should share in the costs, employees who do not pay Union dues shall be required to remit to the Union through payroll deduction an amount equivalent to eighty-five percent (85%) of the amount of Union dues effective the first pay period beginning on or after the effective date as provided in the Article “Duration of Agreement.” Such deductions shall be made only as long as the Union shall demonstrate on a semi annual basis that at least sixty-five percent (65%) of the employees in the unit are having full membership dues remitted to the Union as evidenced by payroll deduction or copies of checks submitted for payment of union dues by unit members. The Union shall indemnify and hold the Board harmless against any and all claims, demands and other forms of liability, which may arise from the operation of this provision. In any case in which judgment is entered against the Board as a result of dues deduction or other fees, the amount held to be improperly deducted from an employee’s pay, and actually transferred to the Union by the Board shall be returned to the Board or conveyed by the Union to the employee(s) as appropriate.

E. Athletic Trainers

The Board and Union agree to continue negotiations on working conditions, compensation, and other bargaining unit benefits for athletic trainers. Upon completion of negotiations, the Superintendent and the WTU President shall execute a Memorandum of Understanding detailing the terms of the agreement and such Memorandum of Understanding shall become an addendum to this agreement.
ARTICLE II. QUALITY EDUCATION

The Board and Union agree that while improving public education in the District of Columbia is a major concern to all citizens, policy decisions on quality education are the Board’s responsibility. The Board and the Union agree to work cooperatively on all phases of school improvement, including school reform, professional development, and developing high-quality teachers.

School Reform means comprehensive strategies employed over time to redesign, restructure, or transform schools that are not effectively serving children and the community, into schools that support and facilitate increased student achievement. This reform will be accomplished through the implementation of research-based best practices, restructuring schools and improving facilities, resources and services.

The Board shall provide written notice of potential school reform to all teachers in those schools that have been identified as soon as possible. In any case, within two weeks of the Board’s decision to reform a school, teachers in those schools shall be given written notice of that decision.

A. Full And Equal Partnership

1. Equal Partnership

With this contract, the Washington Teachers Union (hereinafter, the “WTU”) and the District of Columbia Public Schools (hereinafter, “DCPS”) are establishing a full and equal partnership which we define as shared commitment, responsibility, and accountability for student achievement. This partnership requires open communication, trust, respect, collaboration, shared decision making, and compliance with all agreements. It requires full participation on all issues concerning education of DCPS students.

To that end, we establish the Full and Equal Partnership Committee (the “FEP”). It will consist of the Superintendent and the President of the WTU and as many designees (an equal number from DCPS and the WTU) as they deem appropriate. All other joint committees described herein, with the exception of the committees working on Pilot schools and the Career Ladder, will work under the auspices of the FEP.

The FEP is primarily responsible for ensuring the full implementation of this collective bargaining agreement. It will also work to build collaborative relationships among stakeholders (teachers, administrators, parents, students and others) in order to create a healthy climate for improved learning.

2. Labor Management Relations

The parties agree that an effective Labor Management Relationship that facilitates productive collaboration and shared decision-making at the local school level is essential to high quality teaching and learning. The Superintendent and WTU President agree to consult on strategies designed to promote non-threatening and productive working relationships between
WTU building representatives and local school administrators. Such strategies may include, but not limited to, joint training, mediation, data monitoring and analysis, labor management partnership certification and support intervention. The parties agree to jointly establish a subcommittee of the FEP to provide support and facilitate successful labor management partnerships and collaboration at local schools. The subcommittee shall develop operating procedures and those procedures shall be provided to all building representatives and administrators. Union representatives and administrators may access the subcommittee for assistance in establishing and maintaining non-threatening, collaborative, and productive labor-management relationships that promote high quality teaching and learning in all District of Columbia Public Schools.

B. New Teacher Induction/Mentoring

The parties agree to form a joint committee consisting of the Superintendent or designees, President of the WTU or designees, and 6 representatives selected by the WTU – and 6 representatives selected by the DCPS to implement the mentoring and induction program adopted by the Board.

The joint committee shall develop and implement a mentoring and induction program that will:

1. Require the participation of all teachers within their first three years of service in DCPS.
2. Begin with an initial 4 or 5 days of training in classroom management and effective teaching techniques.
3. Offer a continuum of professional development for all teachers.
4. Develop and match mentor teachers with the newest staff.

C. Pilot Schools

The parties are planning for the development of innovative pilot schools. The purpose for establishing these pilot schools is to create models of developmentally appropriate, high-quality instruction within the framework of the Master Education Plan, the Declaration of Education and No Child Left Behind. These schools will be designed to provide an alternative educational environment to attract and retain the District’s children and families.

There will be two types of pilot schools starting in 2006-2007: “innovative” public schools and “compensation incentive” (CI) public schools. Some schools may be both.

Innovative pilot schools may operate under procedures that are different than those that currently exist in public schools in the District. These procedures may include a modified school day; specified wrap-around services; alternative student evaluation; and increased tutorial support for students.
The goal of the CI pilot schools is to determine whether this form of compensation substantially increases student achievement, teacher retention, job satisfaction and overall educational success of students in the District of Columbia Public Schools.

Immediately after the execution of this agreement, a joint working committee of ten members (five from DCPS and five from the WTU), co-chaired by the Superintendent of DC Public Schools and the President of the WTU, will begin to determine the method for selecting pilot schools, standards, procedures, the process for teacher application and other operational criteria.

Once these procedures have been developed and published, teachers will be able to apply to serve on the faculties of these schools.

D. Career Ladder

The parties have agreed that at the beginning of SY ’07-’08, a Career Ladder Program will be instituted in DCPS. The purpose of the program is to create an opportunity for advancement in teaching for the system’s most successful teachers. The Career Ladder Program will allow these teachers to earn a differential in pay above their base salary while remaining in the classroom. Beyond their teaching responsibilities, these teachers will also be asked to share their skills with their colleagues by mentoring new teachers, providing support to veteran teachers and by participating in the design and implementation of other instructional activities.

The Career Ladder Program will operate under the auspices of the Career in Teaching Committee (CIT) which will be comprised of six (6) members appointed by the WTU President and six (6) members appointed by the Superintendent of Schools. The chair will rotate annually between the two parties. During the next school year ’06-’07, a joint committee with equal membership from the WTU and DCPS will convene to delineate the roles, responsibilities, expectations and success measures for this program. Once this work is completed, the committee will prepare and publish the application and criteria for selection.

E. Professional Development and Curriculum

Professional development is a critical component in supporting high quality teaching and learning. Creating a coherent system-wide plan for improving professional skills and competencies to increase student learning will organize school personnel into learning communities whose goals are aligned with those of the school and district. This will require the systematic training of teachers within their first three years of service and offer a continuum of professional development for all teachers resulting in:

1. A clear statement of job performance expectations;
2. A clear statement of support to be given to teachers;
3. A shared vision and philosophy of the school system;
4. The provision of instructional materials and classroom resources to facilitate the successful delivery of instruction;
5. The support of all teachers by providing relevant, research-based professional development; based on district goals, best practices and proven methods of increasing student success; and

6. A significant impact in the social, emotional, and academic growth of each child in the District of Columbia Public Schools.

The WTU and the Board mutually recognize the necessity of aligning standards, curriculum and assessment. This alignment is necessary in order to provide meaningful professional development that can be successfully incorporated into classroom content and instruction.

Therefore, the parties agree to work cooperatively to develop well-articulated programs of instruction for each grade level that will guide and support teachers in aligning classroom instruction with the standards, curriculum and assessment system in order to support improved student achievement. The programs of instruction will outline to teachers and inform parents as to what students should know and be able to do, and incorporate relevant research-based developments in the areas of teaching and learning and effective practice. National and local curriculum programs, models and materials will be reviewed on an ongoing basis to determine their value for alignment with the standards, curriculum and assessment system, and where deemed appropriate will be incorporated into the programs of instruction. Professional development framed by the aligned standards, curriculum and assessments will support teachers in the continuing enhancement of their content knowledge and classroom practice.

1. The Board and the Union agree that matters dealing with quality education decisions are the Board’s responsibility. The parties agree that teachers must be allowed to participate in the various stages of staff and curriculum development. Vital to the success of quality education is the involvement of teachers in the development and implementation of such programs.

2. The SCAC, in consultation with the staff, may develop surveys to seek information for the training of, and assistance to, teachers related to improving student achievement.

3. The Building Representative, after conducting such a survey, will share the results with the LSRT, staff and local school principal for consideration during the professional development deliberations for local school plan policy recommendations.

F. Professional Development Standards

1. All professional development will be designed to meet the School District's strategic goals, content/performance standards, and assessed teacher/staff needs and/or to improve student performance.

2. Professional development must be a continuous and ongoing process that promotes sustained interaction among teachers and other instructional
support personnel to address issues of local common concern and the School System as a whole.

3. Professional development programs and activities for school-based employees will focus on improving teaching practice and school climate issues, and to the greatest extent possible, shall be linked to reflecting upon and improving daily practice.

4. Professional development programs for teachers shall be based on the recognition of education as a dynamic, professional field characterized by new developments and knowledge about the teaching and learning process and, to the greatest extent possible, shall emphasize growth and development in addition to remediation.

5. Professional development shall be implemented as part of a comprehensive program to improve student achievement. At the school level, for example, professional development programs should reflect school improvement planning.

6. Professional development programs shall draw on the resources and expertise of employees within schools. Programs shall also promote the School District’s partnering with the WTU, and institutions of higher education as service providers.

7. Professional development shall emphasize the following key content areas:

(a) Enhancing content knowledge and delivery;
(b) Implementing content/performance standards;
(c) Developing lessons, units and courses of study or curriculum development;
(d) Pedagogy and instructional strategies, including accommodating different learning styles (Differentiated Instruction);
(e) Assessment;
(f) Classroom management and conflict resolution;
(g) Student discipline and behavior management;
(h) Integrating learning technologies;
(i) Evaluating research, programs and materials; and
(j) Leadership, collaboration, conflict resolution and team building.
8. Professional development may include a variety of delivery models, but shall incorporate the model(s) best suited to the objectives of the program and shall consistently support individual improvement in the context of organizational goals.

9. Professional Development shall be provided by DCPS for all teachers during the tour of duty relating to the needs of students with disabilities, i.e., directives, guidelines, best practices, and all applicable district and federal laws.

10. The Board and Union agree that professional development provided during the school day should be scheduled in a manner that will minimize disruption to ongoing school operations. To this end, the Board agrees to provide one half (1/2) day each month during the school calendar year for teachers to engage in professional development. On such days, schools will close one half (1/2) day in the afternoon for all students unless otherwise mutually agreed by the Superintendent and WTU President.

G. National Board Certification

The WTU and DCPS are committed to improving schools by promoting better teaching and learning. To this end, we support the mission of the National Board for Professional Teaching Standards. These standards are designed “to establish high and rigorous standards for what accomplished teachers should know and be able to do, to develop and certify teachers who meet these standards, and to advance related education reforms for the purpose of improving student learning in schools in the United States.”

1. Recognizing the importance of high standards for teachers, a partnership (Partnership) has been formed among the District of Columbia Public Schools, a consortium of Universities, the National Board for Professional Teaching Standards and the Washington Teachers’ Union. The purpose of the Partnership is to promote and support teachers who are seeking National Board Certification; and

2. The Partnership will provide financial, technical and pedagogical support to National Board candidates, including assistance with photocopying, media services, and portfolio development. Also, up to three (3) days of administrative leave will be available annually to those candidates participating in National Board Certification activities.

ARTICLE III. FAIR PRACTICES

A. The Board shall not discriminate against any teacher on the basis of membership in any teacher organization or association with the activities of the Union.
B. The Union recognizes its responsibility as bargaining agent and agrees to represent all employees in the bargaining unit without regard to union membership, within the provisions spelled out in this Agreement.

ARTICLE IV. TEACHER TRANSFER POLICY

The Board in transferring ET-15, ET-15/12 and EG-09 employees shall apply the policy hereinafter set forth.

A. Voluntary Transfers

1. A voluntary transfer is a change in a building assignment from one work location to another, within the area of certification of present employment, initiated by the teacher.

2. Lists of vacancies, to the extent known, shall be prepared and posted on or before April 1 annually.

3. The vacancy list shall be posted, by the supervisor, in all schools and offices where members of the bargaining unit are located and a copy shall be provided to the WTU Building Representative. The list will indicate the school, program, position and the certification required for the position. The Director of Human Resources shall provide a copy of the vacancy list, along with position descriptions to the President of the Washington Teachers’ Union. Position descriptions shall be provided to bargaining unit members upon request from the Human Resources Division.

4. Requests for transfers will be honored to the extent they do not conflict with law, instructional requirements, and/or the best interest of the school system.

5. In cases where two or more teachers request a transfer to the same school but there are insufficient vacancies, preference shall be given to the teacher with the greatest amount of system-wide seniority. In cases where teachers have the same amount of system-wide seniority, the selection shall be determined by building seniority.

6. When a transfer is granted at the request of a teacher, the teacher shall be ineligible to request another transfer for three years. This limitation does not apply to teachers requesting a transfer (a) from schools that close, or (b) to pilot schools. A teacher who rejects a transfer to a school he/she has requested as one of his/her choices shall not be permitted to apply for transfer during the following year.

7. Written notification to teachers granted or denied a transfer shall be made as soon as a determination is made, but in no case later than July 14.
Teachers denied a transfer shall be notified in writing of the reason(s). The Union shall receive a copy of all transfer actions.

8. A teacher requesting a transfer must possess the certification for the position prior to the transfer and must have received a rating of satisfactory or above for the previous school year.

9. Teachers who are unable to adapt to an open space environment shall be permitted to transfer to a self-contained classroom, at any time, if a position is available.

10. Teachers requesting a voluntary transfer can arrange to interview with school principals by one or both of the following:

   (a) at the DCPS transfer fair in April of each year; or

   (b) with principals between April and June 30.

11. Voluntary transfers may occur at the same time or prior to the placement of excessed teachers.

12. Teachers requesting a voluntary transfer, shall submit their request online to the Human Resources Department any time before June 15th of each year.

13. In any year that a reduction-in-force occurs, the provisions of Section A shall not apply.

B. Involuntary Transfers

1. Involuntary transfers shall be made only after consultation and discussion with the teacher involved. At the teacher’s request, there may be present at such discussion a representative of the Union. A teacher who is involuntarily transferred shall be given two (2) weeks notice, except in those cases where the transfer must be made in less than two (2) weeks, the notice shall be given as timely as possible. The notice of the transfer shall contain the reasons therefore. Teachers who are involuntarily transferred shall be given at least 3 workdays of non-instructional duties, prior to the transfer, at no loss in salary to prepare for transfer from their current site location to their new assignment. Such preparation may include but is not limited to the purposes enumerated below:

   (a) boxing materials for transfer to the next building assignment; and

   (b) setting up their new classroom, gathering and organizing instructional materials.
2. The Board further agrees to provide logistical support (boxes, storage and transporting of educational materials) for the transferring teacher to the new building assignment.

3. Involuntary transfers shall not be made for reasons of disciplinary action.

4. In cases where transfers are necessary as a result of exceeding teachers from buildings, preference shall be given to the teacher with the most building seniority, provided the teachers are equally certified. Where building seniority can not be determined by the official records of the Office of Human Resources, preference shall be given to the teacher with the most system-wide seniority.

5. A teacher who is involuntarily transferred shall carry forward his/her building seniority. The provisions of Section 5 shall apply to:
   (a) A teacher who accepts an involuntary transfer when a reduction in the teaching staff of their current building is required.
   (b) A teacher who is granted a transfer because of the inability to adapt to the open space environment.
   (c) A resident special subject teacher whose reassignment conforms to the provisions of Definitions P.3.
   (d) A teacher who elects to leave a school in accordance with Article XXIV 11d.

C. Excessing

In cases where transfers are necessary as a result of exceeding, teachers will be notified of their excess status by their supervisors prior to the last day of school for teachers.

1. Excessed teachers shall be notified of their new assignment by the Office of Human Resources by July 31.

2. Excessed teachers shall be given the option of returning to their former assignments if a vacancy occurs in the area of certification from which they were exceeded by the end of the equalization process in the following school year.

3. When two or more teachers have the same certification and identical building seniority, the teacher with the least amount of system-wide seniority shall be exceeded.

4. When two or more teachers have the same certification, same building seniority, and the same system-wide seniority, the teacher with an annual evaluation of "Exceeds Expectations" in the school year immediately
preceding the year in which excessing occurs, shall not be excessed prior to the teacher with an annual evaluation of "Meets Expectations" in the school year immediately preceding the year in which excessing occurs. In the event that certification, building seniority, system seniority, and the immediate preceding year’s annual evaluations are identical, the teacher to be excessed shall be determined by lottery. For the purpose of excessing, a teacher’s official area of certification shall mean his/her licensed area of employment in DCPS, as evidenced by his/her official records of the office of Human Resources. A teacher’s official building and system-wide seniority shall be determined by his/her official records of the office of Human Resources.

5. Teachers who receive an annual rating of "exceeds expectation" in the year directly preceding a year in which excessing occurs may request a waiver from excessing procedures through a process jointly determined and agreed upon by the Superintendent and President of the Washington Teachers Union (WTU). In such cases, the teacher must initiate a waiver request that includes a defensible explanation why excessing him/her would result in a detriment or hardship to the mission of the school and its school improvement plan. In addition, the school principal must submit a written explanation of why the retention of the teacher is critical to the success of the school. The granting of such waiver shall require the written approval of the Superintendent and WTU President, and it shall not be granted for a period longer than one (1) school year for each approved waiver request. The Superintendent and President of the WTU agree to review the effectiveness of the new provisions and overall educational impact of the standing provisions of Article IV.

6. All excessed teachers not placed by July 15, shall be assigned (by the Office of Human Resources) in remaining vacancies according to certification.

7. Excessed teachers shall have priority in placement according to their system-wide seniority in the area of their certification. All such placements shall be made no later than July 31. In the event there are fewer system-wide positions in the area of a teacher’s certification than the number of excessed teachers, excessed teachers shall be entitled to bumping rights based on system-wide seniority in the area of their certification. After the completion of the system-wide bumping process, remaining excess teachers for which there are no available positions shall be subject to termination from DCPS. Such terminated teachers shall retain recall rights for three years. However, when a teacher is recalled and declines to accept a position that is equal or comparable to the one from which he/she was terminated, but the teacher is available to accept such assignment, he/she shall forfeit his/her right to recall. When a teacher is recalled and declines to accept a position that is equal or comparable to the one from which he/she was terminated, and is unavailable to accept such
recall assignment due to other employment or other extenuating circumstances, he/she must accept the recall assignment by the beginning of the following school year or shall lose his/her right to recall.

D. Personnel actions for all transfers shall be provided for the teacher within thirty (30) days after the effective date.

E. A teacher transferring out of a school which becomes a Pilot shall be placed in a vacant position for which he/she is certified before voluntary transfers and new hires are placed. All teacher transfers into or out of a Pilot school shall be treated as involuntary transfers for purposes of building seniority.

F. Detailing of teachers will be done in accordance with District of Columbia Regulations, Title 5.

ARTICLE V. PERSONNEL FILES

A. The teacher’s personnel file will be maintained in the Division of Human Resources. This shall be the teacher’s only official personnel file.

B. Upon appropriate request by the teacher, properly identified, he/she shall be permitted to examine his/her own file in the presence of a Division of Human Resources representative. Such requests will not be honored during the two weeks prior to, and two weeks following the opening of the school term.

C. A viewing record shall be developed and maintained reflecting the date, name and position of each person granted access into the file.

D. The teacher shall be permitted to obtain a copy of any material contained in his/her file.

E. A Union representative shall be permitted to examine a teacher’s personnel file in the presence of a representative from the Division of Human Resources provided that a document authorizing such examination is signed by the teacher and has been received by the Director of Human Resources prior to the date of examination of the file.

F. Documentation of a teacher’s professional performance, adverse actions, or documents that may lead to or result in adverse action against a teacher, shall not be placed in a teacher’s official personnel file until a copy of such material has been delivered to the teacher.

G. If the supervisor is unable to deliver such material, he/she shall mail it, certified mail, receipt requested, to the teacher’s last known address of record.

H. Should the teacher disagree with the contents of the material, he/she shall have the right to answer such material, and the answer shall be attached to and filed with the material in the official personnel file.
I. Upon the written request of the teacher, materials of an adverse nature, older than three years, shall be considered for removal unless it can be demonstrated that their removal will compromise the interests of the school system. Such removal shall take place within thirty (30) days from the receipt of said request. No evidence of an incident or action more than three years old may be used in determining any current or proposed disciplinary or adverse action.

J. Materials of an adverse nature that become the subject of a grievance shall be removed from the personnel file if that is part of the grievance/arbitration resolution.

K. A teacher’s personnel file shall be treated as confidential.

L. Anonymous material shall not be placed in an employee’s official personnel file.

M. Personnel information concerning an employee’s unpaid bills or bad checks shall not be placed in an employee’s official personnel file.

N. Lost records and/or files shall be recreated at DCPS’ expense. Benefits due a teacher shall be awarded immediately upon reconstruction, retrieval or restoration of lost records.

ARTICLE VI. GRIEVANCE AND ARBITRATION

A. Statement of Principle

It shall be a guiding principle of this procedure that the parties shall make every reasonable effort to resolve any dispute between them by mutual agreement. The parties also agree that if a grievance is filed, the parties shall make every reasonable effort to resolve the grievance by agreement at the lowest possible step of the grievance procedure. Further, the parties agree to utilize those methods already contained in the CBA, such as the SCAC and the LSRT, to facilitate resolving disputes by mutual agreement. Finally, the parties expect that good faith observance, by their respective representatives, of the principles and procedures set forth herein will result in the settlement or withdrawal of substantially all grievances initiated hereunder at the lowest possible step, and recognize their obligation to achieve that end.

B. Definition

A grievance is a complaint involving a work situation or a complaint that there has been a deviation from, misinterpretation of, or misapplication of a practice or policy; or a complaint that there has been a violation, misinterpretation, or misapplication of any provision of this Agreement.

C. Procedure

1. Either an employee or the Union may raise a grievance, and, if raised by the employee, the Union may associate itself with the grievance at any time except as otherwise provided. If raised by the Union, the employee may not thereafter raise the grievance himself, and if raised by the employee, he may not thereafter cause the Union to raise the same
grievance independently. Any grievance raised by the Union on behalf of an employee must identify the employee. The Union may not process a grievance on behalf of an employee without that employee’s consent.

2. Grievances shall be settled as follows:

   (a) When a grievance is raised by an employee:

   **STEP 1:**

   An employee who wishes to raise a grievance shall do so within ten (10) school days after the event giving rise to the grievance. Within five (5) school days after receipt thereof, the supervisor and the employee shall meet to resolve the dispute informally and expeditiously. At the employee’s option there may be present at such discussion a representative of the Union or any other school employee, or outside representative selected by the aggrieved employee who is not an officer, agent, or representative of another teacher organization. At the immediate supervisor’s option, there may be present at such discussion additional employees of the school system selected by the immediate supervisor. Prior to the discussion, employees shall identify the discussion as Step 1 of this grievance procedure. If the matter in dispute is not settled, immediately prior to the termination of the Step 1 discussion, the employee shall execute a duplicate form provided by the Union showing the date, time, place, persons involved in the discussion, a written statement of the grievance discussed, and the relief requested. The form shall be signed by the employee and the immediate supervisor.

   **STEP 2 - Mediation:**

   If the grievance is not settled at Step 1 within two school days following the Step 1 meeting, within five school days thereafter, the parties shall submit in writing a request for mediation to the mediation panel with a copy to the Office of the Superintendent. The request for mediation shall include all documentation from Step 1. The mediation panel shall assign a mediator who will schedule and meet with the parties within five (5) school days after receipt of the complaint. This timeline may be extended by mutual agreement of the parties. The mediator shall prepare a written statement summarizing the agreement between the parties or indicating that the parties failed to agree. This summary shall be prepared and circulated to the parties, the Office of the Superintendent and the WTU within three (3) work days following the mediation session.

   **STEP 3:**

   If the complaint is not resolved within five (5) school days of completion of the mediation, the matter shall be reduced to writing (the “Grievance”) and submitted to the Office of the Superintendent. The written “Statement of Grievance” shall include:

   1. The name(s) of the employee(s) involved;
   2. A brief statement of the facts giving rise to the grievance;
3. Where appropriate, a reference to the provision(s) of the Agreement alleged to be violated; and

4. The relief requested.

The Superintendent, or his/her designee, and those he/she may further name, shall meet with the representatives of the WTU, and with the persons referred to in Step 1, within ten school days of such submission, and the Superintendent or designee shall render a decision, in writing, within ten days of such meeting. This meeting shall take the form of a hearing, before a neutral hearing officer during the course of which all parties are afforded the opportunity to present evidence, witnesses, and arguments in support of their respective position(s). The hearing officers shall submit his/her decision to the parties and the decision is binding absent a request for arbitration by either party.

STEP 4:

1. If either party is dissatisfied with the decision received at Step 3, within thirty (30) days following the receipt of the decision, either party may notify the other of its intention to invoke arbitration. Within ten (10) school days following receipt of notification, the parties shall meet to mutually agree on an Arbitrator to hear and decide the case. If the parties are unable to agree on an Arbitrator, either party may invoke arbitration by filing notice with the American Arbitration Association within ten (10) school days thereafter. Simultaneously, notice shall be sent to the President of the Board of Education, the Superintendent of Schools, and the Office of Labor Management and Employee Relations.

2. The question in dispute, jointly stipulated to if possible, shall be referred to an Arbitrator selected by the parties or to an arbitrator selected by the parties from a panel provided by the American Arbitration Association.

3. The Arbitrator shall hear and decide only one grievance in each case. He shall not be bound by formal rules of evidence. He shall be bound by and must comply with all the terms of this Agreement. He shall have no power to delete or modify in any way any of the provisions of this Agreement. He shall have the power to make appropriate awards. The Arbitrator shall render his decision in writing, setting forth the Arbitrator’s opinion and conclusions on the issues submitted within thirty (30) days after the conclusion of the hearing. The decision of the Arbitrator shall be final and binding upon DCPS, WTU and all bargaining members.

4. No provision of this Agreement, which is stated to be a matter of policy, shall be subject to arbitration.

5. Fees and expenses of the Arbitrator shall be borne by the non-prevailing party.

6. No individual employee may invoke Arbitration.
7. When a grievance is raised and involves a matter of general application, the initial step shall be Step 3.

D. General

1. No matter shall be entertained as a grievance, unless it has been raised with the other party within ten (10) school days after the occurrence of the event giving rise to the grievance.

2. All time limits set forth in this Article may be extended by mutual consent, but if not extended, must be strictly observed.

3. If an employee or the WTU fails to file a grievance within the time limits specified in these procedures, and DCPS does not object within five (5) school days after receipt of the grievance, its right to object to the late filing is waived. However in no case may a grievance be filed more than thirty (30) school days after the event giving rise to it. If the matter in dispute is not resolved within the period provided for any step, the next step may be invoked.

4. Once a grievance has been filed, it may not be altered, except that the Grievant may delete items from the grievance.

5. If the Union is not a party to Steps 1, 2, or 3 of this Article, then the disposition of the dispute shall not be a precedent with respect to it.

6. No hearing shall be open to the public unless all parties agree.

7. The fact that a grievance is filed by an employee, regardless of its disposition, shall not be recorded in the employee’s personnel file, any file or record used in the promotion process, for any recommendation for job placement; nor shall an employee be placed in jeopardy or be subject to reprisal for having pursued this grievance procedure.

8. Any hearing provided for in this Article shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, required to attend. Witnesses shall be present in the hearing only when their testimony is presented. When hearings are held during school hours, employees required to be present shall be excused with pay for that purpose.

9. The Board and the Union shall have the right, at their own expense, to legal and/or stenographic assistance at Step 4.

10. Employees and the Union shall follow the procedures in this Article regarding any grievance.
11. No recording device shall be used at Step 1, 2, or 3 of this procedure. No person shall be present at any of these steps for the purpose of recording the discussion.

12. At Step 3, there shall be a single chief spokesperson on each side, provided that this shall not preclude any participant at Step 3 from speaking.

13. DCPS shall comply with grievance settlements and arbitration awards within 60 days of the effective date of the completion of the settlement or receipt of the arbitrator’s award and submission of all necessary paperwork submitted by the employee.

14. The parties shall conduct joint training for all WTU bargaining unit members and DCPS Administrators on the content of the Contract and conflict resolution. This training shall be conducted as a part of the ongoing professional development program by the Director of Human Resources or his/her designee, the General Counsel of DCPS or his/her designee(s) and the President of the WTU or his/her designee(s). The joint training shall be conducted once each year, within the first three months of the School Year under the auspices of the FEP.

E. Joint Grievance Committee

The parties shall establish a joint grievance committee to meet once monthly to accomplish the following

1. Monitor and track the status of grievances at Step 2 and 3.

2. Collect and analyze data regarding the frequency and location of particular grievances and report to the FEP Committee.

3. The Joint Grievance Committee shall have the discretion to intervene in schools where the data indicates that the most grievances are filed.

4. This committee shall operate under the auspices of the FEP.

ARTICLE VII. DISCIPLINE PROCEDURE

A. Principles

In the administration of this Article, the basic principle shall be that discipline shall be corrective in nature rather than punitive. No employee may be disciplined or discharged except for just cause. Any such discipline or discharge shall be subject to the grievance-arbitration procedure provided for in this Agreement.

B. Progressive Discipline
The intent of this Article is to establish a process for progressive actions which may lead to a letter of reprimand, or suspension to which the Article applies. Any discipline or discharge must adhere to the following system of progressive discipline.

1. Discussion

For minor offenses, management has a responsibility to discuss such matters with the employee. Such discussions are not considered discipline and are not grievable. Such discussions shall not be noted in the employee’s Official Personnel File, and may not be cited as an element of prior adverse record in any subsequent disciplinary action against the employee.

2. Written Reprimands

A written reprimand is a disciplinary notice in writing, identified as an official disciplinary written reprimand, which shall include an explanation of a deficiency or misconduct to be corrected.

(a) A written reprimand based upon an act or omission by the teacher shall be placed in the personnel file within a reasonable period of time following the incident, provided that the teacher has had an opportunity to review the materials and to comment thereon.

(b) A reasonable period of time following the incident shall be for the purpose of investigating the incident, but shall not exceed five (5) days, unless there is written mutual agreement to extend the period.

(c) If the Administrator concludes that there is no basis for the allegations, no reprimand will be placed in the file.

(d) If the Administrator concludes that there is a basis for the allegation, the reprimand shall be placed in the personnel file after the teacher has been provided a copy. Should the teacher disagree with the contents of the material, the teacher shall have the right to answer such material, and the answer shall be filed with the reprimand in the teacher’s personnel file.

(e) A teacher has the right, upon request, to have a Union representative present during an investigatory meeting with the Administrator.

(f) If a reprimand is placed in a teacher’s official personnel file contrary to the procedures described above, that reprimand shall be immediately removed from the teacher’s official personnel file.

(g) Procedures for Written Reprimands:

(i) The steps set forth below will be followed with respect to union members whose performance or conduct warrants a
written reprimand by his/her supervisor. Reasons for a letter of reprimand include, but are not limited to, unsatisfactory performance, unprofessional conduct, and persistent violation of or refusal to obey the school laws of the District of Columbia or reasonable regulations prescribed by the Board of Education.

(a) Verbal warning (oral only, not provided in writing);
(b) Written warning (maintained in unit member’s site or program personnel file);
(c) Letter of Reprimand (maintained in unit member’s district personnel file).

(ii) The supervisor shall have the discretion to determine the number of verbal and written warnings prior to issuing a written reprimand.

(a) In cases of egregious conduct, the supervisor may issue a letter of reprimand without previously having issued either a verbal or written warning.
(b) A written reprimand based upon an act (Section 1 above) or omission by the teacher shall be placed in the personnel file within a reasonable period of time following the incident, provided that the teacher has had the opportunity to review the materials and to comment thereon.

3. Suspensions or discharge

In the case of suspensions, or discharge, the official taking the action shall provide the employee with advance written notice of the charge[s], which shall include a specific statement of the evidence supporting such charge[s], no later than ten (10) school days prior to the effective date of the discipline. At the option of DCPS, an employee shall either remain on the job or in pay status for the entire ten (10) day period.

Within five (5) days of the receipt of the notice, the employee has the right to review all documents related to the charges and to provide a written reply along with supporting documents against the charges. The decision shall go into effect as stated unless upon consideration of all relevant facts by the official taking the action, the action is to be modified, at which time the employee and the union shall be so notified in writing of the modification. The disciplinary action or discharge shall not take effect until the requirements of this article are satisfied. All suspensions shall be administered in a manner which causes the teacher to lose no more pay than the actual days of suspension.
C. The initiation of the disciplinary action shall be taken no later than thirty (30) school days after the supervisor’s knowledge of the alleged infraction. In cases requiring an investigation, any investigation conducted by or on behalf of DCPS into the alleged infraction shall be completed, with any investigation report provided to the employee involved and to the WTU within thirty (30) days after the supervisor’s knowledge of the alleged infraction. This time limit may be extended by mutual consent, but if not so extended, must be strictly adhered to.

D. Immediate Administrative Leave. In cases where retaining the employee on duty may be injurious to the employee, students, or to others, the employee may be placed immediately on administrative leave pending further administrative action.

E. Disciplinary Conferences

Any teacher has the right, upon request, to be represented at any disciplinary conference. The teacher shall be notified in advance of said administrative conference. A Union representative may accompany the teacher to said conference and may speak on behalf of the teacher.

F. Allegations of Corporal Punishment

As soon as a supervisor becomes aware of an allegation of corporal punishment, the supervisor shall immediately notify the affected teacher and the WTU Building Representative that an allegation of corporal punishment has been made. Additionally, within two school days of the supervisor’s knowledge of an allegation, the supervisor shall provide the teacher and WTU with written notification that an allegation of corporal punishment has been made against the teacher. Prior to any investigatory meeting, interview, or discussion with DCPS, the supervisor shall inform the teacher of his or her right to be accompanied by a Union representative. In circumstances where allegations of corporal punishment are reported to the Principal, prior to notifying security or the police, the Principal shall give the teacher the option of reporting to the police precinct, accompanied by a WTU Field Representative if desired, to discuss the allegation with the proper law enforcement authorities.

G. Professional Courtesy

As appropriate protocol, and when possible, all differences of an interpersonal nature should be worked out between an informal conference between the teacher and the Administrator. When interpersonal differences occur, the parties recognize that it is inappropriate to criticize each other in the presence of others.

H. Complaints

When a teacher becomes the subject of a complaint, the following processes should be adhered to:

1. Every effort should be made to resolve the complaint at the earliest possible stage. Whenever possible, the complaint concerning the teacher
should be made directly by the complainant to the teacher against whom the complaint is made.

2. If the complainant is unable or unwilling to resolve the complaint directly with the teacher involved, he/she may submit a written complaint to the teacher’s Principal.

3. Upon receipt of a written complaint, a copy shall be provided to a teacher within seventy-two (72) hours. During school vacation periods, such copy shall be sent Certified Mail, Return Receipt Requested. After receipt of the copy, a teacher shall have up to five (5) days to prepare his/her response.

(a) The written complaint must include:

   (i) The name of each of the parties involved;

   (ii) A brief but specific summary of the complaint and the facts surrounding it; and;

   (iii) A specific description of any prior attempts to discuss the complaint with the teacher.

4. Areas of concern regarding the complaint shall be discussed with the teacher in private. All matters relating to a complaint are to be kept confidential.

5. Documents, communications, and records dealing with the complaint shall be placed in the teacher’s personnel file. When a complaint is unfounded and unsubstantiated, all related documents and records will be returned to the teacher within five working days.

6. The investigation and resolution of all complaints shall be completed within fifteen (15) calendar days, unless the time is extended by mutual written consent of the parties.

7. The Administrator investigating the complaint shall proceed in an impartial manner and shall objectively weigh all facts of the complaint prior to reaching a conclusion.

8. The complaint process outlined in this section is not applicable to Section 14, “ADVERSE ACTIONS,” of the District of Columbia Municipal Rules. Nor is it applicable in cases of sexual harassment or physical/sexual abuse of a student.
ARTICLE VIII. CHAPTER MEETINGS

On or before the last school day in September the WTU building representative shall notify the building supervisor of the dates during the school year when the WTU school chapter will hold its regularly scheduled meetings. These meetings shall be held during the school lunch period or outside of regular school hours under circumstances that will not interfere with the school’s instructional programs. Within 24 hours of each meeting, the WTU building representative shall notify the building supervisor of the names of persons other than chapter members or union officials who plan to attend.

ARTICLE IX. CONSULTATION WITH SCHOOL CHAPTER ADVISORY COMMITTEE

A. On or before the last day of September, the building supervisor and his/her designees (teachers excluded) and the School Chapter Advisory Committee (SCAC) shall meet and establish the dates during the school year for their monthly meetings. Once established, these dates shall be included in the school calendar. Each month these meetings shall be held to discuss instructional issues, school policy and questions pertaining to the implementation of this Agreement. Decisions reached at these meetings shall not change the Agreement, established Board Rule or any system-wide policy or procedure.

B. The names of the members of the School Chapter Advisory Committee shall be furnished to the principal within ten (10) school days after the election. Any change in the membership of the School Chapter Advisory Committee shall be reported to the supervisor, in writing, as soon as possible, after the change is made.

C. A written proposed agenda for any such meeting shall be presented by the School Chapter Advisory Committee to the supervisor at least twenty-four (24) hours in advance. If the supervisor has any item to discuss, a written proposed agenda shall be presented to the School Chapter Advisory Committee at least twenty-four (24) hours in advance.

D. The School Chapter Advisory Committee shall be free to invite Union officials to attend such meetings. The supervisor shall be free to invite central officials to such meetings.

E. No persons attending such meetings shall use the information obtained in said meetings for any purpose inconsistent with the purpose of this Agreement.

F. All schools shall establish a Local School Restructuring Team (LSRT) and the Team shall operate under guidelines established in the Planning Guide for LSRTs as agreed upon by the Board and the Union. The SCAC shall receive all recommendations or matters generated by the LSRT.

G. Decisions reached by the LSRT shall not change or supersede any contractual agreement, Board Rule(s) system-wide policy or procedures but will be handled in accordance with guidelines established in the Planning Guide for LSRTs as agreed upon by the Union and the Board.
ARTICLE X. INFORMATION AVAILABLE TO THE UNION

A. The Superintendent shall make available to the Union upon timely request, information relevant to negotiations and the proper enforcement of the terms of this Agreement including, but not limited to, bargaining unit members’ seniority, vacancy lists, school budgets, names and addresses of bargaining unit members, employment data and other appropriate information.

B. For the purposes of hearings and arbitrations, the Administration shall provide the Union copies of all documents relevant to the case in an unredacted form in a timely manner.

ARTICLE XI. TRANSPARENCY AND DISCLOSURE OF INFORMATION

A. All official announcements to teachers and other information of interest to teachers shall be posted upon receipt by the supervisor on the school’s main office bulletin boards for review by teachers. Simultaneously, a copy will be provided to the building representative. When such announcement contains compliance deadlines, or where timelines are a factor in the content of the announcement, copies shall be distributed to all teachers.

B. A copy of the current teaching and non-teaching assignments and the per-period class coverage rotation list will be posted on the school’s main office bulletin board in each school by October 1st. Changes resulting from the addition, deletion or reorganization of teachers in a building will be posted promptly. A copy will be furnished to the building representative.

C. A current copy of the ET-15 staff roster or, where appropriate, a copy of an ET-15/12 staff roster, the school building seniority list, and full information concerning extra-duty assignments for which there is pay shall be provided to the building representative upon request. The seniority list shall contain the name of the teacher, the date of entry into the school, the number of years of building seniority, and the date of certification.

D. A copy of the Board Rules and the Superintendent’s Directives shall be maintained in the school business office and shall be available for use by teachers and the Union Building Representative.

3. Funeral/Bereavement leave shall not be cumulative.

D. Administrative Leave

1. Administrative leave shall be granted to a teacher when it is necessary for the teacher, in a major hardship case, to use time during the school day to seek redress under the terms of this Agreement.

ARTICLE XIX. BEHAVIOR MANAGEMENT AND STUDENT DISCIPLINE

A. The parties agree that Title 5, DCMR Chapter 25 is the policy which establishes the procedures for maintaining student discipline. The parties recognize that effective discipline will foster a productive learning environment whereby students develop self-control and self-direction. Maintenance of discipline is necessary for an effective educational program to be conducted. To that end, the Superintendent and the President of the WTU shall establish a Joint Student Behavior Management Subcommittee (JSBMS) of the FEP. It shall develop and provide for each school a template that will include the required components of school discipline/behavior management plans along with models of best practices.

Each local school shall form a Student Behavior Management Committee (SBMC). The SBMC shall include, but not be limited to, the building administrator/designee, WTU building representative/designee, the LSRT Chairperson/designee, the president of the local parent teacher association/designee, a representative from building security, and the president of the SGA and others as determined by the consensus of the team.

In accordance with the procedures, template, and model plans provided by the Subcommittee, the local school SBMC shall design a school wide discipline and behavior management plan based on the local school’s disciplinary needs and consistent with Chapter 25 of the Board rules. This plan shall be submitted to the subcommittee of the FEP within the first thirty (30) workdays of each school year. The subcommittee shall review the discipline and behavior management plans submitted by each SBMC, within sixty days (60) days of receipt of the plans, and the subcommittee shall approve or provide appropriate feedback.

The local school’s discipline and behavior management committee shall conduct training to implement the plan. Training shall be provided as soon as possible, but not later than the end of the first advisory. The subcommittee shall provide oversight and assistance to schools in the training and implementation of their plan, as well as ongoing monitoring of local school compliance with the discipline and behavior management plan.
B. Teachers shall exercise the responsibility for the supervision and discipline of students through the use of, but not limited to, appropriate instructional activities and materials, classroom management techniques, human relations skills, and referrals to available resources. This responsibility shall be exercised throughout the school during the school day, during school sponsored activities, during out-of-school hours when the activity is teacher initiated or is one for which the teacher volunteers.

C. If a student conducts himself/herself in such a manner that seriously impedes learning for himself/herself and other students, or if the safety of himself/herself, other students, or the teacher is seriously threatened, a teacher shall be free to send or escort the student to the supervisor's office, or to send for the supervisor or his/her designee.

D. When a student is sent or escorted from class or other school area, the teacher will confer with the supervisor or his/her designee to provide the necessary information concerning the problem and shall provide a written statement of the problem at the end of the teacher’s work day on a form provided by the Board.

E. When a student is referred to the supervisor’s office because of behavior difficulties, the supervisor shall confer with the teacher involved before making a decision on the disposition of the student. Every effort should be made by the supervisor and the teacher to confer on the same day as the reported incident. Every consideration should be given to resolving the incident in a manner intended to return the student to a productive and acceptable learning environment as soon as possible. However, the teacher shall have the right to request that the student not return to his/her class prior to a parent conference if the student’s behavior is so severe as to interfere with the teacher’s ability to provide instruction.

F. The teacher shall have the right to be accompanied by a representative of his/her choice in all phases of any follow up procedures following the disciplining of a student. Appropriate legal assistance and support will be provided to the teacher in cases where the Office of the Attorney General of the District of Columbia so determines.

H. Employee and student safety is best protected through the administration of swift, decisive and certain consequences for inappropriate actions and breaches of student discipline. It is important to reinforce for students, parents and the public at large, the notion that an illegal act is an illegal act, even if committed within the confines of the public school setting. There is no sanctuary in a public school building for actions recognized as crimes under law or D.C. Code.

I. Where appropriate, a policy of Zero Tolerance, on matters of student misbehavior, acts of violence or threatened acts of violence, and assault and battery on school personnel will be applied in accordance with the District of Columbia Municipal Regulations, Chapter 25.

2. A reasonable loss of time, not to exceed ten (10) days, resulting from an assault on a teacher shall not be deducted from the teacher’s unused sick leave, provided that the teacher has filed with the District the details of the assault and has filed a written report of the assault with the appropriate police department. Said sick leave shall be, when necessary, in addition to worker compensation leave provisions.

3. The Board shall provide the employee with administrative leave for court appearances related to such event.

ARTICLE XX. REPORTING STUDENT PROGRESS

In the absence of such reports, the teacher must raise or lower such grade in accordance with all factors involved. In no case shall a grade be changed by the Board, unless the teacher fails to adhere to the provisions above.

B. If a student is failing a course or grade the teacher shall notify the student, his/her parent or guardian, and the supervisor as soon as such is determined, but in no case later than mid-advisory/mid-grading period, on a form provided by the Board for this purpose. Conferences shall be held by the teacher if the student, supervisor, parent or guardian requests them. Each conference shall be followed by a written report, a copy of which shall be given to the parent or guardian and the supervisor before the end of the advisory grading period.

C. Accurate and current records of student progress shall be maintained by teachers at all times in a manner determined by the Board after consultation and discussion with the Union. Such records shall be available for examination by the students, parents, and supervisors.

Projects shall be reviewed and approved by the supervisor before being started.

D. Any funds raised under the conditions described in Section C of this Article shall be deposited in the SAF and shall be used for school purposes only. Funds raised by individual teachers or groups of teachers for specific uses (e.g., classroom grade level, departmental or recognized school club needs), shall be administered through the SAF as a separate “Activity” and used for the purpose for which the funds were raised, except that those persons involved in the fund raising may agree to use all or part of the funds for other school purposes. 6. Emergency Assignments, Substitute Service and Class Coverage

(a) If a teacher notifies the principal or his designee less than twelve (12) hours before the start of the teacher’s tour of duty that he/she will be absent, that shall constitute an emergency.

(b) Substitutes shall be hired to cover every absence of a classroom teacher, including resident teachers of special subjects.

(d) The Superintendent and the President of the WTU agree to establish a process to review the school system’s policies and procedures regarding substitutes. This review will examine methods of recruitment, training, retention, support practices and substitute teachers’ roles and responsibilities. The parties agree to develop strategies that will create and maintain a well trained cadre of high quality substitutes for teachers.

8. Class Coverage and Pay for Class Coverage

When a building supervisor is unable to provide substitute services for an absent teacher during the instructional day, the supervisor may require teachers to provide coverage for the
absent teacher’s students. When a teacher is required to provide class coverage for students, the teacher shall be compensated in accordance with sections A and B below:

(a) Secondary Level and Block Schedules

Secondary teachers who are assigned to provide instructional coverage for an absent teacher’s students, which results in the loss of a planning period for the teacher, shall have the option of having the lost time restored or receive compensation for the additional workload on a pro rata basis of pay at thirty dollars ($30.00) per hour. The Board and Union agree to jointly develop a Pro Rata Pay Scale covering secondary schools with traditional class schedules (5 teaching periods) and those with block or modified block schedules.

(b) Elementary Level

(i) When an elementary teacher is required to accept additional students in his/her class due to a teacher’s absence, and the additional number results in a class exceeding the contractual limit, the teacher shall be paid at the per diem rate of $30 dollars per day of coverage. This per diem rate shall also apply to a special subject teacher if the additional number of students results in three (3) or more of his/her classes exceeding the contractual limit.

(ii) When an elementary teacher loses his/her planning period due to coverage based on the absence or unavailability of a special subject teacher, itinerant teacher or other person(s) designated in the master schedule to provide the teacher with a planning period, the teacher shall have the option of having the lost time restored or to receive compensation for the additional workload on a pro rata basis of pay at thirty dollars ($30.00) per hour.

(iii) Time records for pay for coverage shall be submitted by the local school supervisor or his/her designee in accordance with the same timeline submission requirements for regular teacher pay. Teachers shall receive their pay for coverage compensation on a biweekly basis through a process approved by DCPS and the WTU.

(b) An acceptable reason for altering the class size may be any of the following:

(i) lack of sufficient funds for equipment, supplies, or rental of classroom space;

(ii) lack of classroom space and/or personnel available to permit scheduling of any additional class or classes in order to reduce class size;

(iii) conformity to the class size objective because it would result in the organization of half or part time classes;

(iv) a class larger than the above is necessary and desirable in order to provide for specialized or experimental instruction;

(v) placement of pupils in a subject class for which there is only one (1) on a grade level;

(vi) size of specific classroom space is inadequate.

10. Teaching Assignments

(a) Teachers may express in writing to the supervisor their preference of grade assignment in the elementary school and subject assignment in the secondary school, and the principal will honor such preferences when the request is consistent with the educational needs of the school. If a teacher does not receive his/her requested assignment, he/she shall be so notified in writing with the reason(s) stated.

(b) Teachers' programs will be established in accordance with the following guidelines:

(i) Teachers' abilities and preparation shall be a prime consideration;

(ii) The number of different rooms in which assignments occur for a teacher shall be held to the minimum;

(iii) Equitable standards shall be applied within a school for exemptions from homeroom and building assignments; and,
(iv) In rooms with specific stations (shops, typing rooms, laboratories), the number of pupils assigned to such rooms shall not exceed the number of stations available, provided that in the programming of such classes, an extra number of pupils equal to the anticipated attrition rate may be included.

(c) Teachers shall have the opportunity to express their preference of assignment to school committees and other extra curricular activities for which there is no pay. These requests shall be honored on the basis of competency of the individual in the judgment of the supervisor.

(d) Elementary teachers shall receive their tentative grade assignments and secondary teachers shall receive their tentative subject assignment for the next school year no later than the last day of the current school year.

(e) In the secondary schools, there shall be no more than three (3) consecutive periods of academic teaching assignments, except where the teacher agrees. However, in schools with block schedules, there should be no more than two consecutive teaching periods, except where the teacher agrees.

(f) In the secondary schools, the number of lesson preparations shall be kept at a minimum, consistent with an effective teaching program.

(g) A secondary teacher may be assigned to a duty in lieu of a teaching period.

11. Non-Traditional Scheduling

(a) In accordance with non-traditional scheduling such as Block or Flextime scheduling, each school site shall determine how best to use its staffing allocation for the school year. The SCAC must consider the request for such non-traditional scheduling.

(b) If the SCAC recommends the implementation of such non-traditional scheduling, then the entire faculty must, by secret ballot vote, approve the measure by a percentage of no less than 66 and 2/3% before such implementation may occur.

(c) Where non-traditional schedules are adopted, the term “teaching period” shall mean at minimum, the average length of time for a class period in a traditional secondary instructional day.
(d) Teachers who are unable to adapt to non-traditional scheduling shall be permitted to seek a voluntary transfer to another school in accordance with Article IV Transfer Policy.

(e) Secondary Schools include high schools, junior high schools, grades 6, 7 and 8 in middle schools and educational canters.

12. Lesson Planning

(a) The Board and the Union agree that effective planning is fundamental to the success of the teaching learning process. The parties agree that a joint sub-committee of the FEP will convene on or before June 30, 2006 for the specific purpose of developing a system-wide lesson plan template that will contain the required components of a standards-based lesson plan. The use of this template by teachers shall satisfy the requirements of section B, below, relating to lesson plans. The sub-committee shall consist of ten (10) members, five (5) appointed by the Superintendent and five (5) appointed by the President of the Washington Teachers’ Union.

(b) Lesson plans shall be required of each teacher and such plans may be reviewed by the principal/supervisor at any time upon his/her request. It is understood that lesson plans are used as a guide to the teacher in structuring the learning experiences of pupils. The system-wide template prescribes the minimum required elements for a lesson plan. No teacher shall be required to provide more detail than that which is required in the system-wide template. However, if it is demonstrated that a teacher is in need of assistance to improve his/her teaching and it is determined that the teacher’s planning is deficient, then the supervisor may make suggestions on how planning might be improved.

(c) If the immediate supervisor determines as a result of the DCPS evaluation process that a teacher is in one of these two evaluation categories, “needs improvement” or “performance is unsatisfactory”, then the supervisor/principal shall direct how planning should be improved.

(d) Lesson Plans do not determine a teacher’s effectiveness; therefore, they shall not be used in isolation to determine a teacher’s effectiveness.

13. Collaborative Planning

(a) DCPS and the WTU believe that individual and collaborative planning times are essential to good instruction and to meeting the needs of all students. Collaborative time (8:10 am--8:40 am) is
designed to allow teachers to meet with their colleagues to discuss educational issues, look at student work, share best practices, design materials and instructional plans based on the new standards, share information on students, and align curriculum with assessments. It is understood that in order to be effective, the use and format of collaborative time must be cooperatively designed by principals and teachers, and both need professional development in facilitation of collaborative planning. To this end, each school shall establish a Professional Development Team to design a plan and establish guidelines, procedures, and strategies for implementing use of the thirty-minute morning block of collaborative planning time within the parameters defined in paragraph C. below. The team shall consist of the supervisor or his/her designee, the WTU building Representative or his/her designee, appropriate department or grade level chairpersons, and other persons as deemed appropriate by consensus of the team.

(b) DCPS shall provide principals and teachers professional development to facilitate their effective use of collaborative planning time.

(c) The 30-minute morning block of collaborative planning time shall be limited to use as defined in Definitions, paragraph T of this Agreement.

(d) In schools that are in restructuring and have been provided prescriptive intervention models (America’s Choice, etc.) by the Superintendent, the team shall include requirements of the specific prescriptive model in the design of their plan and the requirements of the prescriptive model shall have priority.

14. Planning Periods

The parties agree that planning periods shall be used towards improving the instructional program. In addition to such professionally related duties as lesson planning, grading papers, maintaining student progress records, reviewing student work and developing student profiles, planning periods may also be used for scheduled conferences (e.g., pupil-teacher, teacher-teacher, administrator-teacher, and parent-teacher conferences). All grievances concerning planning periods shall be expedited and shall begin at Step 3 (the Superintendent’s level), unless the teacher chooses to begin at Step 2 mediation.

15. Secondary Planning Periods

All secondary school teachers shall be given at least five (5) daily planning periods per week that are equal in length to a class period, except as may be mutually agreed between the supervisor and the teacher.
16. Elementary Planning Periods

(a) All planning periods shall be scheduled between the hours of 8:40 am and 3:15 pm, except as provided for in option 3 of this section, or as may be otherwise mutually agreed to by the supervisor and teacher.

(b) Each teacher in the elementary schools shall be provided a minimum of 225 minutes of individual planning time each week. The supervisor, in consultation with the school chapter advisory committee, shall develop the master schedule and shall implement the following options, in the same numerical order as provided below, to achieve the 225-minutes of weekly planning time for all elementary teachers. The supervisor should proceed to the next option only if the previous option cannot be achieved.

Option 1 First Priority for Scheduling of Individual Planning Time for Teachers

Each elementary school teacher shall be provided a daily planning period of at least forty-five (45) minutes in duration. This option shall be implemented for all teachers, where it is possible to do so.

Option 2 Second Priority for Scheduling of Individual Planning Time for Teachers

This option shall be implemented only for those teachers, if any, for whom the supervisor is unable to achieve option 1 within the master schedule. In such case, each teacher affected shall be provided a minimum of 225 minutes of individual planning time each week. The supervisor, in consultation with the school chapter advisory committee, shall configure the master schedule so that the teacher involved shall receive no less than four (4) daily planning periods per week. Three (3) of the daily planning periods shall be at least forty-five (45) minutes in duration and the fourth shall be at least ninety (90) minutes in duration, totaling a minimum of 225 minutes per week.
Option 3 Third Priority for Scheduling of Individual Planning Time for Teachers

This option shall be implemented only for those teachers, if any, for whom the supervisor is unable to achieve option 1 or option 2 within the master schedule. In such case, each teacher affected shall be provided a minimum of 225 minutes of individual planning time each week. The supervisor, in consultation with the school chapter advisory committee, shall configure the master schedule so that the teacher involved shall receive no less than three (3) daily planning periods per week. The supervisor may select either (a) or (b) below when implementing this option:

(i) One (1) of the daily planning periods shall be at least forty-five (45) minutes in duration and two (2) of the daily planning periods shall be at least ninety (90) minutes in duration, totaling a minimum of 225 minutes per week.

(ii) Two (2) of the daily planning periods shall be at least forty-five (45) minutes in duration and one (1) of the daily planning periods shall be at least 135 minutes in duration, totaling a minimum of 225 minutes per week.

Option 4 Fourth Priority for Scheduling of Individual Planning Time for Teachers

This option shall be implemented only for those teachers for whom the supervisor is unable to achieve the required minimum of 225 minutes of weekly planning time through use of option 1, option 2, or option 3 of this section. In such case, each teacher affected shall be provided a minimum of 225 minutes per week of individual planning time using the following procedures.

(i) The supervisor shall provide each teacher with at least three (3) minimum 45-minute daily individual planning periods between the hours of 8:40 am and 3:15 pm each week.

(ii) The supervisor shall use two (2) of the 30-minute morning blocks (60 minutes), if there is a need to achieve one (1) additional individual planning period for the teacher

(iii) The supervisor shall use three (3) of the 30-minute morning blocks (90 minutes), if there is a need to achieve 2 additional individual planning periods for the teacher.

(iv) All planning periods provided through the use of the 30-minute morning blocks shall be at least 30 minutes in
duration and shall be scheduled from 8:10 am to 8:40 am, unless agreed to by the teacher.

In the elementary schools, the supervisor and the School Chapter Advisory Committee shall develop a schedule and utilize available resources, so that each teacher shall have a minimum forty-five (45) minute, duty-free, uninterrupted lunch period each day. When it is impossible to configure the master schedule to provide each teacher a daily minimum forty-five duty free lunch period, the schedule shall be arranged to provide each teacher a minimum of 225 minutes of duty free lunch per week. In such case, each teacher shall be given no less than a thirty minute, duty free, uninterrupted lunch period daily. Teachers, teacher-aides, and school assistants shall be rotated for lunch duty on an equitable basis throughout the school year. The rotation system shall be arranged in consultation between the supervisor and the School Chapter Advisory Committee. During the duty-free lunch period, a teacher shall not be required to monitor students, escort students to and from lunch, escort students to the playground or to class or other activities.

(ii) In the career development centers/vocational programs, each teacher shall have a duty-free lunch period of a full teaching period.

(iii) In shops and other classrooms where special work projects are carried on, requests for such projects shall be channeled to the teacher through the supervisor. These special work projects will be performed under the direction of the teacher. Any request relating to community programs, improvements, or renovation shall come first to the attention of the supervisor and then shall be forwarded to the shop teacher affected. The teacher, in consultation with the supervisor, shall decide whether the project is to be undertaken.

(d) Special Education City-Wide Schools

In the elementary schools, the supervisor and the School Chapter Advisory Committee shall develop a schedule and utilize available resources, so that each teacher shall have a minimum forty-five (45) minute, duty-free, uninterrupted lunch period each day. When it is impossible to configure the master schedule to provide each teacher a daily minimum forty-five duty free lunch period, the schedule shall be arranged to provide each teacher a minimum of 225 minutes of duty free lunch per week. In such case, each teacher shall be given no less than a thirty minute, duty free, uninterrupted lunch period daily. Teachers, teacher-aides, and school assistants shall be rotated for lunch duty on an equitable basis throughout the school year. The rotation system shall be arranged in consultation between the supervisor and the School Chapter Advisory Committee. During the duty-free lunch period, a teacher shall not be required to monitor students, escort students to and from lunch, escort students to the playground or to class or other activities.

18. Conference with Parents

(a) The responsibility of the teacher to be available for conferences with parents is recognized as a teacher's professional responsibility and shall be encouraged by the parties. Such contact with parents shall be accomplished by personal appointment, parent-teacher conference meetings, home visits, or telephone conversations. In order to contact parents, the use of designated school phones shall be made available for use by teachers.

(b) Teachers are required to attend for the sole purpose of meeting with parents, not more than four parent-teacher conference meetings during each school year by night. Three of these shall be held on non-instructional days from 12:00 noon to 7:00 pm, including a one-hour break. One of the four conferences shall be a “Back-to-School” night, which shall be scheduled in accordance with each school’s needs.

19. Reimbursement for Travel

Teachers having a regularly scheduled teaching assignment requiring travel within the District of Columbia shall be provided Metro fare or shall be reimbursed for such travel. The rate of reimbursement for required use of a vehicle shall be at the Internal Revenue Code recognized maximum reimbursement. Teachers using privately owned vehicles must obtain authorization through their immediate supervisor and submit the required documentation of travel.

20. Declaration of Intent

Teachers who do not intend to continue employment with DCPS the following year (retirees or persons leaving for other reasons), must submit to DCPS, Office of Human Resources a Declaration of Intent Form no later than April 1st. Such persons shall be entitled to receive a one thousand dollar ($1000) incentive payment from DCPS, payable within forty-five (45) days following the exit date of an eligible retiree and within forty-five (45) days following the end of the school year for all other eligible teachers.

Any bargaining unit member who files a declaration of intent by April 1st and changes his/her mind about leaving DCPS, may withdraw the Declaration of Intent on or before April 30th.
