Student Learning Growth
Student Learning Growth

Student performance is an important component of the evaluation of employees in Palm Beach County. All employees' evaluations will use student learning growth scores approved by the State. The scores will include state-mandated assessments and other assessments agreed upon by the parties based on students assigned to the teacher, school, or district. The resulting scores will be converted to percentile rankings of all employees within the state.

*The student learning growth scores are linked to employees from the October and February FTE count surveys. Therefore, it is of great importance that when asked to verify student rosters for both of these FTE count surveys, that each employee be diligent in verifying who is and who is not a student enrolled in his/her classes during both FTE count surveys. The teacher will review the list and verify its accuracy by their signature.

If other State approved measures as defined in FS 1012.34: Section 7 are utilized, rating information will be determined, negotiated, and distributed by the District. The parties agree that no data collected prior to the school year 2011 - 2012 will be used in this process.

Additionally, all elements marked as Beginning or Not Using must be observed at least one additional occasion (after improvement strategies were provided) in a given school year to observe if there was improvement.

The second observation should occur no sooner than two weeks after the improvement strategies were made available. If the ratings in the preceding paragraph occur after all required observations have been completed for any school year, the observer will make every effort to conduct one additional announced targeted observation after the specific recommendation(s) have been provided to the employee.

The Instructional Practices Review Committee (IPRC) is to provide an alternative process for resolving issues that arise from individual observations. The IPRC shall consist of three members appointed by the Joint Evaluation Negotiations Committee (JENC).

When an element is scored as "Not Using" or Beginning" and the affected employee has documented evidence that that score was given in error (not the professional judgment or conclusions of the observer), the employee may request a meeting in writing with his/her observer within ten (10) days of the date the data marks were finalized into iObservation. Along with the request for this meeting, the employee will provide his/her documented evidence to his/her observer supporting why the rating was given in error.

The meeting between the employee and his/her observer will be conducted within five (5) days of the observer receiving the request for such meeting. Within five (5) days of the meeting, the employee shall be notified in writing of the decision of the observer.

If the observer concurs, the rating(s) in dispute will be changed in iObservation at the worksite. If the observer does not concur, the employee may appeal to the Principal, if the Principal was not the original observer.

If the Principal/Observer does not concur, the employee may forward a request for an appeal to the Instructional Practices Review Committee (IPRC) within ten (10) work days following the notification of the decision and include all documentation with that request. The decision of the IPRC shall be final.

When the overall end-of-year rating for an employee on his/her Instructional Practices portion of his/her final annual evaluation is "Needs Improvement" or "Unsatisfactory," the affected employee may grieve his/her final Instructional Practices Rating using an expedited grievance procedure. This process shall be based upon violations of the procedures, criteria, forms, or a misinterpretation of the Marzano Protocol Scales as contained or referred to herein and/or contained in the CTES Handbook. It is understood that the professional judgments and conclusions of the observer/evaluator may not be grieved through this process.
Any grievance filed pursuant to this Section will follow the procedures set forth in Article VII of the Agreement; however, to expedite the process, the following timelines and alterations to the procedures will be followed:

- Until the grievance is resolved or withdrawn, all documents pertaining to the Instructional Practices portion will be held in the Department of Professional Development and not placed in the employee’s personnel file or entered into PeopleSoft.
- No informal grievance meetings need be conducted.

Unless there is mutual written agreement to extend these timelines by the Association and the Area Superintendent, a Step One grievance shall be filed using the a Grievance Report form with the appropriate Area Superintendent, within seven (7) calendar days (excluding weekends and holidays) of notification to the employee from the Principal/Director that his/her final Instructional Practices Rating is available.

The parties will meet within five (5) calendar days of receipt of the grievance on a mutually agreed-upon date.

The Area Superintendent shall provide a written response to the grievance within five (5) calendar days of this meeting to the grievant and to the Association.

Unless there is mutual written agreement to extend these timelines by the Association and the Department of Labor Relations, if the grievant is not satisfied with the response at Step One, he/she may within five (5) calendar days of receipt of the grievance or a mutually agreed upon date, file his/her grievance at Step Two with the Department of Labor Relations.

The parties will meet within five (5) calendar days of receipt of the grievance or a mutually agreed upon date. The Department of Labor Relations shall provide a written response to the grievance within five (5) calendar days of this meeting to the grievant and to the Association.
Unless there is mutual agreement to extend these timelines by the Association and the Department of Labor Relations, the Association may appeal the grievance to Step Three as soon as possible, but not later than ten (10) calendar days of receipt of the Step Two response.

The parties agree to establish a panel of mutually agreed upon and available arbitrators to hear these grievances. There shall be oral closing arguments only and the arbitrator shall submit his/her binding award as soon as possible, but no later than fifteen (15) calendar days following the close of the hearing.

All employees, other than IA employees, who are not on active duty for a minimum of ninety-nine (99) contract duty days during the school year, will be reported as “Not Evaluated”.

Category IA employees, who are not on active duty for a minimum of seventy-five (75) contract duty days during the school year, will be reported as “Not Evaluated”.
Upon receipt of the student learning growth data, said data shall be combined with the Instructional Practices portion of each employee's evaluation in PeopleSoft and the principal/director shall notify the employee that his/her evaluation is ready for review and signature.

A conference may be initiated by the employee or the Principal/Director to review the Overall Final Evaluation.

A conference must occur if the overall Final Evaluation rating is Needs Improvement or unsatisfactory.

---

**Signing the Evaluation**

Signing the form does not indicate agreement with the evaluation; it only indicates the employee has received a copy of the completed form.

If the employee refuses to sign the evaluation form, during this evaluation conference, the evaluator will note on the form that the employee refused to sign the evaluation form, and with such notation will be filed, as prescribed by law, in the employee's official personnel file without the employee's signature.

The employee shall have the right to initiate a written response to his/her Final Annual Evaluation that shall be made a part of the employee's official personnel file.

---

**Signing the Evaluation (continued)**

If such employee is not available to electronically sign his/her final annual evaluation, the school will mail the employee's final annual evaluation for that school year to him/her via U.S. Certified Mail to the employee's most recent home mailing address on file with the district. The final annual evaluation will be filed, as prescribed by law, in the employee's official personnel file without the employee's signature. The employee shall have the right to initiate a written response to his/her Final Annual Evaluation that shall be made a part of the employee's official personnel file.
Evaluation Guidelines

- If an employee is assigned to an “out-of-field” position, it shall be noted as such on the final evaluation.
- No administrator shall discuss any matter relating to the formal evaluation of any employee in the presence of students, parents, or employees not directly affected by or involved in the evaluation of that employee.

- No reference to the employee’s participation in the Peer Assistance & Review Program (PAR) shall be written on either the comment section of the observation or on the final evaluation form.
