Employee Acknowledgment

(To be signed and returned to the employee’s supervisor)

I hereby acknowledge that it is my responsibility to access the Cypress-Fairbanks Independent School District Employee Handbook online. My signature below indicates that I agree to read the Handbook and abide by the standards, policies and procedures defined or referenced in this document. It is also important to know that additional regulations, policies and laws are in the “District Board Policies Manual – Legal and Local” and in the district’s Administrative Regulations Handbook. The Employee Handbook and the Board Policies Manual can be located throughout the district in school libraries, in various supervisors’ offices, and on the district’s website at www.cfisd.net under the Human Resources link, Employment Opportunities. The Employee Handbook, Board Policies Manual, and Administrative Regulations can be found at http://inside.cfisd.net/ under the heading “policies.”

The information in this Handbook is subject to change. I understand that changes in district policies may supersede, modify or eliminate the information summarized in this Handbook. As the district provides updated policy information, I accept responsibility for reading and abiding by the changes.

I understand that no modifications to contractual relationships or alteration of at-will relationships are intended by this Handbook. I understand that nothing in this Handbook is intended to confer a property interest in my continued employment with the District beyond the term of my current contract. I understand that I have an obligation to inform my supervisor of any changes in my personal information, such as phone number, address, etc. I understand that I should also access http://inside.cfisd.net/, go to the employee access center, and make the personal information changes online. I also accept responsibility for contacting my supervisor if I have any questions, concerns or need further explanation.

My signature on this form is acknowledgment that I agree the district may deduct any fines or fees charged to the school district incurred by me (an example may be a traffic citation received as a result of my operation of a district motor vehicle).

(Supervisors are to maintain this page on file for a period of five years.)
Dear Cypress-Fairbanks Team Member:

The 2010-11 CFISD team includes over 14,000 employees who will provide services to the 106,000 students we expect to enroll this year. Each member of the CFISD Team plays a critical and integral role in the education of each student in our district. You are an important player in the “main thing” of CFISD, developing America’s greatest resource – our students.

The primary mission of our district is to provide each student with a world-class education and to ensure that each of our graduates has been prepared for the future of his/her choice. Cypress-Fairbanks ISD has provided, and will continue to provide, the environment and learning opportunities for all students so that, as graduates, they will possess the characteristics which will enable them to live meaningfully and successfully in society and in the workplace. Each of our graduates must be effective communicators, competent problem-solvers, self-directed learners, responsible citizens, and quality producers. Instructional rigor, care and concern for our students and a quality work environment for all employees are essential components to ensuring our success.

As the superintendent, I am privileged to work in a district that demonstrates commitment to the mission of meeting the needs of the students, the staff, and the community. The employees in this district make Cypress-Fairbanks ISD great. This year our theme is “The Power of Engagement,” which will focus on using the talents of all of our individual staff members to make all of our students successful. I look forward to working with you during the 2010-11 school year.

Thank you for choosing to work in CFISD. Your contributions will not go unnoticed and are certainly appreciated.

Sincerely,

David Anthony, Ed.D.
Superintendent

Introduction

This Employee Handbook is intended to provide employees with information regarding policies, procedures, ethics, expectations and standards of the school district; however, this Handbook should not be considered all inclusive. Copies of Board Policies and Administrative Regulations are available in each administrative office to all personnel and are on the CFISD website at www.cfisd.net and at http://inside.cfisd.net. It is important that each employee is aware of the policies and procedures related to his/her position. The rights and obligations of all employees are governed by the laws of the State of Texas, rules of the State Board of Education and policies of the Cypress-Fairbanks ISD Board of Trustees. Our primary business is the education of our youth, and everything we do should be directed toward providing students with the best possible learning environment. In meeting our primary objective, all of us must comply with reasonable rules and regulations intended to make us effective employees. Thus, everyone is expected to do his/her share to create and maintain a pleasant and safe environment conducive to our educational goals. Hopefully, these policies and regulations will assist us in reaching our objective.

These policies and regulations are subject to change at the discretion of the Superintendent or his/her designee. Any adoptions, deletions, or revisions of policy take precedence over those printed in this Handbook. This Handbook will be revised annually and suggestions for the Handbook’s improvement, as well as usefulness, are always welcome. Please direct suggestions to the Director of Ancillary Personnel.

WORK SCHEDULES

DISTRICT ADMINISTRATION

Full time employees are generally expected to work eight-hour duty days. Professional staff (exempt personnel in accordance with the Fair Labor Standards Act) such as central office administrators, directors, coordinators, supervisors, and special education support staff are expected to report for duty for at least eight hours each day, excluding a 30-minute lunch break. Paraprofessional support staff (non-exempt personnel in accordance with the Fair Labor Standards Act) are expected to report for duty for eight hours each day, excluding a 30-minute non-paid lunch break.

CAMPUS ADMINISTRATION

Full time employees are generally expected to work eight-hour duty days. Professional campus staff (exempt personnel in accordance with the Fair Labor Standards Act) such as campus principals, associate principals, assistant principals, directors of instruction, counselors, campus athletic coordinators, and diagnosticians are expected to report for duty for at least eight hours each day excluding a 30-minute lunch break. Campus administration schedules may vary because of staggered starting times and job responsibilities, so long as all employees listed are scheduled for a minimum eight-hour duty day. Non-instructional paraprofessional support staff (non-exempt personnel in accordance with the Fair Labor Standards Act) such as secretaries and technical assistants are expected to report for duty for eight hours each day, excluding a 30-minute non-paid lunch break.

TEACHERS AND CAMPUS INSTRUCTIONAL SUPPORT PERSONNEL

Full time employees are generally expected to work eight-hour duty days. Professional campus staff (exempt personnel in accordance with the Fair Labor Standards Act) such as teachers, nurses, media specialists, speech pathologists and athletic trainers are expected to report for duty for at least eight hours each day including a 30-minute lunch break. For specific campus duty hours, refer to the following listing of schools. “Teacher hours” are the minimum hours that teachers are expected to be on duty and available at school, both to teach and so that parents and students can have access to them. As professional employees exempt from the overtime provisions of the Fair Labor Standards Act, teachers do not work specific “hours,” and may be expected to perform work outside the normal “teacher hours” as necessary. Instructional paraprofessional support staff (non-exempt personnel in accordance with the Fair Labor Standards Act) such as clinic assistants and instructional aides are expected to report for duty for eight hours each day, which includes a 30-minute non-paid lunch break.

III. EMPLOYEE RELATIONS
Dear Cypress-Fairbanks Employee:

Just as a positive school climate is a condition for student success in Cypress-Fairbanks ISD, research by the Gallup Corporation indicates that a positive, healthy workplace is important for each employee in the district. One of the findings of the research indicates that the work environment is the primary cause of employees leaving their employer. Considering the significant annual growth of the student population in CFISD and the investment that the district makes in the professional development of CFISD employees, we must make every effort and enlist the full cooperation of each employee to ensure a positive climate in the workplace. There is no place or time in our district for any form of discrimination, whether based on race, national origin, religion, gender, or age. In addition intimidation, harassment, or abuse in any form will not be tolerated.

The efforts that have been made in the past by Cypress-Fairbanks employees will continue to be the expectation for maintaining a positive and healthy workplace which we all desire and expect.

Our district requests from each employee

- personally responsible behavior and respect for fellow employees;
- professional, but stern, rejection of all forms of discrimination, harassment, abuse, and/or intimidation; and
- direct reporting to the personnel office those acts of discrimination, harassment, abuse and/or intimidation, which persist despite previous reporting to a supervisor.

All reports of alleged acts of discrimination, harassment, abuse, or intimidation that are made directly by an employee to a supervisor will be carefully investigated, according to district policy and law, and responded to by the appropriate supervisor or administrator. Personnel matters are handled with the strictest confidentiality.

The diversity of our district is a strength on which we can build, and we cannot tolerate actions or words that create divisiveness among our employees. Thank you for your continued efforts as we work to improve our school district and to support student success.

Sincerely,

David Anthony, Ed.D.
Superintendent

EQUAL OPPORTUNITY EMPLOYMENT

With certain exceptions listed below, the district shall adhere to a policy of equal employment opportunities for all employees. The Cypress-Fairbanks Independent School District is an equal opportunity employer and operates all of its educational programs without discrimination on the basis of race, national origin, religion, gender, age, or disability. The district shall not fail or refuse to hire or discharge, nor shall it otherwise discriminate against any individual with respect to compensation, terms, conditions, privileges or employment based on an individual's race, color, religion, sex, national origin, disability, or age. Further, the district shall not, on the basis of race, color, religion, sex, national origin, disability, or age limit, segregate or classify its employees, or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities, or otherwise adversely affect the individual's status as an employee.

As an exception to the policy stated above, the Board may employ an individual on the basis of the individual's religion, sex, national origin or age in these certain instances where religion, sex, national origin or age is a bona fide occupational qualification reasonably necessary to the normal operation of the educational program.

No qualified disabled person shall, on the basis of a disability, be subject to discrimination in employment with the district. With respect to employment, a "qualified disabled person" is a disabled person who, with or without reasonable accommodation, can perform the essential functions of the job in question.

EMPLOYEE STANDARDS OF CONDUCT

School district telephones are for district business; and personal use should be incidental and should not interfere with job performance.

Electronic Recording
Employees shall not electronically record by audio, video, or other means, any conversations or meetings unless each and every person present has been notified and consents to being electronically recorded. Persons wishing to record a meeting must obtain consent from anyone arriving late to any such meeting. Employees shall not electronically record telephone conversations unless all persons participating in the telephone conversation have consented to be electronically recorded. These provisions are not intended to limit or restrict electronic recording of publicly posted Board meetings, grievance hearings, and any other Board sanctioned meeting recorded in accordance with Board policy. These provisions are not intended to limit or restrict electronic recordings involving authorized investigations conducted by District personnel.

Electronic Media
Employees are prohibited from communicating with students who are enrolled in the district through electronic media, except as set forth herein. An employee is not subject to this prohibition to the extent the employee has a pre-existing social or family relationship with the student. For example, an employee may have a pre-existing relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee’s child, or a member or participant in the same civic, social, recreational, or religious organization.

The following definitions apply for purposes of this section on Electronic Media:

“Communicate” means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee’s personal social network page or a blog) is not a communication; however, the employee may be subject to district regulations on personal electronic communications. See Personal Use of Electronic Media below. Unsolicited contact from a student through electronic means is not a communication.

“Authorized Personnel” includes classroom teachers, counselors, principals, assistant principals, directors of instruction, coaches, campus athletic coordinators, athletic trainers, and any other employee designated in writing by the superintendent or a campus principal.
**Limited Electronic Communication With Students**

1. The employee shall limit communications to matters within the scope of the employee’s professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests).

2. The employee is prohibited from communicating with students through a personal social network page; the employee must create a separate social network page (“professional page”) for this purpose. The employee must enable administration and parents to access the employee’s professional page.

3. Only a teacher, coach, trainer, or other employee who has an extracurricular duty may communicate with students through text messaging. The employee may communicate only with students who participate in the extracurricular activity over which the employee has responsibility.

4. The employee shall not communicate with any student between the hours of 11:30 p.m. and 5:00 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.

5. Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any one or more currently-enrolled students.

6. The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, including:
   a. prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See DF (LEGAL)]
   b. confidentiality of student records. [See FL (LEGAL)]
   c. confidentiality of other district records, including educator evaluations, credit card numbers, and private email addresses. [See FL (LEGAL)]

7. Upon written request from a parent, the employee shall discontinue communicating with the parent’s minor student through email, text messaging, instant messaging, or any other form of one-to-one communication.

8. An employee may request an exception from one or more of the limitations above by submitting a written request to his/her immediate supervisor.

**Personal Use of Electronic Media**

As role models for the district’s students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee’s use of electronic media interferes with the employee’s ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for maintaining privacy settings appropriate to the content. Employees are prohibited from communicating with students through a personal social network site.
Confidentiality of Data and Information
For all electronic media, employees are subject to certain state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:

1. Confidentiality of student records. [See FL(LEGAL)]
2. Confidentiality of other district records, including educator evaluations and private email addresses. [See GBA(LEGAL)]
3. Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law. [See DH(EXHIBIT)]
4. Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See DH [EXHIBIT]]

District employees are expected to abide by the law at all times. Such report shall be made within three days of the conviction or adjudicatory action. The district may conduct annual criminal history checks on its employees.

1. the nature of the offense;
2. the date of the offense;
3. the relationship between the offense and the position to which the employee is assigned.

The employee’s principal or supervisor shall determine if the outside employment creates a conflict of interest with the proper discharge of the employee’s assigned duties and responsibilities.

8. During the school year, an employee shall not provide private services, such as child or respite care, for pay for a student that the employee also teaches or serves. Further, an employee must disclose in writing to his/her immediate supervisor any private services for pay for any other district student. The employee’s principal or supervisor shall determine if the private tutoring creates a conflict of interest with the proper discharge of the employee’s assigned duties and responsibilities.

9. An employee who is employed outside the district may sell personal goods or services to other district employees. However, the district employee receiving the personal goods or services must not be someone the employee supervises or to whom the employee reports, including supervisors within the departmental chain of command. In addition, the employee who sells goods or services may not use any district time or equipment for the outside employment.

10. A public servant who exercises discretion in connection with contracts, purchases, payments, claims, or other pecuniary transactions shall not solicit, accept, or agree to accept any benefit from a person the public servant knows is interested in or likely to become interested in any such transactions of the district.

A public servant who receives an unsolicited benefit that the public servant is prohibited from accepting under this section may donate the benefit to a governmental entity that has the authority to accept the gift or may donate the benefit to a recognized tax exempt charitable organization formed for educational, religious, or scientific purposes.

“Illegal Gifts to Public Servants” does not apply to an item with a value of less than $50, excluding cash or a negotiable instrument as described by Business and Commerce Code 3.104. This exception does not apply to gifts from textbook or curriculum publishers.

11. An administrator or teacher commits a Class B misdemeanor offense if the administrator or teacher accepts a gift, favor, or service that:
   • is given to the person or the person's school;
   • might reasonably tend to influence the person in the selection of a textbook;
   • could not be lawfully purchased with funds from the state textbook fund.
"Gift, favor, or service" does not include staff development, in-service, or teacher training; or instructional materials, such as maps or worksheets, that convey information to the student or otherwise contribute to the learning process.

**Violations of Employee Standards of Conduct**
Employees shall comply with the standards of conduct set out in Board policies and administrative regulations, and with any other policies, regulations and guidelines that impose duties, requirements or standards attendant to their status as district employees. Violation of any policies, regulations and guidelines may result in disciplinary action, including termination of employment. (DH Local) (See Board Policies DCD and DF series)

**FINANCIAL ETHICS**

All Trustees, employees, vendors, contractors, consultants, volunteers, and any other parties who are involved in the district's financial transactions shall act with integrity and diligence in duties involving the district's fiscal resources. See Board Policy CAA (Local).

**Fraud and Financial Impropriety**
The district prohibits fraud and financial impropriety, as defined below, in the actions of its Trustees, employees, vendors, contractors, consultants, volunteers, and others seeking or maintaining a business relationship with the district.

Fraud and financial impropriety shall include but not be limited to:
1. forgery or unauthorized alteration of any document or account belonging to the district;
2. forgery or unauthorized alteration of a check, bank draft, or any other financial document;
3. misappropriation of funds, securities, supplies, or other district assets, including employee time;
4. impropriety in the handling of money or reporting of district financial transactions;

7. unauthorized disclosure of investment activities engaged in or contemplated by the district;
8. accepting or seeking anything of material value from contractors, vendors, or other persons providing services or materials to the district, except as otherwise permitted by law or district policy. See Board Policy DBD (Legal) (Local)
9. inappropriately destroying, removing, or using records, furniture, fixtures, or equipment;
10. failure to provide financial records required by state or local entities;
11. failure to disclose conflicts of interest as required by law or district policy; and,
12. any other dishonest act regarding the finances of the district.
Financial Controls and Oversight
Each employee who supervises or prepares district financial reports or transactions shall set an example of honest and ethical behavior and shall actively monitor his or her area of responsibility for fraud and financial impropriety. The Superintendent or designee shall maintain a system of internal controls to deter and monitor for fraud or financial impropriety in the district.

Any person who suspects fraud or financial impropriety in the district shall report the suspicions immediately to any supervisor, the Superintendent or designee, the Board President, or local law enforcement.

Reports of suspected fraud or financial impropriety shall be treated as confidential to the extent permitted by law. Limited disclosure may be necessary to complete a full investigation or to comply with law. All employees involved in an investigation shall be advised to keep information about the investigation confidential.

Neither the Board nor any district employee shall unlawfully retaliate against a person who in good faith reports perceived fraud or financial impropriety. [See Board Policy DG (Legal)]

Fraud Investigations
In coordination with legal counsel and other internal or external departments or agencies, as appropriate, the Superintendent, Board President, or a designee shall promptly investigate reports of potential fraud or financial impropriety.

If an investigation substantiates a report of fraud or financial impropriety, the Superintendent or designee shall promptly inform the Board of the report, the investigation, and any responsive action taken or recommended by the administration.

If an employee is found to have committed fraud or financial impropriety, the Superintendent or designee shall take or recommend appropriate disciplinary action, which may include termination of employment. If a contractor or vendor is found to have committed fraud or financial impropriety, the district shall take appropriate action, which may include cancellation of the district's relationship with the contractor or vendor.

When circumstances warrant, the Board, Superintendent, or designee may refer matters to appropriate law enforcement or regulatory authorities. In cases involving monetary loss to the district, the district may seek to recover lost or misappropriated funds. The final disposition of the matter and any decision to file a criminal complaint or to refer the matter to the appropriate law enforcement or regulatory agency for independent investigation shall be made in consultation with legal counsel.

Analysis of Fraud
After any investigation substantiates a report of fraud or financial impropriety, the Superintendent or designee shall analyze conditions or factors that may have contributed to the fraudulent or improper activity. The Superintendent or designee shall ensure that appropriate
administrative procedures are developed and implemented to prevent future misconduct. These measures shall be presented to the Board for review.

**SEXUAL HARASSMENT**

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other sexual conduct, either verbal or physical, or any conduct or other offensive unequal treatment of an employee or group of employees that would not occur but for the sex of the employee or employees, when:

1. the advances, requests, or conduct have the effect of interfering with performances of duties or creating an intimidating, hostile or otherwise offensive work environment; or,
2. submission to such advances, requests, or conduct is explicitly or implicitly a term or condition of employment; or,
3. submission to or rejection of such advances, requests, or conduct is used as a basis for employment decisions.

Employees shall not engage in conduct constituting sexual harassment. Sexual harassment is against district policy and is a violation of law. The district shall investigate all allegations of such harassment and shall take appropriate disciplinary action against employees found to engage in such harassment, up to and including termination.

The district forbids retaliation against complainants and will take disciplinary action against anyone who retaliates against complainants, up to and including termination.

An employee, who believes he or she has been or is being subjected to any form of sexual harassment as defined above, shall bring the matter to the attention of the principal or immediate supervisor, in accordance with the district's sexual harassment complaint procedure [see DIA (LOCAL)] in Board policy. However, no procedure or step in that policy shall have the effect of requiring the employee alleging such harassment to present the matter to a person who is the subject of the complaint.

**NOTICE OF EMPLOYEE RIGHTS**

**What is the district policy concerning sexual harassment?**
The district forbids employees from engaging in conduct that constitutes sexual harassment of other employees or of students.

The district encourages employees to come forward with allegations of sexual harassment or misconduct in the workplace. Employees who report sexual harassment will not be subjected to adverse treatment for reporting the harassment.

**What is sexual harassment?**
"Sexual harassment" includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. Such conduct constitutes sexual harassment when submission to such conduct is made a term or condition of employment.
or has the purpose or effect of unreasonable interference with an individual's work performance or creating an intimidating, hostile, or offensive working environment. "Sexual harassment" includes same-sex harassment when the harassment constitutes discrimination because of sex.

**What laws address sexual harassment?**

Title VII is a federal law that prohibits discrimination on the basis of race, color, religion, sex, or national origin. The Texas Labor Code, Section 21.051, makes it an unlawful employment practice for an employer to discriminate on the basis of race, color, disability, religion, sex, national origin, or age.

Title VII does not prohibit genuine but innocuous differences in any way men and women routinely interact with members of the same sex and of the opposite sex. It forbids only behavior so objectively offensive as to alter the "conditions" of the victim's employment.

**What do I do if I believe I have been the victim of sexual harassment?**

Employees are encouraged to report allegations of sexual harassment as soon as possible. Reports may be brought to your supervisor, your principal, or the Title IX coordinator. You may make your report in writing or orally, and you are encouraged to file your report promptly, so that any problems may be resolved at the earliest possible time. Although the district will not reject any such report because it is filed too late, employees should understand that the sooner the issue is brought to the district's attention, the sooner it can be resolved.

**What will happen once I file a report?**

Whether you report the problem to your principal, supervisor, or the Title IX coordinator, the process will be the same. An initial informal effort will be made to resolve the problem. If you have made your report orally, the supervisor receiving the report will reduce it to writing and ask you to verify that it has been transcribed accurately.

The supervisor will discuss the allegations with you to determine if the alleged actions and/or comments create a condition of granting a benefit upon the receipt of sexual favors from a supervisor or punishes you for rejecting an offer ("quid pro quo"). If not, your supervisor will treat the allegation as a potential "hostile environment" matter and inquire as to whether or not you have indicated to the alleged harasser that the actions and/or comments are "unwelcome." In no instance will you be required to present the report or notice of "unwelcomeness" to the person who is the subject of your report.

If the supervisor identified through discussion with you that the alleged harasser has not been notified that the actions and/or comments are "unwelcome," the supervisor will make that notice to the accused on your behalf, if you prefer not to.

Continued or repeated "unwelcome" actions and/or comments after being notified they are unwelcome are considered inappropriate by the district and may constitute a "hostile environment."

**What should I do if there is a recurrence or another type of sexual harassment involving the same person?**
You will be expected to file a written complaint on the form DIA EXHIBIT B provided by the district as soon as possible. Normally, this should be filed within 15 workdays of the most recent event or series of events about which you are complaining. Once again, you are expected to file your complaint with your immediate supervisor unless that person is the subject of your complaint.

The supervisor to whom you have complained will hold a conference with you as soon as possible, but at the latest, within ten (10) workdays. Following the conference, the supervisor will have ten (10) workdays to provide a written response, unless the investigation takes longer to complete. You will be informed if there is a delay in the response.

**What if I'm not happy with my supervisor's response?**
The district provides a three-level complaint process. If you are not satisfied with the initial outcome, you may appeal to the superintendent or the superintendent's designee. The superintendent or designee will hold another conference with you and attempt to resolve the situation. If you still feel that the problem has not been solved, you may appeal to the Board of Trustees.

**How will the district respond to claims of sexual harassment?**
The district will respond promptly to all allegations of sexual harassment. Prompt remedial action, reasonably calculated to end the harassment, will be taken when claims are substantiated.

**Will my complaint be confidential?**
To the greatest extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation.
Any employee filing a complaint must fill out this form completely and turn it in to the employee's principal or immediate supervisor. All complaints will be processed in accordance with DIA (Legal) and DIA (Local) or any exceptions outlined therein.

EMPLOYEE STANDARDS OF CONDUCT: SEXUAL HARASSMENT/SEXUAL ABUSE

EMPLOYEE-TO EMPLOYEE
Employees shall not engage in conduct constituting sexual harassment of other employees. [See DIA (EXHIBIT A)]

Employees who believe they have been sexually harassed by other employees are encouraged to come forward with complaints. District officials or their agents shall investigate promptly all allegations of sexual harassment of employees by other employees, and officials shall take prompt and appropriate disciplinary action against employees found to have engaged in conduct constituting sexual harassment of employees.

COMPLAINT PROCEDURE
An employee who believes he or she has been or is being subjected to any form of sexual harassment shall bring the matter to the attention of the principal, immediate supervisor, or Title IX coordinator for employees. No procedure or step in this policy shall have the effect of requiring the employee alleging harassment to present the matter to a person who is the subject of the complaint. For purposes of this policy, "days" shall mean work days in the official 12-month district work schedule approved by the Board. The terms "complaint" and "grievance" shall have the same meaning.

INITIAL INFORMAL RESOLUTION EFFORT
Employees are encouraged to report alleged sexual harassment as soon as possible, seeking informal resolution if possible. A report of alleged sexual harassment may be brought to the employee's supervisor, principal, or the Title IX coordinator (Assistant Superintendent for Secondary School Administration). The employee may make the report in writing or orally, and is encouraged to file a report promptly so that any problems may be resolved at the earliest possible time. Although the district will not reject any such report because it is filed too late, employees should understand that the sooner the issue is brought to the district's attention, the sooner it can be addressed and/or resolved.

Whether the employee reports the problem to the supervisor, principal, or Title IX coordinator (Assistant Superintendent for Secondary School Administration), the process will be the same. If the employee makes the report orally, the supervisor receiving the report will reduce it to writing and ask the employee to verify that it has been transcribed accurately. The supervisor will discuss the allegations with the employee making the report to determine if the alleged actions and/or comments create a condition of granting a benefit upon the receipt of sexual favors from a supervisor or of punishing the employee for rejecting an offer ("quid pro quo"). If not, the employee's supervisor will treat the allegation as a potential "hostile environment" matter and inquire as to whether or not the employee...
reporting has indicated to the alleged harasser that the actions and/or comments are "unwelcome." In no instance will the employee reporting be required to present the report or notice of "unwelcomeness" to the person who is the subject of the report.

If the supervisor identifies through discussion with the employee making the report that the alleged harasser has not been notified that the actions and/or comments are "unwelcome," the supervisor will make that notice to the accused harasser on behalf of the employee, if the employee prefers not to.

Continued or repeated "unwelcome" actions and/or comments after being notified they are unwelcome are considered inappropriate behavior for the workplace by the district and may constitute a hostile environment created by the accused harasser.

If there is a recurrence or another type of alleged sexual harassment involving the same accused harasser, the employee who has made the above-described initial informal effort to resolve the matter should initiate a Level One complaint.

**LEVEL ONE**

An employee who has a grievance shall request a conference with the principal or immediate supervisor by submitting a completed Employee Complaint Form (DIA EXHIBIT B). The form must be filed within 15 days of the most recent event or series of events about which the employee is complaining.

The principal or supervisor shall hold the conference within 10 days after receipt of the written request. The principal or supervisor shall have 10 days following the conference within which to respond unless the investigation takes longer to complete. Both employees will be informed if there is a delay in the response.

**LEVEL TWO**

If the outcome of the conference at Level One is not to the employee's satisfaction or if the timelines were not met by the administration, the employee may request a conference with the superintendent or designee to appeal the complaint. The request shall be submitted on a completed district Employee Appeal Form (DIA EXHIBIT C) and must be filed within 10 days following receipt of a written response or, if no written response is received, within 10 days of the response deadline. If no Level One conference is held, the request shall be filed within 20 days of submitting the complaint.

The superintendent or designee shall hold the Level Two conference within 10 days after receipt of the written request. The superintendent or designee shall have 10 days following the conference within which to respond.
LEVEL THREE

If the outcome at Level Two is not to the employee's satisfaction or if the timelines are not met by the administration, the employee may present the grievance at the next regular Board meeting that can reasonably include the grievance as an item on the posted agenda. [See BE (LOCAL)] The request shall be submitted on a completed district Employee Appeal Form (DIA EXHIBIT D) and must be filed within 10 days following receipt of a written response or, if no written response is received, within 10 days of the response deadline. If no Level Two conference is held, the request shall be filed within 20 days of submitting the appeal.

The Superintendent or designee shall provide the Board with copies of the employee's original complaint, all responses, and any written documentation previously submitted by the employee and the administration.

The Level Three proceeding before the Board shall be recorded by audiotape. The presiding officer shall allow a reasonable time for presentation of the complaint. The Board shall consider the grievance and shall request a response from the administration.

CLOSED MEETING

The Board may hear the allegation of sexual harassment in closed meeting if posted in accordance with law, unless an open hearing is requested in writing by the accused employee or a Board member against whom the complaint or charge is brought.

EMPLOYEE TO STUDENT

Employees shall not engage in conduct constituting sexual harassment or sexual abuse of students. Sexual harassment includes any welcome or unwelcome sexual advances, requests for sexual favors, statement, physical contacts, or visual conduct of a sexual nature by an employee toward a student. [See DIA (LEGAL)] Romantic relationships between district employees and students constitute unprofessional conduct and are prohibited.

REPORTING/INVESTIGATION

Information about sexual harassment or sexual abuse of a student that may reasonably be characterized as known or suspected child abuse or neglect shall be reported to appropriate authorities, as required by law. [See FFG (LEGAL)] Employees who have reason to believe that a student is being sexually harassed or sexually abused by a school employee shall report their suspicions to their principal, immediate supervisor, or Title IX coordinator. All allegations of sexual harassment or sexual abuse of students by employees shall be reported to parents and investigated.

In considering and investigating allegations that an employee has sexually harassed or sexually abused a student [See DIA (LEGAL)], the investigation shall proceed from the presumption that the employee's
conduct was unwelcome. [See also FFH (LOCAL), which contains the complaint procedure for students alleging sexual harassment or sexual abuse by an employee.]

ATTENDANCE - ABSENCE FROM WORK

Regular and reliable attendance is an essential job function.

1. All employees are expected to report to work on time on a regular basis. Employees who will be absent or late arriving to work are required to contact the administrator of their department prior to the beginning work time, and according to campus or departmental procedures regarding who to contact and when contact must be made.

   If a contract/campus staff member is unable to report to work, he or she must notify the principal or designated administrator by 6:00 a.m. at the secondary level or by 6:30 a.m. at the elementary level. It is appropriate to call the evening before if an employee knows that he or she is going to be out.

   Non-contract employees who will be absent or late arriving to work are required to contact their designated department prior to the beginning work time. If an employee is ill or unable to report to work, the employee should contact the department the evening prior to being out and/or by the time established by each specific department.

2. Absence without communication by the employee for more than three (3) consecutive work days can lead to disciplinary action, up to and including termination. Excessive absences and undocumented absences may also lead to termination.

3. A doctor's release will be required and must be presented to the department office or supervisor before returning to work for any absence due to personal illness or family illness of more than three (3) consecutive work days. The Cypress-Fairbanks ISD does reserve the right to check with the doctor on an employee's work status and determine if the employee can perform his/her assigned duties.

NON-EXEMPT EMPLOYEE TIMEKEEPING RECORDS

All non-exempt employees, i.e., those employees eligible to receive overtime compensation for work performed beyond 40 hours per week, are required to maintain an accurate record of time worked. Entries on the time record must reflect actual time worked. Supervisors are required to monitor and sign off on all time worked. Appropriate recordkeeping formats will be designated by the administration.
COMPENSATORY OVERTIME FOR ELIGIBLE EMPLOYEES

The guidelines for compensatory overtime or payment for eligible employees will be as follows.

- All compensatory overtime for eligible employees must be approved in advance by the appropriate associate superintendent or designee with concurrence of the superintendent.

- Compensatory overtime payment or recorded compensatory overtime is approved at the rate of one to one (1:1) if the total work hours in the week are forty (40) or less. Compensatory overtime is earned at the rate of one and one-half to one (1.5:1) if the total hours actually worked in the work week exceed forty (40) hours. Although the use of leave time and/or vacation time does qualify for regular payment, it does not count as actual hours worked under the Fair Labor Standards Act and will not be credited as time worked for overtime compensation by the district. The work week is defined as 12:00 a.m. Saturday through 11:59 p.m. Friday. (Board Policy DEA (LOCAL))

- Non-exempt contract personnel will be compensated for overtime in the form of compensatory time. Hourly non-exempt personnel will be compensated for overtime by monetary payment.

- The use of earned compensatory overtime must be approved in advance by the campus and/or immediate supervisor. The usage of the compensatory overtime may not cause an undue disruption to the operation of the district.

- Total compensatory overtime hours due may not exceed forty (40) at any time during the year, except with the written approval of the appropriate Associate Superintendent or designee.

- All compensatory overtime must be used each year prior to the end of the employee’s regular days of service. No time can be carried over from one year to the next. It must be used during the year in which it was earned or FLSA requires that it be converted to payment.

The superintendent or his/her designee shall be the custodian of all personnel records regardless of where said records are located or maintained.

A. Employee Access and Right to Information
   Past or present employees of the district may inspect their personnel files during normal working hours. The employee shall be entitled to review his/her personnel file upon reasonable advance notice. The employee must examine the personnel file in
person in the presence of a Human Resources Office administrator at a location provided by the district. An appointment to review the file should be made in advance by calling the Human Resources Office.

1. Copies of an employee's personnel file will be made available to the individual by the district within a reasonable time upon receipt of a written request signed by the employee. Payment of $.10 per page is required if the file is more than 50 pages (charge for pages 51 forward) or if more than one (1) copy set is requested in the school year. C. Disclosure of Employee Personal Information

Each employee has the right, as provided in the Texas Government Code § 552.024, to choose not to allow public access to his or her home address, telephone number, or family member status.

Upon initial employment with the district, each employee will be required to declare in writing his/her preference on the disclosure of address, telephone number, and family member status. That decision will remain in place until changed in writing by the employee on the appropriate form available from the Office of Human Resources. In the absence of a written request to withhold the information, personal information in the categories listed above will be released to the public if requested.
The district provides an on-line directory of all employees listing each employee by name, work location, assignment, and work telephone. Employees may choose to have their home addresses and telephone numbers included in this directory; however, the directory information will be released in response to any requests under the Texas Public Information Act. There are some strong reasons for choosing to be listed in the directory. Primary among these is the need to reach a person in an emergency and the need employees have to communicate with each other. It is, however, the employee's choice to make. The directory is located at http://inside.cfisd.net/.

D. Employee Maintenance/Access to Information
Employees may review information regarding their demographic information on file, current salary and benefits, sick/personal leave taken, payroll information, deductions and benefits selected, and certifications via the district’s Employee Access Center. Employees may change demographic information on this site and print copies of contracts, pay statements, and check stubs. The Employee Access Center is found at http://inside.cfisd.net.

3. any abusable glue, aerosol paint, or any other chemical substance for inhalation
4. any other intoxicant, or mood-changing, mind-altering, or behavior-altering drugs.

An employee need not be legally intoxicated to be considered “under the influence” of a controlled substance. [DH (Local)]

DRUG AND ALCOHOL OFFENSES

Obligation to Report
As a condition of employment, each district employee has an ongoing duty to notify his or her
supervisor of any charge, conviction or other adverse adjudication of any criminal drug statute for a violation occurring in the workplace. Such notification shall be provided no later than five (5) days after such conviction. This reporting requirement is in addition to all reporting requirements addressed at "Employee Standards of Conduct," pages 26-43.

Additionally, school bus drivers or other employees who must operate a district vehicle, operate mobile equipment, or those who receive a travel allowance within the scope of their employment who are guilty of a DWI offense, who receive an ALR suspension/disqualification or who accumulate 10 or more points according to DPS school bus driving criteria, will be subject to disciplinary action up to and including termination. This applies to convictions as a result of operating either a district vehicle or personal vehicle.

DRUG AND ALCOHOL TESTING – General Policy
The district shall conduct drug and alcohol testing in accordance with federal and state regulations, as well as district policy, of employees for use of alcohol or a controlled substance that violates any law or district policy.

Reasonable Suspicion Testing
All employees shall be required to undergo alcohol and drug testing at any time the district has reasonable suspicion to believe that the employee has violated the district's policy concerning alcohol and/or drugs. Reasonable suspicion alcohol or drug testing may be conducted when there is reasonable suspicion to believe that the employee has used or is using drugs or alcohol prior to reporting for duty, or while on duty, or prior to or while attending any district function on or off district property. The district's determination that reasonable cause exists must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee. The observations must be made by a trained supervisor. Refusal to consent to testing will result in disciplinary action, up to and including termination of employment.

Additional Testing
In addition to the above, all employees in positions requiring a commercial driver's license and employees in safety sensitive positions are subject to pre-employment, random, post-accident, return-to-duty and follow-up testing.

Finding of Drug or Alcohol Use and Disciplinary Action
No employee shall report to duty or remain on duty while under the influence of or impaired by alcohol, and/or drugs, as shown by the behavioral, speech and performance indicators of alcohol or drug misuse, nor shall the district permit the employee to perform or continue to perform the functions of this position.

Disciplinary action will be taken against an employee found in violation of the district's drug and alcohol policy and administrative regulations, and such employees will be subject to the full range of disciplinary action up to and including termination. The severity of the action chosen will depend on the circumstances of each case and will be consistent with the district's effort to maintain a drug-free workplace. The district shall initiate disciplinary action against any employee found to use illegal drugs, provided that such action is not necessarily required for an
employee who voluntarily admits to use of illegal drugs and obtains counseling or rehabilitation, and thereafter refrains from using illegal drugs.

District employees who test positive for alcohol and/or controlled substances and who are terminated for violating the district's drug/alcohol policy and administrative regulations are not eligible for re-employment.

**Distribution of Policy**
A complete copy of the district's policies and procedures regarding drug and alcohol testing shall be distributed to employees on an annual basis.

**REQUIREMENTS AND RESTRICTIONS FOR PHYSICAL EXAMINATIONS**

**Required Physical Examinations**
Prior to actual employment and annually, each person who is certified to drive a school bus shall undergo a physical examination as designated and paid for by the district. Other employees who are required to hold a commercial driver’s license for their positions shall undergo a physical examination every two years at the district’s expense.

**Communicable Diseases**
Communicable diseases include, but are not limited to, measles, influenza, viral hepatitis-A (infectious hepatitis), viral hepatitis-B (serum hepatitis), human immunodeficiency virus (HIV infection), AIDS, leprosy, and tuberculosis. Employees with communicable diseases, whether acute or chronic, shall be subject to the following provisions.

**Physical Examinations During Employment**
The district may require a medical examination (and/or inquiry) of an employee that is job related and consistent with business necessity and may make inquiries into the ability of an employee to perform job-related functions.

The superintendent or designee may require any employee to undergo a medical examination if information received from the employee, the employee’s supervisor, or other sources indicates the employee has a physical or mental impairment that:

1. interferes with the employee’s ability to perform essential job functions; or
2. poses a direct threat to the health or safety of the employee or others.

A communicable or other infectious disease may constitute a direct threat. This physical or psychological examination may include a drug or alcohol test by urinalysis, blood analysis, or breathalyzer if the person’s supervisor(s) determines that a reasonable suspicion exists to believe the person has used or is under the influence of a controlled substance as defined by the Texas Controlled Substance Act, Art. 4476-15 (Vernon’s Texas Civil Statutes); a dangerous drug as defined by the Dangerous Drug Act, Art. 4476-14 (Vernon’s Texas Civil Statutes); alcohol; or other drug affecting the person’s ability to physically or mentally attend to the duties and responsibilities of his/her position. [See DHE]
The district may designate the physician to perform the examination. If the district designates the physician, the district shall pay the cost of the examination. The district may place the employee on paid administrative leave while awaiting results of the examination and evaluating the results.

If the impairment does interfere with the employee’s ability to perform essential job functions or poses a direct threat, the Superintendent or designee shall determine whether the employee has a disability, and if so, whether the disability requires reasonable accommodation, including the use of available leave. The granting of additional unpaid leave may be a reasonable accommodation in some circumstances. If the employee does not have a disability, the Superintendent or designee shall evaluate the employee’s eligibility for leave. [See DEC (LOCAL)]

**Confirmation**

The information that an employee has a communicable disease shall be confirmed by one of the following methods:

1. the employee brings the information to the district's attention;
2. the employee confirms the information when asked;
3. the employee is asked to submit to a medical examination at district expense when the superintendent or designee has reason to believe that the employee has a communicable disease and is unable to perform the functions and duties of the job or poses a direct threat to self or others.

The results of such an examination are medical records in the possession of the examining physician. If the employee consents to have some or all of the results released to the district, the district shall maintain the confidentiality of the information. The superintendent or his/her designee shall request the examining physician's advice regarding any restrictions in duties or necessary accommodations in duties based on the results of the examination. First aid and safety personnel may be informed to the extent necessary for them to provide emergency care.

**Medical Factors**

The superintendent or his/her designee shall obtain medical advice from local health authorities or private physicians on:

1. the nature of the risk, *i.e.*, how the disease is transmitted;
2. the duration of the risk, *i.e.*, how long the employee will be infectious;
3. the severity of the risk, *i.e.*, what is the potential harm to third parties;
4. the probabilities that the disease will be transmitted and will cause varying degrees of harm;
5. whether the employee's condition interferes with the performance of regular duties.

This determination shall be made by a physician who has performed a medical examination of the employee.

**Qualified Individuals with Disabilities**

If the superintendent or his or her designee determines that work restrictions, reassignment, or exclusion may be appropriate, the superintendent or designee shall determine whether the
employee is a "disabled person." If it is determined that an employee is disabled, the superintendent or designee shall also determine if the employee is otherwise qualified for employment. With respect to employment, a "qualified disabled person" is a disabled person who, with or without reasonable accommodation, can perform the essential functions of the job in question. If it is determined that an employee is a "qualified disabled person," the employee must be reasonably accommodated. Accommodation is not reasonable if it poses undue financial or administrative burdens or requires fundamental alterations in the nature of the job or poses a threat to the safety of the disabled person or others.

**Exclusion from Work**
An employee may be excluded from work if the superintendent or his/her designee, in accordance with this policy, determines that the employee poses a direct threat or risk of harm to other employees or students; the employee poses a direct threat to his/her own health by remaining on the job; or, the employee's physical or mental condition interferes with the performance of the essential functions and/or regular duties as specified in his/her job description.

The employee may present evidence to the superintendent or his/her designee on any information relevant to the employee's fitness to continue the performance of regular duties.

**Other Requirements**
If a non-contract employee, for whom a physical examination is required, voluntarily resigns his/her position during the first six months of employment, the cost of the physical examination, including drug test, may be withheld from his/her final paycheck. A non-contract employee who voluntarily resigns or is terminated may have the cost of uniforms deducted from his/her final paycheck if uniforms are not returned within three (3) business days following the separation of employment.

Food service workers shall comply with health requirements established by the city, county and state health authorities.

**ASSIGNMENT OF EMPLOYEES AND NEPOTISM**

**Assignment**
All personnel are employed subject to assignment and reassignment by the superintendent or designee. Any employee may request reassignment to another position within the district for which he or she is qualified and in accordance with policies, regulations, and practices of the district.

**Campus/Site Assignments or Transfers**
In accordance with district policy and administrative procedures, employee transfers for an ensuing school year may be at the initiative of the superintendent or designee, other administrators and also with consideration given to the request of the individual employee. Changes of assignment during the school year requested by employees will seldom be made. An employee-initiated request for transfer of assignment does not guarantee that such a transfer will be made because each request has to be considered in terms of factors such as:
1. priority and number of transfers which have to be made for administrative reasons (boundary changes, new campuses, returns from leave, etc.);
2. available vacancies;
3. qualifications/certification of the requesting employee; and,
4. campus/worksite needs (principal’s/administrator’s judgment).

While all requests for transfers initiated by employees should begin with notification of the principal or immediate supervisor, questions about the procedure and transfer periods should be directed to:

Contract professionals: Associate Superintendent for Human Resources (281/897-4162)
Contract paraprofessionals and hourly wage employees: Director of Ancillary Personnel (281/897-4033).

**Employing Related Employees**

In all cases involving employment, fair and equitable hiring practices shall be observed. Persons responsible for employment in the district shall avoid any act or practice that might be interpreted as preferential consideration shown a relative.

No person shall be employed by the district who is related by blood relation within the third degree, or by marriage within the second degree, to any Board Member. See DBE (LEGAL) for specific conditions on employment of individuals related to Board Members. Additionally, no person shall be employed, given assurance of employment or recommended to the Board, who is related by blood relation within the third degree, or by marriage within the second degree, to any district employee serving in an administrative or supervisory capacity without prior consultation with the Board of Trustees. The same shall apply to any promotion after initial employment. (See DBE-E Exhibit)

No spouse of the superintendent or associate superintendents shall be employed by the district. If a current employee is promoted to the position of superintendent or associate superintendent, the continued employment of the spouse will be considered on an individual case-by-case basis.

**Assignment of Related Employees**

It is an accepted practice in the district that relatives should not supervise other family members. Family in this statement is construed to include: wife, husband, son, daughter, brother, sister, mother, father, grandmother, grandfather, grandson, granddaughter, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, and son-in-law. [See DK (LOCAL)][Also see DBE LEGAL]
The provisions of this policy shall not apply to persons employed or assigned before the adoption date of this policy revision; but the administration should direct efforts to eliminate those situations that would not meet these guidelines as circumstances permit.

**Employment/Assignment of Relatives**

These illustrations depict the relationships that violate the nepotism law and Board assignment policy.
Supervising Related Employees
Relatives, as defined below, shall not supervise other family members. Family, as defined for this purpose, includes: wife, husband, son, daughter, brother, sister, mother, father, grandmother, grandfather, grandson, granddaughter, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, and son-in-law. [See DC (LOCAL)]

Current Employees
The provisions of this policy addressing related employees shall not apply to persons employed or assigned before the adoption date of this policy revision except as noted. An employee currently working in a department or in a line of authority in which his/her spouse has administrative or supervisory responsibility may remain in his/her current position. A requested change for current employees serving under an exempted condition shall only be considered for a position in another department or line of authority. Efforts to eliminate situations not meeting the guidelines shall be made as circumstances permit.

55
SUPPLEMENTAL DUTIES

Assigned supplemental duties for which supplemental pay is received may be modified or discontinued by the district at any time. Paid supplemental duties are not part of the district's contractual obligation to the employee, and employees shall hold no expectation of continuing assignment to any paid supplemental duty.

WORK SCHEDULES

The work week and daily time schedules shall be determined by the superintendent or designee and principals, subject to approval by the Board. Exempt employees are required to be at work and on duty during the established work day as determined by the administration. The district has an expectation that exempt employees will be available to attend reasonable school-related activities that may occur outside the established work day. Such exempt employees are not eligible for overtime pay or compensatory time for working beyond 40 hours per week.

WORK MADE FOR HIRE

Occasionally an employee has questions regarding the use of materials to be included in books or other commercial materials. Such materials created by the employee may include lesson plans, staff development presentations or tests/test items. Any work prepared by an employee within the scope of his/her employment is owned by the district. Under federal copyright laws this is called “work made for hire.” An employee with questions regarding ownership or copyrights on materials prepared within the scope of his/her employment should consult with his/her supervisor.

EMPLOYEE COMPLAINTS

Employees shall have the right, in a peaceable manner, to assemble together for their common goals and apply to those invested with the powers of government for redress of grievances or other purposes, by petition, address or remonstrance.

Informal Process
The Board encourages employees to discuss their concerns and complaints through informal conferences with their supervisor, principal, or other appropriate administrator. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Direct Communication with Board Members
Employees shall not be prohibited from communicating with a member of the Board regarding district operations except when communication between an employee and a Board member would be inappropriate because of a pending hearing or appeal related to the employee.

Formal Process
If an informal conference regarding a complaint fails to reach the outcome requested by the employee, he or she may initiate the formal process described below and contained in Board Policy DGBA (Local) by timely filing a written complaint form. Even after initiating the formal
complaint process, employees are encouraged to seek informal resolution of their concerns. An employee whose concerns are resolved may withdraw a formal complaint at any time. The process described in policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or “mini-trial” at any level.

Notice to Employees
The district shall inform employees of the complaint/grievance policy.

Freedom From Retaliation
Neither the Board nor the district employee shall unlawfully retaliate against an employee for bringing a complaint under this policy.

"Whistleblower" Complaints
Whistleblower complaints shall be filed within the time specified by law and may be made to the Superintendent or designee beginning at Level Two. Time lines for the employee and the district set out in this policy may be shortened to allow the Board to make a final decision within 60 days of the initiation of the complaint. [See DG]

Complaints Against Supervisors
Complaints alleging a violation of law by a supervisor may be made to the Superintendent or designee. Complaints alleging a violation of law by the Superintendent may be made directly to the board or designee. However, the Superintendent and the Board reserve the right, upon review of the specific complaint(s) being made, to require the employee to begin the grievance process at a lower level.

Evaluations
Employees may present grievances regarding the evaluation process and shall receive a written response. Grievances involving solely the content of evaluations shall be concluded at the superintendent level. The employee may present a concern involving the content of evaluations to the Board, but the Board shall not substitute its judgment on particular ratings for the professional judgment of a trained evaluator.

Complaints
Board Policy DGBA (Local) is the district’s formal grievance policy. In-DGBA, the terms “complaint” and “grievance” shall have the same meaning. DGBA shall apply to all employee complaints, except as provided below:

1. Complaints alleging discrimination, including violations of Title IX (gender), Title VII (sex, race, color, religion, national origin), ADEA (age), or Section 504 (disability). [See DIA.]
2. Complaints alleging certain forms of harassment, including harassment by a supervisor and violations of Title VII. [See DIA.]
3. Complaints concerning retaliation relating to discrimination and harassment. [See DIA.]
4. Complaints concerning instructional materials. [See EFA.]
5. Complaints concerning a commissioned peace officer who is an employee of the district. [See CKE.]
6. Complaints arising from the proposed nonrenewal of a term contract issued under Chapter 21 of the Education Code. [See DFBB.]
7. Complaints arising from the proposed termination or suspension without pay of an employee on a probationary, term, or continuing contract issued under Chapter 21 of the Education Code during the contract term. [See DFAA, DFBA, or DFCA, respectively.]

A complaint under DGBA may include:
1. Grievances concerning an employee’s wages, hours, or conditions of work;
2. Specific allegations of unlawful discrimination or retaliation based on the employee’s exercise of legally protected rights; or
3. Specific allegations of adverse personnel action based on the employee’s good faith report to an appropriate law enforcement authority of a violation of a law by the district or a district employee, i.e., “whistleblower complaints.” [See DG]
4. Complaints arising from the dismissal or termination of an at-will employee. [See DCD]

Filing
Complaint forms and appeal notices may be filed by hand-delivery, fax, or U. S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Fax filings shall be timely filed if they are received on or before the deadline, as indicated by the date/time shown on the fax copy. Mail filings shall be timely filed if they are postmarked by U. S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

Response
At Levels One and Two, “response” shall mean a written communication to the employee from the appropriate administrator. Responses may be hand-delivered or sent by U. S. Mail to the employee’s mailing address of record. Mailed responses shall be timely if they are postmarked by U. S. Mail on or before the deadline.

Days
“Days” shall mean district business days unless otherwise noted. In calculating time lines under DGBA, the day a document is filed is “day zero.” The following business day is “day one.”

Representative
“Representative” means any person who or an organization that does not claim the right to strike and is designated by the employee to represent him or her in the complaint process. The employee may designate a representative through written notice to the district at any level of this process. If the employee designates a representative with fewer than three days’ notice to the district before a scheduled conference or hearing, the district may reschedule the conference or hearing to a later date, if desired, in order to include the district’s counsel. The district may be represented by counsel at any level of the process.

Consolidating Complaints
Complaints arising out of an event or series of related events shall be addressed in one
complaint. Employees shall not bring separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint. When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the district may consolidate the complaints.

Untimely Filings
All time limits shall be strictly followed unless modified by mutual written consent.

If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the employee, at any point during the complaint process. The employee may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred
Each party shall pay its own costs incurred in the course of the complaint.

Complaint Form
Complaints under DGBA shall be submitted in writing on a form provided by the district. Copies of any documents that support the complaint should be attached to the complaint form. If the employee does not have copies of these documents, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the employee unless the employee did not know the documents existed before the Level One conference.

A complaint form that is incomplete in any material aspect may be dismissed, but may be refiled with all the required information if the refiling is within the designated time for filing a complaint.

Complaint Process
Level One
Complaint forms must be filed (1) within 15 days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; (2) with the lowest level administrator who has the authority to remedy the alleged problem. In most circumstances, employees on a school campus shall file Level One complaints with the campus principal; other district employees shall file Level One complaints with their immediate supervisor.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator. The appropriate administrator shall investigate as necessary and hold a conference with the employee within ten days after receipt of the written
complaint. The administrator may set reasonable time limits for the conference.

The administrator shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

Level Two
If the employee did not receive the relief requested at Level One or if the time for a response has expired, the employee may request a conference with the Superintendent or designee to appeal the Level One decision. The appeal notice must be filed in writing, on a form provided by the district, within ten days of the date of the written Level One response, or, if no response was received, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The employee may request a copy of the Level One record.

The Level One record shall include:
1. the original complaint form and any attachments.
2. all other documents submitted by the employee at Level One.
3. the written response issued at Level One and any attachments.
4. all other documents relied upon by the Level One administrator in reaching the Level One decision.

The Superintendent or designee shall hold a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues presented by the employee at Level One and identified in the Level Two appeal notice. At the conference, the employee may provide information concerning any documents or information relied upon by the administrator for the Level One decision. The Superintendent or designee may set reasonable time limits for the conference.

The Superintendent or designee shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Superintendent or designee may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Superintendent or designee believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

Level Three
If the employee did not receive the relief requested at Level Two or if the time for a response has expired, the employee may appeal the decision to the Board. The appeal notice must be filed in writing, on a form provided by the district, within ten days of the date of the written Level Two response or, if no response was received, within ten days of the Level Two response deadline.
The Superintendent or designee shall inform the employee of the date, time and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board. The Superintendent or designee shall provide the Board the record of the Level Two complaint. The employee may request a copy of the Level Two record.

The Level Two record shall include:
1. The Level One record.
2. The written response issued at Level Two and any attachments.
3. All other documents relied upon by the administration in reaching the Level Two decision.

If at the Level Three hearing the administration intends to rely on evidence not presented in the Level Two record, the administration shall provide the employee notice of the nature of the evidence at least three days before the hearing.

The district shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable laws. [See BE]

The presiding officer may set reasonable time limits and guidelines for the presentation including an opportunity for the employee and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation. The Level Three presentation, including the presentation by the employee or the employee’s representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.
To file a formal complaint, please fill out this form completely and submit it by hand delivery, fax, or U. S. mail to the appropriate administrator within the time established in DGBA (LOCAL). All complaints will be heard in accordance with DGBA (LEGAL) and (LOCAL) or any exceptions outlined therein.

HAZARD COMMUNICATION ACT

In accordance with the Hazard Communication Act, Cypress-Fairbanks Independent School District maintains a list of certain hazardous chemicals normally present in the workplace and in each work area in amounts exceeding 55 gallons or 500 pounds. This list is updated annually and is available for review upon request.

Employees who use, handle or may be exposed to hazardous chemicals shall be informed of the exposure and shall have ready access to the workplace chemical list and to the most current material safety data sheets which detail physical and health hazards and other pertinent information.

Employees who work with hazardous chemicals shall receive annual training on the hazards of the chemicals and on measures they can take to protect themselves and shall receive appropriate personal protective equipment.

Employees shall not be required to work with hazardous chemicals from unlabeled containers, except portable containers for immediate use when the contents are known to the user.

Employees may file complaints or inquiries with the Texas Department of Health for violations of the Hazard Communication Act and may not be discharged or discriminated against in any manner for the exercise of any rights provided under the Act.

BLOODBORNE PATHOGEN PLAN

UNIVERSAL PRECAUTIONS IN THE SCHOOL SETTING

PURPOSE: The purpose of universal precautions is to eliminate or minimize exposure to blood or other potentially infectious body fluids. Treat all blood as potentially infectious. Appropriate barrier precautions should be used to prevent skin and mucous membrane exposure when in contact with blood or bodily fluids of any person.

1. Handwashing
   Handwashing is an important preventive measure in the spread of disease. Hands and other skin surfaces should be washed after contact with blood or body fluids and after the removal of gloves. Handwashing facilities with germicidal soap are provided for employees who incur exposure to blood or other potentially infectious material. Hand washing should be done with warm water and soap, vigorously scrubbing
hands, wrists, between fingers and under nails. Hands should then be rinsed thoroughly, allowing water to run off finger tips. Dry with paper towel, then use towel to turn off faucet.

Housekeeping
All surfaces contaminated with blood or body fluids should be disinfected with 1:10 solution of bleach, 70% alcohol, or disinfectant used by plant operations. Use gloves when cleaning up a spill. Call custodian for cleanup of any large spills, or if you need help cleaning contaminated surfaces.

Do not pick up broken glass with bare hands.

Articles contaminated with blood should be triple bagged and thrown away in a garbage can. The nurse has one in her office. If contaminated articles are thrown away in a classroom waste basket, have custodian remove it as soon as possible. If an article is saturated with blood (blood can be squeezed out of it), it should be placed in a triple bagged trash bag.

3. Personal Protective Equipment
Gloves (disposable latex or non-latex) – Gloves should always be worn if any contact with blood or body fluids is anticipated. Gloves should be worn only once and thrown away. They should not be washed or decontaminated for reuse and are to be replaced as soon as practical when they become torn, punctured, or when their ability to function as a barrier is compromised. Skin breaks or dermatitis should be covered with a bandage under the gloves. Hands should be washed immediately after removal of gloves. Goggles and masks should be worn whenever droplets of blood or other potentially infectious materials may be generated and eye, nose, or mouth contamination can be reasonably anticipated. Mucous membranes should be flushed with water immediately if exposure to blood occurs.

4. Sharps
Needles or other sharps such as lancets used to test blood sugar in diabetic students should be disposed of in the sharps’ container in the nurse’s office. The needle should not be recapped or broken.

5. General Rules
Minimize splashing as much as possible. Do not eat, drink, put in contacts, apply cosmetics, or lip balms in areas with possible exposure.

All exposure incidents should be reported to the principal, supervisor, and school nurse.

For additional information on the district’s Bloodborne Pathogen Plan, contact Jan Jones, Director of Health Services, 281/897-4015.
ASBESTOS ABATEMENT PROGRAM

The Cypress-Fairbanks Independent School District, in the spring of 1988, contracted with an environmental consulting company, which was E.P.A. approved, to inspect all of the Cypress-Fairbanks Independent School District buildings for asbestos-containing building materials, write plans, and make recommendations that would contribute to the safeguarding of all building occupants; i.e., employees and students.

These inspections are available for review through the principal's or administrator's office in each building during normal campus hours and days defined by the school calendar. A duplicate set of the same information is contained in the office of the Senior Director of Special Services and Safety, Martin Anding, who is located at 11430 Perry Road, Houston, Texas, telephone number 281/897-4065. The office of the Senior Director of Special Services and Safety is open throughout the year (except for scheduled holidays) during the hours 7:00 a.m.–4:00 p.m.

PEST CONTROL INFORMATION

The district regularly has pesticides applied inside buildings by a licensed pest control service. Information regarding the application of pesticides is available from Martin Anding, Senior Director of Special Services and Safety, 11430 Perry Road, Houston, Texas, telephone number 281/897-4065.

ELECTRONIC COMMUNICATION AND DATA MANAGEMENT

The Superintendent or designee will oversee the district's electronic communications system.

District Technology Resources

The district has invested in computer technology to broaden instruction and to prepare students for an increasingly digital society. Use of these resources is restricted to students working under a teacher’s supervision and/or direction for approved instructional purposes only.

All students and district employees may use district-approved software in accordance with applicable license agreements. Unless otherwise noted in the license, or in the event the software arrived without a license agreement, any duplication of copyrighted software, except for back-up and for archival purposes, is a violation of federal law. The use of any non-district software or the erasing of or tampering with authorized software on district computers is not permitted.

Students or district employees violating these guidelines will face disciplinary action and/or restitution to the district. A copy of the acceptable use guidelines is included in this Handbook. Parents are asked to review these guidelines when initially enrolling students in the district. Students (grades 6-12) and all district employees are required to sign and agree to the district’s Acceptable Use Guidelines regarding appropriate use of these resources.

The statements above are explained in detail in the policies and procedures that follow. The district will provide training in proper use of the system and will provide all users with copies of
acceptable use guidelines (Exhibit A). All training in the use of the district's system will emphasize the ethical and safe use of this resource.

Consent Requirements
Copyrighted software or data may not be placed on any system connected to the district's system without permission from the holder of the copyright. Only the copyright owner, or an individual the owner specifically authorizes, may upload copyrighted material to the system.

No original work created by any district student or employee will be posted on a cfisd.net web page under the district's control unless the district has received written consent from the student (and the student's parent if the student is a minor) or employee who created the work.

No personally identifiable information about a district student will be posted on a web page under the district's control unless the district has received written consent from the student's parent. An exception may be made for "directory information" as allowed by the Family Educational Rights and Privacy Act and district policy.

Filtering
A committee, chaired by the Associate Superintendent for Technology and School Services or designee, will select, implement, and maintain appropriate technology for filtering Internet sites containing material considered inappropriate or harmful to minors. All Internet access will be filtered for minors and adults on computers with Internet access provided by the school.

The categories of material considered inappropriate and to which access will be blocked will include, but not be limited to: nudity/pornography; images or descriptions of sexual acts; promotion of violence, illegal use of weapons, drug use, discrimination, or participation in hate groups; instructions for performing criminal acts (e.g., bomb making); and on-line gambling.

Requests to Disable Filter
The committee will consider requests from users who wish to use a blocked site for district-approved educational research or other lawful purposes. The committee will make recommendations to the Superintendent or designee regarding approval or disapproval to disable the filter for the requested use.

System Access
Access to the district's electronic communications system will be governed as follows:
1. All users will be required to acknowledge their receipt and understanding of the acceptable use guidelines as published in the Student Handbook and Code of Conduct for students and the Employee Handbook for employees.
2. Access to the district's electronic communications system, including the Internet, shall be made available to students and employees primarily for instructional and administrative purposes and in accordance with administrative regulations. Limited personal use of the system by employees shall be permitted if the use:
   a. imposes no tangible cost on the district;
   b. does not unduly burden the district's computer or network resources; and,
   c. has no adverse effect on an employee's job performance.
3. Students will be granted access to the district's system and will be assigned individual accounts. Students are not to share their login/password with others.
4. As appropriate, district employees will be granted access to the district's system.
5. The district will require that employee network passwords be changed every 90 days.
6. Any system user identified as a security risk or as having violated district and/or campus computer use guidelines may be denied access to the district's system.

Technology Coordinator Responsibilities
The Associate Superintendent for Technology and School Services or designee for the district's electronic communications system (or campus designee) will:

1. be responsible for disseminating and enforcing applicable district policies and acceptable use guidelines for the district's system.
2. ensure that all users of the district's system complete and sign annually an agreement to abide by district policies and administrative regulations regarding such use. All such agreements will be maintained on file in the principal's or supervisor’s office.
3. ensure that employees supervising students who use the district's system provide training emphasizing the appropriate use of this resource.
4. ensure that all software loaded on computers in the district is consistent with district standards and is properly licensed.
5. be authorized to monitor or examine all system activities, including electronic mail transmissions, as deemed appropriate to ensure student safety on-line and proper use of the system.
6. be authorized to disable a filtering device on the system for district-approved educational research or another lawful purpose, with approval from the Superintendent.
7. set limits for data storage within the district's system, as needed.

Monitored Use of Electronic and Web-based Accounts
Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated district staff to ensure appropriate use for educational or administrative purposes.

Suspected violations of acceptable use by employees should be reported to the Associate Superintendent for Human Resources. Suspected violations of acceptable use by students should be reported first to the campus principal and, if necessary, by the campus principal to the Assistant Superintendent for Student Services.

Generally, the district does not provide student electronic mail accounts. If necessary, access to electronic mail accounts for instructional purposes must have campus and district prior approval. Students and teachers may participate in district approved chat rooms in which teachers monitor all student interactions. Participation in non-district approved social networking sites, such as Facebook, Myspace, etc. or the use of any anonymizing technologies (e.g. vtunnel) is prohibited. The use of cell phones and other portable computing devices such as iPods can be used for instructional purposes only during the school day. Students using cell phones or other portable computing devices without teacher permission will be held accountable to the cell phone rule use set forth in the Student Code of Conduct on pages 43-44.
District Web Site – District Approved School Web Pages
The district will maintain a district web site for the purpose of informing employees, students, parents, and members of the community of district programs, policies, and practices. Requests for publication of information on the district web site must be directed to the Assistant Superintendent for Communication or designee. The Associate Superintendent for Technology and School Services or designee and the Assistant Superintendent for Communication or designee will establish guidelines for the development and format of web pages controlled by the district.

Employees or students may not misrepresent the district by posting content to the web purporting to be the official website for the district.

Regarding student information published on a web site controlled by the district, see pages 68-72.

Faculty Web Pages
www.cfisd.net is the official website for Cypress-Fairbanks ISD. High schools may publish web pages that present information about school activities, subject to approval from the Assistant Superintendent for Communication or designee, and link to the district’s site. The high school principal will designate the staff member responsible for managing the campus’ web page under the supervision of the Assistant Superintendent for Communication or designee. Any links from a web page to sites outside the district’s computer system must receive approval from the Assistant Superintendent for Communication or designee.

The district will provide web space and training to support the faculty in the development of instructional/informational web pages. The official faculty web page tool is Schoolwires. All faculty members creating a faculty web page must use this service. Content posted on faculty web pages must be current and free from erroneous or inappropriate content. Any external web link must be checked using a district computer to verify compliance with the district filtering system before posting to a faculty web page. When creating faculty web pages, the district guidelines for web development received during the initial web training and posted on the intranet, must be followed.

Personal Web Pages
Employees or students may not misrepresent the district by posting content to the web site purporting to be the official website for the district.

Network Etiquette
System users are expected to observe the network etiquette listed below.
1. Be polite; messages typed in capital letters are the computer equivalent of shouting and are considered rude.
2. Use appropriate language; swearing, vulgarity, ethnic or racial slurs, and any other inflammatory language are prohibited.
3. Pretending to be someone else when sending/receiving messages is considered inappropriate.
4. Transmitting obscene messages or pictures is prohibited.
5. Be considerate when sending attachments with e-mail by considering whether a file may be too large to be accommodated by the recipient's system or may be in a format unreadable by the recipient.

6. Using the network in such a way that would disrupt the use of the network by other users is prohibited.

Termination/Revocation of System User Account
Termination of an employee's or a student's access for violation of district policies or regulations will be effective on the date the principal or Associate Superintendent for Technology and School Services or designee receives notice of an employee’s termination of a student’s withdrawal or of revocation of system privileges, or on a future date if so specified in the notice.

Disclaimer
The district's system is provided on an "as is, as available" basis. The district does not make any warranties, whether expressed or implied, including, without limitation, those of merchantability and fitness for a particular purpose with respect to any services provided by the system and any information or software contained therein. The district does not warrant that the functions or services performed by, or that the information or software contained on the system will meet the system user's requirements, or that the system will be uninterrupted or error free, or that defects will be corrected.

Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third-party individuals in the system are those of the providers and not the district.

The district will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the district's electronic communications system.

NETWORK/INTERNET ACCEPTABLE USE GUIDELINES

Network/Internet access is available to students, teachers and staff in the Cypress-Fairbanks Independent School District (“the district”). The Internet is a network connecting millions of computer users all over the world. The Internet enables worldwide connections to electronic mail, discussion groups, databases, software, and other information sources, such as libraries and museums. The district provides Network/Internet access to promote educational excellence in the district by facilitating resource sharing, innovation, and communication. The district firmly believes that the valuable information and interaction available on the Network/Internet far outweighs the possibility that users may procure material that is not consistent with the educational goals of the district.

Network/Internet - Terms and Conditions

Training
The district will provide training in proper use of the system and will provide all users with copies of acceptable use guidelines. All training in the use of the district's system will emphasize legal, ethical, and safe use of this resource.
Risk
Sites accessible via the Network/Internet may contain material that is illegal, defamatory, inaccurate or controversial. Although the district will attempt to limit access to objectionable material by using filtering software, controlling all materials on the Network/Internet is impossible. With global access to computers and people, a risk exists that students may access material that may not be of educational value in the school setting.

Monitored Use
Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated district staff to ensure appropriate use. This monitoring may include activity logging, virus scanning, and content scanning. The district does not provide student electronic mail accounts. The district may allow secure, web-based, student accounts to support instruction. Participation in computer-mediated conversation/discussion forums for instructional purposes must be approved by curriculum and campus administration.

The district has provided students with access to “Digital Lockers,” a network storage location for files. The “digital locker” provides an area where certain school-related student products can be stored from year to year, thus creating the student digital portfolio.

To enforce the Student Acceptable Use Policy and to maintain the integrity of the network, digital lockers, shared network space, and any district storage space will be monitored by district staff and files such as games, inappropriate images and files will be deleted. External electronic storage devices are subject to monitoring if used with district resources. Student disciplinary action may follow.

User Responsibilities
Network/Internet users, (students and district employees), like traditional library users or those participating in field trips, are responsible for their actions in accessing available resources. The following standards will apply to all users (students and employees) of the Network/Internet:

1. The user in whose name a system account is issued will be responsible at all times for its proper use. Users may not access another person's account without written permission from a campus administrator or district level administrator.

2. The system may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by district policy.

3. Users may not redistribute copyrighted programs or data without the written permission of the copyright holder or designee. Such permission must be specified in the document or must be obtained directly from the copyright holder or designee in accordance with applicable copyright laws, district policy, and administrative regulations.
4. Students are not permitted to use district technology to search the Internet for non-educational purposes. This includes “free search/surf” of the Internet which is defined as unsupervised searching of the Internet without an approved educational purpose.

5. A user must not knowingly attempt to access educationally inappropriate material. If a user accidentally reaches such material, the user must immediately back out of the area on the Internet containing educationally inappropriate material. The user must then notify the teacher or campus/building administrator of the site address that should be added to the filtering software, so that it can be removed from accessibility.

Publishing on the Internet

Recognition
First and last names and grade level may be used on the Internet to recognize personal achievements.

Permission for the following items is granted or denied through the initial Emergency Information & Medical/Parent Authorization Form given to each student at the beginning of the school year.

Student Work:
Student work will only be published on a cfisd.net web page only with parental permission. Examples of published work could include short stories, poems, slide shows, and/or artwork. First and last names may be included with the student work.

Photographs:
Student photographs will be published on a cfisd.net web page only with parental permission. If a photograph of the student is included with the posting of the recognition and/or student work, only the first or last name may be included with the photograph.

Exceptions to the above:
Any exceptions to the items above will be secured through the Communication Office. Individual campuses may elect not to publish student work and/or photographs on the campus website even though the parent has given permission to do so.

Web Authoring:
The district and each campus have an authorized web site. Students, district employees, and community members are prohibited from authoring a private website, which represents itself as the official site for the district. For example, this would include but not be limited to, campus, and department sites.
Network Etiquette
Students are not provided district e-mail accounts and are prohibited from accessing unauthorized e-mail services while using district equipment. System users of e-mail or other communication messaging systems are expected to observe the following network etiquette. Be polite; messages typed in capital letters are the computer equivalent of shouting and are considered rude. Use appropriate language; swearing, vulgarity, ethnic or racial slurs, and any other inflammatory language are prohibited. Transmitting obscene messages or pictures is prohibited. Revealing personal addresses or phone numbers of the user or others is prohibited. Using the network in such a way that would disrupt the use of the network by other users is prohibited.

Inappropriate Use
Inappropriate use includes, but is not limited to, those uses that violate the law, that are specifically named as violations below, that violate the rules of network etiquette, or that hamper the integrity or security of this or any networks connected to the Network/Internet. Please refer to the "Consequences of Violation" section of this document.

Commercial Use Use for commercial purposes, income-generating or "for-profit" activities, product advertisement, or political lobbying is prohibited. Sending unsolicited junk mail, or chain letters, is prohibited.

Vandalism/Mischief Vandalism and mischief are prohibited. Vandalism is defined as any malicious attempt to harm or destroy data of another user, hardware, peripherals, the district network and Internet, or any networks that are connected to the district network. This includes, but is not limited to, the creation or propagation of computer viruses. Any interference with the work of other users, with or without malicious intent, is construed as mischief and is prohibited.

Playing Games and Downloading Music or Video Files These activities are prohibited unless approved for educational purposes.

Electronic Mail Violations Forgery of electronic mail messages is prohibited. Reading, deleting, copying, or modifying the electronic mail of other users, without permission, is prohibited.

File/Data Violations Deleting, examining, copying, or modifying files and/or data belonging to or created by other users, without permission, is prohibited.

System Interference/Alteration Deliberate attempts to exceed, evade or change resource quotas are prohibited. The deliberate causing of network congestion through mass consumption of system resources is prohibited.

Unauthorized Disclosure Unauthorized disclosure, use and dissemination of personal information regarding students and employees are prohibited.
Security

Reporting Security Problems
If a user identifies or has knowledge of a security problem on the Network/Internet, such as filtering software not working, the user should immediately notify a teacher, administrator or the System Administrator. The security problem should not be shared with others.

Impersonation
 Attempts to log on to the Network/Internet impersonating a system administrator or district employee will result in revocation of the user's access to Network/Internet.

Other Security Risks
Any user identified as having had access privileges revoked or denied on another computer system may be denied access to the district’s Network/Internet.

Violations of Law
Transmission of any material in violation of any US or state law is prohibited. This includes, but is not limited to: copyrighted material, threatening, harassing, or obscene material; or material protected by trade secret. Any attempt to break the law through the use of a district Network/Internet account may result in litigation against the offender by the proper authorities. If such an event should occur, the district will fully comply with the authorities to provide any information necessary for the litigation process.

Consequences of Violations
Any attempt to violate the provisions of these guidelines may result in revocation of the user's access to the Network/Internet, regardless of the success or failure of the attempt. In addition, disciplinary action consistent with the district discipline policy and/or appropriate legal action, which may include restitution, may be taken. District administrators will make the final determination as to what constitutes inappropriate use. With just cause, the System Administrator or other administrator, may deny, revoke, or suspend Network/Internet access as required, pending the outcome of an investigation.

COMPUTER SOFTWARE POLICY

In accordance with Board Policy EFE (LOCAL) and Administrative Regulation EFE-R, it is the practice of the district to respect all computer software copyrights and to adhere to the terms of all software licenses to which the district is a party. Technology Services is charged with the responsibility of enforcing these guidelines.

All computer software installed on district equipment must be purchased, reported to and installed by Technology Services (or its designee). Software acquisition is restricted to ensure that the school district has a complete record of all software that has been purchased for district computers and can register, support, and upgrade such software accordingly. Software on district computers used for instructional and/or administrative purposes must be approved by a district curriculum coordinator and Technology Services.
Students, district employees, and volunteers may not duplicate any licensed software or related documentation for use either on the district’s premises or elsewhere unless Technology Services is expressly authorized to do so by agreement with the licenser. Unauthorized duplication of software may subject the employee and/or the school district to both civil and criminal penalties under the United States Copyright Act.

Students, district employees, and volunteers may not give software to any third party including relatives, clients, contractors, etc. District employees, students, and volunteers may use district-approved software on local area networks or on multiple machines only in accordance with applicable license agreements.

For further information regarding the purchase and installation of computer software, please call the district's HELP Desk at 281.897.HELP (4357).

DISCLAIMER
These guidelines apply to stand-alone computers as well as computers connected to the Network/Internet. The district makes no warranties of any kind, whether expressed or implied, for the services it is providing and is not responsible for any damages suffered by users. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by its negligence or user errors or omissions. The district is not responsible for phone/credit card bills or any other charges incurred by users. Use of any information obtained via the Network/Internet is at the user’s own risk. The district specifically denies any responsibility for the accuracy or quality of information obtained through its services. Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third party individuals in the system are those of the providers and not the district. The district will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the district's electronic communications system.

CYPRESS-FAIRBANKS ISD E-MAIL USAGE GUIDELINES
GENERAL E-MAIL USAGE GUIDELINES

1. Cypress-Fairbanks ISD Board Policy CQ (LOCAL), CQ (Regulation) and Exhibit A regulate the use of e-mail.

2. E-mail is a district service provided by public funds. E-mail is for instructional, administrative, and limited personal use. Sending jokes, chain letters, etc. via e-mail is considered an inappropriate use of district equipment.

3. E-mail is viewed as a public document and can become part of a legal process. Care should be given to the tone of the e-mail. Also, grammar and spelling (consider using the Spell Check feature of GroupWise) should be checked before an e-mail is sent. As stated in Board policy, e-mail shall not be considered confidential and may be monitored. Remember that e-mail can be sent to others without one’s knowledge.
4. School personnel should service their e-mail at appropriate times. For example, teachers should service their e-mail before and after school, during their lunch breaks, and during conference periods.

5. Building administrators should approve an e-mail distributed to an entire campus staff. School employees should follow district and school guidelines when distributing an e-mail to the entire school staff.

6. E-mail should be positive or informative and never negative in content.

7. Use proper e-mail etiquette as described in “CFISD Netiquette.”

8. Revealing personal addresses or phone numbers of others is prohibited.

9. E-mail should be professional in nature, to the point and signed correctly. See examples in “CFISD Netiquette.”

10. Use good judgment in forwarding any e-mail. Ensure that privacy considerations are taken into account. See “CFISD Netiquette.”

11. If you will be unable to receive your e-mail for an extended period of time (e.g., two or more days), please use the “Out of Office Alert” feature in the GroupWise e-mail system. Training will be provided as necessary.

12. Consider using a “signature file” at the end of your e-mail in order to adequately identify yourself and to eliminate the need for you to enter the information each time you send an e-mail. Training will be provided as necessary.

School Personnel to Parent E-mail Usage Guidelines

Any time school personnel use e-mail to communicate with parents, whether at school or at home, they are representing themselves as district employees and should adhere to the district’s General E-mail Usage Guidelines as well as the School Personnel to Parent E-mail Usage Guidelines listed below. This does not mean that all school personnel must use e-mail to communicate with parents; however, if a school employee chooses to use e-mail as a form of parent communication, Cypress-Fairbanks ISD has established the following guidelines.

1. E-mail should be used after face to face parent contact has been established and authentication of the parent’s e-mail address is verified.

2. Using e-mail as a form of parent communication should follow campus personnel-to-parent communication guidelines. E-mail should be returned in a timely fashion just as any other communication with parents (e.g., 24 hour rule on returning a parent telephone call).

3. Before sending a class/course group e-mail, school personnel should secure written parent permission. This precaution should be taken because the e-mail could reveal the e-mail addresses of the group list.

4. If an e-mail is received that causes concern, a school administrator should be alerted.

5. Use good judgment in forwarding any e-mail. Ensure that privacy considerations are taken into account. (e.g., FERPA (Family Educational Rights to Privacy Act) prohibits sharing information about a child with anyone other than the child’s parent or legal guardian.)
Appropriate information to share with parents via e-mail:
1. Upcoming events specific to a teacher’s classroom (e.g., units of study, field days, community service projects, concerts, performances, etc.);
2. Six-weeks assignments (book reports, projects, tests, etc.);
3. Deadlines for various school activities (fundraisers, permission slips, field trips, testing dates for SAT, etc.);
4. Scheduling of parent conference requests;
5. Specific requests for grades by a parent (If more explanation is needed, request a parent conference.);
6. Positive social interactions with classmates as long as other students’ names are not mentioned.

District Guidelines prohibit school personnel from communicating the following information with parents via e-mail:
1. discipline situations, (e.g., rude behavior, use of inappropriate language, fighting, etc.);
2. student behavior (sleeping in class, not prepared for class, tardiness, attitude, etc.);
3. any information related to another student because of FERPA (Family Educational Rights to Privacy Act) guidelines.

E-mail cannot be accepted in the following situations which would normally require a parent signature, such as:
- √ absence from school excuses;
- √ medication administration permission;
- √ permission to stay for after school tutorials;
- √ early release from school; or,
- √ field trip permission slips.

CFISD NETIQUETTE

What is Netiquette?
Netiquette is short for "network etiquette." It refers to proper user behavior on electronic networks.

Your Responsibility to Others

Think About Your Audience
When you post an article or send a message, think about the people you are trying to reach. Never forget that the person on the other end is human. Because your interaction with the network is through a computer, it is easy to forget that there are people "out there." Remember that people who may not know you well are reading your words. Try not to say anything to others you would not say to them in person in a room full of people.

Keep Your Mail Messages and Postings Brief but Clear
Express your thoughts succinctly and they will have greater impact. Make sure that the article or message is easy to read and understand. Try to balance brevity with enough details to be understood when read "cold" by someone not as totally involved with the topic as you may be.
Use Descriptive Titles
The subject line of an article or a mail message tells people what the article is about before they read it and is there to enable a person to quickly decide whether or not to read your article. Keep your subjects short and to the point.

Do Not Lobby or Advertise
Lobbying and advertising are not appropriate on the CFISD network. Such activities violate the "Cy-Fair ISD Acceptable Use Policy."

Be Cautious With Confidences When Forwarding E-mail
Mail is addressed to the person or persons that the originator intended to read the message. Forwarding that message to others or including portions of it in responses to others is a violation of confidence between the originator and the original addressee. Be careful that messages you receive don't have other messages below the one you received that were not intended for others. In writing a message that you specifically do not want to be forwarded, you should state that in your message.

Identify Yourself Appropriately
Signatures should tell something about you, but need not be lengthy. The main purpose of a signature is to help others locate/place you. Every signature should include at least your complete e-mail address and preferably your location in four lines or less.

Appropriate Use of a Signature File
Two styles of "signature files" would be appropriate:
1. Formal
2. Informal

1) A Formal style could/should be used with parents/guardians. It should include one's name, title, association/organization, etc.

Tammy W. Doe  Cy-Fair High School
English Department Chair  P.O. Box 123
Cy-Fair High School  Houston, Texas  77065
tammy.doe@cfisd.net  Phone: (281) 693-6789
                         Fax:    (281) 693-6788

2) An Informal style should have at least one's name and location at a minimum. It should say the city or organization to let the receiver/reader put the person in perspective. It should be used when corresponding with those who may not remember just who/where you are:

Tammy W. Doe, English Department Chair
Cy-Fair High, Houston, TX
tammy.doe@cfisd.net
It is inappropriate to include a long signature file like the first example above when corresponding with close friends and associates, and it is unnecessary. But, on the other hand, it is courteous to include information about your location and address.

Avoid "Flames"
"Flames" are messages or replies that express anger or might anger the reader. Expressing anger, being critical or criticizing others, or humiliating someone else is a flame or will cause flames. Correcting the spelling or grammar of others is not appropriate.

Your Mail Box Responsibility
The content and maintenance of a user's electronic mail box is the user’s responsibility. Check e-mail daily/often; delete unwanted messages immediately since they take up disk storage.

Electronic Communications
- Keep paragraphs and messages short and to the point.
- Focus on one subject per message.
- Be professional and circumspect when writing about others. E-mail is easily forwarded.
- Follow chain of command procedures for corresponding with superiors. For example, don't send a complaint via e-mail directly to the "top" just because you can.
- Don't use the Cy-Fair network for commercial work.
- Include your appropriate signature at the bottom of e-mail messages as necessary.
- Capitalize words only to highlight an important point or to distinguish a title or heading. *Asterisks *surrounding a word also can be used to make a stronger point. Using all caps means you are shouting.
- Do not use sarcasm and humor. Without face to face communications, your joke may be viewed as criticism.
- Respect and adhere to copyright and license agreements.

Abuse is defined by Texas Family Code and also includes any sexual conduct involving an educator and a student or minor.

Reports to Child Protective Services can be made to any law enforcement agency or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent.
In addition, the district is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee’s failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. In addition, a certified employee’s failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Code of Ethics and Standard Practices for Texas Educators.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency. In addition, employees must cooperate with investigators of child abuse and neglect. Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. Interference with a child abuse investigation by denying an interviewer’s request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

**ENROLLMENT PROCEDURES**

Cypress-Fairbanks Independent School District provides a group medical insurance plan which allows several options from which employees may choose. The district provides at no cost to all full-time and part-time employees a Basic Life Insurance Plan ($15,000 Life; $15,000 Accidental Death and Dismemberment). It provides to all full-time employees, at no cost, a Hospital Indemnity Plan. In lieu of the Hospital Indemnity Plan, employees may select participation in one of two major medical insurance plans, the CFISD Choice Fund HRA Plan (a PPO type plan) or the CFISD KelseyCare HMO Plan. The district pays a portion of the cost for the participant's coverage; the employee pays the balance of the employee coverage plus any additional dependent coverage through payroll deduction. Below are instructions for enrollment.

**Enrollment Deadline:** ALL NEW EMPLOYEE ENROLLMENTS MUST BE COMPLETED THROUGH THE benefitsCONNECT ONLINE ENROLLMENT SYSTEM WITHIN 30 DAYS OF THE FIRST DAY OF PAID EMPLOYMENT.

**Enrollment: NEW EMPLOYEES’ OPEN ELIGIBILITY PERIOD:** The effective date of coverage for employees’ medical insurance is the first day of the month following their first paid day of employment. If the online enrollment process is not completed within the enrollment deadline period, employees will be denied a plan selection. Full-time employees will be “defaulted” into the Hospital Indemnity Plan if their enrollment is not completed within 30 days of their first day of paid employment. Their next opportunity to enroll will be during the district's Annual Renewal Period in the summer for a September 1 effective date.

**Part-Time Employees:** Part-time employees who work at least fifteen (15) hours a week are eligible to participate in the CFISD Choice Fund HRA Plan or the CFISD KelseyCare HMO Plan. Part-time employees are not eligible for the Hospital Indemnity Plan. The district pays a portion of the cost for the participant's coverage; the employee pays the balance of the employee coverage plus any additional dependent coverage through payroll deduction. Part-time employees are also eligible to participate in the dental, supplemental life, disability and cancer insurance plans. All benefit premiums must be collectible from an employee's usual income. If an employee's gross income is not sufficient to pay the cost of the benefit plans that have been selected, the benefits will be reduced or canceled. Income MUST be sufficient to cover all premiums through payroll deductions.

**Termination of Insurance Coverage upon Termination of Employment:** All benefit insurance plans the employee is enrolled in will be terminated on the last day of the month of the
employee’s last day of paid employment. i.e. If an employee terminates employment on November 13, all coverage will terminate on November 30.

Texas Legislature H.B 973 of 2007 entitles an employee of the district who resigns or retires after the last day of the instructional year to continue their major medical insurance through August 31. Many employees resigning during the summer are paid only through June or July. The additional premiums needed to provide the added August coverage will be deducted from the resigning employees’ final paychecks, unless the resigning employees provide a written notice to the Payroll Department declining the extended coverage beyond the date of their final paycheck. COBRA notices and Certificates of Coverage will be automatically mailed to the resigning employees in mid-August.

Prospective TRS retirees are advised to consult with TRS about enrollment eligibility if they are planning to enroll in the TRS-Care medical plan upon their retirement.

Dependent Coverage: Coverage for dependents is available; their coverage may be selected at the time of the employee's initial enrollment. Adding dependent coverage after the first thirty-one (31) days of employment is contingent on IRS code Section 125C regulations and "Special Enrollment Events" as outlined below.

Eligible dependents include: your spouse, your unmarried, dependent child or grandchild from birth to age 25, and children of your covered dependent children. A child is: your biological child, your stepchild, your foster child, your adopted child, or a child placed for adoption with you; or any child who is related to you by blood or marriage who is primarily dependent on you for care and support, and lives with you in a parent/child relationship. You must show evidence that the child is a dependent on your federal income tax return.

A newborn, adopted, or foster child must be officially added to the employee's coverage to insure benefits coverage from the date of birth or placement. An insurance plan change, officially adding the child, must be submitted by the employee to the district's Payroll Department within thirty-one (31) days of the child's birth or placement to ensure coverage. Proof of birth, adoption, or foster child placement in the home is required. Coverage is retroactive to the date of birth or placement.

A new spouse has an open eligibility period for thirty-one (31) days from the date of marriage to be added as a dependent on the insurance plan. Proof of marriage is required. Coverage is retroactive to the first of the month following the date of the marriage. Beyond the thirty-one (31) day eligibility period, the spouse's addition is restricted by IRS code 125C regulations and "Special Enrollment Events" as outlined below.

Texas State House Bill 1440 – News about Dependent Children and Grandchildren
House Bill 1440 affects employees with unmarried, dependent children and/or dependent grandchildren. The law requires group health plans to make coverage available to unmarried, dependent children up to age 25, regardless of their student status. The district will no longer require evidence of full-time student status in order to continue your dependent child’s coverage under the plan. However, evidence of full-time student status will be accepted to verify a child’s
dependency. **NOTE:** Evidence of dependency may be required at anytime a claim is incurred for a dependent child age 19 to 25.

Grandchildren also benefit from this law. Employees desiring to add unmarried, dependent grandchildren to their coverage may do so only after providing evidence of dependency. Children of an employee's unmarried, covered dependent child will continue to be eligible for coverage immediately from his or her date of birth. Other grandchildren must satisfy eligibility criteria as outlined below. However, once a grandchild is covered, the employee does not need to show evidence of continued dependency unless there is a break in coverage.

The district will use the Internal Revenue Service (IRS) dependency tests as a guideline to determine a child’s or grandchild's eligibility for coverage under the district's group health plan. The tests are effectively the same that would be used to determine if the child is eligible to be claimed as a dependent exemption for income tax purposes. The tests may be found in the IRS Publication 501 found on their website, [www.irs.gov](http://www.irs.gov).

**Special Note:** An employee may be required to verify compliance with all the criteria by signing a notarized affidavit attesting to the dependent status of a child. Additionally, an employee will be required to sign an IRS Form 8821, Tax Information Authorization form.

**Special Enrollment Events:** The Health Insurance Portability and Accountability Act of 1996 (HIPAA), gives you and your family special health insurance enrollment rights. In addition to making mid-year changes because of family status changes described above, if you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself and/or your dependents in a district medical plan, provided that you request enrollment within thirty-one (31) days after your other coverage ends. This special enrollment right generally is available only if the other coverage is lost because it is no longer available (and not lost because of failure to pay for it or for cause, such as making a fraudulent claim). You are not required to elect COBRA coverage in order to have a special enrollment right; however, if you do elect COBRA coverage, you must continue it for the entire period it is available to you in order to preserve these special enrollment rights. In addition, if you acquire a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents (including your spouse), provided that you request enrollment within thirty-one (31) days after the marriage, birth, adoption, or placement for adoption. Depending on the event, the new coverage will be effective retroactively to the qualifying event date or the first of the month following the event date, whichever is appropriate. **Note:** You and your dependents will not have to show evidence of good health at the time of enrollment.

**Payroll Deductions:** One half of the total monthly premiums for all employee benefits selected (medical, dental, disability, supplemental life, and cancer insurance) is deducted each pay period. **If an employee's gross income is not sufficient to pay the cost of the benefit plans that have been selected, the benefits will be reduced or canceled.**

**Note:** Some employees (i.e., food service personnel, eleven-month custodians, bus drivers, etc.) do not receive paychecks year round. Employees who do not receive twenty-four (24)
checks per year will have additional Pre-Paid Insurance Premium (PIP) deductions for a portion of their expected summer premiums deducted from their paychecks from mid-September through June.

Pre-Existing Condition Limitations: No pre-existing condition limitations or exclusions apply to the CFISD Choice Fund HRA Plan or the CFISD KelseyCare HMO Plan.

Health/Pharmacy/Dental Identification Cards: All medical insurance identification cards, pharmacy cards, and dental insurance identification cards are mailed to the employee participant's home address directly from the insurance company. New employees should receive their identification cards within thirty (30) days of their plan enrollment. Special Note: If you change your address, please notify the district’s Payroll Department or go online to the Employee Access Center and update your personal information. Our payroll database is used to transmit participants’ eligibility and address information to the insurance companies. An employee may order additional medical and dental identification cards through their plan's Customer Service number or on their websites. Additional PTRx pharmacy plan ID cards are available through the district’s Payroll Department for a small fee.

Claims: Claim forms for the CFISD Choice Fund HRA Plan, the PTRx Prescription Drug Reimbursement, the Hospital Indemnity Plan, the disability and cancer insurance plans, and the Indemnity Dental Plan are available on the CFISD Insurance Department webpage link for “Your Benefit Station.”

Insurance Information: The district's Insurance and Payroll Departments staffs are available to assist you concerning your insurance or benefit coverage questions and concerns. The Insurance and Payroll Departments are located in the Instructional Support Center (North), 10300 Jones Rd., phone, (281) 897-3882. Payroll is located in suite 328; Insurance is in Suite 136. PLAN OPTIONS & RATES

DISTRICT PROVIDED BENEFITS

Premium Only Plan (POP), as defined under section 125C of the Internal Revenue Code

Participation in the plan provides the employee the opportunity to purchase most employee benefits offered by the district with pre-tax dollars. Payroll deductions for the medical, dental, supplemental life up to $35,000, and cancer and dread disease plans are subtracted from the employee's gross income before the federal withholding tax is calculated. This reduces the total taxable portion of the employee's salary, resulting in lower tax withholding, and thereby increasing the employee's take-home pay. Although the resulting "pre-tax" savings are a benefit to most, the plan does impose some restrictions. Employees are restricted from making any changes in their benefit selections until the plans' anniversary dates (September1); unless they experience a qualified change in their family's status due to a spouse losing or gaining employment, addition or loss of a dependent, a divorce or marriage, etc. Any changes desired at those times must be consistent with and on account of the change. Documentation of the "change of status event" must be received in the Payroll Department within 31 days of the qualifying change of status' event date. The new coverage will be effective retroactively to the
qualifying event date or the first of the month following the qualifying event date, whichever is appropriate for the qualifying event.

**Plan Year:** September 1 through August 31.

**Basic Life Insurance & AD&D**
A district-paid benefit, underwritten by Fort Dearborn Life Insurance Company, available to all qualified full-time and part-time employees. The benefit is effective the first day of paid employment. Benefit: $15,000.00 life insurance with an additional $15,000.00 accidental death and dismemberment (AD&D) insurance. **Beneficiary designation is made on the benefitsCONNECT online enrollment system.** Information about Supplemental Life insurance, available for up to $235,000 is under Optional Employee-Paid Benefits below.

**Group Medical Insurance Plans**
**Employee Enrollment - Mandatory for all full-time (35 hours per week or more) employees.**
A fulltime employee (35+ hours per week) will automatically be defaulted into the Hospital Indemnity Plan if an enrollment into one of the 2 major medical plans is not completed prior to the enrollment deadline.

**Effective Date:** First day of the month following the first day of paid employment.

**Dependent Enrollment Eligibility Period:** First 31 days of employment

**Eligibility:** All permanent full-time (35 hours a week) and part-time (15 hours a week minimum) employees

**Anniversary Date:** September 1 of each year

**Annual Renewal Period:** The month of July. Dependent coverage is available. Changes in coverage selection for Premium Only Plan participants (see above) are only available upon a qualifying event, as defined by IRS Code 125C, or at the plan's anniversary date, September 1, each year.

Following is a brief summary of each plan. For more comprehensive information about the district's group medical insurance plans see the **Medical Plan Summaries** at the Cy-Fair ISD Insurance Department webpage at [www.cfisd.net/dept2/insur/egmi.htm](http://www.cfisd.net/dept2/insur/egmi.htm).

**CFISD Choice Fund HRA Plan**
A major medical plan offering the option of using the services of a network of contracted physicians, hospitals, and other medical service providers who have agreed to provide their services and facilities at a reduced cost to plan participants. (See the **CIGNA HealthCare Open Access Plus (OAP) ONLY Directory**; also available through “Your Benefit Station” at the CFISD Insurance Department webpage at [www.cfisd.net/dept2/insur/egmi.htm](http://www.cfisd.net/dept2/insur/egmi.htm). The plan is a traditional high-deductible plan designed to encourage members to insist on quality and value, look for the best prices (use Cigna’s OAP In-Network Providers), and make informed decisions about their health care. The plan encourages preventive health care services and wellness by providing 100% coverage for preventive care for all members as recommended by the American Medical Association; while at the same time, promoting good consumerism and awareness of the actual costs incurred for medical services. The annual deductibles are $2,500 for Individual; $5,000 for family. From the deductible the plan automatically pays the first $750 ($1,500 for Family coverage) of medical care incurred in the plan year, September 1 through August 31 from the Health Reimbursement Account (HRA). After the HRA has been expended the individual
out-of-pocket deductible is the next $1,750; the next $3,500 for family. Co-insurance is 90%/10% to a maximum out-of-pocket of $3,500 for the individual; $7,000 for family. By selecting this option, employees have complete freedom in choosing physicians and medical facilities whenever in need of care. If an employee chooses medical care providers Out-of-Network (outside of the Cigna OAP provider network), deductibles (an additional $2,500), co-insurance (50%/50%), out-of-pocket expenses, etc. are higher.

Hospital Indemnity Plan or Default Plan

A district paid cash indemnity plan provided as an alternative benefit available to those full-time employees who have major medical insurance elsewhere. The alternative benefit is a cash indemnity plan that will pay $100.00 a day for each day confined in a hospital to a maximum payable benefit of $1,000.00 per hospital confinement, regardless of any other insurance the employee may have. **No benefit will be paid for confinements of three (3) days or less.** The Hospital Indemnity Plan is provided at no cost to full-time employees only; no dependent coverage is available. By choosing the Hospital Indemnity Plan, the employee is declining major medical health insurance coverage. (See "Special Note for those Considering the Hospital Indemnity Plan" below.)

Claim Forms: Available at the Insurance Department webpage at [www.cfisd.net](http://www.cfisd.net) at “Your Benefit Station” at Claim/Change Forms.

SPECIAL NOTE FOR THOSE CONSIDERING THE HOSPITAL INDEMNITY PLAN:

- All full-time employees considering enrolling in the Hospital Indemnity Plan should be fully aware of the following: **The Hospital Indemnity Plan is not medical insurance.** This plan is intended for those employees who have their major medical insurance needs covered by their spouse's employer's plan.

- Some employers will not insure or will reduce their benefits for a working spouse if that working spouse has declined his or her own employer's major medical coverage. **You are declining major medical insurance coverage by selecting the Hospital Indemnity Plan.** You are strongly urged to consult your spouse's insurance administrator before making this selection.

- If you lose your other coverage through no fault of your own, you and your dependents may be eligible to enroll in a district health plan (the CFISD Choice Fund HRA Plan or the CFISD KelseyCare HMO Plan) if all of the following apply:
  1) you lost your coverage because of "qualified change in family status" and you present evidence of that change;
  2) you can also show evidence that you had other coverage when you initially enrolled, or subsequently remained enrolled in the Hospital Indemnity Plan during an annual enrollment period;
  3) you apply for coverage within 30 days of your loss of coverage.
The coverage change will be retroactive to the first day of the month following the cancellation of the prior coverage. You and your dependents will not have to show evidence of good health at the time of enrollment. No pre-existing condition limitations or exclusions apply to Cypress-Fairbanks ISD’s medical insurance plans. (Your spouse’s plan’s Annual Enrollment Period benefit changes or premium rate increases WILL NOT QUALIFY you to change your Cy-Fair ISD plan selection)

OPTIONAL EMPLOYEE-PAID BENEFITS

The following additional benefits are available to qualified Cypress-Fairbanks I.S.D. employees. They have been selected after a review of several programs available for the variety of services offered, financial rating, cost to employees, and management philosophy. These plans are made available to employees at group rates to be paid through payroll deductions. Please read the materials and investigate the programs carefully before you decide to join. These are private business operations and the district assumes no responsibility nor can it guarantee the plans' performance. The final selection to participate in any of these optional benefit plans is the sole responsibility of the employee.

Pre-tax premiums for coverage up to $35,000. Premiums for coverage over $35,000 will be split between pre-tax and taxable deductions. (i.e. Coverage of $85,000 will have premiums for the first $35,000 deducted from gross income on a pre-tax basis. The premiums for the remaining $50,000 of coverage will be deducted after federal withholding taxes are deducted from gross income.)

Coverage greater than $85,000 will require the employee to submit an Evidence of Insurability (EOI) form. The EOI questionnaire will have to be approved by the insurance company. Because the EOI form contains the applicant's personal and private health information the form needs to be printed from the benefitsCONNECT and mailed to First Harbor Group, Att: CFISD Life Enrollment, 8552 Katy Freeway, Suite 110, Houston, TX 77024. DO NOT SEND THE EOI FORM TO THE PAYROLL DEPARTMENT.

PRE-EXISTING CONDITION LIMITATIONS AND
HEALTH PLAN COVERAGE CERTIFICATIONS

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) may affect your health and/or dental coverage if you are enrolled or become eligible to enroll in health/dental coverage that excludes coverage for pre-existing medical conditions.

An important protection of the Act is portability. Portability means that once you obtain coverage through a group health plan, you will be able to use evidence of that insurance to reduce or eliminate any pre-existing medical condition exclusion period that might otherwise have been imposed on you if you move to another group health plan. You are entitled to a certificate from your prior plan or issuer that will show evidence of your prior health coverage, and to request a certificate if one has not been provided to you. This Plan will assist you in obtaining a certificate from any prior plan, if necessary.

Pre-Existing Condition Limitations: No pre-existing condition limitations or exclusions apply to the CFISD Choice Fund HRA Plan or the CFISD KelseyCare HMO Plan.

Health Plan Coverage Certifications: Every Cypress-Fairbanks employee and his or her dependent that loses coverage under a Cypress-Fairbanks ISD health plan will automatically be mailed a Certificate of Coverage along with their COBRA notification within 14 days of their termination of coverage date.

PREMIUM ONLY PLAN (POP)

The district's Flexible Benefits Plan, also known as the Premium Only Plan (POP), a qualified "cafeteria plan" under Section 125 of the Internal Revenue Code of 1986, was recently amended to better comply with federal mandates including the Consolidated Omnibus Budget Reconciliation Act (COBRA), the Family Medical Leave Act (FMLA), the Health Insurance Portability and Accountability Act (HIPAA), and other provisions of the law including Sections 105 and 106 of the IRS Code.

The plan is the umbrella under which the district's employee group benefit plans are administrated allowing premiums for benefits to be deducted from gross income pretax; resulting in federal income tax savings for participating employees. Several sections of the plan are provided here to educate and inform employees of their rights and responsibilities regarding changes to their benefit selections. The complete plan document is on file in the district's Insurance Department.

Plan Year and Participation: The plan year is September 1 through August 31, annually. Participation in the plan is mandatory. Premiums for the following benefit plans will be deducted on a pretax basis: group medical and dental benefits, group term life insurance (up to $35,000), accidental death and dismemberment insurance, and the cancer and specified disease insurance policy. Failure to enroll or change elections in any benefit plan during any annual enrollment period shall be deemed to be a reelection of an employee's prior plan year's elections.
The disability insurance plan is not included in the plan, allowing disability benefits to be received tax-free.

**When Participation is Canceled Because of Termination of Employment:** Participation in the plan is terminated on the last day of the month of employment. If the individual again becomes an eligible employee during the same plan year and is otherwise eligible to participate in the plan again, participation will be resumed for the remainder of the plan year according to the benefit elections in effect immediately prior to the termination of participation.

**Participation During Leaves of Absence:** A participant on paid leave of absence shall continue to participate in the plan. A participant who is on an unpaid leave of absence, other than for Family Medical Leave FML (see below), shall be deemed to have terminated plan participation. Participation in the plan can be continued during an unpaid period of employment by paying all required premiums to the district. If required premiums are not paid to the district during the unpaid leave and the employee resumes employment, he/she cannot resume participation in the group benefit plans until the next annual enrollment period.

**Family Medical Leave (FML):** An employee on an approved Family Medical Leave has rights allowing cancellation of plan participation, or continued participation in the plan with premium payments being made to the district, and full resumption of benefits regardless of their cancellation during the leave.

**MID-YEAR CHANGE OF ELECTION:** A participant may ONLY CHANGE a benefit election during the plan year in accordance with the following provisions: All required documentation of the change in status and any required enrollment or change forms must be presented to the district’s Payroll Department within 31 days of the qualifying event/status change.

**Special Enrollment Due to Loss of Other Coverage:** If coverage under this plan was declined for the employee, spouse, or other dependent because of other group health plan coverage and the other coverage is lost because of a loss of eligibility the employee, spouse, or other dependent shall be eligible to participate in this plan provided that the individual enrolls in the plan within thirty-one (31) days after the loss of the other coverage.

**Special Enrollment Rights Due to Newly Acquired Dependents:** If a dependent becomes a dependent of the eligible employee through marriage, birth, or adoption or placement for adoption, the eligible employee, spouse, or dependent shall be eligible for participation provided that the individual enrolls in the plan within thirty-one (31) days after the marriage, birth, or adoption or placement.

**Change In Status Events:** An employee may change his/her election if a change in status described below occurs during the plan year and the benefit election change is on account of and consistent with the change in status. The employee and/or dependent must enroll in the plan within thirty-one (31) days after the event date.
Legal marital status: Events that change an employee's legal marital status, including marriage, death of spouse, divorce, legal separation, or annulment. Note: The district recognizes common law marriage only if the employee has a certificate of common law marriage.

Number of dependents: Events that change an employee's number of dependents, including birth, adoption, placement for adoption or death of a dependent.

Employment status: A termination or commencement of employment by the employee, spouse, or dependent.

Work schedule: A switch between part time and full time and vice versa by the employee.

Dependent satisfies or ceases to satisfy the requirements for unmarried dependents: An event that causes an employee's dependent to satisfy, or cease to satisfy, the requirements for coverage due to dependency status, attainment of age, or any similar circumstance as provided in the health plan under which the employee receives coverage.

Cost Changes: If an employee elects health coverage which is insured or provided by a health maintenance organization (HMO) and the insurer or HMO significantly increases the cost of coverage during the Plan year, the employee may change his or her benefit election for another similar coverage provided by the employer for the remainder of the plan year. In this circumstance, an employee may not waive coverage for the remainder of the plan year.

SPECIAL NOTE: Any changes outlined above must be made within thirty-one (31) days of the change of status event date and must be evidenced at the time of the change with documented proof of the change. If in doubt as to whether an event qualifies for a change in selections or what is accepted as documentation of the status change please call the Payroll Department for assistance well in advance of the thirty-one (31) day deadline. The new coverage will be effective retroactively to the qualifying event date or the first of the month following the qualifying event date, whichever is most appropriate for the qualifying event.

NOTE: A change in health insurance plans, such as changing from the HRA Plan to the HMO Plan, or the Indemnity Plan to the HMO Plan, is never allowed mid-year except in the case of a "Special Enrollment Event" as described earlier in this section. Health insurance plan changes are only permitted at the plan’s anniversary date, currently September 1 of each year.

TAX DEFERRED INVESTMENT PROGRAMS

Tax Deferred (Retirement) Contribution Savings Plan - Universal Access for All Employees
All employees, including substitutes, are eligible to participate. These plans (often called “Tax Sheltered Annuities” or TSA) are voluntary plans that allow you to defer a portion of your
paycheck into a retirement plan. They are one of the most valuable employee benefits offered because they can help you bridge your retirement income gap and lower your taxes at the same time. Although you are allowed to withdraw funds from a tax-deferred contribution plan early for very limited and specific reasons, the sole purpose of tax deferred compensation is to assist employees in saving for retirement.

Under a Tax Deferred Compensation Plan, the portion of your income that you direct into the plan is not taxed until withdrawn, usually when you retire, and then possibly at a lower tax rate (because you would no longer be a wage earner). Under federal law, you do not have to pay income taxes on your contributions or the account earnings until you withdraw money out of the plan. Over the years it saves you from having to pay a lot of federal income tax.

Eligibility
All district employees, including substitutes and temporary workers, working a minimum of 15 hours a week are eligible to participate in the tax-deferred investment programs.

Enrollment Eligibility Period
Any time. There is no annual enrollment period restriction for tax deferred investments; you can start one at any time.

What are the benefits of contributing to a Tax Deferred (Retirement) Compensation Plan?

- Bridge your retirement income gap.
- Lower your income taxes during your working years.
- It’s easy to start saving now through payroll deduction.

Our Plans
The district has two Tax Deferred Contribution plans, the 457 Plan, administered by The Standard, and the 403(b) Plan, administered by JEM Resource Partners.

The 457 Plan
The 457 Plan, administered by The Standard, is probably the easier of the two plans to enroll in because all their enrollment information and their enrollment form are contained in their 11 page “Plan Information and Enrollment Packet” available on the district’s Insurance Department web page. Plus, your investment choices in the plan are limited to just the 12 funds that they have already investigated and chosen to make available. If you need assistance or would like additional information from them please call their Participant Service Center at 800-370-9601.

The 403(b) Plan
The process to initiate a 403(b) or 403(b)(7) account is simple in concept, but sometimes implementation is more cumbersome and time consuming. The first step is to determine which financial services company you want to manage your contributions. It is recommended you first go to the JEM Resource Partners web page at: http://www.region10rams.org/publicsite/ to locate the 403(b) vendors registered to sell investment products with our plan. You can also check to see which, if any, of their investment products are registered with the Teachers Retirement
System of Texas (TRS) as mandated by state law, at: https://oapi.trs.state.tx.us/FOTB/do/memberWebListSearchSetup.

Once you decide what company you want as the custodian of your account funds, and in which of their fund products you want to invest, you will need to contact the investment company and open an account with them. After you have established your account you then need to go back to the JEM website and by following the instructions below, set up your payroll deduction contribution.

If you do not have Internet access or you need assistance, please call JEM at (800) 943-9179 and they can assist you with these services by phone. To make a 403(b) salary reduction election or to make a change online, please follow the instructions below.

The JEM Resource Partners web site is located at: http://www.region10rams.org/publicsite/

- Click on “Login”. Choose either Current Participants or New Participants.
- **Current Participants** are those who were actively contributing to a 403(b) account prior to the plan take-over by JEM Resource Partners (11/1/2009), and this is your first time logging in to the Region 10 RAMS site. Your initial Username will be your Social Security Number and your initial Password will be the last four numbers of your Social Security Number.
- Enter your username and password as described above. Select “Participant”.
- Select “Personal Profile”. Edit your personal information and establish a new password for your future use

- **New Participants** - Your Username is your social security Number. For Non-Substitute Regular employees your Password is cyfai403. If you are a Substitute employee your Username is cfsub403.
- After entering your login information select “Begin”.
- Select “Personal Profile”. Edit your personal information and establish a new password for future use.
- If you have any problems, please call JEM’s Customer Service at (800) 943-9179.

Additional information about both the 457 and 403 (b) plans is available on the district’s Insurance Department web page at: [http://www.cfisd.net/dept2/insur/egmi_tax.htm](http://www.cfisd.net/dept2/insur/egmi_tax.htm).

**ALERT:** Cypress-Fairbanks ISD DOES NOT hire or contract with any financial agent other than The Standard, for the 457 plan. No financial agent “representing” CFISD will ever call you at home. Further, agents are prohibited from soliciting or conducting business on district property. Because investment strategies are a personal decision that each employee should investigate on his/her own, Cypress-Fairbanks I.S.D. makes no recommendation or approval of individual 403 plans, their sales representatives, agents, or financial advisors.

**REQUIRED NOTIFICATIONS**

**Medicaid and the Children’s Health Insurance Program (CHIP)**
**Offer Free Or Low-Cost Health Coverage To Children And Families**

If you are eligible for health coverage from your employer, but are unable to afford the premiums, many states, including Texas, have **premium assistance programs** that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP, you can contact the Texas State Medicaid or CHIP office to find out if premium assistance is available to you.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer’s health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in...
the employer’s plan. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

You may be eligible for assistance for paying your employer health plan premiums. To find out if you are you should contact the following department for additional information about eligibility.

**WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998 REQUIRED NOTIFICATION**

The federal law entitled the *Women's Health and Cancer Rights Act of 1998* requires group health plans and health insurers providing coverage for mastectomies to provide certain mastectomy-related benefits or services. The district's two major medical insurance plans, CFISD Choice Fund HRA Plan, and CFISD KelseyCare HMO Plan, currently provide coverage for these medical services.

*The following information is being provided to you as required by law. This notice is a summary, for information purposes only, and is not intended to be legal advice.*

The Women's Health and Cancer Rights Act of 1998 (The "ACT") was enacted as part of H.R. 4328, Federal Omnibus Consolidated and Emergency Supplemental Appropriations Bill for 1999.

The Act requires that group health plans and health insurance issuers, in the group or individual markets, that provide medical and surgical benefits with respect to mastectomy, must provide plan participants and plan beneficiaries who are receiving benefits in connection with a mastectomy, and who elect breast reconstruction in connection with the mastectomy, coverage for the following:

- reconstruction of the breast on which the mastectomy has been performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance;
• and prostheses and treatment of physical complication at all stages of mastectomy, including lymphedemas.

Coverage for these benefits or services will be provided in a manner determined in consultation with the attending physician and the patient. Coverage for the mastectomy-related services or benefits required under the Women's Health Law may be subject to the same deductibles and co-insurance or co-payment provisions that apply with respect to other established medical or surgical benefits under the group health plan or coverage.

Insured plans, including large and small groups, individual coverage, association plans and self-funded plans, are subject to the law. The Act's requirements are effective for plan years beginning on or after October 21, 1998. In addition to the mandated coverage, the Act requires that group plans and health insurance issuers provide written notice of the availability of the coverage to plan participants and plan beneficiaries at the time of initial enrollments, and annually thereafter. The Act prohibits group health plans and health insurance issuers from:

• denying eligibility or continuing eligibility;
• not enrolling or non-renewing coverage under the terms of the plan solely for the purpose of avoiding compliance with the Act;
• penalizing or otherwise reducing or limiting the reimbursements of an attending health care provider;
• providing incentives (monetary or otherwise) to an attending health care provider; or
• inducing a provider to provide care in a manner inconsistent with the Act.

The summary above is an overview of the Women's Health and Cancer Rights Act of 1998. This is your legally required notification. If you have any questions regarding the provisions of this law, please contact your plan's Member or Customer Service Department (the telephone number is on your health insurance ID card) or check with a staff member of the district's Insurance Department.

COBRA LAW
CONTINUATION OF HEALTH & DENTAL INSURANCE COVERAGE

Pursuant to the Consolidated Omnibus Budget Reconciliation Act (COBRA), the district offers employees and their families the opportunity to obtain temporary extension of health coverage at the group rate in certain instances where coverage under the plan would otherwise end.

An employee or an employee's dependent covered by a district health insurance plan (medical or dental), may extend coverage for a period of eighteen (18) months if the employee's/dependent's coverage is lost due to the occurrence of any of the following qualifying events and the employee or dependent is not covered by any other group health insurance plan:

• voluntary termination of employment (i.e. resignation or retirement);
• involuntary termination of employment (other than for gross misconduct);
• temporary disability leave; or
• reduction in work hours.
In the event of one of the above qualifying events, COBRA coverage is available for up to eighteen (18) months, but may be extended to a total of twenty-nine (29) months in certain cases of disability (see Disability Extension below). The employee and each covered dependent has an individual right to request COBRA coverage.

A covered dependent may elect COBRA coverage for a period of up to thirty-six (36) months if coverage is lost due to one of the following qualifying events:

- the employee's death;
- divorce or legal separation;
- the employee becomes eligible for Medicare;
- or the dependent child ceases to be dependent because of age, dependency status, or marriage.

The cost for this extended coverage is 102% of the total premium (the amount you and Cypress-Fairbanks ISD have been paying for health insurance coverage, plus a 2% administration charge). If the cost for COBRA coverage changes during your participation you will be notified of the new premium in writing prior to its due date.

The coverage may be terminated automatically if: (1) you fail to make a monthly premium payment, (2) obtain health coverage through a new employer, (3) Medicare coverage begins for a person benefiting from the extension; (4) a spouse remarries and becomes eligible for coverage under another group health plan; or, (5) the plan itself is terminated.

**Both you and Cypress-Fairbanks Independent School District have responsibilities when certain events occur which qualify you for continued coverage.** You or a covered dependent have the responsibility to inform Cypress-Fairbanks ISD of a divorce, legal separation, or a child losing dependent status under the group health plan **within sixty (60) days of the qualifying event.** Cypress-Fairbanks ISD will then notify any other covered dependents that are affected by the event of their right to elect COBRA coverage.

COBRA participants also have the responsibility of notifying the district if they experience additional COBRA qualifying events during their COBRA term that might qualify them for additional months of extended coverage.

Legislative changes to COBRA coverage effective January 1, 1997.

**Disability Extension** - If you elect COBRA continuation coverage based on termination of employment or reduction of hours, and you become disabled (as determined by Social Security) anytime **within the first sixty (60) days of COBRA continuation coverage**, you and your covered family members may elect a special additional eleven (11)-month extension, for a total of twenty-nine (29) months of COBRA continuation coverage. **To elect the eleven (11)-month extension, you must notify the Plan Administrator within sixty (60) days of the date Social Security determines that you or your family member is disabled and within the first eighteen (18) months of COBRA continuation coverage.** (The cost of COBRA coverage will increase from 102% to 150% of total premium during this additional eleven (11)-month extension period.)
Newborn and Adopted Children - If you are entitled to COBRA because you are a current or former employee of Cypress-Fairbanks ISD and a child is born to or adopted by you while you are on COBRA continuation coverage, you can enroll your new child for COBRA continuation coverage immediately. Also, your newborn or adopted child will attain "qualified beneficiary" status; in other words, he/she will have independent election rights and second qualifying event rights.

Pre-existing Condition Limitation - COBRA coverage may be terminated when you become covered under another group health plan, but only if the other plan does not contain an exclusion or limitation that affects a pre-existing condition you have. If you do become covered under another group health plan and are affected by a pre-existing condition limitation, COBRA coverage may be canceled as soon as that pre-existing condition limitation is satisfied due to the new plan's crediting toward the limitation any prior coverage you had.

Legislative changes to COBRA coverage effective February 17, 2009.
The American Recovery and Reinvestment Act (ARRA) of February 17, 2009. This law gives “Assistance Eligible Individuals” the right to pay reduced COBRA premiums for periods of coverage beginning on or after February 17, 2009 and can last up to 9 months. To be considered an “Assistance Eligible Individual” and qualify for reduced COBRA premiums you:

♦ MUST be eligible for continuation coverage at any time during the period from September 1, 2008 through December 31, 2009 and elect the coverage;
♦ MUST have a continuation coverage election opportunity related to an involuntary termination of employment that occurred at some time from September 1, 2008 through December 31, 2009;
♦ MUST NOT be eligible for Medicare; AND
♦ MUST NOT be eligible for coverage under any other group health plan, such as a plan sponsored by a successor employer or a spouse’s employer. (Generally, this does not include coverage for only dental, vision, counseling, or referral services; coverage under a health flexible spending arrangement; or treatment that is furnished in an on-site medical facility maintained by the employer.)

If you have any questions about the COBRA law, need premium information, or need to report a qualifying event, please contact the Insurance Department, Instructional Support Center-North, (281) 807-8650.

RETIREMENT CHECKLIST

Employees are encouraged to read all TRS rules at www.trs.state.tx.us and to confer with TRS advisors to determine eligibility for retirement and method of calculation of benefits.

The following checklist is being shared to assist employees in taking the necessary steps at the appropriate times so that the retirement transition is made as easy as possible. All inquiries about prospective retirement will be dealt with in a confidential manner by the Human Resources, Payroll, and Insurance Departments.
If you are resigning your position with the intent to retire due to a serious health condition of your own or that of a family member, you should contact the Insurance Department before you officially resign to determine if you may be eligible for valuable benefits for which you have already paid. Benefits that may potentially be available to assist you include:

- Paid time off (sick leave, overtime, vacation)
- Temporary disability leave
- Family Medical Leave
- Disability insurance
- Sick Leave Bank membership

If any of the benefits above are available to you, and qualify to be used, the district will help you coordinate your resignation with intent to retire to assure you receive the benefits you have earned. **Be sure to investigate your benefits BEFORE you officially resign. Once your resignation has been accepted by the Human Resources Department, it cannot be rescinded.**

Obtain a Teacher Retirement System of Texas (TRS) retirement booklet from the Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698 or 1-800-223-8778. The information may also be found at the TRS website [www.trs.state.tx.us](http://www.trs.state.tx.us). Review the booklet closely to help you decide on the best options.

The TRS website also has videotapes on service credit and retirement planning. [www.trs.state.tx.us](http://www.trs.state.tx.us)

Read carefully "TRS News" that is delivered to eligible employees' homes. This mail-out has the regional presentation schedule and a registration form included. These sessions are a must for retiring employees.

TRS provides retirement counseling to prospective retirees by appointment. Employees are encouraged to take advantage of these individualized meetings. The two and one-half hour drive to the TRS office in Austin is well worth your time and effort. We encourage you to make an appointment to review your retirement benefits and options with an expert. **Make your appointment early.**

Request a TRS-18 form from TRS. Complete that form and submit it to TRS, and receive from TRS an actual estimate of your standard annual annuity.

Write directly to TRS or visit them personally at 1000 Red River Street, Austin, Texas 78701-2698, requesting appropriate forms from them at least six (6) months in advance of your planned retirement date. TRS will not furnish the TRS-18, TRS-30 and TRS-7 forms through a school district. The "Request for Estimate of Retirement Benefits" (TRS-18) should be completed as early as possible when considering the financial prospects of retirement, particularly the estimated annual annuity.

**Questions are best answered by TRS; the hotline number is 1-800-223-8778.**

**Social Security questions may be answered by calling 1-800-772-1213 or 713-290-0660.**

Return the form "Application for Service Retirement" (TRS-30) in a timely manner.
Members must file the TRS-30 with TRS no later than the last day of the second calendar month following the month their retirement is effective. However, filing of the TRS-30 as early as possible is advisable considering the large number of applications processed by TRS.

7 Return the form "Notice of Final Deposit Before Retirement and School Official Certification of Salaries" (TRS-7) to the district’s Payroll Department. It is advisable to deliver the TRS-7 to the Payroll Office in person whenever possible.

7 Inform your immediate supervisor and the Human Resources Office in writing of your retirement plans as soon as possible after submitting the TRS-30 and the TRS-7 to TRS and the Payroll Department respectively. The Human Resources Office, in coordination with the immediate supervisor, will work with the retiring employee concerning the timeliness of announcing a retirement, honoring the retiree at the Service Banquet, and filling the vacated position as appropriate.

Final Paychecks:
Employees retiring from the district need to contact the Payroll Department at least two months prior to their retirement date to determine when they will receive their final paycheck. Employee benefit coverage will be maintained and premiums for health, dental, supplemental life and cancer insurance, and tax deferred 403(b) annuity and 457 plan contributions will be deducted from final paychecks as follows.

About Your Health Insurance: Prospective TRS retirees are advised to consult with TRS about enrollment eligibility if they are planning to enroll in the TRS-Care medical plan upon their retirement. The following is a direct re-print of a section of the “TRS-Care Highlights” publication copied from the TRS web site at www.trs.state.tx.us.

“DEFERRED EFFECTIVE DATE OF COVERAGE –When you are initially eligible for TRS-Care, you may defer the effective date of your coverage for up to three months. Example: For a May 31 retirement, the TRS-Care effective date (normally June 1) may be deferred to July 1, August 1, or September 1. For a deferred effective date, you must make a written request for deferment on the TRS-Care Enrollment Application Form TRS 700A. Write your request clearly in the space below your name and address. TRS must receive your TRS 700A within 31 days of your retirement date, or for retroactive retirements, no later than 31 days following the month in which the TRS 30 application was received at TRS. If you have any questions, call the TRS-Care office in Austin at (800) 223-8778, ext. 6456.”

Currently TRS-Care insurance premiums for retirees are more expensive than the district's for retirees under the age of 65 with no Medicare coverage, and their plan year and deductible year begin September 1 rather than January 1. For most retirees it is in their financial advantage for their district medical insurance coverage to be continued through August 31, regardless of any early salary payoff they may receive. For this reason, additional payroll deductions for the extended coverage are automatically taken from early salary payoff checks unless the retiree notifies the district’s Payroll Department at least two (2) weeks before the final paycheck is issued of their request to have the insurance cancelled. If your final paycheck is to be issued May 31, June 30, or July 31, check with TRS-Care about their coverage and cost before
requesting cancellation of your district medical insurance.

**Unused Vacation**  Unused vacation days, if eligible, will be paid at the employee's daily rate.

**Payment for Accumulated Sick Leave:** All employees eligible to earn paid leave benefits shall be reimbursed for accrued, earned local leave, (old) state sick leave, and state personal leave if they are eligible to retire under the regulations of the Texas Teacher Retirement System and they turn in a letter of resignation stating their intent to retire.

For an employee whose local, (old) state sick, and state personal leave days have been accumulated on a less than full-day (seven hour) work schedule, leave days shall be converted to full-day equivalents for this benefit.

The following guidelines shall apply:

1. An eligible employee is defined as one who is eligible to retire and receive a standard annuity that is unreduced for early retirement under the Texas Teacher Retirement System Program.
2. All eligible employees will be contacted by Business Services in order to schedule a meeting to complete paperwork.
3. Maximum benefits will only be paid to employees who have been employed with the district for ten years prior to retirement. Employees who have been employed five to nine years may draw fifty percent (50%) to ninety- percent (90%) respectively of the maximum benefit.
4. This one-time maximum benefit to employees shall be $125 for each unused, earned day of local leave, (old) state sick leave, and state personal leave not to exceed a maximum of 150 days.
5. This benefit shall be paid to employees who have completed a full semester or more as identified in the current school calendar and resign with the intent to retire either at the end of the fall semester or after the last day of the instructional year. The last professional day in each semester for teachers may serve as the end of the semester for all other employees for purpose of retirement and payment of this retirement incentive. An eligible employee who has not completed a full semester due to medical conditions as certified in writing by a physician will be paid for her/his accumulated earned leave balance. Benefits will be paid the month following the retirement date.

Retiring employees will receive payment for any unused sick or personal leave at the rate of $125.00 per day, up to a maximum of $18,750.00 (150 days). These funds may be tax sheltered through the employee’s 457 Retirement Savings Plan. **An election form MUST be completed.** The retiree may then direct distributions, rollovers, or investments of the funds at their own discretion. If the retiree is rehired, and the funds remain in the 457 plan, the rehired retiree may not roll the funds or take a distribution because of IRS rules and regulations regarding active employees.

V. LEAVES AND ABSENCES
LEAVES OF ABSENCE

DEFINITIONS

Immediate Family

The term “immediate family” is defined as:

1. spouse;
2. son or daughter, including a biological, adopted, or foster child;
3. a son- or daughter-in-law, a stepchild;
4. a legal ward, or a child for whom the employee stands in loco parentis;
5. parent, stepparent, parent-in-law, or other individual who stands in loco parentis to the employee;
6. sibling, stepsibling, and sibling-in-law;
7. grandparent and grandchild.
8. any person residing in the employee’s household at the time of illness or death.

To confirm a family relationship, the district may require the employee using leave to provide reasonable documentation, such as a child’s birth certificate, marriage license, a court order, or a sworn statement from the employee.

Family Emergency

The term “family emergency” shall be limited to disasters and life-threatening situations involving the employee or a member of the employee’s immediate family.

Workday

A “workday” for purposes of earning, use, or recording shall mean the number of hours per day equivalent to the employee’s usual assignment, whether full-time or part-time.

Catastrophic Illness or Injury

A catastrophic illness or injury is a life-threatening condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee’s immediate family that requires the service of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time and, if applicable, vacation days, earned by that employee and to lose compensation from the district. Complications resulting from pregnancy shall be treated the same as any other condition.

Availability

In accordance with administrative regulation DEC (Regulation), the district shall make paid leave for the current year available for use at the beginning of the fiscal year for all eligible employees.

The district shall not approve paid leave for more workdays than have been accumulated in prior years plus those to be earned during the current year. Any absences beyond available paid leave shall result in deductions from the employee’s pay.

 Former Education Service Center (ESC) Employees

The district shall accept the sick leave accrued by an employee who was formerly
employed by a regional education service center (ESC), not to exceed five days per year for each year of employment. (Education Code 8.007)

**Earning Leave**
An employee shall not earn leave when he or she is in unpaid status. An employee using full or proportionate paid leave shall be considered to be in paid status.

When an employee has used more leave than he or she has earned, the district shall deduct the cost of unearned leave days from the employee’s final paycheck for the year or from the last paycheck after the employee ceases to be employed by the district.

**Recording**
The following is provided to allow for absences of less than a full day for professional employees:

1. If a professional employee is absent more than three instructional periods or three hours of the day, he or she shall be charged with a full workday of absence.
2. If a professional employee is absent two or three instructional periods, he or she shall be charged with one-half workday absence from duty.
3. Conference or planning periods shall be counted as periods of employment.
4. For the purpose of this provision, elementary schools and support facilities may use hours in the workday in lieu of instructional periods.

The following is provided to allow for absences of less than a full workday for hourly and paraprofessional employees:

1. If a paraprofessional employee is absent in excess of 50 percent of his or her workday, the absence shall be charged as one full workday of qualified leave.
2. If a paraprofessional employee is absent up to 50 percent of his or her workday, the absence shall be charged as one-half workday of qualified leave.
3. If an hourly employee is absent a portion of the day, such employee shall be charged for absences on an hourly basis.

If an employee is taking intermittent FMLA leave, leave shall be recorded in one-hour increments.

**Order of Use**
Earned compensatory time shall be used before any available paid state and local leave, or vacation. [See DEA]

Unless an employee requests a different order for leave or vacation, available paid leave and vacation shall be used in the following order, as applicable:

1. local leave
2. state sick leave accumulated before the 1995–96 school year
3. state personal leave
4. vacation, if applicable.

**Concurrent Use of Leave**
When an absent employee is eligible for FMLA leave, the district shall designate the absence as FMLA leave.
The district shall require the employee to use compensatory time and paid leave concurrently with FMLA leave. Temporary disability leave shall apply after FMLA leave is exhausted.

An employee receiving workers’ compensation income benefits may be eligible for paid or unpaid leave. An absence due to a work-related injury or illness shall be designated as FMLA leave, temporary disability leave, and/or assault leave, as applicable.

**Medical Certification**
An employee shall submit medical certification of the reason for absence if:
1. The employee is absent more than three consecutive workdays because of personal illness or illness in the immediate family;
2. The district requires medical certification due to a questionable pattern of absences or when deemed necessary by the supervisor or Superintendent;
3. The employee requests FMLA leave for the employee’s serious health condition or that of a spouse, parent, or child; or
4. The employee requests FMLA leave for military caregiver purposes.

In each case, medical certification shall be made by a health-care provider as defined by the FMLA. [See DECA (Legal)]

**Note:** For district contribution to employee insurance during leave, see CRD (Local).

**State Personal Leave**
For purposes of this section, each employee shall earn state personal leave in accordance with administrative regulation DEC (Regulation) up to the statutory maximum of five workdays.

The Board requires employees to differentiate the manner in which state personal leave is used:

**Non-discretionary Use**
Non-discretionary use of leave shall be for the same reasons and in the same manner as state sick leave accumulated before May 30, 1995: personal or family illness, family emergency, or death in the immediate family. [See DEC (Legal)]

**Discretionary Use**
Discretionary use of leave is at the individual employee’s discretion, subject to limitations set out below.

**Limitations/Request for Leave**
The employee shall submit in advance a written request for discretionary use of state personal leave to the immediate supervisor or designee. In deciding whether to approve or deny state personal leave, the supervisor or designee shall not seek or consider the reasons for which an employee requests to use leave. The supervisor or designee shall, however, consider the effect of the employee’s absence on the educational program or district operations, as well as the availability of substitutes. Discretionary use of state personal leave shall be granted on a first-come, first-served basis on each campus or within a department.
Duration of Leave
Discretionary use of state personal leave shall not exceed three consecutive workdays.

Local Leave
All employees shall earn five equivalent workdays of paid local leave per school year in accordance with administrative regulation DEC (Regulation) for the first 187 workdays of employment.

Additional workdays of local leave shall be earned by employees in positions requiring more than 187 workdays per year in accordance with administrative regulation DEC (Regulation).

Local leave shall accumulate without limit.

Unless expressly stated otherwise, local leave shall be used according to the terms and conditions of state sick leave accumulated before the 1995–96 school year: personal or family illness, family emergency, or death in the immediate family. [See DEC (Legal)]

Emergency Closure Leave
All eligible employees shall earn seven equivalent work days of emergency-closure leave per fiscal year in accordance with administrative regulation DEC (Regulation). Emergency-closure leave shall not accrue beyond the fiscal year in which it was earned. Emergency-closure leave may only be used by employees if (1) the Superintendent has closed the school district or individual campus(es) as a result of a local, regional or national disaster, epidemic or other emergency condition resulting in the unplanned closure of the school district or individual campus(es), and (2) the Superintendent has determined that the work day(s) will not be made up by employees.

Disaster Pay
Nonexempt, non-contractual employees who are required to work during an emergency closure of the school district shall be paid at the rate of one and one-half times their normal rate of pay for all hours worked up to 40 hours per week. Compensation for time worked over 40 hours in a week shall be calculated and paid according to the law. The Superintendent or designee shall approve payments and ensure accurate time records are kept of actual hours worked during the emergency closure.

Parental Bonding
Local leave and/or state personal leave to a maximum of ten leave days may be used by an employee for bonding with a child 12 months of age or younger. Paid leave for bonding shall not be granted in conjunction with the provisions of paid leave for adoption or foster care placement for more than a total of 30 days of paid leave. Use of paid leave for parental bonding under this paragraph shall run concurrently with leave under the FMLA, if eligible.

Adoption/Foster Care
Local leave and/or state personal leave up to a maximum of 30 leave days may be used for primary care of an adopted son or daughter, or for the placement of a child with the employee for foster care if the child is 60 months of age or younger. If both parents of the child are employed by the district, the district shall permit combined paid leave for this purpose up to a
total of 30 days. Use of paid leave for adoption/foster care under this paragraph shall run concurrently with leave under the FMLA, if eligible.

Other Absences
Any other release time granted or approved day of absence shall result in a deduction of the daily rate of pay for each day of absences, unless otherwise provided. [See DMD (LOCAL)]

FAMILY AND MEDICAL LEAVE ACT (FMLA)

Eligible Employee
An eligible employee for Family and Medical Leave is an employee who:
1. has been employed by the district for at least 12 months. The 12 months need not be consecutive; and,  
2. has been employed by the district for at least 1,250 hours of service during the 12 months immediately preceding the commencement of leave.

For additional information regarding Family and Medical Leaves of absence, see DECA (Legal).

For purposes of an employee’s entitlement to FMLA, the 12-month period shall be measured backward from the date an employee uses FMLA leave.

Qualifying Reasons for FMLA
An eligible employee may take FMLA for the following reasons:
1. the birth of a son or daughter, and to care for the newborn child;  
2. for placement with the employee of a son or daughter for adoption or foster care;  
3. to care for the employee’s spouse, son or daughter, or parent with a serious health condition;  
4. because of a serious health condition that makes the employee unable to perform the functions of the employee’s job;  
5. because of any qualifying exigency arising out of the fact that the employee’s spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to active duty) in support of a contingency operation; and,  
6. to care for a covered servicemember with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the servicemember.
Combined Leave for Spouses
If both spouses are employed by the district, the district shall limit FMLA leave for the birth, adoption, or placement of a child, or to care for a parent with a serious health condition, to a combined total of 12 weeks. The district shall limit military caregiver leave to a combined total of 26 weeks. [See DECA (Legal)]

Intermittent or Reduced Schedule Leave
Intermittent leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule reduces the usual number of working days per work week or hours per work day. The district may limit leave increments to the shortest period of time that its payroll system uses to account for absences or use of leave, provided it is one hour or less. An employee may not be required to take more FMLA leave than necessary to address the circumstance that precipitated the need for the leave, unless the employee is an eligible instructional employee whose request meets the conditions below. [29 CFR 825.203(a)(d)]

The district shall not permit the use of intermittent or reduced schedule FMLA leave for the care of a newborn child or the adoption or placement of a child with the employee [See DECA (Legal) for use of intermittent or reduced schedule leave due to a medical necessity.]

Certification of Leave
If an employee requests or is placed on leave, the employee shall provide certification, as required by FMLA regulations, of the need for leave. [See DECA (Legal)] When the need for leave is foreseeable, the employee must return the completed medical certification to the human resources department within 15 calendar days of receiving the form. The health care provider must describe the appropriate medical facts regarding the individual’s health condition. Failure to return the forms on a timely basis or submitting incomplete forms may result in a delay or denial of leave and could result in the employee’s absence being designated as unexcused and unprotected.

The employee shall provide subsequent medical certification at 30 day intervals thereafter.

Fitness for Duty Certification
If an employee takes FMLA leave due to the employee’s own serious health condition, the employee shall provide, before resuming work, a fitness-for-duty certification. The medical certification shall contain a statement about the employee’s ability to perform essential job functions. Failure to provide the certification may result in a delay or denial of restoration of employment. The costs associated with obtaining the certification shall be the employee’s responsibility. The fitness-for-duty requirement does not apply to employees returning from intermittent or reduced schedule leave.

Employees must give notice of their intent to return to duty before expiration of the FMLA leave. The employee ordinarily shall give two business days’ notice of his or her projected date of return. Such notice is necessary to minimize potential workplace disruption and to allow for the smooth transition of assignments from other employees to the returning employee.

End of Semester Leave
If a teacher takes leave near the end of the semester, the district may require the teacher to continue leave until the end of the semester. [See DECA (Legal), LEAVE AT THE END OF A SEMESTER]
**Maintenance of Health Benefits**
During any period that an eligible employee takes FMLA leave, the district shall maintain coverage under any "group health plan" for the duration of the leave at the level and under the conditions coverage would have been provided if the employee had continued in active duty with the district. [29 U.S.C. 2614(c)(1)]

**Failure to Return**
If, at the expiration of FMLA leave, the employee is able to return to work but chooses not to do so, the district may require reimbursement of premiums paid by the district during the leave. [See DECA (Legal), RECOVERY OF BENEFIT COST]

**TEMPORARY DISABILITY LEAVE**

An employee’s notification of need for extended absence due to the employee’s own medical condition shall be forwarded to the Superintendent or designee as a request for temporary disability leave. If the employee requests this leave, or is placed on extended leave due to the employee’s own medical condition, the employee shall provide medical documentation of the need for leave.

A contract employee on temporary disability leave shall notify the Superintendent or designee of the desire to return to active duty at least 30 days prior to the expected date of return. The notice must include a fitness-for-duty certification.

A contract employee returning from temporary disability leave during the last month of service of a contract period must return a minimum of 10 working days prior to the end of the contract period.

**Contract Employees – Certified Educators**
Any full-time contract employee whose position requires educator certification by the State Board of Educator Certification (an “educator”) shall be eligible for temporary disability leave as stated herein. The maximum length of temporary disability leave shall be 180 calendar days or until all paid leave and vacation days, if any, are exhausted, whichever is greater. The Superintendent or designee shall have authority to place an employee on temporary disability leave, as appropriate, when in the judgment of the Superintendent or designee upon review of the medical documentation and/or in consultation with the physician who has performed the medical exam, the employee’s condition interferes with the performance of regular duties [See DBB (Local)].

An educator returning to active duty after a leave of absence for temporary disability is entitled to an assignment at the school where the educator formerly taught, subject to the availability of an appropriate teaching position. In any event, the educator shall be placed on active duty no later than the beginning of the next school year. A principal at another location may voluntarily approve the appointment of an educator who wishes to return from leave of absence. However, if no other principal approves the assignment of the educator by the beginning of the next school year, the district must place the educator at the school where the educator formerly taught or was assigned.
Contract Employees – Non-certified Positions
Other full-time contract employees (a “full-time employee”) shall be eligible for temporary disability leave as stated herein. The maximum length of temporary disability leave shall be 180 calendar days or until all paid leave and vacation days, if any, are exhausted, whichever is greater. The Superintendent or designee shall have authority to place an employee on temporary disability leave, as appropriate, when in the judgment of the Superintendent or designee upon review of the medical documentation and/or in consultation with the physician who has performed the medical exam, the employee’s condition interferes with the performance of regular duties. [See DBB (Local).]

The district will make an effort to place a full-time employee returning to active duty after a leave of absence for temporary disability in an assignment at the school or work location where the full-time employee formerly worked, subject to the availability of the same or similar position. In any event, the full-time employee shall be placed on active duty no later than the beginning of the next school year; however the assignment may not be in the same or similar position.

Non-contract Employees
The district may grant a non-contract employee a leave of absence for temporary disability for a maximum of 60 work days per 12-month period or until all paid leave is exhausted, whichever is greater. A 12-month period is measured backward from the date the employee was granted temporary disability. The Superintendent or designee shall have authority to place an employee on temporary disability leave, as appropriate, when in the judgment of the Superintendent or designee upon review of the medical documentation and/or in consultation with the physician who has performed the medical exam, the employee’s condition interferes with the performance of regular duties. [See DBB (Local).]

A non-contract employee returning to active duty after a leave of absence for temporary disability shall be assigned to his/her former position, subject to the availability of that position. In the event the former position is no longer available, the employee shall be assigned to the first available comparable or similar position. If a comparable or similar position does not become available within six weeks from the employee’s request to return to active duty, the district shall have no further obligation to return the employee to duty, and the employee’s employment shall be terminated.

A non-contract employee unable or unwilling to return to work at the conclusion of temporary disability leave and exhaustion of all available leave shall be terminated.

PHYSICAL ASSAULT LEAVE

In addition to other days of leave provided, an employee who is physically assaulted during the performance of regular duties is entitled to the number of days of leave necessary to recuperate from all physical injuries sustained as a result of the assault, but not to extend more than two years beyond the date of the assault.

Physical Assault Leave Defined
An employee of the district is physically assaulted if the person engaging in the conduct causing
injury to the employee (1) could be prosecuted for assault; or, (2) could not be prosecuted for assault only because the person’s age or mental capacity makes the person a nonresponsible person for purposes of criminal liability. This definition shall be interpreted in accordance with Texas Education Code section 22.003(b) and Penal Code section 22.01 and independently from any other definition of "assault" in Board policy or statute.

**Reporting/Investigation/Review Process**

1. The employee must request in writing consideration of an injury as physical assault within a reasonable period following the alleged assault. The building principal/site supervisor shall forward the claim to the superintendent's designee upon receipt. In addition, building principals and/or site/department supervisors shall notify the superintendent's designee immediately upon becoming aware of a situation that may constitute an assault on an employee. In the event the injured employee is physically unable to make such a report, another authorized person may file the report on behalf of the employee.

2. The superintendent shall designate an individual or individuals to investigate an assault claim. The investigation will include statements from the injured employee and witnesses, as available.

3. The determination of the eligibility for assault leave will be made in a timely manner after a review of the employee’s claim, the medical evaluations and reports, and the investigation results. Until the determination is made, the claim will be treated as an assault per TEC §22.003. The employee will be notified in writing of the decision. The decision of the superintendent’s designee may be appealed in accordance with Board Policy DGBA, Employee Complaints.

**Medical Evaluations and Reports**

1. The district may require the submission of an evaluation from the employee's physician. This evaluation should describe, in detail, the nature and extent of the physical injury, the treatment prescribed, the estimated length of treatment, and an estimate of when the employee will be able to perform the essential functions of his/her position.

2. During the employee's leave, the district may periodically require the employee to submit to a physical examination by a physician of the district's choosing, at the district's expense.

3. The district may require the employee to provide a physician's release prior to returning to work.

**Coordination of Benefits**

1. An employee's request and claim for assault leave under this policy will be presumed valid while the employee's claim is pending. Should the district ultimately hold that the employee was not entitled to assault leave under this policy, the district shall deduct any leave taken from the employee's accrued leave. If the employee's accrued leave has been exhausted, the district may obtain reimbursement from any payments made to the employee from his/her wages earned at a rate not to exceed 10 percent of the total per week. If the employee resigns prior to complete reimbursement to the district of benefits received under this policy, the district may deduct the amount owed from any wages due the employee at resignation. This provision does not preclude the district from using any
other method, legal or equitable, to collect any outstanding balance owed the district.

2. Days of assault leave taken under this regulation may not be deducted from accrued sick leave except as set forth above. Assault leave under this regulation is available up to, but not more than, two years from the date of the assault.

3. In accordance with law, assault leave policy benefits due to an employee shall be coordinated with temporary income benefits due from workers' compensation so that the employee's total compensation from temporary income benefits and assault leave policy benefits equals 100 percent of the employee's weekly rate of pay. [See DEC (LEGAL)]

WORKERS’ COMPENSATION

Note: Workers’ compensation is not a form of leave. The workers’ compensation law does not require the continuation of the district’s contribution to health insurance. [See CRD (Local) regarding payment of insurance contribution during employee absences.]

The safety and welfare of all employees is a primary concern of the Cypress-Fairbanks Independent School District and the Board of Education. Safe working conditions and practices are of vital importance to the district and to each one of its employees. While a continuing partnership must exist between the employer and the employee to provide a safe and injury-free workplace, the district provides workers’ compensation insurance benefits for any employee who is injured or becomes disabled or ill as a result of his or her employment responsibilities with Cypress-Fairbanks Independent School District.

An absence due to a work-related injury or illness shall be designated as FMLA leave, temporary disability leave, and/or assault leave, as applicable.

Insurance Coverage and Application
All active employees are provided the benefits of Cypress-Fairbanks Independent School District’s workers’ compensation plan. Workers’ compensation insurance benefits are applicable only for job-related injuries or illnesses sustained while an employee is engaged in his or her own authorized duties.

Effective February 1, 2009, all district employees who seek medical services for a work-related illness or injury occurring February 1st or later are required to seek treatment from a physician on the Alliance provider list. The physician must be a “primary care” physician who will be responsible for all treatment and will direct, or refer, the injured employee to any specialists as needed. For emergency services, the injured employee is encouraged to go to the nearest emergency room; follow-up care, if required, must be received from an Alliance provider. Illness or injuries that occurred prior to February 1, 2009 are not subject to the Alliance requirements.

A list of Alliance treating doctors may be available from the employee’s supervisor and may be found online at www.pswca.org; if the employee does not have internet access, call (800) 482-
The district’s workers’ compensation administrator may be contacted at the following address and/or toll-free telephone number:

P. O. Box 2010
Austin, TX 78768
(800) 482-7276

Complaint Process
If an employee is dissatisfied with any aspect of the workers’ compensation program operation, including an Alliance doctor, he/she may file a complaint by phone, online or in writing. Complaints should be sent to:

PSWCA (the Alliance)

Injuries Not Covered by Workers’ Compensation
Some types of injuries suffered while at work are not covered by workers' compensation insurance. Examples of non-covered injuries suffered at work include:

1. acts of God; i.e., tornado, lightning strikes, etc.;
2. insect bites; i.e., bee stings, spider bites, etc.;
3. injuries due to personal fights between employees while at work;
4. drug overdoses or alcohol-related accidents or illness; and
5. injuries or illness caused by direct violations of district job safety policies or procedures.

Workers' compensation insurance benefits for qualified job-related injuries include medical costs required for recovery and, if needed, income compensation will be allowed according to Texas Department of Insurance, Division of Workers’ Compensation. The Texas Association of School Boards (TASB) is the district’s workers’ compensation insurance administrator. TASB claim adjusters manage the injury claim including authorizing all medical costs and wage compensation payments.

Current Texas Workers’ Compensation law governs the payment of all Temporary Income Benefits (TIBs). Entitlement to TIBs begins after an injured employee has been disabled by the job-related injury for more than 7 days. TIBs begin on the eighth day of disability. An injured and disabled employee is paid TIBs weekly benefits of approximately 70% of his/her reported average weekly wage, based on earnings for the 13 weeks prior to the injury, not to exceed the state’s set maximum TIBs benefit. Effective October 1, 2008, the maximum weekly payment of TIBS is $750.00

Under Cypress-Fairbanks ISD policy DEC (Local), employees eligible for workers’ compensation temporary income benefits, and not on assault leave, may elect in writing to use accumulated paid leave instead of receiving weekly temporary income benefits. An employee choosing to use paid leave will not receive workers’ compensation weekly temporary income.
benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-injury or -illness wage. If the use of paid leave is not elected, an employee will receive workers’ compensation wage benefits only, which may not equal his or her pre-injury or -illness wage.

If an employee’s injury has been designated as an assault by the district, Texas state law provides for additional benefits. See pages 116-118 of this Handbook for more information. In accordance with state law, assault leave policy benefits due to an employee shall be coordinated with temporary income benefits (TIBs) due from Workers’ Compensation so that the employee’s total compensation from TIBs and assault leave policy benefits equal 100% of the employee’s weekly rate of pay.

Any payment of workers’ compensation TIBs with assault leave benefits which totals in excess of 100% of the injured employee’s rate of pay will be considered an overpayment of benefits. The employee will be required to repay all such overpayments. Overpayments will be collected from future wages or by whatever legal means are available to the district.

**Reporting Requirements**

To be eligible for benefits for job-related accidents, injuries, or illnesses provided by workers’ compensation insurance, the following procedures must be followed.

1. Any employee involved in an on-the-job accident must report the incident to his or her immediate supervisor at once.
2. If an injury is sustained due to a job-related incident, the Employee Injury Report must be completed, describing the nature of the injury and providing names of any witnesses, and sent to the district’s Insurance Department office at ISC-North, Suite 136, within 24 hours of the injury.
3. An employee injured in an on-the-job accident must seek initial medical treatment within 30 days of the date of the injury. Failure to obtain medical attention within this time period could result in Workers’ Compensation claim benefits being denied.
4. An employee who requires medical attention due to a job-related injury must, before returning to work, present a Texas Division of Workers’ Compensation form DWC-73, Texas Workers’ Compensation Work Status Report, signed by the attending physician, releasing the employee to return to work. Any activity restrictions noted in Part III of the DWC-73 form must be reviewed and approved in writing by the Insurance Department before the employee is permitted to return to his/her job assignment. Follow-up doctor’s reports using the DWC-73 form, Texas Division of Workers’ Compensation Work Status Report, must be provided to the district’s Insurance Department office at ISC-North after each medical visit.
5. An employee who cannot work due to a job-related injury or illness must notify his or her immediate supervisor regarding the reason for the absence from duty.
6. An employee who requires leave due to a job-related injury may elect to use accumulated sick leave days as for any other illness. An employee who is medically unable to return to work will be placed on Family & Medical Leave, if eligible as defined by Cypress-Fairbanks Independent School District policy, or placed on temporary disability leave as defined in the Leaves and Absences Policies of Cypress-Fairbanks Independent School District.
7. An employee who requires extended medical and/or financial workers’ compensation
benefits will be assigned a case manager by the district's insurance administrator for assistance. The employee will be required to file all reports and follow the directions of the case manager in order for benefits to continue uninterrupted.

8. A phone call must be made by the injured employee to the district’s Insurance Department office (281-897-4135) between the hours of 8:00 a.m. to 4:00 p.m., Monday through Friday, at least once per week during the employee’s absence for the work-related injury. This phone call is required in addition to any communication required by the employee’s supervisor.

9. The injured employee’s doctor’s medical release, Texas Division of Workers’ Compensation form DWC-73, Texas Workers’ Compensation Work Status Report, must be presented by the employee to the district’s Insurance Department office within 24 hours prior to the employee’s return to work.

What to Report
The principal/immediate supervisor/director is responsible for reporting and investigating all on-the-job accidents or injuries sustained by employees.

When to Report
An employee injured at work must report the injury to his/her supervisor immediately. Fatal or serious injuries must be reported at once by telephone. The telephone number to call is 281/897-4135.

The principal/immediate supervisor/director is responsible for reporting an employee injury to the district insurance office within 24 hours following the incident. A list of Alliance treating doctors may be available from the supervisor; a complete list of Alliance treating doctors is also available online at www.pswca.org.

MISCELLANEOUS LEAVES

Jury Duty
An employee shall be granted leave with pay and without loss of paid leave for jury duty. The employee shall be required to present documentation of the service and shall be allowed to retain any compensation for this service.

Compliance with Subpoena
The district may not discharge, discipline, or penalize in any manner an employee because the employee complies with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding. Texas Labor Code 52.051(a)

Other Court Appearances
An employee shall be granted leave with pay and without loss of paid leave for absences due to compliance with a valid subpoena in the following circumstances:

2. The employee is a defendant in a lawsuit based on actions taken in the course and scope of his or her employment, and the employee is requested by the district’s legal counsel to participate in activities and proceedings related to the defense of the lawsuit.

3. The employee is not a party to a lawsuit involving the district but is otherwise requested by the district’s legal counsel to provide information, assistance, or testimony in connection with litigation involving the district.

An employee who is a party to non-district litigation or legal proceedings and is absent due to activities and/or proceedings related to the litigation or legal proceedings must use available state personal leave for the absence.

Federal Military Leave
Any person who is absent from a position of employment by reason of voluntary or involuntary service in the uniformed services (the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Services, and any other category of persons designated by the President in time of war or emergency) shall be entitled to certain reemployment rights and benefits under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) if:

1. the person (or an appropriate officer of the uniformed service in which such service is performed) has given advance written or verbal notice of such service to the district (unless notice is precluded by military necessity or is otherwise unreasonable or impossible):

2. the cumulative length of the absence and of all previous absences from a position of employment with the district does not exceed five years; and,

3. the person reports to or submits an application for reemployment to the district and complies with the appropriate procedural requirements that apply under the circumstances.

A person who is reemployed under this act is entitled to the seniority and other rights and benefits determined by seniority that the person had on the date of the commencement of service in the uniformed services plus the additional seniority and rights and benefits that such person would have attained with reasonable certainty if the person had remained continuously employed.

The district is not required to reemploy a person if:

1. the district’s circumstances have so changed as to make reemployment impossible or unreasonable;

2. the reemployment of such person would impose an undue hardship on the district; or,

3. the employment from which the person leaves to serve in the uniformed services is for a brief, nonrecurrent period and there is no reasonable expectation that such employment will continue indefinitely or for a significant period.

State Military or U.S. Reserve Leave: Short-Term
All employees of the district who are members of the state military forces or of the reserve
components of the United States Armed Forces shall be granted a leave of absence from their duties without loss of time, efficiency rating, vacation time, or salary on all days during which they are engaged in authorized training or duty ordered or authorized by proper authority, not to exceed 15 days in a federal fiscal year. The federal fiscal year is from October 1 through the following September 30.

Such employees who are ordered to duty by proper authority shall be restored, when relieved from duty, to the position held by them when ordered to duty.

**State Military Leave: Long-Term**

Any employee, other than a temporary employee, who leaves a position with the district to enter active state military service is entitled to be re-employed by the district in the same position held at the time of the induction, enlistment, or order, or to a position of similar seniority, status, and pay. To be entitled to re-employment, the employee must be discharged, separated, or released from active state military service under honorable conditions not later than the fifth anniversary after the date of induction, enlistment, or call to active military service and must be physically and mentally qualified to perform the duties of the position.

An employee who cannot perform the duties of the position because of a disability sustained during state military service is entitled to re-employment in the district in a position that the employee can perform and that has like seniority, status, and pay as the former position or the nearest possible seniority, status, and pay.

To be re-employed, a veteran of the state military must apply for re-employment not later than the 90th day after the date the veteran is discharged or released from active state military service. Application must be made in writing to the superintendent and have attached to it evidence of the veteran's discharge, separation, or release from state military service under honorable conditions.

A person re-employed after active state military service shall not be discharged without cause before the first anniversary of the date of the re-employment.

"Military Service" means service as a member of the Texas National Guard or the Texas State Guard.

**Professional Study Leave**

At the recommendation of a professional employee’s principal or supervisor and the Superintendent, a leave of absence without pay may be granted by the Superintendent or designee for up to one contract year for the purposes of pursuing education study or research that are deemed beneficial to the district. The employee must have been employed by the district for at least three years and hold a multiyear term or continuing contract with the district to be eligible to apply. Return to employment in the position or at the site employed prior to the leave is not guaranteed by the district or the employee. An individual returning to the district from a professional study leave to the same type of position held immediately prior to the leave shall retain previously accumulated, unused local sick leave, contract status earned in the position held immediately prior to the leave, and career ladder status, if any, held in the position.
held immediately prior to the leave, upon presentation to the district of acceptable documentation of fulfillment of the leave.

**Paraprofessional/Ancillary Employee Leave for Student Teaching**

At the recommendation of a paraprofessional/ancillary employee’s principal or supervisor, the Superintendent or designee may grant a leave of absence without pay for one semester as identified on the current district school calendar for the purpose of student teaching. Student teaching is defined as on-campus classroom teaching at a district school under the direction of a university supervisor and cooperating teacher.

The paraprofessional/ancillary employee must have been employed by the district for at least three years and be currently enrolled in a program of study leading to a bachelor’s degree, teacher certification, and qualification for highly-qualified status under federal law.

A paraprofessional/ancillary employee requesting a leave for student teaching shall submit a letter of application for leave to the associate superintendent for human resources at least 45 days prior to the semester in which the leave is sought.

The paraprofessional/ancillary employee shall not earn credit towards a creditable year of service for salary purposes nor shall the employee continue to earn other employee benefits such as leave days or vacation days during this period of the leave. The employee shall retain, however, unused leave days accumulated prior to the time of the leave of absence; and the district shall not consider this as a break in continuous service with the district.

The district shall not guarantee a return to employment in the same position or at the site employed prior to the leave. A paraprofessional/ancillary employee returning to the district from this leave shall be assigned to a comparable paraprofessional/ancillary position unless selected for a teaching position.

A request for return to duty at the end of the leave shall be submitted to the associate superintendent for human resources at least 30 days prior to the next semester as shown on the district school calendar. Proof of completion of the university-sponsored student teaching must be submitted prior to return from leave. At the expiration of the leave, the district may terminate the employment of an employee who fails to return to district employment in some capacity.

**SICK LEAVE BANK**

The district has established a sick leave bank that employees may join through the contribution of local leave. The purpose of the Sick Leave Bank is to provide additional sick leave days to a member of the bank who experiences a catastrophic medical event which prevents the member from performing the duties of his/her position. Leave contributed to the bank shall be solely for the use of participating employees. An employee who is a member of the bank may request leave from the bank if the employee or a member of the employee’s immediate family experiences a catastrophic illness or injury and the employee has exhausted all paid leave and vacation, if applicable.

If the employee is unable to request leave from the sick leave bank, a member of the employee’s family or the employee’s supervisor may submit the request.
The Superintendent or designee shall develop regulations for the operation of the sick leave bank that address the following:

1. Membership in the sick leave bank, including the number of days an employee must donate to become a member;

Creditable service is defined as 90 days of full-time service or 180 days of half-time service. The superintendent or designee shall be authorized to also recognize creditable service for vacation purposes for experience earned outside the district in the same way creditable service is calculated for salary purposes for persons assuming or serving in positions requiring year-round duties.

PAYROLL INFORMATION

ALL EMPLOYEES

Direct Deposit or Debit/Pay Card
Direct deposit or debit pay card is available to all employees. Any changes must have a change form completed and sent to the Payroll Office. Do not close your account while on direct deposit before notifying Payroll. Failure to do this will result in a delay in your payroll payment.

The district may remove an employee from pay card or direct deposit in order to avoid overpayment of wages to an employee who has exceeded leave days available or has excessive absences.

Name Changes
The district follows the Teacher Retirement System (TRS) policies for name changes. A new TRS form must be submitted to the Human Resources Office to initiate the change. Go to the district’s website, www.cfisd.net, Human Resources, Employment Opportunities, Name Change for the necessary forms to complete.

Change of Address Notice
Address and/or telephone number changes are to be completed promptly after relocation. Both the Human Resources and Payroll departments should be given this information. It is imperative that an employee who has relocated furnish the Payroll Office a change of address notice for any home mailings (insurance information, etc.). Change of address notices are available on-line at http://inside.cfisd.net/ or from the building/department secretary.

Payroll Deductions
1. Each employee is required to become a member of the Teacher Retirement System, unless that employee is retired from TRS and returning to work. A bi-weekly deduction of 7.05% is taken for Teacher Retirement System for those required to be members of TRS.

2. All employees new to Cypress-Fairbanks Independent School District on or after April 1, 1986, are required by law to contribute 1.45% of their gross salary to Medicare. The district will make a matching 1.45% contribution for each eligible member. This is not a deduction for Social Security benefits; the district is not required to deduct for Social Security benefits. This deduction will provide Medicare benefits for the employee at age 65.

3. Federal Income Tax, according to the employee's filing status and amount earned, is also deducted from the bi-weekly paycheck.

4. Other deductions approved are the employee's choice of:
   a. insurance (Life/Medical, Dental, Disability, Cancer)
   b. Credit Union loans
   c. Credit Union savings
d. tax sheltered plans: annuities, 403(b) and the district’s retirement savings plan, 457

e. professional dues

f. combined charities
g. Dollars for Scholars

5. An employee who is in violation of district practices and causes damage to district equipment or tools may have the costs of such damaged, equipment or tools deducted from his/her paycheck.

Errors and Discrepancies in Salaries
Employees should always discuss errors or discrepancies of payroll information with their immediate supervisors or their respective payroll department. If a satisfactory answer is not obtained, the employee should call the Payroll Department, (281/897-4110).

Pay Raises
Pay raises are based on evaluations and demonstrated ability. Regular reviews of an employee's work habits are maintained to properly analyze progress. Increases must be budgeted and approved by the Board of Trustees. These increases become effective July 1, the beginning of the fiscal year, for 12 month employees. The increases for less than 12 month employees become effective at the start of the employee’s duty or calendar year. An employee whose annual evaluation is less than satisfactory will not be given a pay increase. An employee who has been employed in the district for less than ninety (90) workdays will not be eligible for the general rate increase.

Salary Freeze
An employee whose annual evaluation is less than satisfactory will not be given a pay increase unless otherwise mandated by law.

Payoff Upon Resignation
Cypress-Fairbanks Independent School District is not required to pay early when an employee resigns for any reason. The district's procedure and practice is to pay all personnel at the next regular pay period.

After appropriate forms have been completed and presented to the Payroll Department, the employee may pick up his/her payroll information from the respective department offices or the Payroll Department.

EMPLOYEE ACCESS CENTER

The Employee Access Center (EAC) may be found at http://inside.cfisd.net. This site gives employees access to view current information on file with the district regarding their demographics, salary and benefits, leave information, payroll check information, deductions and benefits information, annual pay statement, and certifications on file. This site also allows employees to change or update the demographic information on-line.
CONTRACT EMPLOYEES

Payday and Annualized Compensation
Contract employees are paid on a semi-monthly basis. Pay dates for these employees are on the 15th and last day of the month. Exceptions to these dates are made for holidays and weekends, which require payments to be dated early. Non-contract employees are paid on a bi-weekly basis. Contract employees who work less than 12 months per year shall be paid over a 12-month period as stated above. This practice is known as “annualization” of compensation. It is the district’s practice to annualize the salary payments of contract employees who work less than 12 months. In the event a separation from service occurs before the end of the 12 month period, contract employees will receive an additional payment for the amount actually earned from the beginning of the 12-month pay period until the date of separation from service, but which has not yet been paid. This additional payment will be included in the employee’s final paycheck. This notice constitutes the district’s unilateral designation of the time and form of payment of recurring part-year compensation in accordance with the Internal Revenue Code regulation for all employees who fall into this category. For purposes of this notice, “separation from service” shall have the same meaning as that term is defined in section 1.409A-1(h) of the Treasury Regulations.

HOURLY EMPLOYEES

Payday
Hourly employees are paid on a bi-weekly basis. Payroll information will be made available to each employee at a designated time dependent on the employee's work schedule.

1. Regular Pay – an hourly employee will be paid at his/her regular hourly rate of pay for the first 40 hours earned each week including vacation, sick leave, and/or holidays.

2. Overtime Pay – an hourly employee will be compensated at 1 ½ times his/her regular rate for hours worked in excess of 40 work hours in each week, unless otherwise specified. Vacation days, sick leave days, holidays, and personal leave days are not included in determining hours worked in a week.

Timekeeping Records
Employees whose jobs are subject to overtime pay regulations have been given badges to utilize the time and attendance system. This system records all in and out swipes by badge number. All swipes on the time and attendance clocks shall be made by the employee personally and no one else. Edits to the records are authorized and approved by the employee’s supervisor or manager.

Incentive Pay Loss
An hourly employee shall forfeit any earned incentive supplement, including safe
driving, if said employee leaves full-time employment of the district for a period of one year (365 days) or more.

**Holiday Pay**

A regular hourly (not part-time or temporary) employee will be paid twice his/her regular rate of pay for all hours required to work during the calendar year on all district designated non-optional holidays and any other designated day listed below, regardless of other hours worked in a work week.

If the regular hourly employee is eligible for holiday pay (260 day employees), the regular hourly employee will be paid for eight hours for the non-optional holiday at his/her regular hourly rate plus twice his/her hourly rate for actual hours worked on the non-optional holiday. Thus, if the regular hourly employee works a full eight hours on the non-optional holiday, he/she will be receiving total compensation of three times his/her normal hourly rate of pay.

If the regular hourly employee is not eligible for holiday pay (works a schedule less than 260 days), the regular hourly employee will receive two times his/her regular hourly rate for actual hours worked on the non-optional holiday.

Designated non-optional days and holidays eligible for holiday pay compensation as described above include the following for school year 2010-11:

- Sunday, July 4, 2010
- Monday, July 5, 2010
- Monday, September 6, 2010
- Wednesday, Thursday, Friday, November 24, 25, & 26, 2010

TEACHER WORK LOAD

Duty Free Lunch
Each classroom teacher or full-time librarian is entitled to at least a 30-minute lunch period free from all duties and responsibilities connected with the instruction and supervision of students. (Education Code 21.405)

If necessary, because of a personnel shortage, extreme economic conditions, or unavoidable or
unforeseen circumstances, and in accordance with commissioner rules, the district may require a classroom teacher or librarian to supervise students during lunch no more than one day in any school week. (Education Code 21.405)

In determining whether an exceptional circumstance exists, the district shall use the following guidelines:

1. A personnel shortage exists when, despite reasonable efforts to use non-teaching personnel or the assistance of community volunteers to supervise students during lunch, no other personnel are available.
2. Extreme economic conditions exist when the percentage of a local tax increase including the cost of implementing duty-free lunch requirements, would place the district in jeopardy of a potential roll-back election.
3. Unavoidable or unforeseen circumstances exist when, because of illness, epidemic, or natural or man-made disaster, the district is unable to find individuals to supervise students during lunch. (19 TAC 145.24)

COLLABORATIVE PLANNING EXPECTATIONS AND GUIDELINES

Expectation
Teachers/leaders at all campuses must engage in collegial, collaborative planning sessions where school, grade, and/or content level teams:

1. focus on developing successful, program-specific strategies to improve instruction;
2. share best practices, and review student work and data in order to plan strategically to improve the achievement of all students; and
3. study a common instructional topic linked to student work, model lessons for one another, and practice implementation of new instructional strategies – all guided by student data.

Implementation Guidelines

1. All teachers will be expected to plan collaboratively at least one time per week for a minimum of 45 uninterrupted minutes at a time agreed upon by the team/grade level. Times may include, but are not limited to, before/after school or during their common planning period.
2. Non-core subject teachers and special education teachers shall participate as required by the focus of the meeting or based on an alternate schedule set by the school.
3. School schedules when possible should ensure that the appropriate grade level/content teams have common periods scheduled for collaborative planning.
4. School-based administrators are responsible for ensuring collaborative planning is occurring in their schools, and the work taking place during collaborative planning is linked to the overall goals for the school. Administrators are not required to lead collaborative planning meetings, but should coach and assist teachers with skill building, reflection, and instructional practice linked to school performance measures.
5. Information from the team meetings shall be shared with leadership of the school through a documented process that includes agendas/minutes/lesson plans, etc. The documentation process will be determined by each campus.
Planning and Preparation Time
Each classroom teacher is entitled to at least 450 minutes within each two-week period for instructional preparation, including parent-teacher conferences, evaluating students’ work, and planning. A planning and preparation period under this section may not be less than 45 minutes within the instructional day. During a planning and preparation period, a classroom teacher may not be required to participate in any other activity. (Texas Education Code §21.404)

All activities during individual planning sessions must be directly related to instructional preparation.

TEACHER WORK HOURS

Teachers are required to be at work and on duty during established work hours as determined by the individual campus. Additionally, the district has an expectation that teachers will be available to attend reasonable school-related activities that may occur outside the established work day such as collaborative planning sessions, ARDs, staffings, faculty meetings, inservice meetings, school-related sponsorships, and the like. Teachers are categorized as learned professional employees and are therefore exempt from the Fair Labor Standards Act regarding overtime or compensatory time for working beyond 40 hours per week.

DUTY ASSIGNMENTS

Principals may assign duties to employees in addition to those specified in job descriptions. Such duties may include the following:
1. lunch period duty in accordance with law;
2. recess duty;
3. hall duty;
4. classroom housekeeping duties such as turning out lights, closing windows, locking doors, maintaining neat and attractive classrooms, and the like;
5. duty at extracurricular activities;
6. bus loading duty;
7. parking lot duty; and,
8. any extra duty assigned by the principal.

Each principal will prepare a schedule of these duty assignments. A copy of the schedule will be available, and orientation will be provided for such duty assignments.

Teachers
Teachers may be called upon to sponsor various organizations and class groups. The sponsorship of classes may be rotated among teachers annually so that the same teachers do not have the more demanding sponsorships in consecutive years. Sponsors will:
1. supervise projects and activities selected by organizations and class groups;
2. counsel and advise students in elections, and in the selection of projects and activities;
3. establish proper and adequate procedures for the collection and accounting of funds derived from fund-raising projects;
4. keep the principal informed of projects and activity dates and have these posted on
5. ensure that all projects and activities of classes and organizations are approved by the administration;
6. schedule projects and organizational work so that class time is not used for that purpose.

Teachers are urged to attend and participate in as many extracurricular activities as time and convenience permit.

**REPORT OF CERTIFIED EMPLOYEE ACTIVITIES**

The superintendent shall notify the State Board for Educator Certification in writing by filing a report within seven calendar days of the date the superintendent first obtains or has knowledge of information indicating that:

1. an applicant for or holder of a certificate issued by SBEC has a reported criminal history;
2. the certificate holder engaged in conduct that violated the assessment instrument security procedures established under Education Code 39.0301; or
3. the certificate holder resigned and reasonable evidence supports a recommendation by the superintendent to terminate the educator based on a determination that the educator engaged in misconduct described in 4(a) – (f), below:
4. a certificate holder’s employment at the district was terminated based on a determination that the certificate holder:
   a. sexually or physically abused or otherwise committed an unlawful act with a student or minor;
   b. possessed, transferred, sold, or distributed a controlled substance as defined by Health and Safety Code Chapter 481 or by 21 U.S.C. Section 801 et seq.;
   c. illegally transferred, appropriated, or expended funds or other property of the district;
   d. attempted by fraudulent or unauthorized means to obtain or alter a professional certificate or permit for the purpose of promotion or additional compensation;
   e. committed a criminal offense or any part of a criminal offense on school property or at a school-sponsored event; or
   f. solicited or engaged in sexual conduct or a romantic relationship with a student or minor.

The report must be in writing and in a form prescribed by the Board. The superintendent shall notify the Board of Trustees of the school district and the educator of the filing of the report. The State Board for Educator Certification shall determine whether to impose sanctions against the employee’s certificate. (DF [Legal])

**RESIGNATIONS**

**General Requirements**
All resignations shall be submitted to the superintendent’s designee. The employee shall give reasonable notice and shall include a statement of the reasons for resigning. A prepaid certified
or registered letter of resignation shall be considered submitted upon mailing.

**Educators**

An educator employed under a probationary contract for the following school year, or under a term or continuing contract, may relinquish the position and leave district employment at the end of the school year without penalty by filing a written resignation with the Board or the Board’s designee not later than the 45th day before the first day of instruction of the following school year.

A written resignation mailed by prepaid certified or registered mail to the Board President or the Board’s designee at the post office address of the district is considered filed at the time of mailing.

An unequivocal resignation filed not later than the 45th day before the first day of instruction of the following school year is effective upon filing with the district and the district cannot reject such a resignation. The resignation cannot be withdrawn by the teacher based on an argument that the district has not accepted the resignation.

The educator may resign, with the consent of the Board of the Board’s designee, at any other time. DFE (Legal)

For educators, the Superintendent’s designee is the Associate Superintendent for Human Resources, Student Services, and Communication, Ms. Teresa Hull.

**Resignations at the End of the Year – Non-certified Employees with Annual Contracts**

Employees holding a one-year annual contract may resign at the end of the contract period by filing a written resignation with the superintendent or designee. For professional employees, the superintendent’s designee is the Associate Superintendent for Human Resources, Student Services, and Communication, Ms. Teresa Hull. For paraprofessional employees, the superintendent’s designee is the Director for Ancillary Personnel, Ms. Jan Price.

**Resignation Process**

It is important to note that by Board policy and administrative practice, the resignation must be sent directly to the Human Resources Office. It is most appropriate to discuss the matter with the principal or supervisor prior to submitting the resignation. A written resignation mailed by prepaid certified or registered mail to the designee at the post office address of the district is considered filed at the time of mailing. Professional and paraprofessional employees are encouraged to utilize the on-line resignation/exit process found at www.cfisd.net under Human Resources.

**RESIGNATION CHECKLIST**

The following checklist is being provided as a recommended guideline for use by all staff members when severing their employment with the district. All inquiries about prospective resignations will be handled in a confidential manner by the Human Resources, Payroll, and Insurance departments.
If you are resigning your position because of a serious health condition of your own or that of a family member, you should contact the Insurance Department before you officially resign to determine if you may be eligible for valuable benefits for which you have already paid. Benefits that may potentially be available to assist you include:

- Paid time off (sick leave, overtime, vacation)
- Temporary disability leave
- Family Medical Leave
- Disability insurance
- Sick Leave Bank membership
- Teachers Retirement System of Texas (TRS)

If you are resigning in order to retire from TRS, go to the “Retirement Checklist” on pages 103-105 of this Handbook.

If you are eligible to use any of the benefits listed above, the district can help you coordinate your leave or resignation to assure you receive the benefits you have earned. **Be sure to investigate your benefits BEFORE you officially resign. Once your resignation has been accepted by the Human Resources Department, it cannot be rescinded.**

To submit your resignation, go to the district’s Human Resources Department’s webpage at [www.cfisd.net](http://www.cfisd.net). Go to Resignation/Exit and follow the instructions for resigning.

If you do not have internet access, notify your immediate supervisor and the Human Resources Department of your resignation in writing as soon as possible. It is appropriate to provide a minimum of two weeks’ notice of resignation prior to your last day of employment.

Provide the Human Resources Department with your new address if you are moving.

Unused vacation days will be paid at the employee’s current daily rate.

All inquiries regarding terminating membership in the Teachers Retirement System of Texas (TRS) and withdrawing member contributions need to be addressed directly with TRS. Write directly to TRS at 1000 Red River Street, Austin, TX 78701-2698; email to [www.trs.state.tx.us](http://www.trs.state.tx.us); or call 1-800-223-8778.

DECISION-MAKING PROCESS REGARDING PERSONNEL

The Board has established the following objective criteria for decisions regarding the hiring, dismissal, reassignment, promotion, and demotion of district personnel. The following criteria are not rank-ordered and may be considered in whole or in part when making such decisions:

1. academic or technical preparations, supported by transcripts;
2. proper certification for grade level, subject, or assignment, including emergency permits and endorsements for specific subjects, programs, or positions;
3. experience;
4. recommendations and references;
5. evaluations;
6. suitability for the position and professional competence; and,
7. the needs of the district.

Notice and Process of Promotional Opportunity
The district provides periodic and timely postings on the district’s website and in district buildings of vacancies in areas of promotional opportunity. Postings indicate the district contact person for applications. Each administrative/support level position requires an interview with a district screening committee as part of the selection process.

CONTRACTS

Teachers
The district provides contracts for teachers under the Contract Law provided in Chapter 21, Subchapters C, D, and E of the Texas Education Code. Each teacher is employed on either a probationary, term, or a continuing contract.

Full details on employment practices, renewals, terminations, hearing appeals, etc. may be found in Board Policies DC, DCA, DCB, DCC, DCD, DCE, DFBB, AND DFE. These policies are online on the district’s web site and are available for review in each campus principal’s office, the district Human Resources Office, or the Dixie Thornton Professional Library located in the Instructional Support Center.

Administrative/Support Personnel and Term Contract Teachers
Administrative and certified support personnel, as well as teachers, may be on term contracts as provided in Chapter 21, Subchapter C or E of the Texas Education Code.

Full details on employment practices, renewals, terminations, hearing appeals, etc., may be found in Board Policies DAA, DC, DCA, DCB, DCC, DCD, DCE, DFBB, DFD, DFE, DGBA, DH, DHC, DI, DF and DN. These policies are online on the district’s web site and are available for
review in the district Human Resources Office, the Dixie Thornton Professional Library located in the Instructional Support Center, or in the principal's office at each campus.

**Non-certified Support and Paraprofessional Staff**
These classifications of employees receive a one-year or annual contract which is not subject to Chapter 21, Subchapters C, D, or E of the Texas Education Code. This contract does not grant nor create any contractual or other expectancy of employment or claim of entitlement beyond the terms of the contract.

**TEXTBOOKS**

**Guidelines/Recommendations for Textbook Accountability**
When issuing textbooks, teacher editions and/or ancillary materials to a staff member, have each teacher sign for the materials he/she receives. These records will be kept by the Campus Textbook Administrator.

Each Campus Textbook Administrator will perform at least two “book checks” throughout the year and collect the appropriate funds for those items for which a staff member cannot account. A campus may choose to wait until the end of a school year to collect for materials not accounted for by a staff member. However, the periodic checks will take place throughout the year.

The Campus Textbook Administrator at each campus will also conduct an annual comprehensive textbook inventory coordinated by the district’s Textbook and Property Manager. This inventory will be performed at the end of each school year and includes state adopted student and teacher editions, as well as ancillary materials. Any lost state adopted materials will be replaced through the Textbook Department. Campuses are responsible for purchasing any ancillary item(s) that are lost.

A teacher who fails to return an assigned teacher edition or any assigned ancillary material(s) and cannot account for the missing material(s) through the annual textbook inventory report shall be subject to disciplinary action for the lost material(s).

The campus textbook activity account shall be used for all transactions. Funds collected for materials not returned need to be deposited into the campus textbook activity account.

**TEACHER AND PARAPROFESSIONAL TRANSFER REQUESTS AND REQUIREMENTS**

In accordance with district policy and procedures, teacher/paraprofessional transfers for an ensuing school year may be at the initiative of the superintendent or other administrators, and also with consideration provided at the request of individual teachers.

A teacher/paraprofessional-initiated request for transfer does not guarantee that such a transfer will be made because each request has to be considered in terms of such factors as:

1. priority and number of transfers which have to be made for administrative reasons;
2. available vacancies;
3. qualifications/certification of the requesting employee; and,
4. campus instructional and organizational needs (principal's judgment).

An employee currently on a teacher in need of assistance plan or performance growth/deficiency plan and/or administrative directives is **not eligible** to request a transfer. With the exception of administrative transfers, principals **must** approve all teacher/paraprofessional-initiated transfers to their schools.

**District Priorities**

1. Employees returning from temporary disability (TD) and those at campuses where projected enrollment data reflect the need for fewer staff members because of boundary changes and/or lack of previously expected growth will be given the highest priority for administrative transfers.

2. Teacher/paraprofessional-initiated requests will be given consideration to the greatest extent possible. Principals may elect to not schedule interviews for employees wanting to transfer if the campus has no known openings; however, if an opening becomes available, that principal will begin the consideration process by reviewing listed individuals from the transfer list.

**Procedures for Requesting a Transfer**

1. All Teacher/Paraprofessional Transfer Requests are completed via the internet. The employee logs on to a CFISD computer and proceeds to [www.cfisd.net](http://www.cfisd.net). A link will be provided on the homepage that takes employees through the process.

2. Once the transfer request has been electronically submitted, principals will have access to daily reports to review the information.

3. Deadlines for submitting transfer requests will be established and published each year.

**District-initiated Transfers**

The superintendent has the right to assign duties to the teacher as deemed proper, and may, from time to time, assign or reassign the teacher to additional duties. The superintendent has the right to make changes in teaching and building assignments, subject to provisions of Section 11.202(b) of the Texas Education Code, which are determined in the best interest of the district and of those involved. The superintendent will consider campus seniority and principals' recommendations in making assignments and reassignments.

**Guidelines for Paraprofessional Promotions**

Any paraprofessional who would like to advance or move up a pay grade would need to apply for positions as they are posted. It is the responsibility of the applicant to be sure he/she has the appropriate skill level, a positive evaluation, support from his/her supervisor and qualifications for the opening. Employees are to follow application instructions as noted on the job postings. Job opportunities are posted in buildings, district facilities, on the internet - [www.cfisd.net](http://www.cfisd.net), on the job line 281-517-2129 and on cable Channel 16.
Philosophy
Because Cypress-Fairbanks Independent School District expects the continued development of both professional and paraprofessional staff, the district provides many growth opportunities throughout the school year and during the summer in order to support that professional growth. A critical component of the continuous improvement process is the on-going support provided by the appraisal process and the collaboration between the teacher and administrator.

TEACHERS
Appraisal of Teacher Performance
Cypress-Fairbanks ISD has adopted a locally developed system for teacher appraisal as outlined in Texas Education Code (TEC), §21.352. As outlined, this appraisal process, Cypress-Fairbanks Professional Development and Appraisal System (CFPDAS), does include:

(a) at least one appraisal each year;
(b) a conference between the teacher and the appraiser that is diagnostic and prescriptive with regard to remediation needed in overall performance by category; and
(c) criteria based on observable, job-related behavior, including:
   1. teachers' implementation of discipline management procedures; and
   2. performance of the teachers' students.

The CFPDAS process includes:
(a) a goal-setting process, including completion by the teacher of the Professional Development: A Plan for Student Learning - Goal Setting - Part I;
(b) an opportunity for reflection and sharing between the teacher and colleagues with the completion of the Professional Development: A Plan for Student Learning - Reflection/Sharing - Part II;
(c) multiple opportunities for classroom observations, both formal and/or informal, to be conducted by the assigned appraiser and other administrators;
(d) cumulative data of written documentation collected by the appraiser regarding job-related teacher performance, in addition to formal classroom observations;
(e) a goal evaluation process and the completion of the Professional Development: A Plan for Student Learning - Goal Evaluation - Part III;
(f) a written summative annual appraisal report, the Professional Development: A Plan for Student Learning - Summative Conference Data - Part IV completed by the appraiser; and
(g) a summative annual conference to be held with the teacher and appraiser.

Specific and detailed information about the process and following topics may be found in a separate publication, Cypress-Fairbanks Independent School District Professional Development: A Plan for Student Learning for Teacher/Paraprofessional Appraisal and Compensation:
- the appraisal standards, domains and criteria;
- a “Teacher in Need of Assistance Plan;”
- the teacher response and appeal process;
- appraiser qualifications;
- requirements for teacher orientation; and
- specific appraisal timelines.
Professional Development Opportunities – Teachers

Rationale
At the core of a plan to offer professional development lies the assumption that there is a strong and direct relationship between staff development and improvements in student learning. That link is strengthened by current research cited in the professional literature.

Expectations/Eligibility
The belief that continuous professional development is vital to teacher and student growth undergirds this plan. Beginning in 2002-03, district expectation is that teachers should earn twenty-five (25) clock hours of professional development annually OR seventy-five (75) clock hours of professional development during the three most recent years.

If a teacher has 25 hours for the current year, it is not necessary to look back to any previous years – this meets the 25/75 hours’ expectation and is eligible for consideration for "Exceeds Expectations" in Domain VI of CFPDAS. In the event that the teacher does not have 25 hours in the current year, the professional development records of the current year and the previous three years need to be reviewed to determine if there is a minimum of 75 hours during these four years. If there are 75 hours, this meets the 25/75 hours expectation and is eligible for consideration for "Exceeds Expectations" in Domain VI of CFPDAS.

Teachers on Appraisal Plans I or II are eligible to participate in the compensation plan. Progress toward the 25 hours annually or 75 hours over the four-year period will be reviewed at the summative conference, and, if the expectation is not met, the teacher and supervisor will discuss any apparent concerns and possible extenuating circumstances. Evidence of implementation and the link that exists between the activities and district/campus goals will also be discussed.

For appraisal purposes, the "Proficient" standard of Domain VI of CFPDAS should be based upon successful engagement in and implementation of professional development activities "on-contract" (district and campus professional development). The "Exceeds Expectations" standard should be based upon successfully seeking out, engaging in, and implementing professional development activities "off-contract."

Plan I teachers eligible to move to Plan II who have not earned 25 hours in the current year or 75 hours in the current year and the previous three years will not move to Plan II, barring extenuating circumstances determined by the appraiser. Plan II teachers who have not earned 25 hours in the current year or 75 hours in the previous three years’ hours will return to Plan I for at least one year, barring extenuating circumstances determined by the appraiser.

Time Equivalency
A campus may choose to designate a campus professional development day as a “Time Equivalency” day. The principal is responsible for setting the parameters for acceptable activities which may be used. The seven hours required for credit toward the Time Equivalency day must be earned off-contract and prior to the scheduled Time Equivalency day.

An employee who has not accrued the required professional development credit prior to the Time Equivalency day must report to work as directed by the principal or follow the procedures for non-discretionary leave.
Failure to adhere to these procedures will result in a reduction in the employee’s salary equal to that employee’s daily rate of pay.

A principal may not approve the use of discretionary leave on a staff development day except in the event of extenuating circumstances.

**PARAPROFESSIONALS AND NON-TEACHING PROFESSIONALS**

**Appraisal of Paraprofessional Performance and Non-teaching Professionals**

All staff members, professional and ancillary, should be evaluated annually by their supervisors. All paraprofessional and non-teaching professionals will, in collaboration with their supervisors, demonstrate through the annual goal-setting and evaluation process their continued professional development.

An orientation to the appraisal process should be provided by the end of October for all employees, including the criteria upon which the annual evaluation will be based. The evaluation document and the *Professional Development Record* should be reviewed with the employee at the summative conference to be held by the end of May.

**Paraprofessional or Non-Teaching Professional Response and Appeals**

A paraprofessional or non-teaching professional may submit a written response or rebuttal at the following times:

(a) after receiving any written documentation associated with the employee’s evaluation and/or

(b) after receiving any other written documentation associated with poor job performance.

Any written response or rebuttal must be submitted within ten working days of receiving written documentation associated with the employee’s evaluation or after receiving any other written documentation associated with poor job performance. At the discretion of the supervisor, the time period may be extended to 15 working days. This written response or rebuttal should be attached to the record that is part of the paraprofessional or non-teaching professional’s permanent record. The supervisor must acknowledge the receipt of the written response or rebuttal within ten working days of its receipt.

The district has adopted written procedures for a paraprofessional or non-teaching professional to present grievances and receive written comments in response to the written annual evaluation. These procedures are outlined in Section III of this Employee Handbook.

**Paraprofessional or Non-Teaching Professional in Need of Assistance**

A paraprofessional or non-teaching professional whose performance meets any of the following circumstances will be designated as a “paraprofessional/non-teaching professional in need of assistance”:

(a) a paraprofessional or non-teaching professional who is evaluated with a summative score below 3.0;
(b) a paraprofessional or non-teaching professional who is unsuccessful in meeting the essential functions of the position in one or more areas.

When a paraprofessional or non-teaching professional is designated as an employee in need of assistance, the employee’s supervisor shall, in consultation with the employee, develop an intervention plan that includes the following:

(a) domain(s) that designate an employee as a paraprofessional or non-teaching professional in need of assistance.
(b) directives or recommendations for improvement activities;
(c) evidence that is used to determine successful completion of improvement activities;
(d) directives for changes in behavior;
(e) evidence that is used to determine if paraprofessional or non-teaching professional behavior has changed; and
(f) specific time lines for successful completion.

In a case when the paraprofessional or non-teaching professional’s evaluator is not the employee’s principal, the principal shall be involved in the development and evaluation of the intervention plan. A paraprofessional or non-teaching professional who has not met all requirements of the intervention plan for employees in need of assistance by the time specified may be considered for separation from the assignment, campus, and/or district.

The intervention plan shall include options for professional development activities designed to enhance paraprofessional or non-teaching professional’s proficiency. At least one option shall not place significant financial burden on either the employee or the school district. An intervention plan may be developed at any time at the discretion of the supervisor when the supervisor has documentation that would potentially produce an evaluation rating which is below 3.0.

A paraprofessional or non-teaching professional currently on an employee in need of assistance plan or growth/deficiency plan, and/or administrative directives is not eligible to request a transfer.

**Time Equivalency**

A campus may choose to designate a campus professional development day as a “Time Equivalency” day. The principal is responsible for setting the parameters for acceptable activities which may be used. The seven hours required for credit toward the Time Equivalency day must be earned off-contract and prior to the scheduled Time Equivalency day.

An employee who has not accrued the required professional development credit prior to the Time Equivalency day must report to work as directed by the principal or follow the procedures for non-discretionary leave.

Failure to adhere to these procedures will result in a reduction in the employee’s salary equal to that employee’s daily rate of pay.

A principal may not approve the use of discretionary leave on a staff development day except in the event of extenuating circumstances.
VIII. NON-CONTRACT EMPLOYEES
NON-CONTRACT (HOURLY) PERSONNEL EMPLOYMENT PRACTICES

In addition to Section III of this Handbook, the following information is provided for non-contract hourly employees.

Application and Interview
Persons interested in applying for hourly positions with the Cypress-Fairbanks Independent School District for printing, distribution, and security positions should inquire at the Human Resources Office located at 10300 Jones Road, Suite 229, Houston, TX 77065. Applicants for maintenance, bus driving, bus attendant, transportation servicereman, mechanic, mechanic helper, custodian, and food service positions should contact the Maintenance Department, 11430 Perry Road, Falcon Transportation Center, 11430 Falcon Road, or the Food Production Center, 11355 Perry Road. All applicants must complete an application form and be interviewed and screened by the appropriate personnel supervisor. Applicants may also be interviewed by the supervisor in the area wherein a job exists.

Applications are kept current and updated for one year. Each applicant is responsible for updating any information regarding change of address, name, telephone number, status, or any other pertinent information for as long as he/she has an active application on file for ancillary positions.

Any falsification of employment reports will disqualify the applicant from being hired or will result in termination of the applicant if he/she is hired.

Criminal Record Check
A criminal record check will be conducted on all applicants. Information obtained in this manner shall be used only to evaluate applicants for employment. If an employee is hired before a criminal check can be obtained, an unsatisfactory criminal background investigation report will be full justification for termination of employment with the district. Each applicant is required to respond to a written inquiry regarding conviction of a misdemeanor, felony, or offense involving moral turpitude (including, but not limited to, theft, attempted theft, rape, murder, swindling and indecency with a minor) and/or placement on probation or deferred adjudication. All employees have a continuing obligation to report within three calendar days any arrest or conviction or other adverse adjudication of any crime as previously described in Section III, page 28. The district may annually perform criminal history record checks on current employees.

Selection
Positions are offered to applicants in view of references, training, experience, and ability to meet the requirements of the available position. Documents required for employment with the Cypress-Fairbanks Independent School District are listed in Section III of the Handbook, pages 41-43.
EMPLOYMENT PROCEDURES AND WORK RULES

Ancillary personnel shall serve at will, are not employed for any specified length of time, and have no property rights in their employment.

Assignments
The original assignment is made at the time of employment, except in operations and food service, where a nucleus of substitute workers in a department are called when or as needed.

Employees assigned to craft positions which require licensing or certification are responsible for maintaining a current license/certification.

The work weeks and daily time schedules will be established by the administration based on the needs of the district and are subject to change when necessary.

Transfers
Employees can be transferred at any time due to changes in enrollment or district requirements. Any employee may be assigned to any facility in the Cypress-Fairbanks Independent School District, whether the employee requests such an assignment or not. Refusal to accept an assignment to a designated facility will be interpreted as a resignation on the part of the employee.

Voluntary Transfer
Employees who wish to transfer from one building to another within the same department within maintenance and operations, food service, media center, transportation (excluding bus drivers and attendants), distribution center, mail service and computer repair, will need to first talk with his/her immediate supervisor about his/her interest in making a job change; then apply directly to the supervisor who has the opening.

Identification Badges
Employees will be photographed at the time of processing and an ID badge will be prepared for the employee's use at no cost to the employee. Each hourly employee will wear his/her ID badge at all times during normal working hours and overtime. It must be clearly visible, except in cases where the type of work does not permit the display.

If the identification badge is lost or destroyed, the employee will contact his/her department supervisor within three business days to get a replacement. There will be a $10.00 replacement fee for all lost badges. An ID badge will be replaced at no cost to the employee if the badge is mutilated/damaged; however, the employee is required to present the damaged badge at the time of request for a new badge.

A campus identification badge may not be substituted for the official ID badge. There will be no defacing of, deletions/additions to, or ornamentation added to the official badge.

Evaluations
Written employee evaluations are required annually; however, periodic observations and
evaluations are made as frequently as deemed appropriate by the employee's immediate supervisor.

Evaluations are intended to provide the employee and supervisor a mutual understanding of job requirements and performance which can and should be improved. The evaluations will focus on job performance and safety as well as other appropriate facts. This evaluation shall be discussed in detail with the employee by his/her immediate supervisor. The employee shall have the opportunity to make any comments he/she wishes in writing on the evaluation form.

The following scale will be applied when evaluating an employee’s attendance:

Absences for jury duty, bereavement, religious holidays, military service, and those absences in response to a lawfully issued subpoena to a non-party of interest, are not counted in the total used for the performance evaluation rating. Time off for religious holidays shall be reasonably accommodated so long as the time off does not cause undue hardship on the conduct of district business. Employees may request to use an available paid discretionary state personal leave day or take an unpaid leave day for the purpose of religious holiday observation. Approved day(s) for religious holiday observation will not be counted in the total days used for the performance evaluation. Those worker’s compensation and temporary disability absences exceeding the FML days will be included in the number of absences for the evaluation rating.

Employees receiving a less than satisfactory evaluation will not be eligible to receive a GRI (General Rate Increase) the following school year. The employees’ salaries will be frozen at their present amounts.

Signing of the evaluation form does not indicate that the employee agrees with the evaluation, but it ensures that each employee has seen his/her evaluation and has had an opportunity to comment in writing. Employees will receive copies of their evaluation forms following their evaluation conferences.

The original copy of the evaluation form will be retained in the employee's personnel file which
is located in the Ancillary Personnel Office. The evaluation period for hourly personnel shall be from April 1- March 31.

**Operators of District Vehicles/Mobile Equipment**
All persons who drive a district vehicle or operate mobile equipment must undergo an annual driver’s license record check. An acceptable driving record as determined by the Texas School Bus Drivers' Driving Evaluation criteria (less than 10 points) must be shown in order to operate a district vehicle/mobile equipment. Employees who receive a citation while driving a district vehicle must notify his/her immediate supervisor immediately.

Drivers who are required to hold a CDL will be required to take a physical every two years and will be assigned to the random drug testing pool.

Mobile equipment includes but is not limited to such equipment as street vehicles (cars/trucks), tractors, riding lawnmowers, forklifts, pallet jacks, ditch witches, and golf carts.

Unauthorized use of a district vehicle includes using the vehicle to run personal errands and transporting unauthorized passengers.

**Notification of Traffic Violations**
Pursuant to CDL requirements, a CDL driver must notify his/her employer, in writing and within 30 days, of a conviction for any traffic violation (except parking) regardless of the type of vehicle being driven at the time of the violation.

Employees who operate mobile equipment other than vehicles must also notify his/her supervisor in writing and within 30 days of a conviction for any traffic violation (except parking).

**Absence**
Regular, prompt, and reliable attendance is an essential job function. Employees are expected to report to work on time on a regular basis. Employees who will be absent or late arriving to work are required to contact their designated department prior to the beginning work time, and according to departmental procedures regarding who to contact and when contact must be made. Excessive and/or undocumented absences may lead to disciplinary action up to and including termination.

A doctor's release will be required and must be presented to the department office or supervisor before returning to work for any absence of more than three (3) consecutive days. The Cypress-Fairbanks Independent School District does reserve the right to check with the doctor on an employee's work status to determine if the employee can perform his/her assigned duties.

**Tardies**
An employee who is late to work six (6) minutes or more is officially counted as tardy. Excessive tardiness (six [6] annually or during an evaluation cycle) can justify termination. Employees who are one (1) to five (5) minutes late are not to work on time. Frequent occurrences of arriving to work late, but not officially tardy, can be addressed with the employee for corrective measures. Six (6) occurrences of arriving late will equate to one (1) tardy.
Time Clocks/Swiping
Employees required to use the swipe card for attendance/compensation purposes should not swipe in more than six (6) minutes prior to his/her scheduled start time or swipe out more than six (6) minutes after his/her scheduled departure time without a supervisor’s pre-approval. Overtime must be pre-approved and will be reported via an exception report.

Notice of Vacancy
A director whose department has a job opening will contact the Director of Ancillary Personnel. The Director of Ancillary Personnel will post the opening for 10 workdays on the district’s website. If a newspaper posting is requested, it must be approved by the department's associate superintendent. This notice shall be posted by directors/supervisors at all sites so that all employees have access to notification of the opening. Any employee interested in applying must follow the directions on the posting and the procedure listed below:

1. Notify his/her immediate supervisor and then contact the department which has the opening.
2. All applicants, both from within the district and from outside the district, may be interviewed by the assistant director of the respective department.
3. All promoted non-contract employees will be in training for 90 days. During this time, the employee may be terminated or returned to his/her original or an equivalent position if he/she is not performing satisfactorily.

RESIGNATIONS

General Requirements
All resignations shall be submitted to the superintendent’s designee. The employee shall give reasonable notice and shall include a statement of the reasons for resigning. A prepaid certified or registered letter of resignation shall be considered submitted upon mailing.

An employee who resigns should give his/her supervisor as much advance notice as possible to allow time to hire and train a replacement. A minimum of two weeks’ advance notice is expected. If an hourly employee, for whom a physical examination and drug test is required, voluntarily resigns his/her position during the first six months of employment, the cost of the physical examination and drug test may be withheld from his/her final paycheck.

An employee who resigns must have an exit interview with the immediate supervisor and/or the Assistant Director for Human Resources, fill out the necessary forms (resignation and TRS), and turn in issued equipment, materials, keys, parking lot gate key, badge and uniforms, etc. Costs of uniforms may be deducted from an employee's final paycheck for failure to return district uniforms within three (3) work days of resignation or termination.

If a non-contract employee, for whom a physical examination is required, voluntarily resigns his/her position during the first six months of employment, the cost of the physical examination, including drug test, may be withheld from his/her final paycheck. A non-contract employee who voluntarily resigns or is terminated may have the cost of uniforms deducted from his/her final
paycheck if uniforms are not returned within three (3) business days following the separation of employment.

**Resignation Checklist**
The following checklist is being provided as a recommended guideline to use by all staff members when severing their employment with the district. All inquiries about prospective resignations will be handled in a confidential manner by the Human Resources, Payroll, and Insurance departments.

√ If you are resigning your position because of a serious health condition of your own or that of a family member, you should contact the Insurance Department before you officially resign to determine if you may be eligible for valuable benefits for which you have already paid. Benefits that may potentially be available to assist you include:

- Paid time off (sick leave, overtime, vacation)
- Temporary disability leave
- Family Medical Leave
- Disability insurance
- Sick Leave Bank membership
- Teachers Retirement System of Texas (TRS)

√ If you are resigning in order to retire from TRS, go to the “Retirement Checklist” on pages 103-105 of this Handbook.

√ If you are eligible to use any of the benefits listed above, the district can help you coordinate your leave or resignation to assure you receive the benefits you have earned. **Be sure to investigate your benefits BEFORE you officially resign. Once your resignation has been accepted by the Human Resources Department, it cannot be rescinded.**

√ Provide the Human Resources Department with your new address if you are moving.

√ Unused vacation days will be paid at the employee’s current daily rate.

√ All inquiries regarding terminating membership in the Teachers Retirement System of Texas (TRS) and withdrawing member contributions need to be addressed directly with TRS. Outside Employment

Any additional or supplementary part-time employment accepted by employees must not, in any way, interfere with the complete and efficient performance of duties.

Procedures For Assigning and Searching Employee Lockers

1. Cypress-Fairbanks Independent School District seeks to provide lockers for its employees' convenience when possible. A locker may be assigned to any employee for his/her use, but the locker remains the property of Cypress-Fairbanks Independent School District.

2. Employees who have lockers assigned to them must sign the Locker Assignment form and are responsible for the contents. A locker may be searched if there is a reasonable cause or, if necessary, to recover district property. Cypress-Fairbanks Independent School District will attempt to notify the involved person prior to the search, and he/she should be present at the time of the search, if possible. Prior notice may not be possible.

3. Emergency situations may necessitate a search without notice to the person assigned to the locker, but in the absence of the individual, a second party shall witness any search. An inventory of the contents shall be made.

4. Administrators/supervisors must ensure that all employees under their direction or supervision are aware of the procedures for assigning and searching lockers.

5. It is the responsibility of supervisors to obtain signed statements from current employees under their direction or supervision who have been assigned a locker. Supervisors must also ensure that a signed statement is obtained from any new employee who is assigned a locker.

Safety and Reporting Accidents

To attain the maximum results from a safety program, each of us must be dedicated to the idea that every accident and loss can be prevented. We must believe that it is worth our time and effort to prevent even one minor injury that could have been serious, or one minor damage incident that could have been a major loss.

Ancillary employees involved in an accident while on the job shall notify their department office, immediate supervisor, or school principal as to the nature of the accident and type of medical care required. If the accident/injury requires medical attention, the employee shall be sent to the nearest medical professional, facility or personal doctor for medical care.

The employee shall report to the building principal or his/her immediate supervisor as soon as possible and within a 24-hour period in order to prepare the employee accident form "Employee's First Report of Injury or Illness". See Section V of this Handbook for Workers’ Compensation guidelines, pages 118-121.

DISCIPLINARY POLICY AND PRACTICES

All hourly employees are AT WILL employees of the district. The district or the employee may
terminate the employment relationship for good cause or no cause. Nothing in district policy, regulation or this Handbook shall be construed to grant hourly employees a property interest in their positions.

All employees are expected to conform to reasonable standards of performance and conduct. If an employee is unable to maintain these standards, corrective discipline or termination may be required. The goals of corrective discipline are to remedy improper conduct on the part of an employee and to maintain an effective work force.

Misconduct in the Work Place
Disciplinary measures, or termination as the circumstances warrant, may be applied for misconduct in the work place. Corrective discipline may be initiated at the most appropriate level, based on each case and its severity. When applying corrective discipline, action may be taken as the supervisor deems appropriate from one or more measures that include, but are not limited to:

1. coaching session – a scheduled conference with an employee to reach agreement regarding how to correct a problem and/or improper performance;

2. oral reprimand – may be issued to an employee for misconduct by the administrator or immediate supervisor. An oral reprimand serves as notice to the employee that the specific conduct in question is considered undesirable, shall be corrected, and shall not reoccur in the future.

3. written reprimand – may be issued subsequent to any oral warning for misconduct or may serve as first notice to the employee that he/she has breached his/her designated responsibility. The written reprimand shall contain:
   a. facts of the incident/situation
   b. specific directives for correction;
   c. remediation techniques;
   d. date of reprimand; and,
   e. employee’s signature of receipt and acknowledgment.

A copy of the written reprimand shall be provided to the employee. The original reprimand shall be placed in the employee’s personnel file as a permanent record of the misconduct and discipline. The employee has the right to attach his/her written rebuttal to the documentation.

4. administrative leave with pay, authorized by the superintendent or designee;

5. administrative suspension without pay;

6. administrative leave without pay, authorized by the superintendent, as an alternate to termination;

7. demotion, authorized by the superintendent as an alternative to termination.

8. termination
A. In order to maintain a good working environment, all employees are expected to conform to reasonable standards of performance and conduct. When an employee demonstrates an inability to maintain these standards, the department head or supervisor will take necessary corrective action. This action in all cases is directed toward resolving personal and work-related problems which interfere with the employee's effectiveness. When all reasonable efforts to correct employee deficiencies are exhausted, it is necessary that he/she be terminated.

B. An employee whose performance is unacceptable, as determined by the employee's supervisor, may be recommended for termination. Reasons for termination include, but are not limited to, unsatisfactory evaluations, verbal warnings, uncorrected notices of performance deficiencies or offenses that justify immediate dismissal. Examples of offenses warranting immediate dismissal include, but are not limited to, the following:

a. adjudication at the trial court level for any felony or misdemeanor which is manifestly inconsistent with the safe and efficient operation of the school or department. This includes conviction of any felony, any crime involving moral turpitude, any crime disrupting the educational process or work place or any other adverse adjudication.

This also includes reporting to work while under the influence of alcohol or testing positive for alcohol.

If more than one employee possesses the same classification, and all positions within that classification are not eliminated, the ability, performance, and fitness of the employee(s) involved shall be considered as compared to other members in the same job classification, along with any other relevant criteria identified by the administration.
