

2018-2019 EXTRA PERFORMANCE PAY/INSTRUCTIONAL STIPENDS

If the individual does not complete the stipend assignment, the stipend will be pro-rated based on the calendar for that stipend. For example, if a stipend has 45 days plus 5 duty days in the fall, and 18 days plus 5 duty days in the spring, an individual that only works the 45 days in the fall would be eligible to be paid the stipend rate /(45/63) and the 5 duty days at their current rate for the fall. If at the time they resign from the assignment, they have been paid more of the total stipend than the prorated earned amount, they would owe the district for the overpayment. Equally, if at the time an employee resigns from the assignment, have not been paid the prorated amount of the assignment, the district would owe the individual the remaining prorated amount.

An individual who accepts an assignment after the start of the calendar for that assignment will receive the prorated amount for that stipend and any extra days that have yet to occur
