From their founding in 1882, the public schools were operated by the Fort Worth city government. In 1925, however, the Texas Legislature removed the city's authority and created the Fort Worth Independent School District, as we know it today, to manage and operate the schools.

The Fort Worth Independent School District is controlled locally through a Board of Education Trustees elected by voters within each district. Nine Trustees serve as single-member district representatives. All Trustees serve four-year terms without pay. The Board of Education conducts the school program in accordance with the state constitution and the standards set by the Texas Education Agency. A policymaking body, the board delegates the day-to-day administration of the schools to the Superintendent and the professional staff.

Regular board meetings are open to the public. Meetings are televised live on Charter Cable Channel 192, AT\&T U-Verse 99, and via live streaming video on the District website's Video on Demand. Minutes may be reviewed in the Superintendent's office in the administration building, 100 N. University Drive. For additional information, please contact the Office of the Board of Education, (817) 814-1920.

## Section I <br> Compensation Guidelines

## COMPENSATION PHILOSOPHY

Each year the Compensation Department develops and recommends a pay system for all District personnel to the Superintendent, who shall present the pay system to the Board of Education for adoption. The pay system shall be designed to provide appropriate pay for the assessed worth of individual jobs. The system shall be administered with the intention that employee pay will:

- stay competitive with appropriate labor markets so that the District may attract and retain qualified personnel
- reflect the levels of skill, effort, and responsibility required for different jobs
- reward continued length of service to the District
- be fiscally controlled and cost effective
- comply with all federal, state, and local laws and Board of Education policies
- encourage outstanding individual and team performance.

## Pay Structures and Pay Ranges

The pay system shall consist of salary structures of the major employee groups: teacher, librarian, nurse, counselor, campus professional support, campus administrator, instructional programs (exempt), business and operations (exempt), technology, executive, instructional support (non-exempt), administrative support (non-exempt), and operations (non-exempt).

Pay ranges for each pay grade are based on an assessment of the job worth, which establishes the minimum and maximum pay rates within the range. Employees will be paid the daily or hourly rates within the ranges as established for their assigned position. Pay rates outside the established range requires the Superintendent or designee's approval.

## Salary Advancement

Pay ranges shall be structured to allow the opportunity to increase employee pay within the range for continued service to the District. On an annual basis the Superintendent shall make recommendations to the Board of Education regarding salary increases. Recommendations shall be based on consideration of factors such as cost of living indexes, wage increases, salary structure adjustments within competitive job markets, and District budget resources.

## Transfers between Employee Job Groups

Compensation for employee groups is unique and the years of experience for most are not transferable between groups except as outlined below.

1. teacher assistant to secretary/clerk;
2. secretary/clerk to teacher assistant;
3. teacher assistant to teacher (see page 9 under Teachers for more information);
4. teacher to teacher assistant (certified teacher who transfers to a teacher assistant non-punitive receives salary consideration for all teacher experience as a teacher assistant);
5. teacher, nurse, librarian, counselor within each campus support professional pay structure.

Also, a professional employee who subsequently becomes a certified teacher, receives credit for all professional years as long as the employee possessed a bachelor's degree and the percent of time and minimum required days were met (i.e., accountant, MBA with 17 years to certified teacher, receives master's level pay and 17 years of experience on the teacher salary structure).

## Salary Guidelines for New Hires

## Credit for Prior Experience

## Teachers

- FWISD grants one (1) year of teaching experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the Teacher Salary Schedule according to degree level and years of creditable experience.
- Experience from foreign private schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rule on Creditable Years of Service are met. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. It is the responsibility of the foreign authority to provide relevant, credible, and accurate information before any credit is given (documents must be translated in English format). Such experience will be considered on a case by case basis with final approval from TEA.

Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. The District is not liable for any previously non-compensated salary related to such experience.

- Effective with the 1998-99 school year, a teacher may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the teacher held a valid teaching certificate at the time the service was rendered, the teacher was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the teacher held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.
- Beginning with the 2004-2005 school year, a teacher assistant who subsequently becomes a certified teacher may receive up to two years of teacher assistant experience for salary increment purposes, provided they held a valid Educational Aide certificate and worked the required number of days and percent of time when employed. Experience outside FWISD must be verified using the teacher service record form (FIN115), or a similar form containing the same information.
- Career and Technology teachers may count up to two years of full-time work experience for salary increment purposes if the work experience was required for career and technology certification (Chapter 153. School District Personnel, Subchapter CC, Commissioner's Rules on Creditable Years of Service).

## Librarians and Counselors

- Librarians and counselors are placed on the appropriate salary of their respective salary schedules according to degree level and creditable years of experience.
- FWISD grants one (1) year of experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the appropriate salary schedule according to degree level and years of creditable experience.
- Experience from foreign private schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rule on Creditable Years of Service are met. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. It is the responsibility of the foreign authority to provide relevant, credible, and accurate
information before any credit is given (documents must be translated in English format). Such experience will be considered on a case by case basis with final approval from TEA.

Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. The District is not liable for any previously non-compensated salary related to such experience.

- Effective with the 1998-99 school year, a librarian or counselor may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the teacher held a valid teaching certificate at the time the service was rendered, the teacher was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the teacher held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.

## School Nurses

- Nurses are placed on the appropriate step of the nurse's salary schedule according to degree level and creditable years of experience.

A bachelor's degree and registered nurse's license (RN) are required for employment as a school nurse.

- The Texas Education Agency guidelines will be followed for determining creditable experience. Experience used for salary placement decisions is determined by the Compensation Department, and is subject to the following exception:

## Exception to Compensation Policy

- Validated non-school based nursing experience will be credited on a one-forone year basis if that experience was in a hospital operated or owned by a public college or university accredited and recognized by TEA or a private college or university accredited by a TEA recognized regional accrediting agency.
- Effective with the 1999-00 school year, nurses may receive substitute teacher experience credit as a certified substitute teacher for salary increment purposes, provided the nurse held a valid teaching certificate at the time the service was rendered, the nurse was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule also applies to out-of-state substitute teaching experience. Beginning with the 1998-1999 school year, a substitute teacher (as defined in subsection (a) of the Commissioner's Rules) employed in an entity recognized for years of service (as prescribed by subsection (g) of the Commissioner's Rules) is eligible for creditable service. A valid emergency or local permit also meets the certification requirement.

## Speech-Language Pathologists, OT's, PT's, O\&M Specialists, Audiologists, LSSP's

- FWISD grants one (1) year of experience for each 12-months of full-time professional employment in the specific job field in accredited public and/or private schools, postsecondary schools, and teaching hospitals.

Up to ten (10) years of full-time experience in the specific job field with a certified or licensed public agency that provides social/health services for children or youth may be credited toward advanced salary placement.

- The limit on the number of non-education related creditable years accepted is 10. This is a local credit only (FWISD). As a local credit this service credit may/may not be recognized by other Texas school districts (public or private).

## Junior Reserve Officers Corp (JROTC) and Middle School Junior Cadet Corp (JCC)

- The Junior Reserve Officers Corp (JROTC) employee pay is based on a salary schedule, computed by the JROTC Director, in compliance with mandates from Title 10, U.S. Code, Section 2031, of the Defense Departments Active Duty Finance Tables, and military service regulations, which also includes the JROTC stipend scale.
- $\quad$ The Junior Cadet Corp (JCC) instructor salaries (middle school) are based on a 187day teacher salary schedule. The salary scale for MS/JCC is based on the level of years of active military service, teaching experience (military service schools or civilian), military and post-secondary education, leadership background and experience, and other intangible professional credits.

School experience and active duty experience may be counted for a local step adjustment under provisions of the Commissioner's Rule on Credible Years of Service, Chapter 153.1021, for Career and Technology Teachers.

- Ten (10) years of full-time experience will initially be credited toward advanced base salary according to degree level, education, and military records. This also includes a JCC stipend. The 10-year credit is applicable only to the position of JCC instructor and is not transferable to other positions.

JROTC/JCC instructors transferring to a full-time position will not receive military experience credit unless it meets TEA guidelines.

## Other Permanent Employees Paid on Salary Ranges

- $\quad$ Starting pay for an employee who is new to the district and is classified in a pay range plan will be determined individually based on each person's job-related experience and current salaries paid to employees in the same position with similar experience. The following guidelines shall be followed to calculate credit for prior job experience for purposes of placing new hires in a pay range.
- Salary credit for prior experience that is directly related to the job will be determined by the Compensation Department at the time of hire. Prior experience may be obtained from another school district or any other employer.
- Employees may receive salary credit equal to one percent above the minimum of the pay range for each full year of directly related job experience up to 18 years, subject to peer equity considerations. Starting pay may not exceed the midpoint of the pay range.
- Starting pay for a new hire may not exceed the pay of a district employee in the same job title who has equal or more experience in the job.
- Starting pay for employees who are classified at or above the director job level may exceed the midpoint of the pay range. Executive and high level administrators will be placed on an individual basis by the Compensation Department in consultation with the job supervisor.
- Exceptions to these placement guidelines may be approved by the Superintendent or designee for specialized jobs that are hard to fill.

## All Employees

- It is the responsibility of the employee to submit original service records and official transcripts. Copies will not be accepted.
- Employees who provide service records with verifiable, creditable experience may receive additional salary if service records are submitted to Compensation no later than 5:00 pm on June $30^{\text {th }}$, following your hire date of the current school year. Service records received after this date which qualify for a salary adjustment will be processed for the following school year by Compensation. Service records received after June $30^{\text {th }}$ of the school year hired will not qualify for or receive back pay.
- Certain positions (teachers, librarians, counselors, and nurses only) may be eligible for additional compensation for earning advanced degrees. Official transcripts must show the date the advanced degree was conferred and must be submitted to Compensation no later than 5:00 pm on June $30^{\text {th }}$, following your hire date of the current school year (for new employees) or following the date the degree was conferred (for current employees). Transcripts received after this date which qualify for a salary adjustment will be processed for the following school year by Compensation. Transcripts received after June $30^{\text {th }}$ will not qualify for or receive back pay.

## Promotions

Promotions shall be defined as movement from a position in a lower classification to a different position in a higher classification.

A promotion increase is applied to the employee's current base salary less any stipends paid for supplemental duties.

Salary placement for a promotion should follow the same guidelines as placement for a new hire. Employees who are promoted internally should not be paid less than a new hire would be paid with the same experience. In any event, an employee who is promoted to a higher pay grade should receive no less than a three percent rate increase (applied to the midpoint of the new pay range) nor be paid any less than the minimum rate of the pay range. Adjustments to promotion increases will be made as necessary to maintain pay equity among peer employees with equal or greater experience.

## Lateral Transfer (Placements)

A lateral transfer is defined as movement to another job assigned to the same or equivalent pay grade. Lateral moves may involve a change of days (higher/lower); however, the daily rate of pay remains the same. Lateral placements can also be classified as voluntary or involuntary. Lateral transfers are not eligible for salary increases, except for adjustments required to reflect the work calendar days of the new job, if applicable. There may be peer equity adjustments given for lateral transfers where the normal salary of peer employees exceeds the salary of the new employee in that department. This type adjustment must be approved by the appropriate Leadership Team member and the Senior Officer of Compensation and Employee Records.

## Pay Adjustments for Reassignment to a Lower Pay Grade

A reduction in pay may occur when an employee is reassigned to a different job in a pay range with a daily/hourly rate midpoint that is less than the daily/hourly rate midpoint of the previous job's pay range. Any reduction in pay is subject to approval by the Superintendent or designee.

Contract employees - For Chapter 21 and non-Chapter 21 contract employees, a reduction in pay as a result of a voluntary reassignment will be effective with the date of reassignment to the lower pay grade.
For an involuntary reassignment, a Chapter 21 contract employee will retain their existing daily rate and number of work days through the end of the current school year. It may be extended to comply with Chapter 21 contract requirements. A non-Chapter 21 contract employee will retain their existing daily rate and number of work days through the end of the current school year only. At the beginning of the school year in which the reduction is to take
place, the salary and days will be commensurate with the new position.

Noncontract emplovees - A reduction in pay as a result of a voluntary reassignment for a noncontract employee will be effective with the date of reassignment to the lower pay grade.

For an involuntary reassignment, a noncontract employee will retain their existing daily/hourly rate and number of work days through the end of the current school year. At the beginning of the following school year, the salary and days will be commensurate with the new position.

Reduction calculation - When the reassignment is from one pay range structure to another pay range structure, the employee's base rate of pay (hourly or daily) will be reduced to the same percent of the range midpoint (rate divided by midpoint) in the lower pay range.

Example of calculating a pay reduction for reassignment to a lower pay grade:

| Higher Pay Grade |  | Lower Pay Grade |  |
| :--- | :---: | :--- | :---: |
| Employee Rate | $\$ 14.50$ | Midpoint Rate | $\$ 13.60$ |
| Midpoint Rate | $\div \$ 15.87$ |  | Percent of Midpoint |

In the case of reassignment from a pay range structure to an experience/degree-based placement scale (teacher, librarian, counselor, or nurse), salary placement will be made according to years of creditable experience and highest degree earned.

In any case, the new salary mav not exceed the maximum salary of the new pay grade without the approval of the Superintendent or designee. Other exceptions also require the Superintendent's approval.

## Pay Equity Adjustments

Subject to District policy restrictions on mid-year pay increases (DEA-Local and DEAB-Legal), the Superintendent or designee may authorize special pay adjustments for the purpose of correcting pay inequities for individual employees caused by internal errors or market changes for critical skills needed by the District.

## Reinstatement Following Break in Service

An employee who is rehired following a break-in-service that is less than 12 months shall be reinstated at the same pay rate previously held prior to the break-in-service if rehired for the same position.

If rehired at a different pay grade level or rehired following a break in service that is greater than 12 months, the employee will be placed according to the procedures for placement of new hires.

## Supplemental Pay

Supplemental pay (stipends and extra duty pay) represents remuneration in addition to, but separate from, regular base salary. Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right. Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

## Job Classification/Reclassification

All positions, with the exception of teachers, librarians, counselors, nurses, substitutes, and part-time/temporary, are assigned to pay grades based on the level of skill, effort, and responsibility required for the job assignment. Compensation will classify new positions or reclassify existing positions as necessary based on job requirements and comparability to other positions in the District or in the marketplace. An approved reclassification is granted up to $3 \%$ of the new pay grade midpoint.

## Evaluation of Experience from Other Educational Entities

Several factors are examined to determine whether prior experience from other educational entities is creditable. These factors include;
(1) position held (similar or related positions)
(2) accreditation status of the institution
(3) percentage of days worked
(4) number of days worked (must equal 90 full-time equivalent days)
(5) dates of employment
(6) type of institution

Approval of service credit is subject to state law and is regulated by the Texas Education Agency (TEA). Fort Worth Independent School District adheres to the minimum requirements as stated in Subchapter CC of the Commissioner's Rules on Creditable Years of Service.

## Creditable Years

Creditable service does not include part-time/temporary employment or employment as a substitute, regardless of service time, date(s) of termination, or type of accumulation.

## Service Records

Questions have been raised concerning the validity of creditable service documented on forms other than the Texas Teacher Service Record. Subsection (d) of Section 153.1021 states that: "The basic document in support of the number of years of professional service claimed for salary increment purposes and both the state's sick and personal leave program data for all personnel is the teacher service record (form FIN-115) or a similar form containing the same information".

It is the responsibility of the employee to submit original service records to Fort Worth ISD. Also, it is the responsibility of the issuing school district and the employee to ensure that service records are true and correct and that all service recorded on the service record was actually performed. Employees must sign the original service record and submit to Compensation. Employees submitting copies of an original service record must have all copies notarized from the previous district as the official document of record.

Please contact Compensation (817/814-2080) to request a service record packet. This form may also be found on the District's website or the TEA website (www.tea.state.tx.us).

## College Transcripts

College transcripts submitted from an accredited university or college must be provided to the Human Capital Management Department at the time of employment. Employees submitting these records at a later date must hand deliver those documents to Employee Records, not later than 5:00 pm on June $30^{\text {th }}$, following the hire date of the current school year. Transcripts received after this date that qualify for a salary adjustment will be processed at the beginning of the new (next) school year. Transcripts received after June $30^{\text {th }}$ of the school year hired will not qualify for/or receive back pay.

## Salary Increase Eligibility

Board-approved general salary increases apply to employees in permanent positions. Board Policy DEA (Local) states: "To be eligible for a pay increase, an employee must have a satisfactory evaluation from the prior school year." This policy also states: "In order to qualify for a year of experience or an approved salary increase in a subsequent year, an employee must have worked and been paid for at least four and one-half months, a full semester of more than four calendar months, or 90 actual working days in the current year. An employee may combine days worked in another school district, or other accredited entity recognized by the Texas Education Agency (TEA), in the current year with days worked in the District in the current year to satisfy this requirement, provided the service rendered in the other district is evaluated as creditable according to state and local regulations regarding service credit."

## Approval Process for Policy Exceptions

Exceptions to the above regulations require the approval of the Superintendent or designee.

## Section II

## Classroom Teacher Salary Schedule

Salary increases are not granted automatically each year; therefore, neither past nor future salaries can be calculated, assumed, or predicted on the basis of this schedule. The Board of Education adopts a new compensation plan each year. Future salaries should not be assumed or predicted.

## Section V

## Supplemental Pay Schedules (Stipends)

Supplemental pay (stipends) represents remuneration in addition to, but separate from, regular base salary, and includes Career Ladder, assignment stipends, coaching stipends, auto and cell phone allowances, and others as identified. Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right. Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

Stipends or supplemental pay not described in this section of the handbook must be verified and approved by Compensation before submitting to Payroll for processing. All unapproved rates submitted without approval will be adjusted by Payroll and/or Compensation, at the approved rate on record. All approvals require the signature of the appropriate Leadership Team member.

Also, please note that some stipends are dependent upon the employee meeting professional development and/or other job-specific requirements. Failure to meet those requirements will cause the employee to be ineligible to receive the stipend.

## Employees paid from grant funds will be paid in accordance with the approved rates in this handbook, regardless of what may be allowable in the grant.

## Academic Coaches Evaluation

Each academic coach shall be evaluated in writing by the principal. An academic coach will not be permitted to continue performing the function of this position or receive compensation for this position if the coach's performance is not completely satisfactory as evidenced by the annual evaluation.

Exceptions to this rule require the approval of the Superintendent or appropriate Leadership Team member with amounts being determined by the Compensation Department.

These duties will fall within the realm of their responsibility as a coach in the Fort Worth Independent School District.
3. Middle and high school coaches will work with their feeder schools as follows:
a. Report for meetings and workouts as stipulated by the head coach;

The Fort Worth Independent School District is not an authorized provider of employee information regarding processes and procedures for retiring from the Teacher Retirement System of Texas (TRS). Employees must contact TRS directly for information regarding their personal retirement and the rules for employment after retirement.

There have been significant changes to TRS rules for employment after service retirement. IT IS THE RESPONSIBILITY OF THE RETIREE TO VERIFY HOW THESE CHANGES WILL IMPACT THEIR ANNUITY SHOULD THEY DECIDE TO RETURN TO WORK AT A TRS-PARTICIPATING ENTITY. It is also important to note that any newly hired retirees will be responsible for any and all surcharges related to their employment after retirement (see Board Policy DC Regulation).

## FWISD RETIREMENT PROGRAM FOR TERMINAL PAY

Important Note: Effective September 1, 2012, terminal pay benefits for unused leave days and number of years of District experience for eligible employees will be frozen at the amounts earned as of August 31, 2012. See the section titled Program Phase-Out on page 62 for more detailed information.

Terminal pay shall not be provided to employees hired after August 31, 2003. To be eligible to receive terminal pay, a full-time employee must have been employed prior to September 1, 2003, and meet the following conditions:

1. Certifies that he or she has been continuously employed by the District for at least five years, including any authorized leaves of absence;
2. Voluntarily terminates employment for retirement purposes;
3. Informs the Board that he or she desires to retire and he or she is a member in good standing of the Teacher Retirement System of Texas;
4. Certifies that he or she is eligible to receive and has applied for retirement benefits or allowances as provided in the Teacher Retirement Act; and
5. Certifies that he or she has not previously received any amount of terminal pay from the District.

The five years or more of continuous employment must directly precede the employee's retirement. Only full-time years of service to the District, as defined herein, shall be creditable for terminal pay.

For purposes of this policy, a full-time year of service that earns credit toward terminal pay shall be defined as the standard service year, including authorized paid leave, for employees in similar positions, requiring 20 hours or more per week or the regular hours per workweek established by the District for the position, whichever is greater.

For the purpose of calculating terminal pay benefits, an employee is entitled to one year of service credit if employed four and one-half months, a full semester of more than four calendar months, or 90 actual working days of service during a school year.

Creditable service shall not include part-time employment (less than 20 hours per week), temporary employment, or employment as a substitute.

Beginning with the 1996-97 school year, only years of satisfactory service (as indicated by a performance evaluation of "meets expectations" or better) shall be credited for terminal pay. As long as an employee meets the eligibility requirement of five years of continuous employment by the District, all the employee's years of permanent, full-time service are creditable, even if broken by periods when the employee was not employed by the District.

## Calculation

Terminal pay is calculated by adding the products of the following two operations:

1. Multiply days of accumulated sick leave, state and local sick and state personal leave, if any, but not exceeding 20 days, by the employee's computed daily rate of pay. The computed daily rate of pay is calculated by dividing the employee's last annual salary by 183, and
2. Multiply the employee's computed daily rate of pay, as calculated above, by the number of creditable years of the employee's permanent, full-time service as an employee in the District.

## Program Phase-Out

Effective September 1, 2012, District employees shall no longer be eligible to accrue benefits under the program for reimbursement of unused leave at retirement (terminal pay).

Effective September 1, 2012, each eligible employee who has previously accrued unused leave benefits through August 31, 2012, shall be paid, at the time of his or her retirement, the terminal pay amount earned under this program, if any, as of August 31, 2012, calculated by adding the products of the following two operations:
3. Multiply by the computed daily rate of pay the number of days of accumulated sick leave, state and local sick and state personal leave, if any, at the time of retirement, not to exceed 20 days, and not to exceed the number of days earned as of August 31, 2012.

The computed daily rate of pay is calculated by dividing the employee's salary on August 31, 2012, by 183.
4. Multiply the employee's computed daily rate of pay as calculated above on August 31, 2012, by the number of creditable years of permanent, full-time service with the District that the employee has earned as of August 31, 2012.

## Alternative Qualification

Effective September 1, 2012, the amount of terminal pay provided with alternative qualification, if any, shall be computed as described at PROGRAM PHASE-OUT in the section, above.

If any employee with 20 creditable years of service or more with FWISD dies prior to retirement, and, if at the time of death, he or she was a member in good standing with the Teacher Retirement System of Texas and would have been eligible to receive benefits, his or her designated beneficiary, if any, or his or her heirs or estate shall be entitled to receive the deceased employee's terminal pay computed as described. This entitlement shall also extend to the designated beneficiary, if any, or the heirs of the estate of an otherwise eligible employee with 20 or more years of creditable service who while working reduced hours or while on leave of absence for health reasons dies prior to retirement.

## Employees Who Retire and Return as FWISD Employees

Individuals who voluntarily retire from Fort Worth ISD and the Teacher Retirement System of Texas (TRS), and return to any position in FWISD, do not qualify for any stipend, special contract/calendar days, additional terminal pay, or other benefit or privilege previously received as a pre-retiree in a permanent position. Previous stipends will not be restored upon return.

Employees who retire from other retirement agencies (not TRS) are treated as new hire employees. TRS retirees from other Texas school districts (not Fort Worth ISD), do not qualify for retiree rates listed in this Compensation Handbook.
