From their founding in 1882, the public schools were operated by the Fort Worth city government. In 1925, however, the Texas Legislature removed the city's authority and created the Fort Worth Independent School District, as we know it today, to manage and operate the schools.

The Fort Worth Independent School District is controlled locally through a Board of Education Trustees elected by voters within each district. Nine Trustees serve as single-member district representatives. All Trustees serve four-year terms without pay. The Board of Education conducts the school program in accordance with the state constitution and the standards set by the Texas Education Agency. A policy-making body, the board delegates the day-to-day administration of the schools to the Superintendent and the professional staff.

Regular board meetings are open to the public. Meetings are televised live on Spectrum Cable Channel 192, the Fort Worth ISD Live channel on YouTube, and via live streaming video on the District website's Board Meeting Videos. Minutes may be reviewed online. For additional information, please contact the Office of the Board of Education, 817. 814.1920.

## Section I: Compensation Guidelines

Exceptions to the following regulations require the approval of the Superintendent or designee.

## Compensation Philosophy

The compensation philosophy serves as a tool to attract and retain a high-performing, diverse and motivated workforce. Each year the Compensation Department develops and recommends a pay system for all District personnel to the Superintendent, who shall present the pay system to the Board of Education for adoption. The pay system is designed to reflect the business needs of the District while providing appropriate and competitive pay. The system shall be administered with the intention that employee pay will:

- Stay competitive with appropriate labor markets so that the District may attract and retain qualified personnel;
- Reflect the levels of skill, effort, and responsibility required for different jobs;
- Foster understanding of pay decisions and responsible pay practices;
- Reward and recognize continued length of service to the District;
- Remain fiscally controlled and cost effective;
- Encourage and support skill development and advancement for each person;
- Maintain a fair and transparent process for compensation decisions to minimize inequities and develop consistency in pay for equal work requiring equal skills, abilities and responsibilities;
- Comply with all federal, state, and local laws, and Board of Education policies;
- Prohibit discrimination or adverse impact or treatment in regards to an individual's race, color, national origin, religion, sex (including pregnancy), age, disability, sexual orientation, gender expression or gender identity and other protected classes.

## Pay Structures \& Pay Ranges

The pay system shall consist of salary structures of the major employee groups: teacher, librarian, nurse, counselor, campus professional support, campus administrator, instructional programs (exempt), business and operations (exempt), technology, executive, instructional support (non-exempt), administrative support (non-exempt), and operations (non-exempt).

Pay ranges for each pay grade are based on an assessment of the job worth, which establishes the minimum and maximum pay rates within the range. Employees will be paid the daily or hourly rates within the ranges as established for their assigned position. Pay rates outside the established range requires the Superintendent or designee's approval.

## Salary Advancement

Pay ranges shall be structured to allow the opportunity to increase employee pay within the range for continued service to the District. On an annual basis the Superintendent shall make recommendations to the Board of Education regarding salary increases. Recommendations shall be based on consideration of factors such as cost of living indexes, wage increases, salary structure adjustments within competitive job markets, and District budget resources.

## Transfers between Employee Job Groups

Compensation for employee groups is unique and the years of experience for most are not transferable between groups except as outlined below.

1. Teacher assistant to secretary/clerk;
2. Secretary/clerk to teacher assistant;
3. Teacher assistant to teacher (see Credit for Prior Experience under Teachers for more information);
4. Teacher to teacher assistant (certified teacher who transfers to a teacher assistant nonpunitive receives salary consideration for all teacher experience as a teacher assistant);
5. Teacher, nurse, librarian, counselor within each campus support professional pay structure.

Also, a professional employee who subsequently becomes a certified teacher, receives credit for all professional years as long as the employee possessed a bachelor's degree and the percent of time and minimum required days were met (i.e., accountant, MBA with 17 years to certified teacher, receives master's level pay and 17 years of experience on the teacher salary structure).

## Compensation Definitions

## Minimum of the Range

The Minimum of the Range is the lowest salary rate for the range for that specific position.

## Midpoint of the Range

The Midpoint of the Range represents the market value for the position and is the salary amount halfway between the lowest and highest salary rate for that specific position.

## Salary Range Maximum

The Maximum of the Range is the highest salary rate for that specific position.

## Internal Equity

Internal equity identifies and addresses equity in employee compensation between employees who are considered similarly situated and are performing similarly.

Internal equity does not attempt to make pay exactly the same for employees simply because they are in the same job title. Consideration is taken on the similarities and dissimilarities in experience, skills, abilities, and record of job performance, and aligns the pay fairly and equitably based on those factors.

## External Market Equity

External market equity is an assessment of external market compensation that attempts to ensure competitiveness in pay practices for the same duties. This process is used as a tool to compare similar positions with external organizations and industries to align pay practices.

## Position Change/Movement

Position change/movement occurs when an employee moves from their current position to a new position in the same or different department/division within the District.

## Promotion

Promotion is a job movement from a position in a lower classification/range/salary schedule to a different position in a higher classification/range/salary schedule. Promotions, demotions, or lateral moves are determined by comparing the midpoints of the positions.

A promotion increase is applied to the employee's current base salary less any stipends paid for supplemental duties.

## Demotion

Demotion is a job movement from a position in a higher classification/range/salary schedule to a different position in a lower classification/range/salary schedule. Promotions, demotions, or lateral moves are determined by comparing the midpoints of the positions.

A reduction in pay may occur when an employee is reassigned to a different job in a pay range with a daily/hourly rate midpoint that is less than the daily/hourly rate midpoint of the previous job's pay range. Any reduction in pay is subject to approval by the Superintendent or designee.

## Lateral

A lateral transfer is a movement to another job assigned to the same pay grade. Promotions, demotions, or lateral moves are determined by comparing the midpoints of the positions.

## Position Reassignment

Position reassignment is a movement from a pay range structure to an experience-based placement scale (teacher, counselor, or librarian). Salary placement will be made according to years of creditable experience.

## Reinstatement

Reinstatement occurs when an employee is rehired following a separation or break-in-service from the District.

## Salary Compression

Salary compression occurs when there is little difference in pay between employees despite tenure, skills, experience, and performance.

## Salary Proration

Salary proration occurs when an employee starts their new position after the start date for the position calendar and salary is determined based on the total number of days remaining.

## Supplemental Pay

Supplemental pay is an additional stipend or extra duty pay that is paid in addition to, but separate from, regular base salary. Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right. Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

## Job Classification/Reclassification

Job classification/reclassification is the process for accurately and objectively defining the position/job duties, responsibilities, tasks, level of authority and minimum requirements.

All positions, with the exception of teachers, librarians, counselors, substitutes, and parttime/temporary, are assigned to pay grades based on the level of skill, effort, and responsibility required for the job assignment.

## Pay Determination Guidelines

## Evaluation of Experience from Other Educational Entities

Several factors are examined to determine whether prior experience from other educational entities is creditable. These factors include:

1. Position held (similar or related positions)
2. Accreditation status of the institution
3. Percentage of days worked
4. Number of days worked (must equal 90 full-time equivalent days)
5. Dates of employment
6. Type of institution

Approval of service credit is subject to state law and is regulated by the Texas Education Agency (TEA). Fort Worth Independent School District adheres to the minimum requirements as stated in Subchapter CC of the Commissioner's Rules on Creditable Years of Service.

## Salary Ranges and Quartiles

Salary range is an established range of pay organized into salary grades. Each job is assigned a pay grade that represents the job classification/reclassification.

Quartiles are guidelines to assist with employee salary range placement. Compensation places employees in quartiles based on the guidelines for new hires, position movements, and reinstatements.

Additional salary range placement guidelines include:

- New Hires are not placed above midpoint of the range without the approval of the Superintendent or designee.
- New Salaries may not exceed the maximum salary of the new pay grade without the approval of the Superintendent or designee.
- Other exceptions to compensation guidelines also require the Superintendent or designee's approval.

## Service Records

It is the responsibility of the employee to submit original service records to Fort Worth ISD. Also, it is the responsibility of the issuing school district and the employee to ensure that service records are true and correct and that all service recorded on the service record was actually performed. Copies will not be accepted.

- Employees must sign the original service record and submit to Compensation. Employees submitting copies of an original service record must have all copies notarized from the previous district as the official document of record. Employee service records can also be electronically sent directly from the previous District or Educational institution to the compensation department at compensation@fwisd.org.
- Employees who provide service records with verifiable, creditable experience may receive additional salary if service records are submitted to Compensation no later than 5:00 pm on June 30th, following your hire date of the current school year. Service records received after this date that qualify for a salary adjustment will be processed at the beginning of the new (next) school year. Service records received after June 30th of the current school year hired will not qualify for/or receive back pay.
- Certain positions may be eligible for additional compensation for earning advanced degrees. Official transcripts must show the date the advanced degree was conferred and must be submitted to Compensation no later than 5:00 pm on June 30th, following your hire date of the current school year (for new employees) or following the date the degree was conferred (for current employees). Transcripts received after this date that qualify for a salary adjustment will be processed at the beginning of the new (next) school year. Transcripts received after June 30th of the current school year hired will not qualify for/or receive back pay.

Questions have been raised concerning the validity of creditable service documented on forms other than the Texas Teacher Service Record. Subsection (d) of Section 153.1021 states that:
"The basic document in support of the number of years of professional service claimed for salary increment purposes and both the state's sick and personal leave program data for all personnel is the teacher service record (form FIN-115) or a similar form containing the same information".

Please contact Compensation 817.814 .2080 to request a service record packet. This form may also be found on the District's website or the TEA website (www.tea.state.tx.us).

## Creditable Years

Creditable service does not include part-time/temporary employment or employment as a noncertified substitute, regardless of service time, date(s) of termination, or type of accumulation.

## College Transcripts

College transcripts submitted from an accredited university or college must be provided to the Talent Management Department at the time of employment. Employees submitting these records at a later date must hand deliver the documents to Employee Records, or request the University e-script the documents to employeerecords@fwisd.org, not later than 5:00 pm on June 30th, following the hire date of the current school year. Transcripts received after this date that qualify for a salary adjustment will be processed at the beginning of the new (next) school year. Transcripts received after June 30th of the current school year hired will not qualify for/or receive back pay.

## Salary Guidelines for New Hires

## Credit for Prior Experience

## Teachers

- FWISD grants one (1) year of teaching experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the Teacher Salary Schedule according to creditable years of experience.
- Experience from foreign private schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rule on Creditable Years of Service are met. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. It is the responsibility of the foreign authority to provide relevant, credible, and accurate information before any credit is given (documents must be translated in English format). Such experience will be considered on a case by case basis with final approval from TEA.

Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. The District is not liable for any previously non-compensated salary related to such experience.

- Effective with the 1998-99 school year, a teacher may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the teacher held a valid teaching certificate at the time the service was rendered, the teacher was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the teacher held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.
- Beginning with the 2004-2005 school year, a teacher assistant who subsequently becomes a certified teacher may receive up to two years of teacher assistant experience for salary increment purposes, provided they held a valid Educational Aide certificate and worked the required number of days and percent of time when employed. Experience outside FWISD must be verified using the teacher service record form (FIN$115)$, or a similar form containing the same information.
- Career \& Technology teachers may count up to two years of full-time work experience for salary increment purposes if the work experience was required for career and technology certification (Chapter 153. School District Personnel, Subchapter CC, Commissioner's Rules on Creditable Years of Service).

## Librarians \& Counselors

- Librarians and counselors are placed on the appropriate salary of their respective salary schedules according to creditable years of experience.
- FWISD grants one (1) year of experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the appropriate salary schedule according to degree level and years of creditable experience.
- Experience from foreign private schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rule on Creditable Years of Service are met. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. It is the responsibility of the foreign authority to provide relevant, credible, and accurate information before any credit is given (documents must be translated in English format). Such experience will be considered on a case by case basis with final approval from TEA.

Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. The District is not liable for any previously non-compensated salary related to such experience.

- Effective with the 1998-99 school year, a librarian or counselor may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the teacher held a valid teaching certificate at the time the service was rendered, the teacher was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the teacher held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.

## School Nurses

- FWISD grants one (1) year of experience for each appropriate creditable year of experience.
- A bachelor's degree and registered nurse's license (RN) are required for employment as a school nurse.
- The Texas Education Agency guidelines will be followed for determining creditable experience. Experience used for salary placement decisions is determined by the Compensation Department, and is subject to the following exception:

## Exception to Compensation Policy

- Validated non-school based nursing experience will be credited on a one-year for one-year basis if that experience was in a hospital operated or owned by a public college or university accredited and recognized by TEA or a private college or university accredited by a TEA recognized regional accrediting agency.
- Effective with the 1999-00 school year, nurses may receive substitute teacher experience credit as a certified substitute teacher for salary increment purposes, provided the nurse held a valid teaching certificate at the time the service was rendered, the nurse was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met.
- The rule also applies to out-of-state substitute teaching experience. Beginning with the 1998-1999 school year, a substitute teacher (as defined in subsection (a) of the Commissioner's Rules) employed in an entity recognized for years of service (as prescribed by subsection ( g ) of the Commissioner's Rules) is eligible for creditable service. A valid emergency or local permit also meets the certification requirement.

## Speech-Language Pathologists, OT'S, PT'S, O\&M Specialists, Audiologists, LSSP'S, Social Workers

- FWISD grants one (1) year of experience for each 12-months of full-time professional employment in the specific job field in accredited public and/or private schools, postsecondary schools, teaching hospitals and the other organization who provide similar services.
- Up to eighteen (18) years of full-time experience in the specific job field with a certified or licensed public agency that provides social/health services for children, youth, and/or adults may be credited toward advanced salary placement.
- The limit on the number of non-education related creditable years accepted is 18 . This is a local credit only (FWISD). As a local credit this service credit may/may not be recognized by other Texas school districts (public or private).

Junior Reserve Officers Training Corp (JROTC) \& Middle School Junior Cadet Corp (JCC)

- The Junior Reserve Officers Training Corp (JROTC) employee pay is based on a salary schedule, computed by the JROTC Director, in compliance with mandates from Title 10, U.S. Code, Section 2031, of the Defense Departments Active Duty Finance Tables, and military service regulations, which also includes the JROTC stipend scale.
- The Junior Cadet Corp (JCC) instructor salaries (middle school) are based on a 187day teacher salary schedule. The salary scale for MS/JCC is based on the level of years of active military service, teaching experience (military service schools or civilian), military and post-secondary education, leadership background and experience, and other intangible professional credits.

School experience and active duty experience may be counted for a local step adjustment under provisions of the Commissioner's Rule on Credible Years of Service, Chapter 153.1021, for Career \& Technology Teachers.

- Ten (10) years of full-time experience will initially be credited toward advanced base salary according to degree level, education, and military records. This also includes a JCC stipend. The 10-year credit is applicable only to the position of JCC instructor and is not transferable to other positions.

## Other Permanent Employees Paid on Salary Ranges

- Starting pay for an employee who is new to the District and is classified in a pay range plan, will be determined individually based on each person's job-related experience, and current salaries paid to employees in the same position with similar experience. The following guidelines shall be followed to calculate credit for prior job experience for purposes of placing new hires in a pay range.
- Salary credit for prior experience that is comparable or directly related to the job will be determined by the Compensation Department at the time of hire. Prior experience may be obtained from another school district or any TEA approved entity. Salary credit may be given for non-school experience as determined by the Compensation Department.
- Employees may receive salary credit equal to one percent above the minimum of the pay range for each full year of directly related job experience up to 18 years, subject to peer equity considerations. Starting pay may not exceed the midpoint of the pay range.
- Starting pay for a new hire may not exceed the pay of a District employee in the same job title who has equal or more experience in the job.
- Starting pay for employees who are classified at or above the director job level may exceed the midpoint of the pay range. Executive and high-level administrators will be placed on an individual basis by the Compensation Department in consultation with the job supervisor.
- Exceptions to these placement guidelines may be approved by the Superintendent or designee for specialized jobs that are hard to fill.

## Prorated Salary for New Hires

Salary is based on the total number of days worked in the school year for that specific calendar. To obtain the prorated salary:

- Multiply the anticipated number of days left to work in the school year by the daily rate of pay to identify the prorated annual salary.
- Take the prorated annual salary and divide it by the number of months remaining in the school year to get the monthly rate. (September through August)

Salary Proration Examples:

## Salary Guidelines for Current Employees

## Promotions

Salary placement for a promotion should follow the same guidelines as placement for a new hire. Employees who are promoted internally should not be paid less than a new hire would be paid with the same experience.

Promoted employees should receive no less than a three percent rate increase, based on the midpoint of the new pay range, nor paid any less than the minimum rate of the pay range.

Adjustments to promotion increases will be made to maintain pay equity among peer employees with equal or greater experience, as necessary.

## Promotion Examples:

Promotion to Minimum of New Range

| At New Rate Minimum | No |
| :--- | :---: |
| Internal Equity Adjustment | No |
| Current Position Midpoint | $\$ 141.32$ |
| Current Position Daily Rate | $\$ 120.58$ |

| New Position Daily Rate | $\$ 138.46$ |
| New Position Annual Rate | $\$ 29,075.55$ |

## Lateral Transfers (Placements)

Lateral moves may involve a change of work days (shortened or lengthened calendar). However, the daily rate of pay remains the same. Lateral transfers are not eligible for salary increases, except for adjustments required to reflect the work calendar days of the new job, if applicable.

Lateral placements can also be classified as voluntary or involuntary. There may be peer equity adjustments given for lateral transfers where the normal salary of peer employees exceeds the salary of the new employee in that department. This type adjustment must be approved by the appropriate Leadership Team member and the Executive Director of Compensation and Employee Records.

Lateral Transfer Examples:

| Lateral Move to New Position, Same Days |  |
| :--- | :---: |
| Current Position Midpoint | $\$ 141.32$ |
| Current Position Daily Rate | $\$ 120.58$ |
| Current Position Work Days | 210 |

## Demotions - Pay Adjustments for Reassignment to a Lower Pay Grade

When the reassignment is from one pay range structure to another pay range structure, the employee's base rate of pay (hourly or daily) will be reduced to the same percent of the range midpoint (rate divided by midpoint) in the lower pay range unless one of the criteria is met below.

## - Contract employees

- For Chapter 21 and non-Chapter 21 contract employees, a reduction in pay as a result of a voluntary reassignment will be effective with the date of reassignment to the lower pay grade.
- For an involuntary reassignment, a Chapter 21 contract employee will retain their existing daily rate and number of work days through the end of the current school year. It may be extended to comply with Chapter 21 contract requirements.
- A non-Chapter 21 contract employee will retain their existing daily rate and number of work days through the end of the current school year only. At the beginning of the school year in which the reduction is to take place, the salary and days will be commensurate with the new position.
- Non-contract employees
- For a non-contract employee, a reduction in pay as a result of a voluntary reassignment will be effective with the date of reassignment to the lower pay grade.
- For an involuntary reassignment, a non-contract employee will retain their existing daily/hourly rate and number of work days through the end of the current school year.
- At the beginning of the following school year, the salary and days will be commensurate with the new position.

## Prorated Salary for Transfers

Employee transfer salary proration can occur when there is movement to a new position after the start date for that specific calendar.

When there is a change in pay and/or change of work days (shortened or lengthened calendar):

- The salary on the new position will be prorated for the remainder of that school year (see prorated salary calculation instructions below).
- Salary impact may occur on the final check for the previous position, resulting in a final position payout OR recoup of overpaid monies.

Employee impact will vary on the individual's specific transfer situation. For a summary of how a transfer could impact your pay, please contact the Compensation Department at 817.814.2080.

## Prorated Salary Calculation Instructions:

Salary is based on the total number of days worked in the school year for that specific calendar. To obtain the prorated salary:

- Multiply the anticipated number of days left to work in the school year by the daily rate of pay to identify the prorated annual salary.
- Take the prorated annual salary and divide it by the number of months in the school year to get the monthly rate.

## Pay Equity Adjustments

- Subject to District policy restrictions on mid-year pay increases (DEA-Local and DEABLegal), the Superintendent or designee may authorize special pay adjustments for the purpose of correcting pay inequities for individual employees caused by internal errors or market changes for critical skills needed by the District.

## Reinstatement Following Break in Service

- An employee who is rehired following a break-in-service that is less than 12 months shall be reinstated at the same pay rate previously held prior to the break-in-service, if rehired for the same position.
- If rehired at a different pay grade level or rehired following a break in service that is greater than 12 months, the employee will be placed according to the procedures for placement of new hires.

## Job Classification/Reclassification

- Compensation will classify new positions or reclassify existing positions as necessary based on job requirements and comparability to other positions in the District or in the marketplace. An approved reclassification is granted up to $3 \%$ of the new pay grade midpoint.

## Salary Increase Eligibility

- Board-approved general salary increases apply to employees in permanent positions. To be eligible for a pay increase:
- Employees must have a satisfactory evaluation from the prior school year;
- In order to qualify for a year of experience or an approved salary increase in a subsequent year, an employee must have worked and been paid for at least four and one-half months, a full semester of more than four calendar months, or 90 actual working days in the current year.
- An employee may combine days worked in another school district, or other accredited entity recognized by the Texas Education Agency (TEA), in the current year with days worked in the District in the current year to satisfy this requirement, provided the service rendered in the other district is evaluated as creditable according to state and local regulations regarding service credit.

## FWISD Designation System: Teacher Incentive Allotment (TIA)

- In compliance with HB3, 90\% of the TIA must be spent in teacher compensation. Any funds received by Fort Worth ISD for a designated teacher under the Teacher Incentive Allotment (TIA), will be divided as follows: a percentage will be paid to the designated teacher, a percentage will be paid to non-TIA eligible teachers on the designated teacher's campus, and ten percent ( $10 \%$ ) will go to the district. The district may spend the ten percent (10\%) on training and support of the system, expansion of the system, administrative expenses as allowed by HB3.
- In the case a TIA designated teacher resigns, retires, or separates from Fort Worth ISD after the Winter Class Roster and after the end of the school year, the district will forward payment to the teacher by August 31st.
- In the case a TIA designated teacher resigns, retires, or separates from Fort Worth ISD after the Winter Class Roster but before the end of the school year, the TIA funding amount allocated to them based on the allotment approved by TEA will be equitably redistributed to the other 087 PEIMS coded teachers on the designated teacher's campus.
- A non-designated, potentially eligible TIA teacher who has resigned or retired and separated from Fort Worth ISD after the Winter Class Roster but before the end of the school year will not be eligible to receive any TIA funding.

## Section II: Classroom Teacher Salary Schedules

Teacher* salary increases are not granted automatically each year; therefore, neither past nor future salaries can be calculated, assumed, or predicted on the basis of this schedule. The Board of Education adopts a new compensation plan each year. Future salaries should not be assumed or predicted.

## *Per Texas Education Code Section 5.001

(2) "Classroom teacher" means an educator who is employed by a school district and who, not less than an average of four hours each day, teaches in an academic instructional setting or a career and technology instructional setting. The term does not include a teacher's aide or a full-time administrator.

The following salary schedules are based on 187 days for the 2022-2023 school year only and cannot be used to predict future salaries.

## Section V: Supplemental Pay (Stipends)

Supplemental pay (stipends) represents remuneration in addition to, but separate from, regular base salary, and includes assignment stipends, coaching stipends, auto and cell phone allowances, and others as identified. Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right. Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

Stipends or supplemental pay not described in this section of the handbook must be verified and approved by Compensation before submitting to Payroll for processing. All submissions at rates differing from those contained in the manual require the approval signature of the appropriate Leadership Team member. All unapproved rates submitted without approval will be adjusted by Payroll and/or Compensation, at the approved rate on record.

Also, please note that some stipends are dependent upon the employee meeting professional development and/or other job-specific requirements. Failure to meet those requirements will cause the employee to be ineligible to receive the stipend.

Employees paid from grant funds will be paid in accordance with the approved rates in this handbook, regardless of what may be allowable in the grant.

## Stipend Information (A-Z)

Employee job responsibilities are subject to change at any time to meet the needs of the District. Such changes do not necessarily warrant a change in salary (see Section I of this manual for more information on what constitutes a promotion, demotion, or lateral move for salary purposes). Exceptions to this rule require the approval of the Superintendent or appropriate Leadership Team member with amounts being determined by the Compensation Department.

Unless authorized in this section, exempt employees are not eligible for extra duty or additional pay for job-related or campus/department-related work.

## Academic Coaches

Each academic coach shall be evaluated in writing by the principal. An academic coach will not be permitted to continue performing the function of this position or receive compensation for this position if the coach's performance is not completely satisfactory as evidenced by the annual evaluation. For additional information please contact the appropriate Program Director.

Additionally:

- Stipends may be combined pending program requirements
- Stipends are contingent upon fulfillment of departmental requirements (see Prog. Dir.)

## Continuous Assignments

Substitute teachers with a bachelor's degree, working in a single classroom assignment past ten days, are eligible for the regular substitute daily rate of pay plus an additional daily amount. This compensation shall remain at the higher rate of pay until such time as the substitute teacher changes or completes the assignment DPB (LOCAL). If the substitute misses more than one day per month, then the rate will revert to the regular substitute daily rate for the next ten days. Non-degreed substitutes are not eligible for the higher rate of pay regardless of the number of days worked. Long-term substitute teachers who are used in other capacities will not be eligible to receive the higher rate of pay.

Substitutes are not paid for absences. An absence while working a long-term assignment (single assignment of 11 days or more) is cause for the higher rate of pay to end.

## Substitute Stipends

Substitute stipends are designed to compensate substitute teachers and teacher assistants for providing services and coverage in classrooms and campuses as necessary.

## Section VII: Retire/Rehire Salary Information

Information provided in this section is relative to policy and procedures of the Fort Worth Independent School District regarding employment after retirement. These policies are not necessarily the policies of the Teacher Retirement System of Texas (TRS). For information regarding the policy and practices of TRS, please contact them directly.

| You may call: | 1-800-223-8778 |

|  | 1000 Red River Street <br>  <br> Austin, TX 78701 |
| Or visit the website at: | $\underline{\text { www.trs.state.tx.us/ }}$ |

The Fort Worth Independent School District is not an authorized provider of employee information regarding processes and procedures for retiring from TRS. Employees must contact TRS directly for information regarding their personal retirement and the rules for employment after retirement.

There have been significant changes to TRS rules for employment after service retirement. IT IS THE RESPONSIBILITY OF THE RETIREE TO VERIFY HOW THESE CHANGES WILL IMPACT THEIR ANNUITY SHOULD THEY DECIDE TO RETURN TO WORK AT A TRSPARTICIPATING ENTITY.

## Retiree Information

## FWISD Program for Terminal Pay

Important Note: Effective September 1, 2012, terminal pay benefits for unused leave days and number of years of District experience for eligible employees will be frozen at the amounts earned as of August 31, 2012. See the section titled Program Phase-Out below for more detailed information.

Terminal pay shall not be provided to employees hired or rehired after August 31, 2003. To be eligible to receive terminal pay, a full-time employee must have been employed prior to September 1, 2003, and meet the following conditions:

1. Certifies that he or she has been continuously employed by the District for at least five years, including any authorized leaves of absence;
2. Voluntarily terminates employment for retirement purposes;
3. Informs the Board that he or she desires to retire and he or she is a member in good standing of the Teacher Retirement System of Texas;
4. Certifies that he or she is eligible to receive and has applied for retirement benefits or allowances as provided in the Teacher Retirement Act; and
5. Certifies that he or she has not previously received any amount of terminal pay from the District.

The five years or more of continuous employment must directly precede the employee's retirement. Only full-time years of service to the District, as defined herein, shall be creditable for terminal pay.

For purposes of this policy, a full-time year of service that earns credit toward terminal pay shall be defined as the standard service year, including authorized paid leave, for employees in similar positions, requiring 20 hours or more per week or the regular hours per workweek established by the District for the position, whichever is greater.

For the purpose of calculating terminal pay benefits, an employee is entitled to one year of service credit if employed four and one-half months, a full semester of more than four calendar months, or 90 actual working days of service during a school year.

Creditable service shall not include part-time employment (less than 20 hours per week), temporary employment, or employment as a substitute.

Beginning with the 1996-97 school year, only years of satisfactory service (as indicated by a performance evaluation of "meets expectations" or better) shall be credited for terminal pay. As long as an employee meets the eligibility requirement of five years of continuous employment by the District, all the employee's years of permanent, full-time service are creditable, even if broken by periods when the employee was not employed by the District.

## Calculation

Terminal pay is calculated by adding the products of the following two operations:

1. Multiply days of accumulated sick leave, state and local sick and state personal leave, if any, but not exceeding 20 days, by the employee's computed daily rate of pay. The computed daily rate of pay is calculated by dividing the employee's last annual salary by 183, and
2. Multiply the employee's computed daily rate of pay, as calculated above, by the number of creditable years of the employee's permanent, full-time service as an employee in the District.

## Program Phase-Out

Effective September 1, 2012, District employees shall no longer be eligible to accrue benefits under the program for reimbursement of unused leave at retirement (terminal pay).

Effective September 1, 2012, each eligible employee who has previously accrued unused leave benefits through August 31, 2012, shall be paid, at the time of his or her retirement, the terminal pay amount earned under this program, if any, as of August 31, 2012, calculated by adding the products of the following two operations:

1. Multiply by the computed daily rate of pay the number of days of accumulated sick leave, state and local sick and state personal leave, if any, at the time of retirement, not to exceed 20 days, and not to exceed the number of days earned as of August 31, 2012.
2. The computed daily rate of pay is calculated by dividing the employee's salary on August 31, 2012, by 183.
3. Multiply the employee's computed daily rate of pay as calculated above on August 31, 2012, by the number of creditable years of permanent, full-time service with the District that the employee has earned as of August 31, 2012.

## Alternative Qualification

Effective September 1, 2012, the amount of terminal pay provided with alternative qualification, if any, shall be computed as described at Program Phase-Out in the section, above.

If any employee with 20 creditable years of service or more with FWISD dies prior to retirement, and, if at the time of death, he or she was a member in good standing with the Teacher Retirement System of Texas and would have been eligible to receive benefits, his or her designated beneficiary, if any, or his or her heirs or estate shall be entitled to receive the deceased employee's terminal pay computed as described. This entitlement shall also extend to the designated beneficiary, if any, or the heirs of the estate of an otherwise eligible employee with 20 or more years of creditable service who while working reduced hours or while on leave of absence for health reasons dies prior to retirement.

## Employees Who Retire and Return as FWISD Employees

Individuals who voluntarily retire from Fort Worth ISD and the Teacher Retirement System of Texas (TRS), and return to any position in FWISD, do not qualify for any stipend, special contract/calendar days, additional terminal pay, or other benefit or privilege previously received as a pre-retiree in a permanent position. Previous stipends will not be restored upon return.

Employees who retire from other retirement agencies (not TRS) are treated as new hire employees. TRS retirees from other Texas school districts (not Fort Worth ISD), do not qualify for retiree rates listed in this Compensation Handbook.

## FWISD Substitute Rates after Retirement
