Additional Required Steps in the Process:

8. PGP Development

- Teachers with 1+ (2nd year and beyond) years of experience in Brevard Public Schools will engage in reflection and conversation with their administrator at the Summative Evaluation Part One conference about their PGP goal for the upcoming school year.
- The first early release Wednesday in August will be declared a “no meeting zone,” providing time for teachers and administrators to develop their PGPs.
- Draft SIP priority goal/key objectives will be shared with the faculty prior to the first early release Wednesday in August.
- Teachers wishing to receive specific feedback about a draft PGP may submit it to their administrator for review prior to scoring; last day for draft submission will be Friday, August 29, 2014. Administrators will return draft PGP with specific feedback by Friday, September 5, to allow adequate time for revision.
- Teachers with 1+ (2nd year and beyond) years of experience will submit their PGP to their administrator and the peer review team by September 26, 2014. Scores will be provided to teachers by Friday, October 31.
- Teachers in their first year (0 years of experience) with Brevard Public Schools will engage in reflection and conversation with their administrator at the Interim Evaluation conference in December about their PGP goal for the year.
- Teachers in their first year (0 years of experience) with Brevard Public Schools will submit their PGP to their administrator and the peer review team by January 23, 2015. Scores will be provided to teachers by Friday, February 6.
9. **PGP Implementation**

- Evidence to support implementation of the PGP may include training records, peer observations, student work samples, lesson plans, parent communication, and other artifacts illustrating the teacher’s efforts to implement the strategies indicated and use feedback from colleagues to improve instructional practice.
- Additional evidence is not required for indicators or dimensions observed by the administrator.

10. **Collaboration & Mutual Accountability Teams**

- Teams may be comprised of teachers choosing to work together from inside or outside the school.
- Teams must include a minimum of 3 teachers per team.
- Teachers who choose to work with teachers from outside the school will have to make arrangements with their administrator for scheduled collaborative time that does not take away from other instructional responsibilities.
- Collaboration may be face-to-face, or via an electronic medium, or a combination, but should be regular and ongoing.
- Teams have two purposes: 1) working together to improve each other’s instructional practice, and 2) working with identified at-risk students to improve their achievement and close the achievement gap.
- Teachers on each team will identify a minimum of 12 students with whom they will work consistently throughout the year.
- Teachers working with non-FCAT students will identify the specific measure from those identified in the IPPAS handbook on which their students’ growth in performance will be evaluated for the Student Achievement portion of the summative evaluation.
- Teams, targeted students, identified measure, and learning goal will be established in collaboration with the supervising administrator by October 3, 2014.

**Short-term Evaluation:**

- For teachers hired after January 9, 2015
- For teachers retiring or going out on long-term leave with less than a semester of service
