School Utilization of Expanded Homeroom/Skinny Periods

The Board and the Union agree to the following procedures when a secondary school wishes to implement an expanded homeroom or "skinny" period that does not alter any existing provision of the Instructional Master Contract.

Applicability

An expanded homeroom or "skinny" period is an additional period of assigned student contact beyond what has been historically expected of teachers at the school, requiring additional time each week planning for instruction, delivering instruction, or assessing student work. It does not include a teacher’s performance of traditional homeroom duties like the taking of attendance, facilitation of announcements, supervision of students during club activities, activation of a video or podcast, supervision of sustained silent reading, performance of periodic student scheduling or graduation planning activity, or administering of other infrequently required incidental student activities.

Notification and Implementation Procedures

1. As soon as possible, but no later than February 1, the Principal shall submit a written plan for the implementation of the expanded homeroom or "skinny" period to the Director of Employee Relations and the USEP President. The written plan must include a description of how the expanded homeroom or skinny period will provide learning related opportunities for students, how instructional staff members will have input into the development of the homeroom or "skinny" period, and when the staff will vote on the proposed homeroom or "skinny" period.

2. The Principal, Director of Employee Relations, and USEP President shall mutually determine and agree upon the teachers who will be affected by the proposed homeroom or "skinny" period.

3. The final proposal of the homeroom or "skinny" period shall be presented to all bargaining unit members at the school and fully explained by the Principal. The teachers in the bargaining unit, the President of USEP, and the Director of Employee Relations will be given five (5) days’ notice of such meeting. At least five (5) days prior to the explanatory meeting, the Principal shall provide a written copy of the proposed plan.

4. A secret ballot will be held under the supervision of the Principal of the school, the Director of Employee Relations/designee, and the President of USEP/designee. The Principal, President of USEP and Director of Employee Relations shall agree to the date, time, method of the vote, and procedures for absent ballots. The affected teachers in the bargaining unit, the President of USEP, and the Director of Employee Relations will be given three (3) days advance notice of the voting date. A ballot must be given to each teacher eligible to vote and each teacher shall be given the opportunity to cast such ballot. Approval by two-thirds of the teachers eligible to vote is required. A valid vote shall not be rescinded.

5. Any challenge of the voting process, procedure, or results will be referred to the President of USEP and the Director of Employee Relations for resolution.

6. The Principal shall notify the Director of Employee Relations and the President of USEP of the results of the balloting. Approved plans are effective for the following school year and are non-precedent setting.

7. All other provisions of the Instructional Master Contract, including Addendum E, Contract Waiver Request remain unchanged and in full force and effect.

The summative evaluative pay plan or the performance pay plan and grandfathered plan shall be used for the 2015-2016 school year.    d. In addition, should the District’s budgetary status improve during the 2017-2018 school year, the Board and the Union agree to meet to examine the possibility of compensation increases.
In July, 2017, the Florida Department of Education (FDOE) identified Pasco Elementary (PES), Fox Hollow Elementary (FHS), West Zephyrhills Elementary (WZES) and Rodney B. Cox Elementary School (RBCE) as among the 300 lowest performing elementary schools in the state. For the 2017-2018 school year, schools including PES, FHS, WZES and RBCES identified as among the 300 lowest performing elementary schools in reading are required by law to provide an additional hour of instruction beyond the normal school day for the 2017-2018 school year for intensive reading instruction. PES, FHS, WZES and RBCES are required to schedule a minimum of nine hundred eighty hours of instruction for each student in grades K-3 and one thousand hours of instruction for students in grades 4-5. All four schools already exceed 900 hours per year for students, and the District will be able to adjust students’ daily schedule to increase the intensive reading instructional time in compliance with the law. To increase the intensive reading instructional time for grades K-3 and 4-5, the District will also adjust the time for three (3) times the implementation of the SIG 4 grant. Accordingly, the District will need to increase the teacher work day by fifty (50) minutes per day for approximately 900 teachers at PES, WZES and RBCES. PES, WZES and RBCES will also need support from an Learning Design Coach (LDC). Should the LDCs not be interested, instructional coaches will be offered the opportunity for an additional fifty (50) minutes per school day.

The District will ask teachers at PES, WZES and RBCES who are interested in working an additional fifty (50) minutes per school day during the 2017-2018 school year to assist students in grades 4-5 to receive the required intensive reading instructional time for grades 4-5 to increase the reading time. PES, FHS, WZES and RBCES will also need support from an Learning Design Coach (LDC). Teachers who are selected to work the additional fifty (50) minutes per school day will receive their hourly wage for the 2017-2018 school year.

Nothing in this Memorandum is intended to conflict with or restrict PES in the implementation of the SIG 4 grant, specifically additional instruction to be provided to grades K-3 as outlined in the SIG 4 grant.

Pursuant to 1012.34 F.S., the District will monitor summative evaluation scores of the teachers in these schools. Teachers who are not rated as Effective or higher as defined by the District’s approved evaluation system, are not eligible for rehire at these schools. Additionally, as defined in 1021.2152(a)(a), the District must also ensure that the percentage of temporarily certified teachers, teachers in need of improvement, or out-of-field teachers assigned to these schools does not exceed that of the District average.

DIFFERENTIATED ACCOUNTABILITY SCHOOLS TRAINING:

For the 2017-2018 school year, the State has identified two (2) county schools, WZES and RBCES, as Differentiated Accountability Schools. During the 2017-2018 school year, teachers assigned to the DA Schools will be required to attend two three-hour trainings. Teachers will determine how the two, three-hour trainings are to be delivered based on a faculty vote. Options include:

1. Three hours on the regularly scheduled training day at the end of Quarter two and three, or
2. Two three-hour trainings held after school hours on dates determined by administrations, or
3. Two, three-hour trainings held on Saturdays selected by administration

Teachers who are reappointed for the reappointment period at WZES and RBCES may receive an additional three hours of compensation at the regular administration rate for an additional two hours for each of these two trainings. The awarding of professional development points will be consistent with the Staff Development Protocol Standards.

Teachers must be in attendance at an activity to receive compensation for that activity and leave time may not be substituted for attendance at any scheduled additional activity.

Transfer Rights

Notwithstanding any provision of state law or state board rule, teachers at schools identified as needing assistance through the District’s DA action plan who are evaluated by any measure as less than “Effective” for the 2017-2018 school year, may be involuntarily transferred to another position for which they are qualified in the judgment of the Superintendent.

Pursuant to 1012.34 F.S., the District will monitor summative evaluation scores of the teachers in these schools. Teachers who are not rated as Effective or higher as defined by the District’s approved evaluation system, are not eligible for rehire at these schools. Additionally, as defined in 1012.2152(2)(a), the District must also ensure that the percentage of temporarily certified teachers, teachers in need of improvement, or out-of-field teachers assigned to these schools does not exceed that of the District average.

ELEMENTARY AND SECONDARY EDUCATION ACT/NO CHILD LEFT BEHIND IMPACT ON INSTRUCTIONAL STAFF

In an attempt to minimize the impact of the Elementary and Secondary Education Act (ESEA)/No Child Left Behind (NCLB) Act on instructional staff, the Board and Union agree to the following provisions:

1. It is the Board’s intent to keep teachers who are currently “highly qualified” in positions for which they hold a temporary or professional certificate with appropriate coverage.
2. The Board shall make every effort to minimize the number of core academic subject areas for which a teacher must obtain a temporary or professional certificate with appropriate coverage.
3. The Board shall provide at no cost to the teacher, staff development opportunities for those teachers seeking to add the reading endorsement to their certificate and shall give priority to those teachers identified as needing the reading endorsement.
4. The Board shall provide reimbursement for subject area examination fees at the regular administration rate to teachers attempting to become “highly qualified.” The Board shall also provide individual teachers reimbursement for a second attempt at passing a specific subject area examination if the teacher is unsuccessful on the first attempt.
5. No new teachers will be hired to fill an advertised position vacancy until all current teachers who do not meet the ESEA/NCLB “highly qualified” definition, are not eligible for rehire at these schools. Additionally, as defined in 1021.2152(2)(a), the District must also ensure that the percentage of temporarily certified teachers, teachers in need of improvement, or out-of-field teachers assigned to these schools does not exceed that of the District average.

2. Deliberate Practice Score – This component will be additive and represents points that will be added to the teacher’s Status Score prior to it being averaged with the Student Performance Measurement Score for the final summative evaluation score. Deliberate Practice Score is generated through administrative observation of one (1) Domain 1 element that the teacher and observing administrator select as a targeted element of instructional practice focus. Deliberate Practice Score will be scored in Domain Three with twenty percent (20%) /25% of the total score earned for this Domain being the additive points.

All teachers will receive continued development in the Marzano Causal Teacher Evaluation Model including embedded professional development. Information regarding the Marzano Causal Teacher Evaluation model will also be available on the Office for Professional Development and School Support/ mpPGS Website.

The observation cycle has been designed to incorporate the elements of the NEAT process into the post-observation conference and reflection process. In the event that a principal determines that a teacher is performing at an "Unsatisfactory" or "Developing/Needs Improvement" level, the procedures outlined in Article V, Section H-6 shall be implemented to the extent they are not included or already covered by the formal observation cycle. PASCO'S VIRTUAL INSTRUCTION PROGRAM – DATES UPDATED

REPRESSION OF FINGERPRINTS, AND FIVE (5) YEAR NATIONAL CHECK

Florida Statutes require the submission of teacher fingerprints to the Florida Department of Law Enforcement (FDLE) automated fingerprint identification system, annual monitoring, and resubmission of the fingerprints every five (5) years. The monitoring fee, currently $6.00 per employee, must be paid each year, and the resubmission fee, currently $12.00 for $4.25 per employee, must be paid every five (5) years. In order to comply with the law and provide a benefit to teachers, the Board and the Union agree to the following:

1. The Board will the pay the monitoring fee.
2. The Board will pay the fee for the five (5) year resubmission. The estimated fees for this year are $33.96.

SCHOOL CHOICE PREFERENCE EMPLOYEE REQUEST

1. A teacher assigned to a school site shall have preference to be assigned to the school in which he/she works in that site, or to the feeder pattern of that school, subject to the approval of the Director of the Office for Teaching and Learning, or designee. The decision of the Director or designee shall be final.
2. The Board and the Union agree to meet to discuss the implementation of this MOU and its application to new legislation as needed during the 2017-2018 school year.
The 2017-2018 school year will be the first of a five-year School Improvement Grant (SIG) authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) awarded to Pasco County Schools for Fox Hollow Elementary School. School Improvement Grants are grants made to state educational agencies (SEAs) that SEAs use to make competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to substantially raise the achievement of students in their lowest-performing schools. Based upon research and experience gained through the course of three SIG 1003(g) cohorts, the Florida Department of Education (FDOE) has developed the following theory of action to guide the work for SIG Cohort 4.

The grant is planned for and written in a deliberate way such that the school will be able to sustain improvements beyond the project time period. The project is front-loaded with professional development, including on-site coaching that focuses on high-impact strategies designed for overall student achievement. Working with Solution Tree, teachers at FHES will become a model PLC. School-wide and maintaining highly impacted PLCs will become the linchpin that drives overall school improvement.

Through highly effective PLCs, teachers will plan for instruction and assessment in a way that reaches all students through a strong Tier I approach. Over time, as Tier I instruction improves, there will be less need to administer Tier II and Tier III structures. Teachers will be able to use the research-based and standards-aligned curriculum and instructional tools. As a result of the additional learning time in the first three years of the grant, in combination with the strategies previously listed, the achievement gap will close over time and the additional learning time will no longer be needed.

Additional Work Days
All instructional staff at FHES will work an additional two days during the 2017 summer. These days will be used to develop our vision and expectations for the 2017-2018 school year, as well as participate in professional development related to our new assessment system and student engagement tool. There will be three additional professional development days in the summer of 2018, prior to August 1, 2018.

Additional Work Time
Faculty and staff currently working 7.5 hours per day at FHES will work an additional fifty (50) minutes per day. This additional fifty minutes will be student contact time with a focus on reading instruction as directed under the Lowest 300 Performing Elementary legislation. Teachers will work an eight-hour and twenty-minute day (8:05-4:25) for the duration of the first year of the grant. With the combination of the Lowest 300 designation and the SIG 4 grant, FHES is using a school-wide approach to improvement by increasing the work of K-3 with the work of the 4th and 5th grades.

Compensation for Additional Work Time
Any additional work days associated with this grant will be paid at each individual teacher’s regular daily rate of pay. Teachers who do not attend these additional days will not be compensated for this additional work time and are not eligible to utilize accumulated leave on these days.

The additional fifty (50) minutes per day worked in accordance with this Memorandum of Understanding will be paid at each individual teacher’s hourly rate of pay.

Because this time is in addition to the teacher’s regular work calendar and work schedule, teachers utilizing leave will not be compensated for this additional fifty (50) minutes and all leave will be deducted at the standard 7.5 hours from the employees’ available leave balance.

Performance Incentive
The terms of this provision provide for a bonus system based on student performance in the later phases of the grant. The 2017-2018 school year will be a baseline year and will not be included in the calculation of any such future bonuses. That Board and Union will meet during the 2017-2018 school year to negotiate the terms of this bonus system that are proper subjects of collective bargaining.

Teacher Training
Professional development will be offered throughout the year, both during the school day and outside the contracted day. In addition, faculty will attend a two-day retreat on August 1 and August 2, 2017, to define the way of work and participate in Neaprod and NWEA testing training. All staff will be expected to take part in professional development opportunities including PLC at Work by Solution Tree, Kagan Cooperative Structures, and content-specific professional development. Future professional development opportunities connected with this grant will be announced as they are determined, and any mandatory professional development will be negotiated prior to implementation.

Teacher Evaluation
Instructional staff are to be evaluated based on the District’s approved teacher evaluation system. SIG funding will allow the District to incorporate student results in a research-based, vertically-aligned and standards-aligned student assessment system. In accordance with Florida’s Differentiated Accountability legislation and other requirements established by law, teachers at FHES who receive an overall summative evaluation rating of “unsatisfactory” or “needs improvement” shall be subject to probationary release as provided by law, non-reappointment as provided by law, termination as provided by law, or involuntary transfer into another position for which they are qualified in the judgment of the Superintendent.

School Transfers and Reassignments
In order to meet SIG requirements, FHES will be exempt from the provisions of Article VII, Sections F & G, to the extent that they require FHES to accept the transfer of a teacher into the school without the principal’s and teacher’s consent.

Monitoring of Grant Progress
In order to facilitate the flow of information and to help resolve concerns that may arise as part of the SIG implementation process, the District and Union agree to include discussions about the FHES SIG as part of their ongoing planning related to teacher evaluations, performance pay, and Differentiated Accountability.

As a condition of continued funding of this SIG grant, the State has clearly articulated the expectation that identified schools will add additional student contact time which will be required for the duration of the grant.

Agreement Contingent Upon Funding and Department of Education Approval
All funds used to implement the above provisions will come from SIG dollars, and not from general revenue sources.

Incentive
Incentive compensation shall be paid according to the standardized 7.5 hours from the employees’ available leave balance.

Performance Incentive
The terms of this provision provide for a bonus system based on student performance in the later phases of the grant. The 2017-2018 school year will be a baseline year and will not be included in the calculation of any such future bonuses. Agreement Contingent Upon Funding and Department of Education Approval
All funds used to implement the above provisions will come from SIG dollars, and not from general revenue sources that would otherwise be available for salary increases. Moreover, the provisions contained within this Memorandum of Understanding are contingent upon continued FDOE approval of FHES’S SIG application and sufficient funding being provided through the SIG and Lowest 300 categorical dollars. Nothing in this MOU is meant to conflict with or restrict the implementation of the SIG 4 grant.

Urging the District during the first year of SIG implementation, FHES must be identified by the state as a Lowest 300 school for the 2018-2019 school year. a. In compliance with State raters, when funding does not sustain the cost of staffing, enrollment reduction of staff may occur. Reductions in staff will be conducted by site and led by the site administrator in coordination with the Early Childhood Programs Department.
b. For purposes of this procedure and in accordance with state statutes and DOE directives, should the need to reduce staff arise at any of the respective sites, the aforementioned certification areas will be the first factor considered.
c. Teachers who work a half day or who work a split schedule totaling 20 or more days will earn 5-day sick leave. Teachers shall only have a right to use the sick leave earned during this program and not use days from their normal sick leave balance. Should a teacher complete this program and have the earned sick day remaining, that time shall be added to the teacher’s regular sick leave balance for use during the regular school year.
