Administrative Professional Support Pay Ranges of Employees (STIPENDS):

Daily Rate divided by 16 (30 minutes is 1/16 (.0625) of an 8.0 hour day) multiplied by 187.

(These categories work more than 187 days, however, the stipends will be based on 187 days.)

Educational Assistants:

These employees work 7.0 to 7.5 hours per day. An extra pay request will need to be sent in for 2.5 hours each week for these employees. The compensation will not be time and a half, due to the employees working less than 40 hour per week.

(These categories work less than 187 days; Usually 184.)

Clerical/Paraprofessional Pay Ranges:

These employees typically work 8.0 hours per day. An extra pay request will need to be sent in for 2.5 hours each week for this group of employees. The compensation will be at the time and a half rate should the employee exceed 40 hours per week. Payment for hours less than 40 will be at the employees’ normal rate.

(These categories work from 185-235 days.)

An employee who believes deductions have been made from his or her salary in violation of this policy should bring the matter to the District's attention, through the District's complaint policy [see DGBA]. COMPENSATORY TIME

Compensation for overtime hours shall be awarded at one and a half times the employee's regular rate of pay or by time and a half earned in compensatory time. The employee shall be informed in advance if overtime hours will accrue compensatory time rather than pay. Compensatory time earned by nonexempt employees may not accumulate beyond a maximum of 60 hours for employees whose duty day calendar is less than 226 days or more per year and may not accrue beyond a maximum of 200 hours for employees whose duty calendar is 226 days or more per year. If an employee whose duty day calendar is less than 226 days per year has a balance of more than 60 hours of overtime, the employee will be required to take compensatory time or, at the District’s option, will receive overtime pay. If an employee whose duty calendar is 226 days or more per year, and has a balance of 200 hours of overtime, the employee will be required to use compensatory time, or at the District’s option, will receive overtime pay.

An employee whose duty day calendar is less than 226 days per year shall use compensatory time within the duty year in which it is earned. The District shall pay an employee overtime for all unused compensatory time remaining at the end of the fiscal year. Use of compensatory time may be at the employee’s request or as determined by the employee’s supervisor to protect the District’s schedules and activities.

An employee whose duty calendar is 226 days or more per year shall use compensatory time at any time with the approval of the employee’s immediate supervisor. If an employee has any unused compensatory time remaining at the time the employee separates from the District, the employee shall receive overtime pay.

WORKWEEK DEFINED

For purposes of FLSA compliance, the workweek for District employees shall be 12:00 a.m. Saturday until 11:59 p.m. Friday.

SUPPLEMENTAL DUTIES

The Superintendent or designee may assign noncontractual supplemental duties to personnel exempt under the Fair Labor Standards Act, as needed. The employee shall be compensated for these assignments according to the supplemental duty pay schedule established by the Board. These assignments may be discontinued at any time for any reason or no reason, by either party. The assignment of these duties shall not create any expectation of continued assignment to that same duty or any other duty.
1.0 Description of Pay Systems

1.2 Minimum Pay Requirements
Certified classroom teachers, librarians, registered nurses, and counselors will be paid no less than the state minimum salary schedule based on total years of creditable experience. Experience will be credited according to the commissioner’s rules on creditable service (19 TAC 153.1021). Local salaries for these employees will be determined annually after board approval of the pay increase budget. Nonexempt employees will be paid no less than the current minimum wage in accordance with the federal Fair Labor Standards Act (FLSA).

1.3 Local Pay Plans
The district will maintain position classification and pay range structures for all jobs. Jobs will be grouped into position classifications and pay range structures in the following categories: (1) administrative and professional support personnel; (2) teachers, librarians, nurses (RNs), and counselors; (3) clerical and paraprofessional personnel; and (4) trades and hourly personnel.

Each job will be assigned to a pay grade that determines the minimum to maximum pay range for the position. Pay ranges are set to be competitive with the relevant job market for benchmark positions. Jobs are assigned to pay grades on the basis of the following factors: (1) job qualifications and required skills; (2) job duties and responsibilities defined by the district; and (3) competitive job market prices.

No employee will be paid more than the maximum rate for his/her pay grade unless the employee was earning more than that amount prior to the adoption of the pay plan. Pay ranges are reviewed annually and should be adjusted as needed. Employee salaries will advance through the pay range based upon the general pay increase budget approved by the board each year.

2.1 Job Classification

2.2 Purpose and Authority
Job classification determines the assigned pay range for a job. Job classification is based on an assessment of job requirements and assigned duties. Jobs are compared and classified on the basis of the following factors: knowledge and skill requirements, complexity of assigned duties, job accountability, and working conditions. The human resource department will collect job information, evaluate jobs for classification purposes, and recommend pay-grade assignments. The superintendent has final authority concerning job classifications.
2.3 Reclassification of Current Positions
A job reclassification occurs when the same position is moved to a higher or lower pay grade. An upward or downward job reclassification will result in greater or lesser potential for pay advancement over time. Jobs may be reclassified for a number of different reasons. Those reasons include a significant and sustained increase or decrease in job duties and responsibilities assigned by the supervisor, a need to improve internal pay equity with other related jobs, or a significant change in the external job market.

2.4 Salary Adjustments for Job Reclassification
- If the job is reclassified upward due to a significant and sustained increase in assigned job duties and responsibilities, the reclassification will be treated as a promotion. Refer to procedures on promotion increases (section 8.2).
- If the job is reclassified to improve internal equity with other related jobs and there is no significant and sustained increase in assigned duties, there will be no immediate pay increase. Future earnings will be higher as a result of placement in a higher pay range. Employees will not be paid less than the minimum of the new pay range.
- If the job is reclassified due to a change in the external job market, special equity adjustments may be made at the direction of the superintendent. Refer to procedures on individual equity adjustments (section 6.0).
- If the job is reclassified downward due to a decrease in duties and responsibilities assigned, the employee’s pay may be reduced at the direction of the superintendent. In this case the reclassification will be treated as a demotion. Refer to procedures on pay adjustments for demotion (section 9.2).

2.5 Procedures for Job Classification Review
Review of job classifications must be initiated by the job supervisor. Reviews will be conducted as follows:

(1) The immediate supervisor may request a job classification review according to the schedule and procedures designated by the human resource department.

(2) The supervisor must submit a completed reclassification request form to the human resource department.

(3) The human resource department will review the request form, obtaining additional job information if needed. Additional information may be obtained by requesting a job analysis questionnaire, by interviewing the supervisor and/or employee(s), or by visiting the work site for observation.

(4) The human resource department will reevaluate the job against other benchmark jobs using standard compensable job factors.

(5) The human resource department will prepare a written recommendation for pay grade assignment for the superintendent’s review.
(6) The human resource department will notify the supervisor and the employee of the pay grade assignment after the superintendent's review and approval.

2.6 Classification of New Positions
New positions must have a written job description. The human resource department will recommend to the superintendent the pay grade classification of new positions based on the job description and consultation with the job supervisor. New positions must be classified in the pay system prior to hiring new employees.

3.1 Base Pay for Exempt and Nonexempt Employees

3.2 Classification of Positions as Exempt or Nonexempt
All jobs will be classified as exempt or nonexempt in accordance with the requirements of the federal Fair Labor Standards Act (FLSA). The human resource department will determine the classification of each position based on a description of assigned job duties and the method of compensation. In order to be exempt, the employee’s primary duties must fall under one of three types of exemption: executive, administrative, or professional, as defined under the FLSA, and the employee must be compensated on a salary basis. All employees who do not meet the legal requirements for exemption are classified as nonexempt.

3.2 Basis of Pay for Exempt Employees
Exempt employees are paid on a salary basis for their annual employment period. Payment on a salary basis means that employees are paid a fixed sum for the job regardless of the days or hours actually worked each week. Annual salaries may be adjusted for different duty assignments. Exempt employees do not receive overtime compensation.

3.3 Prorating Pay for Reduced Work Year
Salaries will be adjusted proportionately for employees who work less than full-time or less than a full year.

4.1 Overtime Compensation

4.2 Overtime Defined
Nonexempt employees who work more than 40 hours in a workweek of seven consecutive days (171 hours in 28 days for law enforcement personnel if classified as nonexempt) are entitled to overtime compensation for time worked over 40 hours. Exempt employees (i.e., professional, administrative, and executive) are not entitled to overtime compensation.

An employee’s regular work schedule may be adjusted during the week to limit or eliminate overtime. Overtime must be paid or accrued as compensatory time on the regular payday for the period in which the overtime workweek ended. Every workweek stands alone and different workweeks cannot be consolidated or averaged.
4.3 Time Records
The district will maintain in the central payroll office weekly time records on all nonexempt employees. Records will indicate all hours worked, including compensatory time earned and used. Weekly time records must be verified by the supervisor and the employee and submitted to the payroll office on designated dates. All payroll records, including time records, will be maintained for a period of three years and will be made available for inspection by government authorities on request.

4.4 Authorization of Overtime
All overtime worked must be approved by a supervisor in advance. Supervisors are responsible for preventing unauthorized overtime. Employees who work unauthorized overtime may be subject to disciplinary action. Supervisors of nonexempt employees must ensure that employees understand how they will be compensated for overtime (compensatory time off or cash) prior to the employee working overtime hours.

Overtime pay requirements cannot be waived by voluntary agreement between the school district and the employee and the employee cannot “donate” overtime or agree to be paid at reduced rates.

4.5 Compensation for Overtime
Compensation for overtime hours will be awarded at 1 ½ times the regular rate. Compensation may be given in compensatory time off or paid in the regularly scheduled paycheck.

4.6 Use of Compensatory Time
Employees with Duty Calendar of less than 226 days:
**Compensatory time may be accumulated up to a maximum limit of 60 hours including time-and-a-half rates.**
Employees with Duty Calendar of more than 226 days:
**Compensatory time may be accumulated up to a maximum limit of 200 hours including time-and-a-half rates.**

Employees who have accrued compensatory time must use that time before using other accrued leave. **Compensatory time accrued must be used or paid before the end of each fiscal year.** All unused compensatory time will be paid before the beginning of the new school term.

5.1 General Pay Increases

5.2 Eligibility for General Pay Increase
Employee salaries and wages will be reviewed annually for adjustment. General pay increases are given to employees to reward continued service to the district. **An employee’s performance must be satisfactory to receive a pay increase unless exceptions are granted by the board.**

**Employees must have worked for the district for 90 work days to be eligible for a general pay increase.**
Classroom teachers, nurses (RNs), librarians, and counselors will be paid no less than their minimum monthly salary on the state salary schedule.

5.3 Pay Increase Budget
The superintendent will recommend a total budget amount for general pay increases as part of the annual budget process. Budget recommendations for general pay increases will be based on available revenue, changes in minimum pay laws, competitive job markets, and district compensation objectives. Employee pay increases will be based on the budget approved by the board.

5.4 General Pay Increase Calculation
General pay increases will be calculated for each employee by applying a percent increase approved by the board to the control point of each employee’s pay range. All employees who are in the same pay range will receive the same pay increase.

Example: Range Control Point x Percent Increase = Pay Increase

- Pay range Control Point for pay grade 5 is $12.50 per hour
- Pay increase budget approved by the Board is 5%
- Hourly pay increase for all employees in pay grade 5 is $12.50 x .05 = .63
- An hourly employee in pay grade 5 is earning $11.50 per hour
- Employee’s new hourly wage is $11.50 + .63 = $12.13

6.0 Individual Equity Adjustments
The superintendent may make special equity adjustments to individual employee salaries to correct identified internal or external pay equity problems. Equity adjustments are made only on an as-needed basis at the direction of the superintendent. Equity adjustments may be made to retain an employee who is at risk due to competitive pay problems; to correct an internal pay inequity; or to compensate an employee for a significant change in job responsibilities that do not result in a job classification change.

7.1 Promotion Increases

7.2 Promotion Defined
A promotion occurs when an employee is assigned to a different job in a higher pay range. Pay adjustments for promotions will begin with the effective date of the new assignment. For promotions that take effect at the beginning of a school year, the standard promotion increase includes any general increase granted by the school board. If an employee moves to a different job in a different pay structure (example: from auxiliary to professional group), the pay adjustment will be treated as placement of a new employee (see section 7.0).

7.3 Promotion Increase
A promotion increase is based on an employee’s current base pay less any stipends paid for supplemental duties. Salary placement for a promotion will be determined by these guidelines:
a. If the employee’s current base pay rate is less than the Control Point for the new job, the increase shall be **10 percent** of the new Control Point.

   Example:  New Control Point = $14.00
   Times (X)   \[ .10 \]
   \[ $ 1.40 \] Increase Amount

b. If the employee’s current base pay rate is greater than the Control Point for the new position, the increase shall be **five percent** of the new Control Point.

   Example:  New Control Point = $14.00
   Times (X)   \[ .05 \]
   \[ $ .70 \] Increase Amount

c. Consideration will be given to the pay of other employees in the same position. The standard promotion increase may be reduced accordingly to maintain internal pay equity.

d. No employee will be paid less than the minimum or more than the maximum of the new pay range.

8.1 Demotion

8.2 Demotion Defined
A demotion occurs when an employee is reassigned to a different job at a lower pay grade level. Demotions may be voluntary or involuntary. Position reclassification or general salary structure changes are not considered demotions.

8.3 Pay Adjustments for Demotion
A reduction in pay as a result of a demotion will be made at the discretion of the superintendent. When a pay reduction is made for a demotion, the employee’s base pay rate will be reduced to the same relative position within the new pay range, typically measured as a ratio of the employee’s salary to the range Control Point. For example, if the employee’s base pay was 110 percent of the Control Point in the higher pay range, that person’s pay would be reduced to an equivalent 110 percent of the Control Point in the lower pay range. The pay adjustment for demotion will begin with the effective date of the new assignment. Pay adjustments may also be made for a longer or shorter work year associated with the change in assignment.

9.1 Adjusting Pay-Range Structures

9.2 Review of Pay Ranges
The superintendent will review pay-range structures annually and make adjustments as needed.
9.3 Amount of Structure Adjustment
Pay structures should be adjusted by an equal percent factor. The amount of percent adjustment made to the pay range control points (minimum, control point, maximum) should be less than the percent increase budgeted for pay raises. After the pay increase budget is established, the superintendent will determine the appropriate amount of adjustment for pay range structures in the district.

9.4 Structure Adjustment Procedure
To adjust a pay range structure, the adjustment factor will be applied to the Control Point of each pay range. The minimum and maximum rates of each range will then be recalculated off of the adjusted Control Point to preserve the structure. Adjustments to pay ranges should be made prior to the calculation of general pay increases.

Example: Illustrated procedure for a range offset of 20 percent from Control Points

10.1 Supplemental Duty Pay

10.2 Exempt Personnel
The board will approve a schedule of salary stipends for extra duties. Exempt employees who are assigned supplemental duties that accrue extra pay will be compensated according to the district’s schedule for extra duty stipends.

10.3 Nonexempt Personnel
Nonexempt employees who are assigned supplemental duties will be paid on an hourly basis including overtime compensation when hours exceed 40 in a workweek. The hours worked in supplemental duties must be combined with the hours worked in the regular job assignment for determining the total hours worked each week.
