- 4.2 Adequate procedures having been provided for the equitable settlement of grievances arising out of this agreement, parties hereto agree that there will not be, and that the Association and the District, their officers, members, agents or principals must not engage in, encourage, sanction or suggest strikes, slowdowns, lockouts, mass resignations, mass absenteeism or other similar action which would involve suspension of or interference with normal work performance during the term of this agreement.

#### ARTICLE 5 - SCHOOL CALENDAR

- 5.1 The Unit must be represented on the District committee which recommends the school calendar each year to the Board of Trustees. Fifty percent (50%) of the membership of the committee must be composed of Unit members appointed by the CTEA Executive Board.

SECTION IIIARTICLE 1 - PERSONNEL FILE

- 1.1 Personnel file - employees must be permitted to inspect the contents of their own personnel files upon request and in the presence of the Superintendent, the Assistant Superintendent of Human Resources or their designee.
- 1.2 No evaluation, correspondence or other materials making reference to an employee's competence or character must be placed in the personnel file of the employee without requesting the employee to sign the document and without giving the employee an opportunity to attach their own comments.
- 1.3 Following a minimum of twelve (12) months the employee may petition the Assistant Superintendent of Human Resources to remove contested materials from the personnel file. If denied, the employee has the right to ask for a review from the Superintendent.

ARTICLE 2 - WORKING CONDITIONS

- 2.1 Policies and Regulations: In performing their duties and in carrying out their responsibilities, the members of the Unit must comply with the policies and regulations of the District and of the Board unless such policies and regulations are contrary to the terms of this agreement.
- 2.2 Student schedule changes must be made within the first six (6) days of the start of each semester, except for extremely unusual and exceptional reasons. Prior to making the schedule change, an attempt will be made to conference with the student, teacher(s), administrator and the parent or guardian. In all instances, a schedule change after the six (6) days will involve notification of the parent or guardian of the student.

ARTICLE 3 - WORK TIME

- 3.1 Contract Year: The in-school work year of members of the Unit must not exceed one hundred eighty-five (185) days. Teacher-student contact days must not exceed one hundred seventy-seven (177) days.

- 3.4 Teachers filling positions for summer school must be paid hourly at the daily rate of master's degree plus twenty (20) years of experience for each additional day beyond the regular school year. All participants on the selection committee will review the contractual language in the CTEA negotiated agreement regarding assignments and transfers to help ensure the correct process is followed. All internal applicants will submit a letter of intent and an up to date resume including teaching experience in summer school as well as the regular school year to be reviewed by the selection committee. When possible, the selection committee will be made up of a minimum of two (2) participants. Each summer school site will have a ranking system to support the selection process which will be reviewed and approved by Human Resources.
- 3.5 During any normal workday when personnel have the responsibility of traveling to more than one building, a duty must not be assigned unless the member and administrator agree to the duty assignment. On days that teachers are not traveling to another building they may have a daily duty assignment comparable to other certified staff in the building. Members who are assigned to more than one (1) building must have a reasonable (a minimum of thirty minutes between ending student instruction in one building to beginning instruction in another building) travel time between buildings. If travel time conflicts with planning or duty-free lunch, then alternative blocks of planning time must be scheduled by consensus of the administrators and the teachers involved to ensure equitable time during the week. Plans for alternative blocks of planning time must be submitted by the supervisor to the Assistant Superintendent of Human Resources.

- 3.6 In order for students to attain educational success, certificated staff dedicate many hours beyond the contract time. As professionals, members of the Unit are classified as exempt employees under the law. They often work beyond a forty (40) hour work week grading assignments, preparing lessons and fulfilling other District or school obligations.

The CDM Team (Section III, Article 20) must configure how the day is structured outside of established teaching time including, but not limited to, scheduling of meetings, student supervision, student interventions, District initiatives and setting the time for PLC. The focus of PLC must be on student learning.

All District and building committees and/or programs where participation is required beyond the forty (40) hour work week will be subject to accommodation such as:

- comp time (bankable, to be used within the current contract year);
- release time (substitute for work on school business);
- or other mutually acceptable accommodation.

- 3.7 At the elementary level, Open House shall be scheduled after the first two (2) contract days unless otherwise approved by the CDM Team prior to March 1 of the previous academic year.
- 3.8 Members of the Unit must be allowed to leave their assigned building or buildings in performance of their duties during the normal work day in accordance with procedures established by the Collaborative Decision Making Team (CDM), but they must not leave such building or buildings during the normal work day for other than performance of their duties without specific authorization of the principal.
- 3.9 The workday must include a minimum thirty (30) minute duty-free lunch period.

ARTICLE 4 - TEACHER WORKDAY PLANNING TIME

4.1 Effective instruction depends on adequate planning time. Factors influencing the amount of individual planning time necessary include, but are not limited to:

- Implementation of curriculum(s)
- Number of special needs students
- Student load
- Collaboration/Consultation
- Technology
- Innovation
- Assessment of student progress
- Parent contact
- Professional Learning Community

Members of the unit must not leave the building or buildings during the normal workday for other than performance of their duties without specific authorization of the principal.

4.2 Elementary teachers must have a minimum of three hundred (300) minutes per week which includes two hundred forty (240) minutes of individual planning and sixty (60) minutes PLC. Planning time should be no less than thirty (30) minute increments. Alternative time blocks may be scheduled by mutual consent of the building administrator and teachers involved. The CDM Team must assist with development of the appropriate plan to achieve three hundred (300) minutes per week planning time.

4.3 Elementary specialists (art, music, physical education) must be provided professional learning community collaboration time within their content area during the mornings of early release planning days. On these days, regularly scheduled morning planning times for the classroom teachers will be preempted.

4.4 In order to optimize planning time, after staff input, the CDM team in each building must:

- define duties by consensus with administrators;
- assist administrators in scheduling duty assignments;
- assist administrators in developing a rotation system for duties;
- provide recommendations regarding the use of the designated staff development period at the secondary level;
- provide recommendations regarding the use of staff development training beyond established school hours at the elementary level.

This must be completed by the beginning of each school year.

- 4.5 Secondary teachers must have daily planning time equivalent to a typical class period in their building. Alternative blocks of planning time may be scheduled by consensus of the building administration and the teachers involved.
- 4.6 At the middle level, the CDM team must collaborate to develop an appropriate plan to achieve an additional thirty (30) minutes per day planning time beyond the typical class period. Should the additional thirty (30) minutes per day planning time fall outside the established teaching time, it will count towards the forty (40)-hour work week.

#### ARTICLE 5 - AREA OF SPECIALIZATION

- 5.1 Except as authorized by the Wyoming Professional Teaching Standards Board, no fulltime teacher shall be assigned to teach outside the scope of their teaching endorsements.

#### ARTICLE 6 - COURSE ASSIGNMENTS WITHIN DEPARTMENT

- 6.1 Recommendations for course assignments of teachers within a department for the next year shall be made by members of the department and shall be submitted to the principal prior to the close of the school year.

#### ARTICLE 7 – PROFESSIONAL STAFF ASSIGNMENTS AND TRANSFERS

##### 7-1. General Principles - Consensus

- A. Changes in job status are a sensitive area and the District should make efforts to treat teachers respectfully while fulfilling its need to assign them where they will best serve the interests of the schools. Teachers should learn of job opportunities or changes in their status as soon as possible so that they may plan their lives accordingly. Though some administrative transfers and reassignments are unavoidable, the District will seek to keep them to a minimum.
- B. The Superintendent, or designee, has the authority to assign all employees to their duties. When special licenses, requirements, school program needs or training are deemed necessary for filling a position in a school, employees possessing or satisfying them shall be assigned there. No employee shall be placed into a position for which he/she is not qualified with certification or licensure.

- C. Personnel shall be assigned to positions where they best contribute to the total educational program. - Consensus
- D. The principal shall have the responsibility for specific assignment in his/her school. - Consensus
- E. The assignment of a teacher to a specific building will not imply permanent assignment to that building. - Consensus
- F. All in-district continuing contract applicants who are licensed and meet the minimum job requirements for a teaching vacancy shall be interviewed by the principal of the school at which they are applying at least once per hiring season, until July 1.

## 7.2. Building Reassignment

- A. Reassignment shall mean a change of assignment within a teacher's current building.
- B. The principal or immediate supervisor shall have authority to make a reassignment after discussing the proposed change with the affected teacher. Once the final decision has been made, the teacher will be notified as soon as feasible.

## 7.3 Voluntary Transfers - Consensus

- A. A voluntary transfer shall mean a teacher-initiated change in assignment to another building.
- B. The purpose of voluntary transfers is to promote personal growth and development and provide opportunities for advancement.
- C. Filing a request for transfer shall be without prejudice to the teacher and shall not jeopardize his/her present assignment. A teacher must apply for the posted vacancy to be considered for an open position for which he/she is qualified.
- D. Continuing contract applicants shall be interviewed by the school at which they are applying for a vacancy and shall receive written or verbal notice of the decision that has been reached in a timely manner.

- E. The school shall not be required to interview a candidate more than once a year who applies for similar positions within the school.

#### 7.4 Involuntary Transfers

- A. An involuntary transfer shall mean a district-initiated change in assignment to another building
- B. Changing instructional requirements, workload conditions, or other environmental changes in the District may create a need to relocate personnel in order to maintain the quality of the educational program. Relocation shall be made only for good cause. The Superintendent or designee will attempt to include the full cooperation of all parties concerned, including the CTEA, for all involuntary transfers.
- C. Teachers who will be transferred shall be personally notified before any general announcement of the staffing changes and shall be given details about their new assignments as soon as possible. They shall not be assigned without their consent to any position outside their areas of professional licensure or certification.
- D. Generally, involuntary transfers may be made in any of the following situations:
  - a. When a new school is opened, transfers may be made based on the needs of the school and the criteria below.
  - b. Where a teacher has specialized talents or training that could better serve the school system in a different assignment.
  - c. When the Superintendent deems circumstances make such transfers in the best interest of the District.
- E. Superintendent or designee, will attempt to adjust with voluntary transfers before resorting to involuntary transfers.
- F. In deciding which teachers to transfer, the Superintendent or designee should consider the following criteria:
  - a. Number of years of continuous licensed employment in the District.
  - b. Date employee started work under licensed contract in the District.
  - e. Years of total work experience in the District.
  - f. Longevity in that building or assignment.
- G. The Superintendent, or designee, and a representative from the Association will meet individually with the teachers who are to be

transferred involuntarily to inform them of the transfer and the reasons that make it necessary., They will also receive formal, written notice of the transfer.

- H. If the Superintendent or designee determines there are two or more school assignments appropriate for an involuntarily transferred teacher, the teacher may designate an order of preference and the Superintendent or designee will consider that designation in making the final assignment.

#### 7.5 Staffing Overages

- A. The first priority shall be to resolve the staffing overage within the building or program. Building administrators are encouraged to work with the Assistant Superintendent of Human Resources or designee to use the following approaches (in descending order) to alleviate overages.
  - a) Number of years continuous licensed employment in the District.
  - b) Date employee started work under licensed contract in the District
  - c) Years of total work experience in the District.
  - d) Longevity in that building or assignment.
- B. The least senior continuing contract (District seniority) staff member qualified in the area of overage will be identified as the staff member to be transferred unless unique program considerations exist. In that event, these situations will be treated as exceptions to the rule and must be coordinated with the Department of Human Resources.
  - a) The staff member(s) directly affected by the decision regarding the program needs recommendations will meet with the Department of Human Resources to review the party's options and preferences in an effort to reach a mutually agreeable decision which will resolve the staffing issue.
  - b) The the staff member's written request will include preference, qualifications, recent professional development and areas of licensure. A staff member placed in a required placement assignment may pursue a voluntary transfer later in the hiring season according to standard voluntary transfer procedures.

#### ARTICLE 8 - SUBSTITUTING

- 8.1 Members of the Unit may volunteer to substitute for others who must be absent from a classroom teaching assignment, provided that such substitution will not interfere with a regularly assigned class and that such substitution must be made only upon the approval of the principal.

ARTICLE 9 - HOMEBOUND TEACHERS

- 9.1 Employees currently working as homebound teachers must be paid at the hourly rate of pay equivalent to their appropriate step and column placement on the CTEA salary schedule. This provision must not reduce the hourly rate of any current homebound teacher. Mileage must be paid at the current IRS rate. Retirement benefits must be paid by the District pursuant to the Wyoming Retirement System rules and regulations.

ARTICLE 10 - STUDENT TEACHERS

- 10.1
- A. A teacher must not be used as critic or supervising teacher unless he consents thereto.
  - B. Initial contract teachers must not be used as critic or supervisory teachers.
  - C. In specific cases where no continuing contract teachers are available as critic or supervisory teachers, third year teachers may be used.
  - D. A critic or supervisory teacher shall not be assigned more than one (1) student teacher for a given time period in academic classes.
  - E. Critic or supervisory teachers will receive the current rate of compensation paid by the colleges which may include tuition waivers.
  - F. A student teacher shall not be used as a substitute teacher unless released by their critic or supervising teacher.
  - G. Critic or supervising teachers shall have the right to recommend to the principal the rejection at any time of any assigned student teacher with whom they feel they cannot work effectively. The recommendation shall be in writing and shall give the reasons for the recommendation.
  - H. If the Association so requests, at least three (3) weeks before the beginning of a semester, the names of the student teachers, the supervisory teachers and the date of placement shall be furnished to the President of the Association at least one (1) week before placement of student teachers, provided that the one (1) week requirement may be waived by the Association in specific instances.

ARTICLE 11 - PEER MENTORING

- 11.1 It is the belief of the District and the Cheyenne Teachers Education Association that a peer mentoring program is a valuable tool for promoting effective educational practices and assisting with school and district procedures. Mentors must provide feedback to the member of the Unit, not information to the administrator regarding evaluation. Unless mutually agreed upon, all communication between the mentor and the member of the Unit must be deemed confidential. Essential components of the current peer mentoring program will be reviewed annually.

ARTICLE 12 - NON-SALARIED PERSONS

- 12.1 A non-salaried person must not be assigned to aid any member of the Unit without prior approval of such member and such member must have the right to terminate such assistance at any time upon written notice thereof to the principal.

ARTICLE 13 - CLASS SIZE/STUDENT LOAD

- 13.1 The District shall staff all positions based on the District and schools' vision, mission, learning goals, student needs and staff qualifications.
- 13.2 Class size, student load, and appropriate use of facilities are three factors influencing effective teaching and the quality of education. Class size and/or student load impacts the level of interaction between the teacher, student, and parents. It affects the school's ability to meet the unique needs of individual students. Reduction of class size and/or student load to maintain or exceed national standards and state guidelines is a priority of the District.
- 13.3 Class size and/or student load is to be specifically addressed in all budgets, facility, staffing, and schedule planning to promote student achievement. In order to facilitate the process of establishing class size and/or student load, the certificated staff must be included in the planning and implementation of any adjustment to class size and/or student load. Lower class sizes and/or student loads shall not be achieved by increasing the number of sections taught by an individual teacher without additional compensation.

ARTICLE 14 - SCHOOL SUPPLIES, TEXTBOOKS AND EQUIPMENT

- 14.1 The principal shall fulfill District approved textbook requests when necessary for the implementation and continuation of basic curriculum areas at all levels within budgetary constraints.

- 14.2 The CDM Team or department heads and the principal shall determine the allocation of these monies. Each school shall be allocated an amount equal to eight dollars (\$8.00) per pupil to be budgeted for such purposes in that school in the coming fiscal year. This amount is to be based upon the enrollment of each school as of January 15 previous to the budget year. A separate code number shall be used for these special monies. Such money is to be used by teachers for supplementary materials and/or equipment for the improvement of instruction.
- 14.3 Electronic mail access is offered as a privilege granted to the Cheyenne Teachers Education Association, provided the electronic access meets criteria/guidelines listed in Chapter VII, Section 22 of the District Policy Manual.

#### ARTICLE 15 - EVALUATION AND REMEDIATION

- 15.1 To facilitate professional growth, quality instruction, and professional conduct, evaluation should be a formative and summative process that takes into consideration individual teaching styles. Adequate administrative time and training, staff development, and professional growth through individual responsibility are essential to this process. Effective evaluations should be based on observation and defined criteria which are applied consistently. Peer mentors, Instructional Facilitators, and other members of the Unit may work with the educator, but their assistance will not be part of the formal evaluation.
- 15.2 In order to optimize professional growth through evaluation, every effort must be made to schedule observation(s) to support the evaluation(s) throughout the school year. Evaluation policies and procedures must be available to certificated staff.
- 15.3 If an area is identified as needing improvement, the following steps must be documented and followed in succession. Initial contract teachers are eligible for steps one through four (awareness and assistance) and continuing contract teachers will be eligible for steps one through six (awareness, assistance and discipline). (See Teacher Performance Evaluation):
1. The building administrator must inform the member of the Unit that he/she may seek representation or assistance from the CTEA or other representation at any time during the process.

2. A meeting, including requested representation, must be held between the member of the Unit and the administrator to discuss the issue. ARTICLE 16 - REDUCTION IN FORCE

- 16.1 The Board of Trustees, in directing a reduction in force (RIF), may put into effect that staff reduction plan only after closely studying and evaluating decreasing enrollments, lack of funds or other events beyond the control of the Board, and after efforts have been made to avoid this procedure through attrition, retirement, early release compensation and approved leaves of absence. The District will make every effort to retain employees; however, the number of employees may, under some circumstances, have to be reduced.

In all cases, a decision to reduce the number of teachers, will remain within the sole discretion and judgment of the Board of Trustees under provisions of Wyoming Law and Procedure.

Should a RIF be necessary, the District must provide the Association with a list of all certificated/licenses personnel ranked by seniority, including endorsements and assignment. The District must supply the Association with any additions or deletions to this list. The District must notify the Association of possible affected areas at least five (5) working days prior to the Board meeting in which the RIF is an informational agenda item. At least one (1) Board meetings prior to the enactment of RIF, the Board of Trustees will schedule RIF as an informational item with an accompanying interim public discussion period to solicit public views, comments and observations.

- 16.2 Definitions:

For the purpose of this procedure, teachers shall include all personnel recognized by the CTEA negotiated agreement.

Certificate/license is the document issued by the Wyoming Professional Teaching Standards Board or other approved professional licensing boards to an individual. It verifies that an applicant has met the requirements of the law and the regulations for the type of certificate/license issued.

Endorsement is a delineation of the types of service that the holder of the certificate may perform in Wyoming public schools. For the purpose of this agreement, endorsement is for academic areas to include all certified employees recognized in the CTEA negotiated agreement.

An "area" is defined as certificated endorsement.

"Seniority" is defined as the total years of contracted experience in the District by all personnel recognized by the CTEA negotiated agreement.

- 16.3 The reduction in force procedure, when necessary, shall be implemented by the following steps:
1. The Board of Trustees, after assessing the staffing needs for the forthcoming school year, shall determine what areas and the number of positions to be reduced.
  2. Elimination of the identified positions shall begin with temporary and non-continuing contract employees.
  3. If there are no initial contract teachers in an area of surplus or if there still exist a surplus of continuing contract teachers after terminating all initial contract teachers in the area of surplus, the District will attempt to reassign surplus continuing contract teachers to positions in which they have certificated endorsement. The attempted reassignment will be to areas of endorsement where there are vacancies or where there are positions held by initial contract teachers or teachers with less seniority. Should the continuing contract teachers have identical seniority and endorsement, then #4 steps b. and c. shall be used in priority to determine reassignment.
  4. If there still exist a surplus of continuing contract teachers, the District shall examine the records of continuing contract teachers within the area of surplus. Those teachers recommended for termination due to the reduction in force will be considered in the following order of priority:
    - (a) The teacher's total years of contracted teaching experience in the District. Longevity shall be given preference.
    - (b) The teacher's total years of teaching experience. Longevity shall be given preference.
    - (c) The teacher's total hours beyond a bachelor's degree.
- 16.4 Rehiring of terminated continuing contract teachers in the certificated area shall be reinstated in reverse order of termination, provided they meet certification requirements. Rehiring for District teaching vacancies shall be from the list of certificated continuing contract teachers terminated by this procedure.

- 16.5 Rehiring rights of terminated teachers shall be limited to two (2) years from the end of the contract year. Terminated continuing contract teachers must maintain a current mailing address with the District Human Resources Office and must respond to the rehiring offer within five (5) working days after receipt of the vacancy notice. The rehiring position offer shall be sent by certified mail. Failure of the teacher to maintain a current mailing address will waive rehire rights.
- 16.6 Terminated continuing contract teachers must accept positions within their certificated areas or lose rehire rights. Rehired teachers shall retain previous seniority rights and be placed at the appropriate step and column on the CTEA salary schedule. Rehired teachers shall retain sick leave benefits for which they have not been previously paid.
