General Information

The Performance Salary Schedule applies to all Instructional Staff with Annual Contract or Probationary Contract status. The Career Ladder includes separate classifications of Instructional Staff on the Performance Salary Schedule. These classifications are referred to as Career Ladder Levels and include: Apprentice, Career, and Accomplished.

The Career Ladder Committee is responsible for the development of the annual movement requirements for the Career Ladder. The Career Ladder Committee is comprised of District and TALC representatives who utilize the Interest-Based Process to reach consensus on key issues related to the strategic development of the Career Ladder as a meaningful promotion and advancement system for Instructional Staff. The goal of the Career Ladder Committee is to make data driven decisions for the continuous improvement of the Career Ladder.

Career Ladder Movement occurs automatically on an annual basis for eligible employees, who have met the requirements to move to the next Career Ladder level. Requirements fall into six (6) categories: mentoring, experience, performance evaluations, professional development, certification, and participation.

Profiles

Profiles have been established for each Career Ladder level to provide a basic understanding of who the Career Ladder Committee had in mind when determining the requirements for movement from one level to another. These profiles are aspirational in nature and provide only a general sense of what an instructional staff member at each level might look like on paper.

Below are written descriptions of each profile and a diagram showing a side-by-side comparison of each profile. The categories used are mirrored across profiles and the requirements for movement.
Apprentice Profile
Apprentice refers to Instructional Staff with the following attributes:

Career Opportunities

Career Opportunities are available based upon Career Ladder level and the completion of other eligibility requirements. Career Opportunities are as follows:

**APPRENTICE:** Instructional Supplements, Turnaround School Supplement

**CAREER:** Instructional Supplements, Turnaround School Supplement, Peer Collaborative Teacher, Learning and Leadership Teacher, Transformation Teacher

**ACCOMPLISHED:** Instructional Supplements, Turnaround School Supplement, Peer Collaborative Teacher, Learning and Leadership Teacher, Transformation Teacher

Compensation

Instructional staff may be eligible for a Performance based salary increase for Career Ladder Movement from Apprentice to Career or Career to Accomplished. Instructional staff who are eligible for Career Ladder Movement will receive an increase in base salary of $1,000.00, if they are employed by the District at the time a Memorandum of Understanding authorizing payment is executed each year.

TALC Contract Article 10.06(1) (Performance-Based Pay) states:

Performance Based Pay: Performance based salary increases will be available to employees based on classification as “Eligible” or “Ineligible” for Career Ladder Movement.

District staff have provided Introduction to Career Ladder training to all schools and an online version of this training to be available for FY23 (2022-2023 school year). All new hires to the District must attend the “Welcome Aboard” orientation that includes a voluntary
session providing a comprehensive overview of compensation and explaining the concept of Total Compensation.

In addition, Human Resource Division and Business Services Division recently partnered on a process improvement project that should allow for improved payroll efficiency and automation. The District is diligently working to improve customer service and the employee experience as it relates to compensation and payroll.

Next Steps

A Career Ladder page is now available via PeopleSoft. Navigate to Self-Service, Performance Management, Career Ladder Status to see your progress toward completion of the requirements for movement. If you are on the Grandfathered Salary Schedule or the Accomplished level, no information will be displayed.

Feedback from Instructional Staff at Career Ladder training led to updates to the Career Ladder page on PeopleSoft. Additional updates are scheduled and should improve the overall user experience. School-based administrators have the ability to run status reports and should be meeting with instructional staff to help them plan their movement on the Career Ladder.

The Career Ladder Committee remains focused on improving communication regarding the Career Ladder and the requirements for Career Ladder Movement. Subcommittees have been formed and are discussing the development of additional Career Ladder Levels, improved Professional Development offerings, equitable distribution of Instructional Supplements, and additional improvements to the PeopleSoft page for those seeking to move on the Career Ladder.

The Committee hopes to launch a new PeopleSoft view allowing all instructional staff, including those on the Grandfathered Salary Schedule, to see what is tentatively titled the “Expert level.” The goal of the Committee in creating this new designation is to reward employees who have completed requirements equivalent to the National Board-Certified Teacher requirements or have obtained National Board Certification. More information will
be available in FY23 (2022-2023 school year) to aid the bargaining teams in making decisions about how to recognize and compensate employees who achieve “Expert level” status.

Additional information about the Career Ladder is available on the District website.
