- Wellness Newsletter
Loudoun County Public Schools has developed a program, in partnership with our healthcare provider, that successfully engages employees in programs that increase their exercise levels, lowers their stress, and helps them take greater control of their health. This program has reduced the incidences of three serious chronic diseases, improved employees' overall health, and has seen a reduction in health care costs, which are savings to you.

The most important achievement of the program is hearing the success stories and testimonials from the staff of how this program has saved their life, either by changing their behaviors or by having that preventive screening that caused them to act in the nick of time.

What is the Wellness Works! Program?

Determine Eligibility & How to Enroll

If you are a new employee
All benefits eligible employees are eligible to participate in the LCPS benefit programs described in this handbook. You have 45 days from your date of hire to complete and return your enrollment forms. Late enrollment for these programs is not accepted.

Please note the following:
• If your contract or work status is not benefits eligible, you are not eligible to participate in the VRS retirement, life insurance, long-term disability programs, health insurance or flexible spending accounts.

LCPS requires all new employees to participate in its New Employee Orientation program, where you will receive detailed information about your benefit programs.

If you will be requesting health coverage for your dependent(s), you must also submit documentation to verify their eligibility. See page 2-15 for the list of required documents. If you submit your enrollment forms and documentation after the payroll deadline for that pay period, you will have a double deduction in a future paycheck.

If you are a current employee
You may enroll, add, or cancel coverage for yourself or your dependents or change your health care benefits and Flexible Spending Account participation during the annual Open Enrollment, October 15 - November 15. Changes made during Open Enrollment take effect January 1 of the following calendar year. If adding dependents, you must submit applicable documentation to verify your dependent’s eligibility. See page 2-15 for required documents. Late enrollment for these programs is not accepted.

If you have a status change or qualifying event
You must notify Employee Health, Wellness and Benefits within 30 days* of a status change or qualifying event if you wish to make a change to your Health Insurance.

Section 125 of the Internal Revenue Code outlines status changes or qualifying events that permit mid-year coverage changes to employee benefit plans. The following events are examples of eligible status changes or qualifying events:
• Marriage or divorce. You may drop coverage for a spouse if you are legally separated; however, you must drop your spouse and any ineligible stepchildren upon your divorce.
• Birth or adoption. If you notify the Employee Health, Wellness and Benefits within 30 days, your child’s medical benefits become effective on the date of birth, date of adoption or date placed for adoption. As an adoptive parent, you do not have to wait until the adoption is final to add your child to your health plan.
• Becoming the legal guardian of a child.
• A court order requiring you to cover a child or an order requiring someone else to cover your dependent.
• Death of a spouse or child.
• Spouse’s or other dependent’s change in employment status that affects his or her eligibility for medical and/or dental benefits (or his or her employer’s open enrollment).
• Beginning or returning from an unpaid leave of absence.
• Loss of health coverage.
• Significant increase or reduction in hours.
• Dependent reaching age 26.
• A significant cost change, coverage curtailment, improvement, new option, or a change in coverage under your spouse’s or dependent’s plan.
• Entitlement to or loss of Medicare or Medicaid.

How to change your coverage
IRS rules state that health care election changes must be on account of, and correspond with, a change in status that affects eligibility under the health plan. Paperwork must be received by LCPS within 30 days* of your status change or qualifying event.

It is your responsibility to inform the Employee Health, Wellness and Benefits about a status change by completing a Health Insurance Enrollment/Change form, which is available under Forms and Publications on the LCPS Employee Health, Wellness and Benefits website or by calling 571-252-1810.

You must also provide the required documentation to support the change in coverage.

Additional required documentation may include:
• Divorce decree (applicable pages).
• Letter from your spouse’s or dependent’s employer or open enrollment notice including enrollment dates and effective date.

Things to know:
• If you elect not to enroll in Health Insurance (medical/prescription, dental or vision) you can elect the Opt Out Credit of $9.00 per pay. You must complete a Health Insurance Enrollment/Change form to receive the credit.

Notes
• If you elect not to participate in the insurance plan upon hire, you may enroll during any Open Enrollment thereafter. Open Enrollment is October 15 to November 15, with changes/additions to be effective January 1st.
• Children are covered up to age 26.
• If you are a current employee

• Letter from your spouse’s or dependent’s HR Department or insurance plan explaining circumstances regarding a significant cost change, coverage curtailment, improvement, new option or change in coverage for your dependent.
• Copy of your letter from Medicare/Medicaid.

If you fail to notify LCPS Employee Health, Wellness and Benefits within the 30-day* period, you may not enroll, cancel or change coverage until the next Open Enrollment. Changes made to your coverage during Open Enrollment become effective January 1 of the following calendar year.

Adding or Removing a Family Member
• If you marry, you may change your enrollment from Individual to Employee plus Spouse or Family.
• If you divorce your former spouse no longer qualifies for LCPS health insurance. You may change your enrollment:
  • Once your divorce is final; or
  • Having a signed separation agreement or property settlement.
• If you and your spouse have a baby, adopt a baby, or gain legal guardianship of a child, you can add the new dependent and change your level of coverage.
• If you have a child participating in the Dependent Care Flexible Benefit Plan Account, and you add a new child to the family, you may change your Dependent Care account contribution.
• If your son or daughter “ages out”—that is, he or she turns age 26—he or she is no longer eligible for LCPS coverage as a dependent. Coverage automatically ends at the end of the month in which he or she turns age 26.

In addition to submitting an enrollment change form, you must also provide documentation of the event as described on the form.

To facilitate compliance with federal mandates relating to health plans, you are requested to provide Social Security Numbers of all eligible dependents when adding them to your health benefit plans.

Employment Changes
• If you are enrolled through a health plan with your spouse’s employer and your spouse loses coverage, you and your family may enroll in an LCPS plan.
• If your spouse changes jobs and you join your spouse’s employer’s plan, your enrollment in that plan will allow you to cancel your LCPS coverage.

Public Law 110-173 requires the LCPS health plans to report participant’s Social Security Numbers (SSNs) in order to coordinate benefits with Medicare or other insurance benefits. All participants (employees and dependents) age 45 or older must provide SSNs in order for LCPS health plans to meet the requirements of this law. All participants who are receiving kidney dialysis or have received a kidney transplant, as well as all participants under age 45 who have Medicare, are also required to report SSNs.

• If your spouse’s or dependent’s employer has a benefits open enrollment period that does not coincide with the LCPS enrollment period, and if you, your spouse, or your dependent joins that plan, you may cancel LCPS coverage.
• If you return to active employment from a leave of absence or retirement and are eligible for benefits, you must enroll within 30 days of your status change.

Coordination of Benefits
When both spouses work, each person may be covered by his or her employer’s health plan, as well as the spouse’s health plan. Coordination of benefits determines which group health care plan pays benefits first. The secondary health plan may then pay additional benefits.

Health insurers follow a common set of guidelines to determine which plan pays first and which plan pays second for family members. Your employer’s group health care plan is always primary for you as an employee.

If you are married, and both you and your spouse cover your dependent children, the plan that covers the parent whose birthday falls first in the calendar year usually is primary for any dependent children.

Other factors that can change which plan pays first include eligibility for Medicare, court decrees or custody arrangements, the length of time you are covered and whether you are an employee or retiree.

Pre-existing Conditions
None of the health care plans offered by LCPS will deny you or your qualified dependents coverage because of a pre-existing condition.

Notes
• Your Health Plan is effective the 1st of the month following eligibility provided you return completed and signed enrollment paperwork to the Employee Health, Wellness and Benefits including all supporting documentation.

• If you elect not to participate in the insurance plan upon hire, you may enroll during any Open Enrollment thereafter. Open Enrollment is October 15 to November 15, with changes/additions to be effective January 1st.

## Vision Plan Summary

and Benefits website at www.lcps.org will prevail.

**Vision Care Plan benefit description**

Loudoun County Public Schools is pleased to provide this information about your vision care plan administered by Davis Vision, Inc., a leading national administrator of routine vision care programs. Eligibility for vision care benefits is determined by the same rules that apply to your other health care benefits.

How do I receive services from a provider in the network?
- Call the network provider of your choice and schedule an appointment.
- Identify yourself as a Davis Vision plan participant and a Loudoun County Public Schools employee or covered dependent.
- Provide the office with the employee's identification number and the name and date of birth of any covered dependents needing services.

It’s that easy! The provider’s office will verify your eligibility for services and no ID cards or claim forms are required!

Who are the network providers? They are licensed providers who are extensively reviewed and credentialed to ensure that stringent standards for quality service are maintained. Please call 1-888-235-3130 to access the Interactive Voice Response (IVR) Unit, which will supply you with the names and addresses of the network providers nearest you, or you may access their website at www.davisvision.com and utilize their “Find a Doctor” feature.

What about retail locations? In order to provide our employees with the greatest amount of flexibility and convenience, Davis Vision makes available a number of retail establishments to our provider network. Benefits at retail locations may vary slightly from other locations.

### What are the plan benefits, frequencies and costs?

**Eye Examinations** — Every 12 months including dilation as professionally indicated.
- In-Network Co-pay — $15.00
- Out-of-Network — Reimbursed up to $35.00

**Eyeglasses**
- Frame — Every 24 months
- Spectacle lenses — Every 12 months
- In-Network Co-pay — $15.00 for lenses
  - You may choose a frame from “The Collection” (Designer selection) available in most network provider offices. A $110.00 credit will be applied toward a network provider’s own frame.
- Out-of-Network — Reimbursed up to $35.00 for a frame, up to $25.00 for single vision lenses, up to $40.00 for bifocals, up to $55.00 for trifocals, up to $125.00 for lenticular (post-cataract) lenses.

**Contact Lenses** — Every 12 months
- In-Network Co-pay — $15.00
  - Standard soft daily-wear, disposable* or planned replacement* contact lenses may be selected in lieu of eyeglasses. A $100.00 credit, plus a 15% discount on any overage (which may or may not apply toward fitting/follow-up care fees), will be applied toward contact lenses from the provider’s own supply. Medically necessary contact lenses will be covered in full with prior approval.
- Out-of-Network — Reimbursed up to $95.00 for elective contact lenses; up to $210.00 for medically necessary contact lenses with prior approval.

*Please note: Contact lenses can be worn by most people. Once the contact lens option is selected and the lenses are fitted, they may not be exchanged for eyeglasses. Routine eye examinations may not include professional services for contact lens evaluations. Any applicable fees are the responsibility of the patient. Disposable contact lens wearers will receive four multi-packs of lenses. Planned replacement contact lens wearers will receive two multi-packs of lenses.

---

**Coverage** is based on a 12-month rolling calendar with the exception of frames which are on a 24-month rolling calendar year.
When will I receive my eyewear?
Your eyewear will be sent to your provider from the laboratory generally within two to five business days. More delivery time may be needed when out-of-stock frames, ARC (anti-reflective coating), specialized prescriptions or a participating provider’s frame is selected.

May I use the benefit at different times?
You may “split” your benefits by receiving your eye examination and eyeglasses (or contact lenses) on different dates or through different provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one provider. Continuity of care will best be maintained when all available services are obtained at one time from either an in-network or an out-of-network provider. To maximize your benefit value we recommend that all services be obtained from an in-network provider.

What on lenses/coatings are included?
- Plastic or glass single vision, bifocal or trifocal lenses, in any prescription range
- Glass grey #3 prescription lenses
- Oversize lenses
- Post-cataract lenses
- Fashion, sun or gradient tinted plastic lenses
- Polycarbonate lenses for dependent children, monocular patients and patients with prescriptions +/- 6.00 diopters or greater

Are there any optional frames, lens types or coatings available?
Yes, you can pay the low, discounted fixed fees indicated and receive these exciting optional items:
- $25.00 for a Premier frame from “The Collection”
- $30.00 for polycarbonate lenses
- $35.00 for standard ARC (anti-reflective coating)
  Premium ARC is $48.00, Ultra ARC is $60.00
- $20.00 for scratch-resistant coating
- $20.00 Photogrey Extra® (photosensitive) glass lenses
- $12.00 for ultraviolet (UV) coating
- $20.00 for blended invisible bifocals
- $30.00 for intermediate vision lenses
- $75.00 for polarized lenses
- $65.00 for plastic photosensitive lenses
- $55.00 for high-index (thinner and lighter) lenses
- $50.00 for standard progressive addition multifocal lenses. Premium progressive addition multifocal lenses are $90.00.**

** Progressive addition multifocals can be worn by most people. Conventional bifocals will be supplied for anyone who is unable to adapt to progressive addition lenses; however, the copayment will not be refunded.

What about out-of-network provider benefits?
You may receive services from an out-of-network provider, although you will receive the greatest value and maximize your benefit dollars if you select a provider who participates in the network. If you choose an out-of-network provider, you must pay the provider directly for all charges and then submit a claim for reimbursement.

Flexible Spending Accounts

Employee Health, Wellness and Benefits

- Flexible Spending Account Summary
- Healthcare Expense Reimbursement Account
- Dependent Care Reimbursement Account
Flexible Spending Accounts

These plans are a great way for you and your family to save money by reducing your taxable income. By enrolling in one or both of these accounts, you can pay for eligible health and dependent care expenses with pre-tax dollars. The following is a brief description of the plans available through LCPS.

1. Each year during the Open Enrollment period, determine how much money you wish to contribute based on your estimates of health and/or dependent care expenses for the upcoming year.

2. Each pay period, money will be deducted on a pre-tax basis in equal increments and contributed to your health and/or dependent care account.

3. When you have eligible expenses to be reimbursed, enter your request online or via paper. You must then forward your appropriate receipts.

4. You will then be reimbursed for eligible expenses up to the maximum you elected for the health reimbursement account for the plan year. You will only be reimbursed up to your current account balance for the dependent care account.

5. Flex claims must be submitted no later than March 31st of the following year. Any claims submitted after that time will not be considered. See note on page 5-3 for the Healthcare Expense Reimbursement Account grace period.

Dependent Care Reimbursement Account
This account will reimburse you with pre-tax dollars for daycare expenses for your children and other qualifying dependents so you (and your spouse) may work or go to school. You can contribute up to $5,000 a year or $2,500 if you are married and file separate tax returns. Please note that reimbursements will only be made up to the current balance in your dependent care account.

Eligible Dependents Include:
- Children under age 13 who qualify as dependents on your federal tax return.
- Children or other dependents of any age who are physically or mentally unable to care for themselves and who qualify as dependent on your federal tax return.

Ineligible Dependent Care Expenses:
- Child Support Payment
- Food, clothing and entertainment
- Educational supplies
- Activity or registration fees
- Private school tuition for dependents K-12
- Overnight Camps

Healthcare Expense Reimbursement Account
This account will reimburse you with pre-tax dollars for healthcare expenses not reimbursed under your family’s healthcare plan(s). The maximum amount you may contribute to this account for the plan year is $2,500.

How it Works:
The healthcare expense reimbursement account can help you cover a variety of expenses that may not be reimbursed in full by other plans, such as medical, prescription, vision, and dental deductibles, amounts not covered by insurances, expenses in excess of medical and dental plan limits, co-payments, and some over-the-counter products. The general rule is that any medical expense deductible on your federal income tax return may be reimbursed through the healthcare reimbursement account without regard to the 7.50% Adjusted Gross Income rule. The following is a partial list of items that the IRS or the federal courts have held to constitute eligible medical expenses for Flexible Spending Accounts. Items traditionally covered under health insurance plans, such as expenses associated with physicians, hospitals, dentists, etc. are also eligible even if not listed specifically.

Eligible Expenses:
- Office visit co-pays
• Over-the-counter medicines with prescription for a specific diagnosis
• Prescription drug co-pays
• Deductibles and coinsurance
• Eye exams and prescription eyewear
• Laser eye surgery
• Chiropractic services
• Installation of special medical equipment and home improvements to relieve a medical condition (see IRS Pub 502 for details)
• Hearing aids and batteries
• Medical donors expenses
• Special school and tutoring costs for physically and mentally handicapped children
• Durable medical equipment
• Diabetic supplies including test strips, syringes, monitors, etc.
• Orthopedic shoes/braces
• Dental expenses and orthodontia
• Contact solutions
• Infertility services (see IRS Pub 502 for details)
• Weight loss for obesity with a doctor’s note
• Speech therapy with a doctor’s note
• Costs for medical care of an elderly person (if claimed as a dependent on tax return)
• Telephone-teletype costs for closed caption service for the deaf

Ineligible Expenses:
• Health clubs, spas, non-prescription weight loss programs
• Vitamins
• Non-prescription smoking cessation drugs

Points to Remember
• All monies left in the account at the end of the plan year’s grace period* will be forfeited.
• Claims incurred during one plan year cannot be submitted for reimbursement for another plan year, except during the grace period*.
• Monies from the healthcare expense reimbursement account may not be applied to the dependent care account or vice versa.
• Eligibility does not depend on enrollment in the LCPS health plan.
• Each year you must re-enroll during the Open Enrollment period to continue participating in the plan (October 15 - November 15).
• Employees utilizing the dependent care account must still submit Form 2441 with their Federal tax return.
• You may not change your Flexible Spending Account elections during the plan year unless you have a qualifying event. The qualifying event must be submitted to the Employee Health, Wellness and Benefits Division within 30 days of the event and the change in elections must be consistent with the qualifying event.
• Daycare and healthcare claims can only be reimbursed for services that have been rendered.
• Do not send cancelled checks or credit card receipts—Compusys/Erisa is unable to accept them.
• Do not send healthcare receipts with a balance forward. Compusys/Erisa needs the claim incurred data and the services that were rendered.
• Prescription receipts must have Rx#, patient name and pharmacy (no cash register receipts).
• Participating in this program will slightly decrease your average earnings reported to the IRS and therefore your retirement benefits. However, the current tax savings more than offset this deduction.
• You should keep the copies of all receipts.
• You can pay a family member to care for your child if the member is not a dependent on your federal tax return and is over age 19.

*Grace Period:
• Only applies to the healthcare expense reimbursement account.
• You can use expenses incurred in the next plan year until March 15th.
• All claims must be submitted by March 31st of the next plan year or the remaining balance will be forfeited.
Ineligible Expenses (con’t):
• Expenses for which you receive benefits from another health plan
• Cosmetic surgery (unless medically necessary)
• Teeth whitening
• Dietary supplements
• Group health insurance premiums sponsored through your employer or another employer

**Mid-Year Election Changes**

If any of the following events occur during the plan year, you may be allowed to change (add, terminate, increase or decrease) your current flexible spending account elections as indicated below. The change must be as a result of one of these events and must be consistent with the status change requested. To make a Healthcare Expense election change, it must meet the following two conditions: 1) the status change results in the employee, spouse or dependent gaining or losing eligibility for accident or health coverage under the cafeteria plan or an accident or health plan of the spouse’s or dependent’s employer; and 2) the election corresponds with that gain or loss of coverage.

Below are the qualifications to make a mid-year election change.

Under the Code of Virginia, the Retirement Plan and Group Term Life Insurance benefits are mandatory for regular full-time employees. Effective July 1, 2012, all new LCPS employees are required to pay a 5% member contribution to VRS; Loudoun County Public Schools contributes the employer share for the Retirement Plan and the full cost of the Basic Group Term Life Insurance.

Refer to the VRS Member Handbook for more detailed information, located online at www.varetire.org.

Your Social Security Retirement Age

Notes
Retirement benefits are determined by the employee’s age at retirement, average final compensation, years of service, type of retirement and position classification. The formula for normal (unreduced) retirement is as follows: Retirement Multiplier x Average Final Compensation x Number of Years of Creditable Service (This amount may be reduced for employees who retire prior to their normal retirement age.)

VRS Disability Retirement: Plan 1 and Plan 2 members are eligible for disability retirement benefits beginning with their first day of employment in an eligible position, provided the disability did not exist at the time you were employed (unless the condition worsened substantially since your employment). Purchase of Prior Service Credit

Prior service is a period of previous public employment, active duty military service or certain types of authorized leave. If you were previously employed in a covered position and took a refund of your member contributions and interest, the service represented by the refund is also considered prior service. Prior service credit counts towards time needed to become vested and may increase your future benefit or allow you to qualify for retirement at an earlier date. You must be an active VRS member to purchase prior service credit. You can purchase the following types of service:

- Active duty military service, Full-time salaried federal service, Full-time salaried public service other than previous VRS service, Non-covered service with a VRS participating employer, Approved leave for the birth or adoption of a child, Approved educational leave, VRS refunded service, No-cost military leave, Workers’ compensation

Eligibility Periods and Cost

Plan 1 Members – You have a 3 year window from the date of hire or return from leave to purchase service at the higher of 5% of your creditable compensation or average final compensation. If you purchase service through a payroll deduction agreement, your cost will be based on your creditable compensation, even if your average final compensation is higher. Service purchased after your 3 year eligibility period will be based on an actuarial equivalent rate and can only be purchased through a lump sum. Actuarial cost does not apply to refunded service or no-cost military service.

Plan 2 Members – You have a 1 year window from the date of hire or return from leave to purchase service at the approximate normal cost rate (9.4% for this plan). This rate does not apply to refunded service which can be purchased at 5%. The cost rate is applied to the higher of your compensation or average final compensation. If you purchase service through a payroll deduction agreement, your cost will be based on your creditable compensation, even if your average final compensation is higher. Service purchased after your 1 year eligibility period will be based on an actuarial equivalent rate and can only be purchased through a lump sum. Actuarial cost does not apply to refunded service or no-cost military service.

Hybrid Members – You have a 1 year window from your date of hire or return from leave to purchase service at the approximate normal cost rate (5.42% for this plan). This rate does not apply to refunded service which can be purchased at 4%. Service purchased after your 1 year eligibility period will be based on an actuarial equivalent rate and can only be purchased through a lump sum. Actuarial cost does not apply to refunded service or no-cost military service.

Basic Group Term Life Insurance

Administered By: Minnesota Life for VRS 1-800-441-2258

Benefit: Coverage is two (2) times current annual salary for group term life and up to an additional two (2) times annual salary for accidental death and dismemberment.

Premiums: Loudoun County School Board currently pays the entire premium for this coverage.

Additional Benefits:

• Safety Belt Benefit: If a member dies or suffers dismemberment in an accident while driving or riding in a private passenger car, Minnesota Life will pay an additional benefit equal to 10 percent of the accidental death or dismemberment amount, provided the passenger car was equipped with safety belts, a safety belt was in proper use by the member, and the driver of the passenger car was a licensed driver and was not intoxicated, impaired, or under the influence of alcohol or drugs. The maximum benefit payable is $50,000.

• Repatriation Benefit: This benefit pays an additional accidental death benefit for the transportation and associated costs of returning a member’s remains, if a member dies in an accident at least 75 miles from home. The amount paid will be either the cost of transportation or $5,000, whichever is less.

• Felonious Assault Benefit: The life insurance provider pays a benefit equal to the lesser of $50,000 or 25% of the accidental death or dismemberment benefit amount if a member dies, or suffers dismemberment, because of a felonious assault while performing his or her job. If the assault causes the death of the member, and the member has a dependent child or children under age 18 (or 18 if still in high school), the benefit will provide a Virginia Education Savings Trust account to be used for college tuition and mandatory fees at any accredited college or university in the country that is eligible to participate in federal student financial aid programs. The amount will be approximately equal to the cost for a four-year in-state university.

See the VRS Handbook for Members for more details.

Beneficiary Designations

The Order of Precedence

The order of precedence for retirement contributions and life insurance benefits provides for benefits to be distributed in an order established by law. It is only necessary to designate a beneficiary if you want payment to be made in a way other than the following:

Life Insurance Benefits: The order established by law provides that payment will be made as follows in the event of your death:

• to your spouse;

• if no surviving spouse, to your child(ren) and descendents of deceased children, per stirpes;

• if none of the above, to your parents equally or to the surviving parent;

• if none of the above, to the duly appointed executor or administrator of your estate;

• if none of the above, to other next of kin entitled under the law of the state you live in at the time of death.

Retirement Benefits: The order established by law provides for payment to be made as follows in the event of your death while in service:

• to your spouse;

• if no surviving spouse, to your child(ren) and descendents of deceased children, per stirpes;

• if none of the above, to your parents equally or to the surviving parent;

• if none of the above, to the duly appointed executor or administrator of your estate;

• if none of the above, to other next of kin entitled under the law of the state you live in at the time of death.

If a member wants to provide for someone other than what is provided for by law, the VRS-2 Beneficiary Change form must be completed to allow the member to make that type of designation.
Optional Group Term Life Insurance

Benefit: Additional term life insurance at group rates is available to VRS members as an optional benefit. Members may purchase additional coverage, up to 4 times the employee's annual salary. Spouse and children coverage is also available (note that coverage must be consistent with the option level elected by the employee).

Calculation Worksheet
Optional Group Term Life Insurance

To calculate the employee's "optional life" premium complete the following:

Enter Your Annual Salary: _______________________________________
(rounded up to the next even thousand)

Divide by 1000 to get Covered Payroll: ____________________________

Multiply by Monthly Premium Rate: ________________________________
(based on employee's age—see schedule on previous page)

= ___________ Monthly Premium (Option 1)
Multiply by 2 = ___________ Monthly Premium (Option 2)
Multiply by 3 = ___________ Monthly Premium (Option 3)
Multiply by 4 = ___________ Monthly Premium (Option 4)
(Enter Monthly Premium ____________________
divide by 2 ______________ = Your Semi-Monthly Premium)

Calculations for spouse's coverage are based on the spouse's age (see previous page for rates).

Enter Your Annual Salary: _______________________________________
(rounded up to the next even thousand)

Divide by 1000 to get Covered Payroll: ____________________________

Multiply by Monthly Premium Rate: ________________________________
(based on spouse's age - see schedule on previous page)

= ___________ Monthly Premium (Option 1)
divided by 2 = ___________ Monthly Premium (Option 2)
multiply by 1 = ___________ Monthly Premium (Option 2)
multiply by 1.5 = ___________ Monthly Premium (Option 3)
multiply by 2 = ___________ Monthly Premium (Option 4)
(Enter Monthly Premium ____________________
divide by 2 ______________ = Your Semi-Monthly Premium)

Add the spouse's amount to the employee's premium, and children's premium (if elected) to determine the total amount deducted per pay.

See schedule on previous page for child(ren) rates. *

Leave Policies

Notes

General Leave Policies
Full-Time Employment
Full-time is defined as being the sole employee under a regular contract or assignment in a position that is budgeted for at least 180 days, for no less than 40 hours daily or the equivalent.

Part-Time Employment
Any employee not included above or who is designated an at-will employee, or who signs a temporary/intern agreement, is considered a part-time employee.

Leave benefits accrue while an employee is on approved paid leave. Leave benefits do not accrue if an employee is on unauthorized leave, or leave without pay.

Using leave request procedures, employees must generally secure approval from their supervisor or principal before beginning an absence from work. If emergencies or unforeseen circumstances arise which require the use of sick or other leave, an employee must notify his/her supervisor as soon as possible and obtain approval at the beginning of the employee’s next workday.

False or fraudulent use of leave, or failure to follow leave policy, may be cause for disciplinary action.

Each school/location may have its own procedures for requesting leave. Check with your supervisor to determine the leave request procedures for your school/location.

Annual Leave
Full-Time Twelve (12) Month Personnel
A new employee in a twelve-month position earns one day of annual leave a month for the first six (6) consecutive months of employment for a maximum of six (6) days (pro-rated for the first month). At the completion of six months, the remainder of the first year’s annual leave will be advanced. Thereafter, annual leave will be advanced in July of each year. One additional day is earned for each additional year of service up to the thirteenth (13th) year. A maximum of twenty-four (24) days of annual leave are earned after the 13th year of service.

Administrative Personnel
New administrators will be advanced their annual leave. Thereafter, annual leave will be advanced in July of each year.

Administrative personnel shall earn annual leave as follows:
- 20 days for the first and second year of employment
- 21 days after two (2) years of service
- 22 days after four (4) years of service
- 23 days after six (6) years of service
- 24 days after eight (8) years of service

Annual leave will be prorated based on the number of contract/assignment days actually worked after July 1 of the current school year.

Use of Annual Leave
Employees must submit annual leave plans, in advance, to their supervisor. Supervisors should make every effort to accommodate reasonable annual leave requests. The school division reserves the right to designate when some or all annual leave is taken. The immediate supervisor of an eligible employee is responsible for ensuring adequate staffing levels and should attempt, when feasible, to resolve vacation scheduling conflicts.

Limitations
Accumulated annual leave will be calculated as of July 1 of each year. Employees may carry over up to sixty (60) annual leave days from July 1 to June 30 each year. Approval to carry over more than sixty (60) annual leave days from one fiscal year to the next must be approved by the Division Superintendent.

When an employee has accumulated sixty (60) days of annual leave as of June 30th and has used at least ten (10) days of annual leave during the fiscal year, any annual leave in excess of sixty (60) days will be converted to sick leave as of July 1.

When an employee has accumulated sixty (60) days of annual leave as of June 30th and has used less than ten (10) days of annual leave the employee will be assessed the difference between the annual leave they have used and ten days. The remaining balance in excess of sixty (60) days will be converted to sick leave as of July 1.
Payment of Annual Leave Upon Separation
Employees who terminate their employment will have their annual leave prorated based on total amount earned for the school year.
Employees exceeding their total earned annual leave will be charged in their final pay and/or will be invoiced any amounts not recouped in the final paycheck.

Misuse of Leave
The misuse of annual leave may result in termination of employment.

Sick Leave
This plan includes provisions for personal illness, family illness or death, religious observance, other deaths and other sick days.

Personnel Covered — Eligibility and Accumulation
A full-time employee under regular contract (probationary or continuing) shall accumulate sick leave during the time the employee performs his/her assigned duties, including paid leave, under terms of the contract. The maximum allowance per year is:

<table>
<thead>
<tr>
<th>Position</th>
<th>Allowance</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 month position:</td>
<td>14 days</td>
</tr>
<tr>
<td>11 month position:</td>
<td>11 days</td>
</tr>
<tr>
<td>180–203 day position:</td>
<td>10 days</td>
</tr>
</tbody>
</table>

When the length of a contract has been shortened (e.g. for a late start or early release), the number of sick leave days will be prorated. Employees who have resigned and overused their sick leave will be charged in their final paycheck and/or will be invoiced for any amounts not recouped.

Unused sick leave may accumulate without a maximum limit. Employees will be given a monthly accounting of accumulated sick leave on their paycheck stub.

An employee transferring from another Virginia public school district or a former Loudoun employee returning directly to Loudoun may be credited with sick leave accumulated, provided that the employee has not received payment for such unused accumulated sick leave; that the employee has not accepted employment other than in Virginia public schools since leaving employment; that the employee has not been absent from employment in the public schools of Virginia for more than three (3) years; and further provided that in the case of an employee transferring from another Virginia public school district, the school board of that division approves the transfer of such leave. Maximum transfer allowed is 90 days.

Absences Covered

Personal Illness — Personal illness is defined as incapacity to perform duties because of medical condition or confinement on the advice of a licensed physician. However, under the provisions of this section, dental or medical check-ups may be counted as illness. An employee on sick leave may be required after three (3) consecutive days of absence to have verification from a licensed physician (or dentist) that he/she is unable to perform his/her duties because of a medical condition or confinement, or that he/she has a medical or dental check-up.

Family Death — An employee will be allowed to take days off for death in the employee’s immediate family. Family of an employee shall be regarded to include natural parents, foster parents, stepmother, stepfather, wife, husband, children (including stepchildren and foster children), brother and sister, grandparents, great-grandparents, grandparents-in-law, mother-in-law, father-in-law, sisters-in-law, brothers-in-law, daughters-in-law, sons-in-law, grandchildren, aunts, uncles, nieces, nephews, and any other relative living in the household of the employee (“any other relative living in the household of the employee” is limited only in that the relative, however distant, must live in the household of the employee).

Notes

The LCPS website has detailed benefits information, forms, and more. From the LCPS homepage

www.lcps.org

With your cursor over Administration, click on Business and Financial Services, then click on Employee Health, Wellness and Benefits or Retirement and Disability Programs on the left side.
Other Deaths—An employee will be allowed three (3) days for attendance at funerals not covered in the family relationships listed above, but the salary of the substitute will be deducted from the employee's salary.

Transfer of Leave
Upon separation from employment, except for retirement, employees are not entitled to payment for unused accumulated sick leave; however, the district will approve transfer of accumulated sick leave to another Virginia district unless the separated employee has (a) accepted employment other than in the public schools of Virginia since leaving employment in Loudoun; (b) been absent from employment in the public schools of Virginia for more than three (3) years.

Misuse of Sick Leave
The misuse of sick leave may result in termination of employment.

Personal Leave
Personnel Covered
A full-time employee not covered by annual leave is eligible for personal leave each year.

The maximum allowance of personal leave per year is 3 days, or the equivalent hours.

Limitations
A personal leave request will not be granted during the following periods or circumstances.

- The first five instructional days and the last five instructional days of the school year, and/or

Sabbatical Leave

Purpose
The purpose of a sabbatical leave is to provide incentives for professional staff members to be granted time to engage in formal study designed to increase the employee’s competence or for such purpose as may be recommended by the Division Superintendent and approved by the School Board. Compensation will be paid in those years that it is funded in the budget.

Maternity/Paternity Workshops

Expecting a baby?
See the Retirement and Disability Programs Division website for more information or call 571-252-1690.
Eligibility
All professional staff, on the recommendation of the Division Superintendent and approval by the School Board, are eligible to take sabbatical leave. Please send written request to the Department of Personnel Services. The first such leave may be granted after the completion of the staff member’s sixth year within the Loudoun County Public Schools. Additional sabbatical leave may be granted after each successive period of six years of professional service in Loudoun County Public Schools. Sabbatical leave shall be granted for a period not to exceed one calendar year and not less than one semester.

The employee returning from sabbatical leave will return to the same position or one of comparable status.

Any employee granted such leave agrees to sign an agreement to accept a professional assignment for a period of at least three (3) years following the expiration of the leave. Should the employee elect not to fulfill this agreement the employee shall reimburse the School Board for all or part of the salary and benefits received within one year of termination of employment.

Sick leave will not accrue during the period of leave; however, sick leave accumulated will be retained.

Family and Medical Leave Act (FMLA)
The Superintendent shall promulgate regulations consistent with the Family and Medical Leave Act of 1993 for the employees covered under that Act.

Family and Medical leave is available to those employees who have been employed in a full-time position by Loudoun County Public Schools for 12 months.

An employee who uses Family and Medical Leave will be allowed to return to the same position or to a position with equivalent responsibilities, duties, benefits and pay.

When both parents of a child work for Loudoun County Public Schools the full amount of leave shall be limited to a combined total of 12 workweeks in a 12-month period.

Any employee who believes that he or she needs FMLA paperwork should contact the Retirement and Disability Programs Division at 571-252-1690. All communications are confidential.

Your Rights Under the Family & Medical Leave Act of 1993
FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for certain family and medical reasons. Employees are eligible if they have worked for their employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles. The FMLA permits employees to take leave on an intermittent basis or to work a reduced schedule under certain circumstances.

Reasons for Taking Leave
Unpaid leave must be granted for any of the following reasons:
• to care for the employee’s child after birth, or placement for adoption or foster care;
• to care for the employee’s spouse, son or daughter, or parent who has a serious health condition; or
• for a serious health condition that makes the employee unable to perform the employee’s job.
• An eligible employee who is a spouse, son, daughter, parent, or next of kin (the nearest blood relative) of a covered service member of the U.S. armed forces with a serious injury or illness is entitled to a combined total of 26 workweeks of unpaid FMLA leave during a single 12-month period to care for that service member.

At the employee’s or employer’s option, certain kinds of paid leave may be substituted for unpaid leave.

Advance Notice and Medical Certification
The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.
• The employee ordinarily must provide 30 days advance notice when the leave is “foreseeable”.
• An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer’s expense) and a fitness for duty report to return to work.
Job Benefits and Protection
For the duration of FMLA leave, the employer must maintain the employee’s health coverage under any “group health plan.”

- Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits and other employment terms.
- The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

Unlawful Acts by Employers
FMLA makes it unlawful for any employer to:
- Interfere with, restrain or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement
The U.S. Department of Labor is authorized to investigate and resolve complaints of violations.
- An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersedes any State or local law or collective bargaining agreement which provides greater family or medical leave rights.
Medical Assistance and Accommodations & Americans with Disabilities Act (ADA)

LCPS complies with the ADA and provides reasonable accommodation to those who need it. An employee who believes that he or she has a disability and needs special assistance to perform his or her job should contact the Retirement and Disability Programs Division at 571-252-1690. All communications are confidential.

Workers’ Compensation

What to do if you’re accidentally injured on the job:

1. Report the Injury—Immediately report the injury to your Supervisor...including details on what happened, when, where, why and how. An Employers Report of Accident form will be completed by your Supervisor or a designee.

2. Treatment—If your injury is an Emergency situation, call 911 or go to the nearest Hospital Emergency Room or Urgent Care facility. Follow up treatment should be with an “LCPS Authorized Panel of Physicians” doctor. You must see a physician listed on the “LCPS Authorized Panel of Physicians” for your Doctor’s bills to be covered by Workers’ Compensation.

3. Prescriptions—You may get your prescribed medications at a facility of your choice. You may submit the receipts to the Retirement and Disability Programs Division for reimbursement from the LCPS Claims Administrator, PMA Management Corp.

4. X-Rays—You may get any prescribed x-rays or other testing at a facility of your choice, with the exception of MRIs which require preauthorization from PMA Management Corp, phone 1-800-476-2669.

5. Missing Time From Work—If your injury causes you to miss time from work you must have a Doctor’s excuse and provide it to your supervisor.

6. Time and Attendance—It is your responsibility to make sure the Retirement and Disability Programs Division is notified of your time and attendance in a timely fashion. Not reporting your time and attendance will affect your paycheck. The Retirement and Disability Programs Division will be monitoring your workers’ compensation claim throughout the entire process. Any questions, just give us a call at (571) 252-1690.

Did you know that not all work related injuries are covered by Workers’ Comp?

If you do not follow safety rules (written or verbally spoken), your claim can be denied.

Things that can put your claim in jeopardy:

• Standing on a chair
• Standing on a table
• Standing in a sink

You should always use a ladder or step stool.

Broken bones, head injuries and hospital confinements denied by workers compensation may mean no income during your recovery! Take time to use the proper equipment. It could be time well spent.

Short-Term Disability Coverage

The VLDP short-term disability benefit begins after a seven-calendar day waiting period from the first day of your disability and continues for up to 125 workdays. The 125-workday period is based on a Monday-through-Friday workweek and includes paid holidays. You are eligible to be considered for a short-term disability benefit during periods of total or partial disability. If you are approved for short-term disability and are still disabled after 125 workdays, you will be eligible for long-term disability benefits as determined by Unum.

You may file a claim for benefits before the end of the seven-calendar day waiting period. You can use sick leave or other eligible leave to cover your absence during the waiting period. The waiting period may be waived for a major chronic or catastrophic condition.

A major chronic condition is a life-threatening health condition that exists over a prolonged period of time and is not expected to improve. A catastrophic condition means you are unable to perform at least two of the following activities of daily living without substantial assistance: bathing, transferring (getting in and out of bed), dressing, toileting (using the bathroom), continence and eating (ability to feed oneself). Your condition also may be considered catastrophic if you have a severe cognitive impairment, such as Alzheimer’s disease, and require substantial supervision or are placed in a guardianship.

One-Year Waiting Period for Non-work Related Coverage

You become eligible for non-work related short-term disability coverage after one year of continuous participation in VLDP with your current employer. Continuous program participation is based on full-time salaried service with your current employer. It includes military leave and reduced hours or job restrictions while on disability. It also may include furloughs, layoffs or other types of leave. Contact Retirement & Disability Program’s office for more information about LCPS’ policies. You are eligible for work-related short-term disability coverage upon employment.

Five-Year Eligibility for Higher Income Replacement Levels

During your first five years of continuous participation in VLDP with your current employer, you are eligible for 60 percent of your pre-disability income if you go on non-work related or work-related short-term disability. Once you have satisfied this eligibility period, you are eligible for higher income replacement levels.

Contract Employees

If you are on a 10- or 11-month contract, you are eligible to receive VLDP benefits during contract periods only. If your contract is not renewed, your eligibility for VLDP will end when your current contract ends.

Non-contract periods count toward satisfying the one-year waiting period for non-work related short-term disability coverage and the five-year eligibility period for higher income replacement levels.

Non-work Related Short-Term Disability

You are eligible for income replacement at 60 percent of your pre-disability income if you go on non-work related short-term disability. After five years of continuous participation in VLDP with your current employer, you become eligible for higher income replacement levels. See the Virginia Local Disability Program (VLDP) Handbook for Members 2756kb for details.

Work-Related Short-Term Disability

You are eligible for work-related short-term disability coverage from the first day of employment. To qualify for a VLDP work-related benefit, your disability must be the result of an occupational illness or injury that occurs on the job and the cause is determined to be compensable under the Virginia Workers’ Compensation Act. Contact your employer about your workers’ compensation benefits and assistance with filing a workers’ compensation claim.

You are eligible for income replacement at 60 percent of your pre-disability income if you go on work-related short-term disability. After five years of continuous participation in VLDP with your current employer, you become eligible for higher income replacement levels.

Tier 1 - 60% income replacement to a maximum of $7,500, 90-day elimination period, 2 year benefit period, full integration* with VRS and Social Security Disability benefits.

“For the 24 months following the elimination period, if an employee is prevented from performing one or more of the essential duties of your own occupation due to a disabling condition, and as a result your current monthly earnings are less than 80% of your pre-disability earnings.”

If an employee meets this definition of disability, they may receive benefits for up to 2 years from Cigna at 60% of their pre-disability income. If an employee qualifies for VRS or Social Security Disability benefits, the 60% benefit will be integrated with these other plans.

Benefits from this program are paid tax free.

Tier 2 - 40% income replacement to a maximum of $5,000, 180-day elimination period, 2 year own occupation protection and benefits to Social Security Normal Retirement Age** if they can’t perform the duties of any occupation after this period. Definition of disability for this plan:

“For the first 24 months following the elimination period, if an employee is prevented from performing one or more of the essential duties of your own occupation due to a disabling condition, and as a result your current monthly earnings are less than 80% of your pre-disability earnings, you are considered disabled if you are prevented from performing one or more of the essential duties of any occupation.” These benefits may be payable to Social Security Normal Retirement Age. This benefit does not integrate with VRS or Social Security Disability benefits.

Benefits from this program are paid tax free.

* Cigna will take any Other Income Benefits, which means any payments that are made to you or your family in relation to your loss of earnings, and offset your disability benefit.

Exclusions and Limitations

Long-Term Disability Exclusions Benefits are not payable for disabilities resulting from any of the following: war or act of war (declared or not) or, the commission or attempt to commit a felony. In addition, your plan may exclude a disability caused or contributed to by an intentionally self-inflicted injury. Benefits are not payable if you are not under the regular care of a physician.

Pre-existing Condition Limitation If your plan has a pre-existing condition limitation, any disability due to a condition for which you were diagnosed or received care before the effective date of your plan will only be covered in one of three situations. The first is that there has been a treatment-free period of twelve (12) months since your effective date. The second is that even if you are receiving treatment, you would be eligible to receive benefits if the disability begins after you have been insured for a twelve (12) month period. The third is that you have already satisfied the twelve (12) month pre-existing condition requirement of a prior insurer.

Benefit Amount Offsets Your Long-Term Disability benefit amount will be reduced by:

Tier 1

Other income benefits you (or possibly your family) receive or are eligible to receive. Examples of such “other income benefits” are income from Social Security Disability Insurance, Virginia Retirement System (VRS) plan, the Civil Service Retirement System, Railroad Retirement Act, the Jones Act, Canada Pension Plan, the Veteran’s Administration, Workers’ Compensation or occupational disease laws; group, association, union or other organizational coverage; employer-related individual policies; any disability or unemployment benefits; damages or settlements for income loss; and compulsory no-fault automobile plans.

For Long-Term Disability Benefits Amounts, retirement benefits are another example of “other income benefits” if the retirement plan is wholly or partially funded by employer contributions, unless you were receiving them prior to becoming disabled, or you immediately transfer the payment to another plan qualified by the U.S. Internal Revenue Service for the funding of a future retirement.

Tier 2

Your Long-Term Disability benefits payments will not be reduced by retirement benefits from Social Security Disability Insurance, Virginia Retirement System (VRS) plan, or similar plans, or by any portion of retirement benefits that you (or your family depending on your plan) receive that are funded by your after-tax contributions.

Your Long-Term Disability benefit payments will not be reduced by your savings or investments, IRAs or Keoghs, profit-sharing, personal disability policies or Social Security increases.

** Normal retirement age means the Social Security Normal Retirement Age as stated in the 1983 revision of the United States Social Security Act.

Long-Term Disability For VRS Hybrid Members Only

A long-term disability is a non-work related or work-related condition that prevents you from performing the full duties of your job for an extended period of time. The VLDP long-term benefit begins after 125 workdays of short-term disability. A work-related disability is the result of an occupational illness or injury that occurs on the job and the cause is determined to be compensable under the Virginia Workers’ Compensation Act or your employer’s workers’ compensation program. You are eligible for a long-term disability benefit if you are unable to work at all or you are working less than 20 hours a week.

Income Replacement
If you are approved for long-term disability, you will receive 60 percent of your pre-disability income. If you are approved for work-related long-term disability, your VLDP benefit will be offset by your workers’ compensation benefit. Because of this offset, you will not receive a VLDP benefit if your workers’ compensation is greater than your VLDP benefit amount. Contact the Retirement & Disability Program’s office about your workers’ compensation benefits and assistance with filing a workers’ compensation claim.

If You Go on Disability at Age 60 or Older
If you are approved for short-term or long-term disability at age 60 or older, you will be eligible for a benefit according to the following schedule, provided you remain medically eligible. After you reach your maximum eligibility for a benefit, you must service retire to continue to receive a monthly benefit:

The Loudoun County School Board has established the Donated Family Sick Leave Bank for benefits-eligible employees.

This bank may provide employees with access to additional sick leave days, other than those personally accumulated, when a member of an employee’s immediate family, specifically, the employee’s spouse, employee’s child or employee’s parent, is incapacitated by long-term personal illness or injury. The Donated Family Sick Leave Bank will be maintained as long as at least one-third (1/3) of the eligible members agree to participate in accordance with the provisions of this policy. Participation will be voluntary.

Procedure

• Employees may enroll within the first thirty (30) contract days of initial full-time employment or thirty (30) contract days after re-employment by completing an application and donating two (2) days of sick leave. Please see page 15-13 for application.

• Members of the Donated Family Sick Leave Bank will be assessed two (2) additional days at any time the bank is depleted to 200 days. Membership will be continuous unless the employee informs the Retirement and Disability Programs Division in writing of the intent to withdraw.

• Upon termination of employment with Loudoun County Public Schools or withdrawal of membership from the bank, a participating employee will not be permitted to withdraw days contributed.

• An employee who does not enroll when first eligible may do so between any subsequent open enrollment, October 15th to November 15th. The effective date of that enrollment will be January 1st of the following plan year.

• A member of the Donated Family Sick Leave Bank shall not be permitted to withdraw days from the Donated Family Sick Leave Bank until all leave is depleted.

Long Term Care Insurance For Today’s Workforce

Long-term care (LTC) is a variety of services which help meet both the medical and non-medical needs of people with a chronic illness or disability who cannot care for themselves for long periods of time. It is common for long-term care to provide custodial and non-skilled care, such as assisting with normal daily tasks like dressing, bathing, and using the bathroom. Increasingly, long-term care involves providing a level of medical care that requires the expertise of skilled practitioners to address the often multiple chronic conditions associated with older populations. Long-term care can be provided at home, in the community, in assisted living facilities or in nursing homes. Long-term care may be needed by people of any age, although it is a more common need for senior citizens. Check out and compare policies carefully before you enroll.

Hepatitis B Vaccine
What You Need to Know

What is Hepatitis?
Hepatitis means inflammation of the liver. The liver is a vital organ that processes nutrients, filters the blood and fights infections. When the liver is inflamed or damaged, its function can be affected.

What is Hepatitis B?
Hepatitis B is a contagious liver disease that results from infection with the Hepatitis B virus. When first infected, a person can develop an “acute” infection, which can range in severity from a very mild illness with few or no symptoms to a serious condition requiring hospitalization. Acute Hepatitis B refers to the first 6 months after someone is exposed to the Hepatitis B virus. Some people are able to fight the infection and clear the virus. For others, the infection remains and leads to a “chronic,” or lifelong, illness. Chronic Hepatitis B refers to the illness that occurs when the Hepatitis B virus remains in a person’s body. Over time, the infection can cause serious health problems.

How is Hepatitis B spread?
Hepatitis B is usually spread when blood, semen or other body fluids from a person infected with the Hepatitis B virus enter the body of someone who is not infected. This can happen through sexual contact with an infected person or sharing needles, syringes or other injection drug equipment. Hepatitis B can also be passed from an infected mother to her baby at birth.

What are the symptoms of acute Hepatitis B?
Not everyone has symptoms with acute Hepatitis B. Most adults have symptoms that appear within 3 months of exposure. Symptoms can last from a few weeks to several months and include:

- Fever
- Fatigue
- Loss of appetite
- Nausea
- Vomiting
- Abdominal pain
- Grey-colored stools
- Dark urine
- Joint pain
- Jaundice

What are the symptoms of chronic Hepatitis B?
Many people with chronic Hepatitis B do not have symptoms and do not know they are infected. Even though a person has no symptoms, the virus can still be detected in the blood. Symptoms of chronic Hepatitis B can take up to 30 years to develop. Damage to the liver can silently occur during this time. When symptoms do appear, they are similar to acute infection and can be a sign of advanced liver disease.

Can Hepatitis B be prevented?
Yes. The best way to prevent Hepatitis B is by getting vaccinated. For adults, the Hepatitis B vaccine is given as a series of 3 shots over a period of 6 months. The entire series is needed for long-term protection.

Who should get vaccinated against Hepatitis B?
Vaccination is recommended for certain LCPS employees, including:

- Nurses
- Nurse Assistants
- Athletic Trainers
- Custodians
- Severe Special Education Teachers
- Severe Special Education Teacher Assistants

Contact the Retirement and Disability office at 571-252-1690 for additional information.
What is an EAP?
The EAP provides employees of Loudoun County Public Schools and family members with free and confidential help in dealing with personal problems. This benefit provides up to 4 sessions per problem per year for you and your family members. The EAP can help you and your family with most any kind of problem that affects your personal well-being and your ability to perform your job. These include:

- Marital or family problems
- Financial/Legal difficulties
- Balancing work/life situations
- Emotional or stress related problems
- Drug or alcohol abuse
- Problems related to work

What happens when I call?
An intake counselor will listen to your concerns, help you decide what services would be most helpful, and refer you to a licensed practitioner, if appropriate. The intake counselor will call and locate a provider in your area who meets any specific criteria you might have such as specialty, language capabilities, service location, etc. This simple process eliminates the time consuming need for you to call a list of providers on your own.

Who can participate?
EAP services are available for full-time and part-time Loudoun County Public Schools employees and immediate family members who reside in the same household as the employee.

What do EAP services cost?
There is no direct cost to the employee for EAP services. LCPS is providing these services at no cost to you.

How do I access service?
The EAP is available 24 hours a day, 7 days a week by calling 1-800-327-7272. To access the website for educational information: Go to www.lytleeap.com and use “lcps” as the password.

Your Benefits and the Law

Your LCPS benefits comply with all federal mandates that govern public sector employee plans. To obtain more information about the requirements of these legislative acts, please refer to the following:

Women’s Health & Cancer Rights Act - www.dol.gov
If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided (in a manner determined in consultation with the attending physician and the patient) for all stages of reconstruction of the breast on which the mastectomy was performed:
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications of the mastectomy, including lymphedema

These benefits are subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan. Benefits provided in connection with a mastectomy are subject to the plans’ regular deductibles and copayments. For more information, refer to the summary plan documents for your appropriate medical plan, available on the LCPS website or contact your health plan vendor.

Mental Health Parity & Addiction Equity Act - www.sanhsa.gov
The Mental Health Parity and Addiction Equity Act of 2008 prohibits group health plans that offer mental health and substance use disorder benefits from creating more restrictive financial requirements or treatment limitations for mental health and substance use disorder services than those applied to medical and surgical benefits. Plan participants may not be required to pay more in deductibles, copayments, coinsurance, and out-of-pocket expenses for mental health and substance abuse benefits than those imposed by the plan's medical/surgical benefits.

The law also requires that health plans not impose any limits on the frequency of treatment, the number of visits, the days of coverage, or other similar limits for mental health/substance abuse benefits that are more restrictive than those imposed on medical/surgical benefits. If a health plan offers out-of-network medical/surgical benefits, it also must offer out-of-network mental health/substance abuse benefits.

Genetic Information Nondiscrimination Act (GINA) - www.eeoc.gov
GINA prohibits employers from requiring or purchasing genetic information about you or your family members. The law also prohibits group and individual health insurers from using your genetic information in determining eligibility or premiums.

Newborns’ & Mothers’ Health Protection Act - www.dol.gov
The Newborn and Mother’s Health Protection Act of 1996 provides protections on the length of time mothers and their newborn infants may stay in the hospital following childbirth. Generally, group health plans and health insurers may not restrict benefits for a hospital stay in connection with childbirth to less than 48 hours (or 96 hours following a cesarean section). The law allows an attending provider, in consultation with the mother, to authorize an earlier discharge. To ensure that the exception does not result in early discharges that might harm the health of the mother or newborn, a group health plan or health insurer may not reduce the compensation of the attending providers because they provide care to a covered individual in accordance to the Act, nor provide incentives to induce the attending providers to provide care in a manner inconsistent with the Act.

Uniformed Services Employment & Reemployment Rights Act (USERRA) - www.dol.gov
USERRA is a federal law that protects civilian job rights as well as health and pension benefits for veterans and members of Reserve components.

Individuals who take a leave of absence from LCPS to perform military duty may elect to continue LCPS medical and dental benefits. If military service is expected to last more than 30 days, the service member may continue health benefits for up to 24 months. He/she is required to pay premium costs of up to 102 percent of the full premium for continued coverage.

For military service of less than 31 days, health care coverage is provided as if the service member had remained employed.

Employees who choose to terminate health care coverage due to commencement of military service have the right
to reinstate their health care coverage within 30 days of return to work with LCPS. For more information regarding USERRA, visit www.dol.gov/compliance/laws/comp-userra.html.

Mandatory Insurer Reporting Law - www.cms.gov
Public Law 110-173 requires LCPS’ health plans to report participants’ Social Security Numbers (SSNs) in order to coordinate benefits with Medicare or other insurance benefits. All participants (employees and dependents) age 45 or older must provide SSNs in order for LCPS health plans to meet the requirements of this law. All participants who are receiving kidney dialysis or have received a kidney transplant, as well as all participants under age 45 who have Medicare, are also required to report SSNs. For more details on this legislation, go to www.cms.hhs.gov/MandatoryInsRep.

Notice of COBRA Continuation Coverage Rights - www.dol.gov

Introduction
This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to receive it.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family who are covered under the Plan when you would otherwise lose your group health coverage.

This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan’s Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

The Plan Administrator is:
Loudoun County Public Schools
21000 Education Court
Ashburn, VA 20148

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally doesn’t accept late enrollees.
Notice of COBRA Continuation Coverage Rights (con't)

What is COBRA Continuation Coverage?
COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in the notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happen:

Your hours of employment are reduced, or
Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happen:
Your spouse dies;
Your spouse's hours of employment are reduced;
Your spouse's employment ends for any reason other than his or her gross misconduct;
Your spouse becomes entitled to Medicare (under Part A, Part B, or both); or
You become divorced or legally separated from your spouse.
Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:
The parent-employee dies;
The parent-employee's hours of employment are reduced;
The parent-employee's employment ends for any reason other than his or her gross misconduct;
The parent-employee becomes entitled to Medicare (Part A, Part B, or both);
The parents become divorced or legally separated; or
The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA Continuation Coverage Available?
The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or enrollment of the employee in Medicare (Part A, Part B, or both) the employer must notify the Plan Administrator of the qualifying event. In addition, if the plan provides retiree health coverage, then commencement of a proceeding in a bankruptcy with respect to the employer is also a qualifying event where the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events
For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to:

Loudoun County Public Schools
21000 Education Court
Ashburn, VA 20148

How is COBRA Coverage Provided?
Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA coverage will begin either (1) on the date of the qualifying event or (2) on the date that Plan coverage would otherwise have been lost, depending on the nature of the Plan. COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became en-
titled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage or his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are also ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of COBRA continuation coverage
If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. This notice should be sent to:

Flexible Benefit Administrators
P.O. Box 2070
Virginia Beach, VA 23450

Second qualifying event extension of 18-month period of continuation coverage
If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the employee or former employee dies, or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to:

Flexible Benefit Administrators
P.O. Box 2070
Virginia Beach, VA 23450

Are there other coverage options besides COBRA Continuation Coverage?
Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.HealthCare.gov.

If you have questions
If you have questions about your COBRA continuation coverage you should contact Flexible Benefit Administrators, Inc. or you may contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA’s website at www.dol.gov/ebsa. For more information about the Marketplace, visit www.HealthCare.gov.

Keep your Plan informed of address changes
In order to protect your family’s rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information
When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for the health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer—offered coverage. Also, this employer contribution—as well as your employee contribution to employer—offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact:

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit www.HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

1 An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than the 60% of such costs.

PART B: Information About Health Coverage Offered by Your Employer
This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

Here is some basic information about health coverage offered by this employer:
• As your employer, we offer a health plan to all benefits eligible employees.
A benefits eligible employee is defined as full time and eligible as detailed in School Board policy.
• As your employer, we offer coverage for eligible dependents.
An eligible dependent is defined as the employee's legal child, step child or child for whom they have legal custody who is under the age of 26 or is permanently disabled.

This coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, www.HealthCare.gov will guide you through the process.

Here is some basic information about health coverage offered by this employer:

Important notice from Loudoun County Public Schools about your Prescription Drug Coverage and Medicare.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. LCPS has determined that the prescription drug coverage offered by LCPS is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Loudoun County Public Schools coverage will be affected. Although your medical, dental and vision coverage will remain the same, prescription drug coverage will no longer be available to you under the LCPS health plan. You may be entitled to a premium reduction if this occurs.

If you do not enroll in a Medicare prescription drug plan, your prescription drug coverage under the LCPS health plan will remain the same.

If you do decide to join a Medicare drug plan and drop your current LCPS coverage, be aware that you and your dependents will not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with LCPS and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact the person listed below for further information. Note: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through LCPS changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227)
  TTY users should call 1-877-889-4242

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).
Medicaid and the Children's Health Insurance Program (CHIP) Offer Free Or Low-Cost Health Coverage To Children And Families

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer’s health plan is required to permit you and your dependents to enroll in the plan—as long as you and your dependents are eligible, but not already enrolled in the employer’s plan. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. You should contact your State for further information on eligibility.——

LCPS's Payroll Time Report

Purpose
The Fair Labor Standards Act requires that certain class of employees (NON EXEMPT) must record time worked. The LCPS Payroll Time report is used to record time worked for all non-exempt employees, with the exception of custodians, cafeteria workers, and garage employees who punch a clock.

For all employees the Time Report is used to record absences for sick, personal or annual leave. LCPS has two cut-off dates per month (the 15th and the last working day of the month) if the fifteenth falls on the weekend, the cut-off is the last working day before the 15th.

Procedure
Timesheet labels are distributed to all schools or departments for all employees paid in the prior pay period.

- New employees will not receive a pre-printed label for the time sheet for their first pay period.
- Employees who work in more than one position will only receive one pre-printed label for the primary position. These employees must complete a written time sheet for all other positions worked in a pay period.

The timesheet must be completed and signed by the employee, then forwarded to the employee’s supervisor for review and signature. Once approved by the supervisor, the information is reported to the Payroll Division and the timesheet is kept by the school or department.

How to Record
For each date during the pay period, enter the information as specified below. All hours are reported as they occur. The Payroll Division will process in quarter hour increments.

Date
Time In and Time Out—is the time that the employee actually starts and stops work on that day.

Sick Leave—enter the number of hours to cover each day or portion of a day an employee is absent from work.

Reason Code

FI – Family Illness;
FD – Family Death.

- If FI or FD are used, you must State Relationship to Employee.

- The employee should sign and date the form.
- Forms should be kept by the supervisor based on the retention schedule.

All Schools or Divisions should have a Time Keeper who is responsible for submission of leave information on the Leave Summary document to the Payroll Division.
Information On Your Paycheck

**Earnings**

Standard Hours for Regular Pay

All employees who receive regular pay through a normal payrun process will have a total of hours listed beside their regular pay rate. These standard hours are calculated this way:

Hours Per Day Employee Works multiplied (X) By Number Of Days In Position Employee Is Working divided by (/) Number Of Paychecks (24).

Example:
Employee Works 7 hours per day
Contract Length is 197 days
Number of Paychecks = 24
7 x 197 = 1379/24 = 57.46
Standard Hours

Example:
Employee Works 6.5 hours per day
Contract Length is 187
Number of Paychecks = 24
6.5 Hours x 187 = 1215.5/24 = 50.65

Out-of-Network—Care received in accordance with plan rules from a health care provider who is not an in-network provider for your plan.

SIGNATURE AND AUTHORIZATION

As a participant enrolling in the Flexible Benefit Account(s), I have read and understand the following:

- The plan is governed by the provisions of IRS code and regulations as stated within the Plan Document. 
  As such, I am making a binding election for the entire plan year. I cannot change or stop my contribution amount during the plan year unless I experience a qualifying change in family status. Should this occur, I must notify Employee Health, Wellness and Benefits within 30 days of the qualifying family status change.

- For expenses incurred during the plan year (including the grace period) for which this election is being made, I have until March 31 of the following calendar year to submit expenses. After March 31, all remaining balances will be forfeited. Amounts remaining in my account may not be carried over into the next calendar year, nor may they be transferred to another account. If I terminate employment mid-year, I may claim eligible expenses only from my date of enrollment (or beginning date of the plan year, whichever is later) through my termination date.

- I cannot contribute more than $2,500 into the Dependent Care Expense Account if I am filing a separate return from my spouse. Additionally, if my spouse and I are filing a joint return, we cannot withhold more than a total of $5,000 between the two Flexible Spending Accounts. (Note: Highly compensated employees, as defined by the IRS, may be required to lower their contribution amounts in accordance with IRS guidelines).

- This form must be signed and dated prior to the last day of Open Enrollment in order to participate in this program for the next plan year. If I am making a mid-year change in my election due to a qualifying family status change, the amount(s) listed on this form is the new total amount to be withheld for the entire plan year.

- I authorize Loudoun County Public Schools to make a payroll deduction to fund my election(s) in the Flexible Benefit Account(s). The Annual Contribution Amounts listed on the reverse side will be deducted from my pay in equal portions during the plan year.

Signature____________________________________________________          Date:______________
If any of the following events occur during the plan year, you may be allowed to change (add, terminate, increase or decrease) your current flexible spending account elections as indicated below. The change must be as a result of one of these events and must be consistent with the status change requested. To make a Healthcare election change, it must meet the following two conditions:

1) the status change results in the employee, spouse, or dependent gaining or losing eligibility for accident or health coverage under the cafeteria plan or an accident or health plan of the spouse’s or dependent’s employer; and
2) the election corresponds with that gain or loss of coverage.

If applicable, select the appropriate event and attach supporting documentation.
