Enrollment Time
Everyone must enroll this year!

This Open Enrollment is for benefits effective April 1, 2012 through December 31, 2012.

It’s Benefits Enrollment Time
Healthcare costs represent the second highest expenditure of funds for M-DCPS after payroll. In an enrollment of skyrocketing healthcare costs, the diligent efforts of the Superintendent and School Board members, in conjunction with employees, unions and associations resulted in a plan with rich benefits, a no-cost employee-only option, low dependent costs and direct access to specialists.

This is a mandatory enrollment. If you do not-enroll during the Open Enrollment period, your current benefits and those of your dependents will terminate on MARCH 31, 2012. You will be automatically assigned to Cigna Open Access Plus 20 healthcare (Employee only) coverage and your current employee-paid benefits (including dependent benefits) will terminate on 3/31/12.

The premiums and benefits design you are selecting at this time are for the enrollment period of 2/27/12 - 3/9/12 for an effective date of 4/1/12. You must enroll during this Open Enrollment period if you would like to select your healthcare and/or flexible benefits (i.e., Dental, Vision, etc.) or to add or delete or to continue covering your dependents.

NOTE: During this enrollment, all employees represented by Bargaining Units: UTD, AFSCME, DCSMEC, MEP and CEP are eligible to enroll at this time. All employees represented by other bargaining units (FOP and DCSAA) cannot enroll at this time. You will be notified when your Open Enrollment period occurs.

Current Employee: A current employee is defined as an employee with active benefits.

New Employee: A new employee is defined as an employee without active benefits. If you are a new employee hired during this Open Enrollment period, you must enroll for both plan years. You will receive an e-mail prompting you to enroll online for your benefits. You must enroll online by the due date. Otherwise, you will be automatically assigned to Cigna Open Access Plus 20 (Employee only) coverage and Standard Short-Term Disability plan.

All employees must re-enroll for 2012 benefits via the Internet. To enroll, log on to www.dadeschools.net. Click on the benefits 2012 Open Enrollment* button. You may access the following:
• 2012 Employee Benefits Guide
• Provider Directories
• Benefits Web Enrollment Form

The materials contained in this guide do not constitute an insurance certificate or policy. The information provided is intended only to assist in the selection of benefits. Final determination of benefits, exact terms and exclusions of coverage for each benefit plan are contained in certificates of insurance issued by the participating insurance and posted on the benefit Website at www.dadeschools.net.

The School Board of Miami-Dade County, Florida reserves the right to amend or to terminate the Plans described in this guide at any time, subject to the specific restrictions, if any, in the collective bargaining agreement. In the event of any such amendment or termination, your coverage may be modified or discontinued and the School Board assumes no obligation to continue the benefits or coverages described in this guide.

Opting Out Of Healthcare
• You may decline Board-Paid Healthcare coverage, provided you are enrolled in another group healthcare plan.
• After your enrollment, you will be asked to submit your proof of other group coverage.
• If you do not provide proof of other group healthcare coverage, you will be automatically assigned the Cigna Open Access Plus 20 (employee only) healthcare plan, and your dependents will not be covered.
• In lieu of Board-Paid healthcare coverage, you will receive $100 per month paid bi-weekly through the payroll system based on your deduction pay schedule (subject to withholding and FICA) as follows:
  • 10-month employees will receive their payment in 20 pay checks.
  • 11-month employees will receive their payment in 24 pay checks.
  • 12-month employees will receive their payment in 26 pay checks.

To Enroll Your Dependents:
• If you are adding new dependents, you will need to enter their Social Security Numbers on the Web enrollment application and you will need to submit dependent eligibility verification before the start of this plan year.
• If adding dependents for the first time, dependent documentation needs to be provided. If not, your dependents coverage will NOT take effect on April 1, 2012.
• An employee’s dependent may be covered under the employee’s healthcare plan until the end of the calendar year they reach 26.
• To enroll an adult child dependent (ages 26-30), you must enroll and submit dependent eligibility documentation with your enrollment form each year. If dependent eligibility is not received, your adult child will automatically be cancelled April 1, 2012.
Benefits Update

Core Benefits

- The Board provides two healthcare plans: Cigna OAP 20 and Cigna OAP 10. OAP 20 is at no cost to the employee. OAP 10 does have an employee cost share determined by the employee's base salary. Please refer to Page 133 for the employee cost share and your dependent cost. (AFSCME employees are only eligible to enroll in OAP 20).
- All employees enrolling during the open enrollment of February 27, 2012- March 9, 2012 in the OAP 10 for April 1st will have the cost share deducted from the first 2012 Plan Year payroll on April 6, 2012.
- New hires after April 1, 2012, will continue to have their healthcare coverage effective the day of hire and will start paying for the cost share (only if enrolling in OAP 10) on the first paycheck following the effective date of their healthcare coverage.
- The Board will continue to pay a portion of your dependents' healthcare coverage. The subsidy paid by the School Board is, in some cases, up to 88 percent of the premium.
- You are provided with Board-paid Standard Short-Term Disability (STD) coverage.
- The School Board provides a Term Life and Accidental Death and Dismemberment (AD&D) program with Metropolitan Life Insurance Company for all full-time employees. The coverage amount is either one or two times your annual base salary rounded up to the next $1,000. Administrators and Confidential Exempt employees receive two times the annual base salary. All other employees receive one times their annual base salary. The minimum benefit for employees represented by AFSCME is $10,000. Additional life insurance may be purchased through payroll deduction to bring maximum benefits to an additional one times the amount provided by the School Board. You will be eligible to increase your coverage to a maximum of five times the annual base salary after the first year of participation in the optional life program. Evidence of Insurability will be required for any increases in coverage. To find out more about Board-Paid Term Life and Accidental Death and Dismemberment, contact the MetLife Representative at 305.995.7029.

Healthcare Coverage

The School Board of Miami-Dade County, Florida, is committed to providing you and your eligible dependents with the highest quality of benefit selections available.

- Cigna Open Access Plus (OAP) 10 – Employee electing this plan will continue to pay a cost-share based on their salary band.
- Cigna Open Access Plus (OAP) 20 – Remains a free-option, no-cost for employee only coverage.
- Primary Care Physician co-payment remains at $20 per visit.
- Introduction of the Cigna Care Network (CCN) Specialist, a specialist designated network that has been identified by Cigna to have demonstrated the best in management of patient treatment.
- Cigna Care Network (CCN) Specialist co-pay at $50 per visit.
- Non CCN Specialist co-pay at $70 per visit.
- Minimal pharmacy co-payment increases, services performed at Emergency Rooms, Urgent Care Centers and Conventional Centers will continue to be covered after a set co-payment.
- The Open Access Plan does not require the selection of a Primary Care Physician or a referral to a specialist.
- Outpatient tests/surgeries at non-hospital-affiliated facilities remain at $100 per procedure.
- Deductible, maximum and/or out-of-pocket and co-insurance will continue to apply only to hospital and hospital-affiliated facilities.
- Mandatory Prescription Mail Order Program, gives employees the ability to manage medications online 24/7, at www.mycigna.com. This program delivers prescribed medications to employee's home for up to a 90-day supply within a co-pay of two times the tier cost, saving time and money.
- Durable Medical Equipment (DME) will continue to be covered, a deductible and co-insurance applies. A change in this benefit provides employees a richer benefit because once the maximum out-of-pocket has been met, the coverage will be 100 percent.

Dependent Coverage for 2012

- Premiums will continue to be based on employee annual base salary. M-DCPS will continue to subsidize the cost or dependent premium between 70 – 90 percent.
- Dependent Social Security numbers are required during Open Enrollment. If your dependent’s Social Security number is not provided, coverage for the dependent cannot be processed via the on-line enrollment. For additional information, call 1.800.342.8017.
- Documentation of your dependent’s eligibility must be provided.

Eligibility Documentation requirements can be found on Pages 24-26.
- Children may include: natural born children, stepchildren, adopted children and children for whom you have been appointed legal guardian. Your unmarried children are eligible from birth until the end of the year in which the child reaches age 26, if the child is: (1) dependent on you for support; or (2) lives in your household; or (3) is enrolled full time or part time in an accredited school, college or university. See also Adult Child on Page 27.
- Children of your Domestic Partner are eligible for coverage only if the Domestic Partner is also included in the coverage.
- According to IRS (Internal Revenue Service) Section 125 Regulations, all deductions for employee-paid benefits for domestic partner coverage must be taken on a post-tax basis. Additionally, you must pay the tax liability on the monthly contribution (subsidy) the Board pays on your behalf for any type of Domestic Partner coverage. Therefore, the value of these benefits will be added to your taxable income and your W-2 will be adjusted to reflect the higher income level annually.
- Taxation for the monthly board-paid dependent subsidy contributed on the employee’s behalf for domestic partner coverage, will occur on the last pay statement of each month.
- A new dependent tier has been added for employee’s covering their children and a domestic partner. This new dependent tier allows for the Board dependent subsidy toward only the domestic partner to be taxed.
NOTE: Employees covering a domestic partner and children of the domestic partner will continue to be taxed on the full, Board-paid dependent subsidy. Employees covering their own children, a domestic partner and children of a domestic partner will also be taxed on the entire Board-paid dependent subsidy.

**AFSCME - Flex Credit**
Employees represented by the AFSCME Union enrolled in Cigna OAP 20 will continue to receive a $280 annually of flex credit. This flex credit can be used to offset the cost of your flexible benefits.

**Flexible Benefits**
- **Short-Term Disability** coverage continues to be provided at no cost to you. In addition, upgrades to the Short-Term Disability and Long-Term Disability are also being offered.
- **Miami-Dade County Public Schools** will continue to offer a broad range of high-quality, elective benefits at very competitive prices, including:
  - Dental provider MetLife dental is offering MetLife SafeGuard DHMO, a comprehensive DHMO plan. You will need to choose your dental provider at the time you enroll. Your selected general dentist will refer you directly to a contracted specialty care provider; no additional referral or pre-authorization from SafeGuard, a MetLife Company, is required.
  - This plan offers you the option of selecting a dentist of your choice. You are free to choose an In-Network or Out-of-Network dentist. However, when using an Out-of-Network dentist, the level of coverage is reduced and your out-of-pocket expenses will increase.
  - MetLife Indemnity Dental Plans continue to be offered.
  - Vision provider, UnitedHealthcare, offers access to both private practice and retail chain providers that provide quality eye care and materials.
  - Choose from two Legal plans: The ARAG legal plan and the US Legal plan.
  - Identity Theft Protection, ID Watchdog, offers identity theft protection by verification of your identity, monitoring, detection and resolution of fraud.
  - Hospital Indemnity coverage
  - Short-Term Disability upgrades
  - Long-Term Disability
  - MetLife Term Voluntary Life insurance
  - MetLife Accidental Death and Dismemberment coverage.
- **Flexible Spending Accounts** - **NOTE: Current FSA participants' accounts will not terminate, if you do not re-enroll.**
- **Certain Over-the-Counter (OTC) drugs and medicines, except for diabetes supplies, requires a prescription to qualify for FSA reimbursement. It’s important to remember that you can still use your FSA funds for other eligible medical expenses and prescription purchases at pharmacies. Unaffected OTC items are still reimbursable, as well as affected OTC items with a doctor’s prescription.**
- **Effective January 1, 2013, the maximum annual contribution amount for a Medical Expense Flexible Spending Account (FSA) will be $2,500. This change does not affect your 2012 contribution limit. If you are contributing more than $2,500 to your 2012 Medical FSA and expect to incur expenses in 2013, please plan accordingly.**

**Evidence of Insurability (EOI)**
If you are a current employee who chose not to enroll previously in Short-Term Disability buy up plans or the Long-Term Disability plan, you must complete an Evidence of Insurability (EOI) form before you are considered for coverage. Existing employees currently enrolled in one of the Short-term buy up plans or Long-term plans must re-enroll during this enrollment, if not, your current disability coverage will terminate on 3/31/12 and you will be required to complete a new EOI if enrolling during the 2013 Open Enrollment.

Current employees electing this benefit during the 2012 Open Enrollment must complete an EOI form which will be verified by The Hartford. If your buy up or LTD EOI is approved, the effective date of this benefit will be the first of the month following your first payroll deduction. New hires do not need to provide EOI.

**NOTE: Your online Open Enrollment Confirmation Notice will reflect a $0.00 deduction for this benefit, which will change if your EOI is approved. The deduction will be taken on the last paycheck of the month after your approval, which makes your benefit effective the first of the following month after your first payroll deduction.**

EOI forms will be distributed by The Hartford. For any questions, you may call a Hartford Representative at 1.800.741.4306.

**Throughout the Plan Year**
Certificate(s) of Coverage for your insurance benefits are available to you online throughout the year. A hard copy of these certificates will not be mailed to you automatically. Your Certificate(s) of Coverage are document(s) issued by the insurance company for benefits registered with the State of Florida. These documents are available for the benefits you selected during Open Enrollment or as a new employee. To view or print a copy of a Certificate of Coverage for any benefit, log on to www.dadeschools.net under highlights click on “Employee Benefits,” and then under the M-DCPS New/Current Employees column, click on "Certificates of Coverage." If you prefer to have a hard copy mailed to your home address, please contact the appropriate insurance company directly. Their phone numbers are listed on the M-DCPS website under “Important Phone Numbers.”

Taxation of Board-Paid Benefits
Taxation of monthly Board dependent subsidy toward any type of domestic partner coverage occurs every month on the last paycheck of the month.

Employees enrolled in either medical, dental or vision coverage for a domestic partner or domestic partner and family will have the deduction taken from the employee’s paycheck as a post-tax deduction.

The cost of Board-paid Life Insurance in excess of $50,000 will be taxed on every paycheck.

The taxable benefits are:
1) The cost of life insurance premiums in excess of $50,000.00, which are paid/subsidized by the Board.
2) The monthly contribution (subsidy) that the Board pays on the employee’s behalf for any type of Domestic Partner coverage and/or children of the domestic partner.

Medical Opt Out
Employees who have declined to participate in the District’s medical insurance plan (Medical Opt Out) will receive $100.00 per month, based on the employee’s deduction schedule, as follows:

• Does not have a dependent of his or her own
• Is a resident of Florida, and

A qualifying event notice and an application will be forwarded to the qualified dependent within 30 calendar days.

For questions regarding your benefits while on leave, please call 305.995.7129 and ask to speak with a leave billing specialist.

**7Q. What if I am unable to pay premiums while on leave?**

A. The benefits for which you have been billed will be cancelled if payment is not received by the due date and any claims incurred will not be paid unless otherwise provided by law. If you return to work and your coverage is still active, owed premiums will automatically be taken from your paychecks.

Cancelled employer-paid benefits will be automatically reinstated upon your return to work. See the Changes in Status event information on Page 29 for further details.

A. When you complete your retirement papers, the Retirement Office will notify the Office of Risk and Benefits Management and a package will be mailed to your home containing the information you need to continue your Healthcare coverage, life insurance benefits and flexible benefits plans after you retire.

You will have 30 days from the date of notification to select your benefits. Frequently Asked Questions

How does the Flexible Benefits Plan affect other benefits?

Your Retirement Benefits
Your contributions to the FlexPlan do not reduce your future Florida Retirement System (FRS) benefits or current contributions to FRS.

Tax Sheltered Annuity
Participating in the FlexPlan does not affect your Tax Sheltered Annuity (TSA) contribution. That is, FlexPlan contributions do not reduce includable compensation* from which the maximum deferrable amount is computed under the 403(b) plan.

*Includable compensation is the gross income shown on your W-2 form.

Social Security
Social Security consists of two tax components: the FICA or OASDI component (the tax for old-age, survivors’, and disability insurance) and the Medicare component. A separate maximum wage to which the tax is assessed applies to both tax components. There is no maximum taxable annual wage for Medicare. If your annual salary after salary reduction is below the maximum wage cap for FICA, you are reducing the amount of taxes you pay and your Social Security benefits may be reduced at retirement.

However, the tax savings realized through the Flexible Benefits Plan generally outweigh the Social Security reduction. Call the Customer Care Center at 1.800.342.8017 for an approximation.

Itemized Deductions
The portion of your salary set aside for benefit premiums and FSAs through the FlexPlan will not be included in the taxable salary reported to the IRS on your W-2 form. However, your contributions to your Dependent Care FSA will appear on your W-2 form for informational purposes only. You will not have to claim these payments as deductions at the end of the year. Your pre-tax FlexPlan reductions cannot be used as itemized deductions for income tax purposes at the end of the year.

Pre-tax/Post-tax
Employees who wish to have their 2012 premiums deducted POST-TAX may do so by indicating so during their enrollment. If a selection is not made, applicable deductions and employer contributions will continue on a pre-tax basis. Regardless of your selection, Flexible Spending Accounts are always PRE-TAX. Your Legal Plan, SeniorAdvocate Plan, and Long-Term Disability (LTD) are always POST-TAX.

When an employee elects pre-tax deductions, all employee-paid premiums will be taken prior to federal withholding tax. All benefits are subject to pre-tax deductions except those that are not exempt from taxation — Legal Coverage, LTD and the SeniorAdvocate Program. When an employee elects post-tax deductions, all employee-paid premiums will be taken after federal withholding tax has been taken. All benefits are subject to post-tax deductions except those that are exempt from taxation.

If you elect to upgrade your Board-Paid Standard Short-Term Disability plan, your premiums will be deducted on a PRE-TAX basis and you will receive a W-2 form for the calendar year in which benefits were paid. However, if your premiums were paid on a POST-TAX basis, benefits paid to you will not be taxed. The premiums paid by the School Board for the Standard Short-Term Disability plan will be on a PRE-TAX basis.

A Domestic Partner and the child(ren) of a Domestic partner are eligible. According to IRS (Internal Revenue Service) Section 125 Regulations, all deductions for employee-paid benefits for domestic partner coverage must be taken on a post-tax basis. Additionally, employees must pay the tax liability on the monthly contribution (subsidy) the Board pays on the employee’s behalf for any type of Domestic Partner coverage. Therefore, the value of these benefits will be added to your taxable income and your W-2 will be adjusted to reflect the higher income level annually.

**Please see each product page for specific dependent eligibility information. Eligibility for healthcare, dental, and vision will be verified by the contract administrator, FBMC Benefits Management. For a list of required documentation, see Page 24. If proof is not submitted by 3/31/12, the dependent coverage will be terminated and claims will not be paid. If dependent coverage is terminated and premiums were deducted, refunds will not be automatically issued. To request a refund, if applicable, contact Payroll Deduction Control at 305.995.1655. All other benefits will be verified by the individual insurance company at the time a claim is filed. Please refer to Page 24 for required documentation.

Over-the-Counter Expenses
OTC medicines and drugs, including bulk purchases, must be used in the same plan year in which you claim reimbursement for their cost. The list of eligible OTC categories will be updated on a quarterly basis by FBMC. It is your responsibility to remain informed of updates to this listing, which can be found at www.myFBMC.com. As soon as an OTC item, medicine or drug becomes eligible, it will be reimbursable retroactively to the start of the then current plan year.

Newly eligible OTC medicines and drugs are not considered a valid change in status event that would allow you to change your annual Medical Expense FSA election or salary reduction amount. Be sure to maintain sufficient documentation to submit receipts for reimbursement. You may resubmit a copy of your receipt from your records if a rejected OTC expense becomes eligible for reimbursement later in the same plan year.

Eligible Over-the-Counter (OTC) drugs and medicines require a prescription from your physician to qualify for reimbursement. It’s important to remember that you can still use your FSA funds for other eligible medical expenses and prescription purchases at pharmacies. Non-drug and non-medicine items that aren’t subject to new OTC laws may still be purchased normally. Please visit www.myFBMC.com for more information. If you have any questions, please contact the Customer Care Center.
Who Is Eligible for Coverage*

Who is an eligible dependent? An eligible dependent is defined as:

**Spouse:** Your spouse is considered your eligible dependent for as long as you are lawfully married.

**Domestic Partner:** Your Domestic Partner is eligible for coverage as long as he/she:
- is of the same or opposite sex
- shares your permanent residence
- has resided with you for no less than one year
- is no less than 18 years of age and is not related to you by blood in a manner that would bar marriage under applicable state laws
- is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements:
  - joint mortgage or lease for a residence
  - joint ownership of a motor vehicle
  - joint bank or investment account, joint credit card or other evidence of joint financial responsibility
  - a will and/or life insurance policies which designates the other as primary beneficiary, beneficiary for retirement benefits, assignment of durable power of attorney or health care proxy.

To add a Domestic Partner, an employee must register, under applicable state or municipal laws or provide a duly sworn Affidavit of Domestic Partnership confirming the eligibility above. In addition, the definition of domestic partner will be met as long as neither partner:
- Has signed a domestic partner affidavit or declaration with any other person within 12 months before designating each other as domestic partner
- Is not legally married to another person, or
- Does not have any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

**NOTE:** A Domestic Partner and the child(ren) of a Domestic Partner are eligible. They do not qualify for IRS Section 125. All employee-paid benefits will be on a post-tax basis. Additionally, you must pay the tax liability on the monthly contribution (dependent subsidy) that the Board pays on your behalf. Therefore, the value of these benefits will be added to your taxable income and your W-2 will be adjusted to reflect the higher income level annually. Domestic Partners or their child(ren) who do not meet the eligibility criteria, will have benefit(s) coverage terminated and any claims incurred will not be paid. All other selected employee-paid benefits will continue for the remainder of the plan year on a post-tax basis. The Domestic Partner must also be included in that coverage. Domestic Partners and/or their children do not qualify as eligible dependents for FSA Reimbursement.

**Children:** Children can include natural born children, stepchildren, adopted children and children for whom you have been appointed legal guardian. Children of your Domestic Partner are eligible for coverage only if the Domestic Partner is also included in the coverage.

- For Healthcare, Dental and Vision benefits: your dependent is eligible for coverage through the end of the year that they turn 26. Coverage applies whether they are/are not married or is/is not a student. For the full definition of an eligible child, view the FSA FAQs at www.myFBMC.com.
- For all other benefits, your unmarried children are eligible from birth until the end of the year in which the child reaches age 25, if the child is: (1) dependent on you for support; or (2) lives in your household; or (3) is enrolled full time or part time in an accredited school, college or university.

**Newborn Children:** A natural born child, adopted child, the child of your Domestic Partner, or a child for whom you have been appointed legal guardian who is born or becomes eligible while a policy is in effect will be covered from date of birth/event. However, coverage is not automatic. You must request a Change In Status Election form within 30 days of the event and add your newborn child(ren)'s information.

**NOTE:** Your newborn will be covered free of charge (no premium) for the first 31 days. During these 31 days, you are still required to satisfy the deductible and co-insurance. However, you must call and request a Change in Status (CIS) form within the 30 days for coverage to become active.

- If you add your dependent after the 31st day but within 60 days from birth/event, your dependent will be effective retroactive to the day of birth and the you will be charged the full prepay deduction.

However, if the parent becomes ineligible during the grandchild's 18 months eligibility period, coverage for both the parent and the child will terminate.

**NOTE:** Hospital Indemnity Plan Coverage offered by LINA does not cover grandchildren.

Flexible Spending Accounts

Whose medical expenses can I include in my Medical Expense FSA? You can include medical expenses you paid for your spouse or dependent. A person generally qualifies as your dependent for purposes of the medical expense deduction if:

1) That person lived with you for the entire year as a member of your household or is related to you
2) That person was a U.S. citizen or resident, or a resident of Canada or Mexico for some part of the calendar year in which your tax year began, and
3) You provided over half of that person’s total support for the calendar year. You can include the medical expenses of any person who is your dependent, even if you cannot claim an exemption for him or her on your return. Domestic Partners and their children are ineligible.

NOTE: Certain Over-the-Counter (OTC) drugs and medicines requires a prescription to qualify for FSA reimbursement. It’s important to remember that you can still use your FSA funds for other eligible medical expenses and prescription purchases at pharmacies. Unaffected OTC items are still reimbursable, as well as affected OTC items with a doctor’s prescription. Please visit www.myFBMC.com for more information. If you have any questions regarding this new legislation, please contact the Customer Care Center.

Whose dependent care expense can I include in my Dependent Care FSA? Your child and dependent care expenses must be for the care of a qualifying person.

2) Your spouse who was physically or mentally not able to care for himself or herself, or

Additional information is found on Page 72.

Adult Child Notice

Important Notice!!!
In order to continue coverage of your currently to enroll your Adult Child, you must re-enroll and re-submit the dependent eligibility documentation by the March 9, 2012 enrollment deadline.

Rules governing dependent coverage have changed. A provision in the new Patient Protection and Affordable Care Act (PPACA) Healthcare Reform allows for an employee's dependent to be covered under the employee's healthcare plan until they reach age 26. However, the School Board will continue to provide coverage for these dependents until the end of the calendar year in which they reach the age of 26. The dependent will be deemed an Adult Child the following calendar year. For the full definition of an eligible child, view the FSA FAQs at www.myFBMC.com. Under Florida law, a dependent adult child ages 26 – 30 may be considered an eligible dependent for the purpose of “health” insurance.

For medical coverage offered under the M-DCPS plan, you may add or continue to cover your Adult Child until the end of the calendar year in which the adult child reaches the age of 26-30, if the adult child:
• Is dependent upon you for support;
• Is not provided coverage as a named subscriber, insured, enrollee, or covered person under any other group, blanket, or franchise health insurance policy or individual health benefits plan, or is not entitled to benefits under Title XVIII of the Social Security Act.

In addition, the following dependent eligibility documents must be submitted with your completed enrollment form prior to the adult child dependent being added to your healthcare coverage:
• Affidavit of Eligibility
• Birth certificate or court documents of adoption/guardianship/legal custody
• Social Security Number
• Driver License

NOTE: To continue to cover or add your adult child dependent, you must re-enroll and re-submit dependent eligibility documentation with your enrollment form. If dependent eligibility is not received, your current covered adult child will be cancelled March 31, 2012.

Adding/Dropping Your Dependents During the Plan Year

1Q. Can I add or delete dependent coverage and make changes in my benefit elections during the year?
A. A participant is permitted to make changes to his or her elections mid-plan year only for a legitimate Change in Status (CIS). Meaning, “on account of and corresponding with a Change in Status that affects eligibility for coverage.” If you experience a qualifying CIS Event, the election changes must be requested and submitted with proper documentation within 30 days from the qualifying event and the change must be consistent with the type of event. However, you cannot change your medical or dental plan insurance provider. You may add dependents to your existing coverage or delete your dependents. Please refer to the Change in Status events information on Page 29 of this guide.

2Q. If I experience a CIS event, how and when must I request the CIS form in order for the change to be approved?
A. You must call the Customer Care Center at 1.800.342.8017 within 30 days from the date of the valid event and request a Change In Status Election Form.

Documentation supporting the Change in Status must be submitted with the form. Requests and form submissions made after the 30th day from the valid event date, will not be granted. You will have to wait until the following annual Open Enrollment period to make any changes to your benefits.

3Q. When I add dependents through a CIS event, when do their benefits become effective?
A. Coverage for your dependents becomes effective on the 1st of the month following your first payroll deduction, except for newborns** and adopted dependents. Your newborn dependents are covered from their date of birth; adopted dependents are covered effective the date of placement. Documents validating the CIS event and dependent’s eligibility are required at time of request.

** Your newborn will be covered free of charge for the first 31 days. However, you are still responsible for the claims incurred on the date of birth. Your newborn child is not automatically enrolled by your employer or group health plan. You must add your newborn dependent within 30 days, even if your current coverage includes employee and children, or employee and family coverage or employee and Domestic Partner and their child(ren). Don’t forget to include the proper documentation when adding a dependent. See Page 24 through 26 of this guide for more details.

- If you request your dependent’s coverage to be terminated within the first 31 days, the termination is effective the day you request it, or no later than the 31st day.
- If you do not request to terminate your dependent, your dependent will remain actively enrolled and you will be billed from the 32nd day. You will pay the daily newborn rate till the day prior to the commencement of the next available payroll, then you will pay the full premium.
- If you add your dependent after the 31st day but within 60 days from birth, coverage will be effective retroactive to the day of birth and you will be charged the full premium.

4Q. When I delete a dependent through a Change In Status, when does their coverage terminate?
A. Coverage for your dependent(s) is terminated effective the last day of the month after receipt of a completed Change in Status Form and supporting documentation.

NOTE: Any 10-month employee submitting a Change in Status Form after the end of the school year will have the form processed with a benefits termination date of August 31.

5Q. If I decline School Board Healthcare coverage, but I lose my other coverage, can I re-enroll under a School Board plan mid-year?
A. You may only enroll in a School Board Healthcare plan mid-year if you have lost other group insurance coverage. Supporting documentation will be required. Enrollment in an individual policy does not qualify.

Domestic Partners & their Child(ren)
The Internal Revenue Service (IRS) Section 125 “Change In Status: Rules and Guidelines” does not apply. An employee may terminate their Domestic Partners and/or child(ren) at any time of the year, but may not reinitialize their coverage until the following Open Enrollment period (effective January 1 of the following plan year) as long as all of the eligibility criteria has been met again. An employee may add their Domestic Partner if eligibility requirements are met during the plan year or due to loss of other group coverage.

An employee and their Domestic Partner must sign an Affidavit of Domestic Partnership which states that the employee and domestic partner are:
- Each eighteen years of age or older and mentally competent
- Have a close and committed personal relationship, and are each other’s sole domestic partner not married to or partnered with any other spouse, spouse equivalent or domestic partner
- Have provided true and accurate required documentation of their relationship, and
- Each understands and agrees that in the event any of the statements set forth on the affidavit are not true, the insurance or health care coverage for which the Affidavit is being submitted may be rescinded and/or each shall jointly and severally be liable for any expense incurred by the employer, insurer or health care entity.

Employee-paid benefits will be taken on a post-tax basis.

Employee must pay tax liability on the monthly contribution (dependent subsidy) that the Board pays toward dependent coverage.

Must present two forms of documentation demonstrating a minimum of a one year (12-months) partnership.

Please see Page 29 for Change in Status Events.
Change in Status Events (CIS)

Mid-Year Benefit Changes In Status (CIS)
Forms must be requested and submitted with proper documentation within 30 days from the date of the event listed below. You must contact the Customer Care Center at 1.800.342.8017 for a CIS election form. Appropriate documentation supporting the Change in Status Event is required when returning the form.

Marital Status
A change in marital status includes marriage, death, divorce or annulment (legal separation is not recognized in the State of Florida).

Change in Number of Eligible Dependents
A change in number of dependents includes the following: birth, death, adoption and placement for adoption and change in marital status. Existing eligible dependents can also be added whenever a dependent gains eligibility as a result of a valid CIS event.

Change in Status of Employment Affecting Coverage Eligibility
Change in employment status of the employee, or a spouse or dependent of the employee that affects the individual’s eligibility under an employer’s plan; such as commencement or termination of employment.

Gain or Loss of Dependents
Eligibility Status
An event that causes an employee’s dependent to satisfy or cease to satisfy coverage requirements under an employer’s plan due to: attainment of age; student status; marital status; employment status.

Change in Residence
A change in the place of residence of the employee, spouse or dependent that affects eligibility to be covered under an employer’s plan, such as moving out of the network service area (except for Medical Expense FSAs).

Open Enrollment Under Other Employer’s Plan
You may make an election change when your spouse or dependent makes an Open Enrollment Change in coverage under their employer’s plan if:
• their employer’s plan year is different from your employer’s plan year,
• they participate in their employer’s plan, and
• their employer’s plan permits mid-plan year election changes under this event.

Judgement/Decree/Order
If a judgement, decree or order from a divorce, annulment or change in legal custody requires that you provide accident or health coverage for your dependent child (including a grandchild who is your dependent), you may change your election* to provide coverage for the dependent child. If the Order requires that another individual (including your spouse and former spouse) cover the dependent child and provide coverage under that individual’s plan, you may change your election to revoke coverage only for that dependent child and only if the other individual actually provides the coverage.

*Does not apply to Dependent Care FSA.

Medicare/Medicaid/Kidcare
Gain or loss of Medicare/Medicaid eligibility and enrollment may trigger a permitted election change. Documentation indicating effective date of event and affected dependents must be presented with CIS form.

HIPAA
If your employer’s group health plan(s) are subject to HIPAA’s special enrollment provision, the IRS regulations regarding HIPAA’s special enrollment rights provide that an IRC Sec. 125 cafeteria plan may permit you to change a salary reduction election to pay for the extra cost for group health coverage, on a pre-tax basis, effective retroactive to the date of the CIS event, if you enroll your new dependent within 30 days of one of the following CIS events: birth, adoption or placement for adoption. Note that a Medical Expense FSA is not subject to HIPAA’s special enrollment provisions if it is funded solely by employee contributions.

Other Election Changes
Domestic Partner and their children: The Internal Revenue Service (IRS) Section 125 “Change in Status” rules and guidelines do not apply. An employee may terminate coverage for their Domestic Partner and/or their child(ren) at any time of the year, but may not reinstate their coverage until the following Open Enrollment Period (effective January 1 of the following plan year) as long as all of the eligibility criteria has been met once again. You may add a dependent if eligibility requirements are met during the plan year or due to loss of alternative group coverage.

* Does not apply to a Medical Expense FSA.

Cigna Summary of Benefits
Open Access Plus Copay Plan (OAP10)

Definitions

**Coinsurance** – After you’ve reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called coinsurance.

**Copay** – A flat fee you pay for certain covered services such as doctor’s visits or prescriptions.

**Deductible** – A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

**Direct Access to Obstetricians and Gynecologists** – You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.myCigna.com or contact customer service at the phone number listed on the back of your ID card.

**Out-of-pocket Maximum** – Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the “maximum reimbursable charges” or negotiated fees for covered services.

**Place of service** – Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

**Selection of a Primary Care Provider** – Your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.myCigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

**Transition of Care** – Provides in-network health coverage to new customers when the customer’s doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Maximizing your health care dollars

Log on to myCigna.com for resources to help you choose a health care professional or compare the cost and quality of medical services, medications and hospital care.

When you need a medical service or procedure, Cigna offers you opportunities to save on prescription medicine, routine medical care, laboratory services, radiology scans, and outpatient surgery. Details are below:

**Cigna Home Delivery Pharmacy** – You can save money and enjoy convenient home delivery by using Cigna Home Delivery Pharmacy for your prescription medications. You can get up to a 90-day supply of your medication.

**Lab** – Save on lab services by using a free-standing laboratory instead of a hospital- or clinic-based lab.

**Urgent Care** – For non-emergency conditions that need attention before you can see your doctor, you can save money by going to an urgent care center instead of an Emergency Room (ER).

**Convenience Care** – For minor or routine conditions, go to a Convenience Care Clinic when your doctor is unavailable. Convenience Care Clinics are retail-based and often found in pharmacies or grocery stores.

**Radiology** – Costs for MRIs, PET, and CT scans can vary greatly. Non-hospital based outpatient radiology centers often cost much less than a hospital. Cigna’s network includes both hospitals and outpatient centers, so you can find a radiology center that’s right for you.

**Outpatient Surgery** – Costs for colonoscopies, arthroscopies, and other outpatient procedures can vary greatly. Using a free-standing outpatient surgery center can save hundreds of dollars.

Cigna Care Network (CCN)

   - they did not achieve the designation, perhaps due to insufficient volume of cases, or
   - the CCN designation is not available in the geographic area.

3. Non-CCN – Specialists whose field is outside the 19 designated specialties.

Definitions

Coinsurance – After you’ve reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called coinsurance.

Copay – A flat fee you pay for certain covered services such as doctor’s visits or prescriptions.

Deductible – A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Direct Access to Obstetricians and Gynecologists – You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.myCigna.com or contact customer service at the phone number listed on the back of your ID card.

Out-of-pocket Maximum – Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the “maximum reimbursable charges” or negotiated fees for covered services.

Place of service – Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Selection of a Primary Care Provider – Your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.myCigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

Transition of Care – Provides in-network health coverage to new customers when the customer’s doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Maximizing your health care dollars

Log on to myCigna.com for resources to help you choose a health care professional or compare the cost and quality of medical services, medications and hospital care.

When you need a medical service or procedure, Cigna offers you opportunities to save on prescription medicine, routine medical care, laboratory services, radiology scans, and outpatient surgery. Details are below:

Cigna Home Delivery Pharmacy – You can save money and enjoy convenient home delivery by using Cigna Home Delivery Pharmacy for your prescription medications. You can get up to a 90-day supply of your medication.

Lab – Save on lab services by using a free-standing laboratory instead of a hospital- or clinic-based lab.

Urgent Care – For non-emergency conditions that need attention before you can see your doctor, you can save money by going to an urgent care center instead of an Emergency Room (ER).

Convenience Care – For minor or routine conditions, go to a Convenience Care Clinic when your doctor is unavailable. Convenience Care Clinics are retail-based and often found in pharmacies or grocery stores.

Radiology – Costs for MRIs, PET, and CT scans can vary greatly. Non-hospital based outpatient radiology centers often cost much less than a hospital. Cigna’s network includes both hospitals and outpatient centers, so you can find a radiology center that’s right for you.

Outpatient Surgery – Costs for colonoscopies, arthroscopies, and other outpatient procedures can vary greatly. Using a free-standing outpatient surgery center can save hundreds of dollars.

All co-payment co-insurance expenses are eligible for reimbursement through your Medical FSA.

* Services are subject to calendar year deductible.

** Out-of-Network services are subject to calendar year deductible and maximum reimbursable charge limitations. Providers may bill the member the difference between their billed charge and the maximum reimbursable charge as determined by the benefit plan.

# In-Network and Out-of-Network services apply to the same treatment of dollar maximum.

# In-Network and Out-of-Network services apply to the same treatment of dollar maximum.
1. **Use the CIGNA Network** Using doctors, hospitals and facilities that participate in the CIGNA network can save you a lot of money. “In-network” services apply to all health care services, including doctors and hospitals, as well as outpatient testing, treatment and surgery centers that are participating in the CIGNA network. Additionally, the CIGNA Care Network, a special group of designated in-network doctors and facilities who have met stringent quality and cost criteria, may offer additional value and savings. To verify that a doctor or facility is in CIGNA’s network and the CIGNA Care Network, check our provider directory on myCIGNA.com or CIGNA.com, or call the number on the back of your CIGNA ID card.

2. **Go to the Most Appropriate Place for Urgent Care** Emergency Rooms (ER) provide immediate specialized care to people with serious, often life-threatening issues. However, many people often use the ER for conditions that are much less serious. Treatment for non-emergency conditions in an ER costs hundreds of dollars more than treatment at an urgent care center or your doctor’s office. If you need care and you’re not sure whether you need to go to the ER, call your doctor’s office or CIGNA’s 24-hour nurse line at 1.800.CIGNA24.

3. **Use Convenience Care Clinics** Convenience Care clinics offer quick and convenient access to affordable care for common medical conditions when you cannot get an immediate appointment with your doctor. They are often located in department stores, grocery stores and pharmacies, and most are open nights and weekends. When your doctor is not available, you can save time and money by using a Convenience Care clinic for minor or routine conditions, instead of going to an ER or urgent care center. To locate Convenience Care clinics near you, check our provider directory on myCIGNA.com or CIGNA.com, or call the customer service number on the back of your CIGNA ID card.

4. **Laboratory and Pathology Tests** Two of the nation’s largest laboratories, Quest Diagnostics, Inc. (Quest) and Laboratory Corporation of America (LabCorp), participate in the CIGNA network. Services at these labs can cost 70-75% less than the same services provided by hospital-based facilities and other laboratories. When you need lab services, discuss these options with your doctor. To find the nearest Quest and LabCorp locations, check our provider directory on myCIGNA.com or CIGNA.com. You can also contact Quest or LabCorp directly by phone or visit their websites:

   - Quest: 800.377.7220 / web: www.questdiagnostics.com
   - LabCorp: 888.522.2677 / web: www.labcorp.com

5. **Radiology Services (MRI or CT Scan)** If you need to have an MRI or CT scan, you can save hundreds of dollars by considering an independent radiology center instead of a hospital setting. While CIGNA contracts with all types of facilities, including hospitals and outpatient radiology centers, cost can vary greatly depending on where you have your MRI or CT scan. Discuss the options with your doctor. For help locating the most appropriate facility to have your MRI or CT scan, you can use our cost comparison tools on myCIGNA.com or call the customer service number on the back of your CIGNA ID card.

6. **Selecting Where to Go for a Colonoscopy, Endoscopy or Arthroscopy** When your doctor recommends a colonoscopy, GI endoscopy or arthroscopy, make sure you know your options. Using an independent outpatient surgery center for these procedures instead of a hospital can often save hundreds of dollars. Talk with your doctor about options. For help locating the most appropriate facility, you can use our cost comparison tools on myCIGNA.com or call the customer service number on the back of your CIGNA ID card.

Care Management for Inpatient & Outpatient Services

All of the advantages. None of the hassle.

CIGNA Care Management is designed to make sure you receive the services that are most appropriate for you. Through precertification (finding out in advance if a service is covered) and nurse case managers, CIGNA can help you lower costs, avoid unnecessary procedures and support you as you recover after a procedure.

What does care management mean for you?

1. **Ease.** When you or a covered family member receives care from a participating CIGNA doctor or facility, your doctor arranges all the care and gets precertification when it’s needed. It’s hassle-free for you. (You’re responsible for getting precertification for care you receive from an out-of-network doctor or facility.)

2. **Savings.** We look for smart ways to help you save money by reviewing inpatient and outpatient services. We may be able to lower your out-of-pocket costs by recommending one of our preferred facilities, transitioning inpatient care to outpatient treatment, or helping identify treatments or procedures that may be avoidable.

3. **Quality of Care.** You’ll have access to nurse case managers who can help you find the support you need to get better. This includes home health care, therapies or special medical needs to help you avoid complications after a hospital stay or outpatient procedure. And, our quality care is proven – our customers report a 97 percent overall satisfaction rating with their care management experience.

What is precertification?

Precertification is the process of determining in advance whether a procedure, treatment or service will be covered under your health care plan. It also helps ensure you get the right care in the right setting – potentially saving you from costly and unnecessary services.

Who is responsible for getting the precertification?

- **In-network services:** Your doctor is responsible.
- **Out-of-network services:** You’re responsible if you choose to see an out-of-network doctor and your plan covers out-of-network services. To get precertification, call the toll-free number on your CIGNA ID card. You’ll need the name of the doctor or facility, the procedure or procedure code and the date of service when you call. Remember, when you go out-of-network, your out-of-pocket costs will be higher and your coverage may be reduced or denied if you don’t get precertification.
What services need to be precertified?
Your doctor will help you decide which procedures require a hospital stay and which can be handled on an outpatient basis. Inpatient services include procedures, treatments and services that you receive in a hospital or related facility that require you to stay overnight. Outpatient services don’t require an overnight stay. Here are some examples of services requiring precertification:

What other services are available to me?
If you or a covered family member needs care beyond a traditional hospital stay, our experienced nurse case managers work closely with you and your doctor to help you sort out your options, arrange care, or access helpful community resources and programs. Whether your need is for home care, explaining your medications or finding additional services, your case manager helps you find the care you need to help you get better.

What if I have questions about my coverage?
Visit myCIGNA.com or call the toll-free number on your CIGNA ID card.

Using the CIGNA network saves time and money
With many of our plans, you may choose the doctors you see and where you want to receive care. However, choosing doctors and facilities that participate in the CIGNA network can help you keep your out-of-pocket costs down and you won’t have to arrange care or file claims. Your in-network doctor will take care of that for you.

To find a participating doctor, use the provider directory on myCIGNA.com. There, you’ll find complete physician profiles, including education, languages spoken, hospital affiliations, and detailed maps with directions. Online tools will also help you find estimated average cost ranges for common procedures, medical services, and conditions – all to help you save money and make the best choice for your needs.

Guide to Your Explanation of Benefits

Simple format.
See how your benefits are working for you with this easy-to-understand document. It shows you the costs associated with the medical care you’ve received. When a claim is filed under your CIGNA benefits plan, you get an Explanation of benefits (EOB). Because we know health care expenses can be confusing, we’ve simplified the language and summarized the most important information about the claim.

The choice is yours: online, paper or both.
Your EOB is now online at myCIGNA.com. You can choose to go paperless, continue getting paper EOBs by mail or opt for both.

Online EOBs are:
• Safely stored on myCIGNA.com
• Easy to access anywhere, 24 hours a day
• Printable from your computer if you need a paper copy

Page 1

The Summary page gives an overview of the ways your benefits are working for you – quickly see what was submitted, what’s been paid and what you owe.

Date of service and health care professional are both listed for easier reference.

The amount you owe does not reflect any amount you may have already paid.

This reflects the total value of your plan – the amount you saved by visiting an in-network health care professional or facility, and the amount paid by your plan.

What I owe
$11.89

CIGNA LIFESOURCE participants are managed by the Comprehensive Transplant Case Management Unit. This unit consists of Registered Nurses with clinical experience in transplant, hematology/oncology, home health care, dialysis, critical care and/or community care. They are specially trained to manage complex transplant cases.

Benefits from the Comprehensive Transplant Case Management Unit include:
- Clinical partnership with providers
- Consistency in service and benefit administration
- Dedicated resources for complex areas of medicine
- Advocacy
- Administrative efficiency

In some instances a travel reimbursement is offered as a feature of the program. Please be aware that most of these expenses are considered taxable income.

As a CIGNA HealthCare member, you can have access to these services when they are coordinated through your physician and your CIGNA HealthCare plan Medical Director.

You may not receive the in-network level of benefits for all types of transplants at all facilities. In addition, our network of facilities changes frequently. For the most current listings with the programs covered at the in-network benefit level, please visit www.cigna.com/lifesource or call CIGNA LIFESOURCE Member Services at 800.668.9682.

Not all CIGNA LIFESOURCE Transplant Network facilities are available to members in all plans. Please call Member Services at 800.668.9682 for more information. If you are already in transplant case management, please call your case manager directly.
Spend Less On Prescription Medications
As consumers, we often price shop to get the best value for our dollar. But you may not realize that you can also compare prices for prescription medications. There are often many medications that treat a particular illness. The medications may be equally effective, but their costs can vary greatly. Here are some tips on how to save money on prescription medications by choosing medications that offer better health value and cost less.

Know Your Pharmacy Benefit
Each prescription medication has a copay, which is the amount that you pay for that medication under your pharmacy benefit. The copay amount depends on which “tier” the medication is in on your Prescription Drug List (PDL). Medications in Tier 1 have the lowest copay, and they are your most affordable options. Medications in Tier 3 have the highest copay. Knowing which medications are in Tier 1 and Tier 2 will help you understand where you can save money.

- Go to myCigna.com after January 1, 2012 or www.Cigna.com and click on “Drug Lists” to price medications and make note of your lowest cost options. Ask your doctor if they are appropriate for your treatment.
- Ask your doctor or pharmacist if a less expensive alternative is available.
- Call the customer service number on your ID card and ask the representative to check for lower cost options.

What’s a narrow retail pharmacy network?
This is a network or participating pharmacy where prescriptions can be filled. All other pharmacies are not participating in the plan.

Which pharmacies are participating in the plan?
Only Walgreens, Wal-mart, Publix, Navarro and specifically identified, independent pharmacies in the network.

Consider Pharmacies That Offer Discounts on Generics
Some retail pharmacies offer very low prices on select generic drugs—often less than your usual copay—and include commonly prescribed generic medications for several conditions such as asthma, anxiety, high blood pressure and infection (antibiotics).

- Ask your doctor if there is a generic alternative that is appropriate for your treatment.
- Refer to the list on the back to see generic medications that are often included in retail generic discount programs.
- Check with your local pharmacy to see if it offers a discount on generic medications.
- Be sure to give the pharmacist your ID card so the claim can be processed under your pharmacy benefit. You should only have to pay the pharmacy’s discounted cost.

Ask About Over-the-Counter (OTC) Alternatives
Several popular brand-name medications have been approved for OTC sales in recent years. Prescription strength formulas are available without a prescription for conditions such as allergies, heartburn and acid reflux.

- Ask your doctor or pharmacist if there is an OTC alternative available that is right for you.
- Use your Flexible Spending Account dollars on eligible products.
- Check product and manufacturer websites for money saving coupons.

To obtain a list of medications included in discount programs you can log on to the following local pharmacies:

Declination of Healthcare Coverage Affidavit

I hereby certify that:

1. I have been given an opportunity to fully participate in the group medical plans provided through Miami-Dade County Public Schools (M-DCPS).
2. The benefits of the plans have been thoroughly explained to me, and I decline to participate.
3. I have other group or state-funded medical coverage currently in effect (not a School Board-sponsored plan).
4. I understand that if I desire to apply for medical insurance at a later date, I may enroll only during an annual enrollment period determined by M-DCPS or during a “special enrollment period” (Change in Status) following an IRS acceptable change in status event. For example, you may in the future be able to enroll yourself or your dependents in a group medical plan through the School Board if you or your dependents lose coverage under an existing employer provided medical plan, provided that you request enrollment within 30 days after your other group product coverage ends. In addition, if you have a new dependent as a result of marriage, birth, adoption (or placement for adoption), you may be able to enroll yourself and your dependents, provided that you request enrollment within 30 days after the event. In case of COBRA continuation coverage, you may be eligible for a special enrollment period if the COBRA coverage is exhausted. A special enrollment period is not available if coverage under your prior plan or COBRA coverage was terminated for cause or as a result of failure to pay any contributions toward the cost of coverage on a timely basis.

NOTE: Internal Revenue Service (IRS) guidelines state that the loss of insurance through an individual Healthcare plan does not constitute a valid Change in Status event.
5. I understand that I will not be enrolled in a Board-Paid medical plan. I will receive Board-Paid Standard Short-Term Disability and will receive $100 per month paid through the payroll system. (This may be subject to withholdings and FICA.)
6. I understand that I must provide proof of other group healthcare coverage. Otherwise, I understand that I will be auto-assigned Cigna OAP 20 (employee only) coverage.

I have read, understand and agree to comply with the requirements stated above.

Florida KidCare Offers Free to Low-Cost Comprehensive Health Coverage for Children

Your child may be eligible for health insurance through Florida KidCare, even if one or both parents are working. Getting health insurance for your children before they get sick is very important. The Florida KidCare program provides children with comprehensive health coverage from birth through age 18. It includes four different programs. When you apply for the insurance, Florida KidCare will check which program your child may qualify for based on age and family income.

Florida KidCare covers everything from check-ups to surgeries and includes dental and vision care. Program eligibility is based upon income and most eligible families pay only $15 or $20 a month for premiums for all of their children. Many families pay nothing at all. Even families that do not qualify for premium assistance may be eligible for the Florida KidCare “full pay” option.

Medical Expense FSA

Minimum Annual Deposit: $200
Maximum Annual Deposit: $5,000

NOTE: Employees hired mid-year must calculate minimum/maximum amounts based on remaining payroll deductions. Effective January 1, 2013 the maximum annual contribution amount for a Medical Expense Flexible Spending Account (FSA) will be $2,500. This change does not affect your 2012 contribution limit. If you are contributing more than $2,500 to your 2012 Medical FSA and expect to incur expenses in 2013, please plan accordingly.

What is a Medical Expense FSA?
A Medical Expense FSA is an IRS tax-favored account you can use to pay for your eligible medical expenses not covered by your insurance or any other plan. These funds are set aside from your salary before taxes are deducted, allowing you to pay your eligible expenses tax-free. A partial list of these eligible expenses can be found on this page.

Whose expenses are eligible?
Your Medical Expense FSA may be used to reimburse eligible expenses incurred by:
• yourself
• your spouse and
• your qualifying child or qualifying relative

An individual is a qualifying child if the child is not someone else’s qualifying child and:
• is a U.S. citizen, national or a resident of the U.S., Mexico or Canada
• has a specified family-type relationship to you
• lives in your household for more than half of the taxable year
• is 18 years old or younger (23 years, if a full-time student) at the end of the taxable year and
• has not provided more than one-half of their own support during the taxable year.

An individual is a qualifying relative if the relative is a U.S. citizen, national or a resident of the U.S., Mexico or Canada and:
• has a specified family-type relationship to you, is not someone else’s qualifying child and receives more than one-half of their support from you during the taxable year or
• if no specified family-type relationship to you exists, is a member of and lives in your household (without violating local law) for the entire taxable year and receive more than one-half of their support from you during the taxable year.

NOTE: There is no age requirement for a qualifying child if they are physically and/or mentally incapable of self care. An eligible child of divorced parents is treated as a dependent of both, so either parent or both parents can establish a Medical Expense FSA.

Can travel expenses for medical care be reimbursed?
Travel expenses primarily for, and essential to, receiving medical care, including health care provider and pharmacy visits, may be reimbursable through your Medical Expense FSA. With proper substantiation, eligible expenses can include:
• actual round-trip mileage
• parking fees
• tolls and
• transportation to another city.

When are my funds available?
Once you sign up for a Medical Expense FSA and contributions commence, the maximum annual amount of reimbursement for eligible health care expenses will be available throughout your period of coverage. Since you don’t have to wait for the cash to accumulate in your account, you can use it to pay for your eligible health care expenses at the start of your deductions.

* IRS-qualified expenses are subject to federal regulatory change at any time during a tax year. Certain other substantiation requirements and restrictions may apply, and will be supplied to you following enrollment.

Visit www.myFBMC.com for a list of frequently asked questions.
You must keep your documentation for a minimum of one year and submit to FBMC upon request.
Are prescriptions eligible for reimbursement?

Yes, most filled prescriptions are eligible for Medical Expense FSA reimbursement, as long as you properly substantiate the expense. Proper submission of the reimbursement request is needed to ensure that the drug is eligible for reimbursement. The IRS requires that the complete name of all medicines and drugs be obtained and documented on pharmacy receipts. This information must be included when submitting your request to FBMC for reimbursement.

Over-the-Counter Expenses

Your Over-the-Counter (OTC) medicines and drugs may be reimbursable through your Medical Expense FSA. Save valuable tax dollars on certain categories of OTC medicines and drugs, such as: allergy treatments, antacids, cold remedies and pain relievers. For a more comprehensive list of eligible OTC items, please visit www.myFBMC.com.

You may be reimbursed for OTCs through your Medical Expense FSA if:

• the medicine or drug was used for a specific medical condition for you, your spouse and/or your dependent(s)
• the submitted receipt clearly states the purchase date and name of the medicine or drug
• the reimbursement request is for an expense allowed by your employer’s Medical Expense FSA plan and IRS regulations and
• you submit your reimbursement request in a timely and complete manner already described in your benefits enrollment information.

NOTE: OTC medicines and drugs, including bulk purchases, must be used in the same plan year in which you claim reimbursement for their cost. The list of eligible OTC categories will be updated on a quarterly basis by FBMC. It is your responsibility to remain informed of updates to this listing, which can be found at www.myFBMC.com. As soon as an OTC item, medicine or drug becomes eligible, it will be reimbursable retroactively to the start of the then current plan year.

Newly eligible OTC medicines and drugs are not considered a valid change in status event that would allow you to change your annual Medical Expense FSA election or salary reduction amount. Be sure to maintain sufficient documentation to submit receipts for reimbursement. You may resubmit a copy of your receipt from your records if a rejected OTC expense becomes eligible for reimbursement later in the same plan year.

Eligible Over-the-Counter (OTC) drugs and medicines require a prescription from your physician to qualify for reimbursement. It’s important to remember that you can still use your FSA funds for other eligible medical expenses and prescription purchases at pharmacies. Non-drug and non-medicine items that aren’t subjected to new OTC laws may still be purchased normally. Please visit www.myFBMC.com for more information. If you have any questions, please contact the Customer Care Center.

Is orthodontic treatment reimbursable?

Orthodontic treatment designed to treat a specific medical condition is reimbursable if the proper documentation is attached to the initial FSA Claim Form each plan year:

• a written statement, bill or invoice from the treating dentist/orthodontist showing the type and date the service incurred, the name of the eligible individual receiving the service and the cost for the service
• a copy of the patient’s contract with the dentist/orthodontist for the orthodontic treatment.

Reimbursement of the full or initial payment amount may only occur during the plan year in which the braces are first installed. For reimbursement options available under your employer’s plan, including care that extends beyond one or more plan years, refer to the information provided following your enrollment, or call the Fringe Benefits Management Company, a Division of WageWorks, Customer Care Center at 1.800.342.8017.

Should I claim my expenses on IRS Form 1040?

With a Medical Expense FSA, the money you set aside for health care expenses is deducted from your salary before taxes. It is always tax free, regardless of the amount. By enrolling in a Medical Expense FSA, you guarantee your savings.

Itemizing your health care expenses on your IRS Form 1040 may give you a different tax advantage, depending on the percentage of your adjusted gross income. You should consult a tax professional to determine which avenue is right for you.

Are some expenses ineligible?

Expenses not eligible for reimbursement through your Medical Expense FSA include:

• insurance premiums
• vision warranties and service contracts and
• cosmetic surgery not deemed medically necessary to alleviate, mitigate or prevent a medical condition.

When do I request reimbursement?

You may use your Medical Expense FSA to reimburse eligible expenses after you have sought (and exhausted) all means of reimbursement provided by your employer and any other appropriate resource. Also keep in mind that some eligible expenses are reimbursable on the date available, not the date ordered.

Dependent Care FSA

What is a Dependent Care FSA?
A Dependent Care FSA is an IRS tax-favored account you can use to pay for your eligible dependent care expenses (non-health care expenses) to ensure your dependents (child or elder) are taken care of while you and your spouse (if married) are working. These funds are set aside from your salary before taxes are deducted, allowing you to pay your eligible expenses tax-free. A partial list of these eligible expenses can be found on this page.

Whose expenses are eligible?
You may use your Dependent Care FSA to receive reimbursement for eligible dependent care expenses for qualifying individuals.

A qualifying individual includes a qualifying child, if the child:
• is a U.S. citizen, national or a resident of the U.S., Mexico or Canada
• has a specified family-type relationship to you
• lives in your household for more than half of the taxable year
• is 12 years old or younger and
• has not provided more than one-half of their own support during the taxable year.

A qualifying individual includes your spouse, if the spouse is:
• is physically and/or mentally incapable of self care
• lives in your household for more than half of the taxable year and
• spend at least eight hours per day in your home.

A qualifying individual includes your qualifying relative, if the relative:
• is a U.S. citizen, national or a resident of the U.S., Mexico or Canada
• is physically and/or mentally incapable of self care
• is not someone else’s qualifying child
• lives in your household for more than half of the taxable year
• spend at least eight hours per day in your home and
• receive more than one-half of their support from you during the taxable year.

NOTE: Only the custodial parent of divorced or legally-separated parents can be reimbursed using the Dependent Care FSA.

Minimum Annual Deposit: $250
Maximum Annual Deposit: The maximum contribution depends on your tax filing status as the list on this page indicates.

Partial List of Eligible Dependent Care Expenses*
After school care
Baby-sitting fees
Day care services
In-home care/au pair services
Nursery and preschool
Summer day camps

NOTE: Budget conservatively. No reimbursement or refund of Dependent Care FSA funds is available for services that do not occur within your plan year.

† What is my maximum annual deposit?
• If you are married and filing separately, your maximum annual deposit is $2,500.
• If you are single and head of household, your maximum annual deposit is $5,000.
• If you are married and filing jointly, your maximum annual deposit is $5,000.
• If either you or your spouse earn less than $5,000 a year, your maximum annual deposit is equal to the lower of the two incomes.
• If your spouse is a full-time student or incapable of self-care, your maximum annual deposit is $3,000 a year for one dependent and $5,000 a year for two or more dependents.

When are my funds available?
Once you sign up for a Dependent Care FSA and decide how much to contribute, the funds available to you depend on the actual funds in your account. Unlike a Medical Expense FSA, the entire maximum annual amount is not available during the plan year, but rather after your payroll deductions are received.

Should I claim tax credits or exclusions?
Since money set aside in your Dependent Care FSA is always tax-free, you guarantee savings by paying for your eligible expenses through your IRS tax-favored account. Depending on the amount of income taxes you are required to pay, participation in a Dependent Care FSA may produce a greater tax benefit than claiming tax credits or exclusions alone.

Remember, you cannot use the dependent care tax credit if you are married and filing separately. Further, any dependent care expenses reimbursed through your Dependent Care FSA cannot be filed for the dependent care tax credit, and vice versa.
Dependent Care FSA

To help you choose between the available taxable and tax-free benefits, or a combination of both, consult your tax advisor and/or the IRS for additional information. You may also visit www.myFBMC.com to complete a Tax Savings Analysis.

Are some expenses ineligible? Expenses not eligible for reimbursement through your Dependent Care FSA include:
- books and supplies
- child support payments or child care if you are a non-custodial parent
- health care or educational tuition costs and
- services provided by your dependent, your spouse’s dependent or your child who is under age 19.

Will I need to keep any additional documentation? To claim the income exclusion for dependent care expenses on IRS Form 2441 (Child and Dependent Care Expenses), you must be able to identify your dependent care provider. If your dependent care is provided by an individual, you will need their Social Security number for identification, unless he or she is a resident or non-resident alien who does not have a Social Security number. If your dependent care is provided by an establishment, you will need its Taxpayer Identification number.

If you are unable to obtain a dependent care provider’s information, you must compose a written statement that explains the circumstances and states that you made a serious and earnest effort to get the information. This statement must accompany your IRS Form 2441.

Be certain you obtain and submit all needed information when requesting reimbursement from your Dependent Care FSA. This information is required with each request for reimbursement.

A properly completed request will help speed along the process of your reimbursement, allowing you to receive your check or Direct Deposit promptly.

When do I request reimbursement? You can request reimbursement from your Dependent Care FSA as often as you like. However, your approved expense will not be reimbursed until the last date of service for which you are requesting reimbursement has passed. Also, remember that for timely processing of your reimbursement, your payroll contributions must be current.

If I experience a Change in Status, can I start, stop or change the level of contribution to my Dependent Care FSA? In determining your annual contribution during the enrollment period, consider any time that you will not incur eligible expenses during the plan year (i.e., vacation, child starting kindergarten, etc.), as some events do not constitute a permitted mid-plan year election change and changes to your contribution amount will not be allowed.

How do I request reimbursement? Requesting reimbursement from your Dependent Care FSA is easy. Simply mail or fax a correctly completed FSA Claim Form along with receipts showing the following:
- the name, age and grade of the dependent receiving the service
- the cost of the service
- the name and address of the provider and
- the beginning and ending dates of the service.

Be certain you obtain and submit the above information when requesting reimbursement from your Dependent Care FSA. This information is required with each request for reimbursement.

Fax Toll-Free to: 1.888.800.5217
Mail to: Fringe Benefits Management Company, a Division of WageWorks
P.O. Box 1800
Tallahassee, FL 32302-1800

NOTE: If you elect to participate in the Dependent Care FSA, or if you file for the Dependent Care Tax Credit, you must attach IRS Form 2441, reflecting the information above, to your 1040 income tax return. Failure to do this may result in the IRS denying your pre-tax exclusion.
Flexible Spending Accounts (FSAs)

FSA Guidelines:
1. The IRS does not allow you to pay your medical or other insurance premiums through either type of FSA.
2. You cannot transfer money between FSAs or pay a dependent care expense from your Medical Expense FSA or vice versa.
3. You have a three month and 15 day run-out period (until April 15) at the end of the plan year for reimbursement of eligible Medical Expense FSA expenses incurred during your period of coverage and any applicable grace period within the Plan Year.
4. You may not receive insurance benefits or any other compensation for expenses which are reimbursed through your FSAs.
5. You cannot deduct reimbursed expenses for income tax purposes.
6. You may not be reimbursed for a service which you have not yet received.
7. Be conservative when estimating your medical and/or dependent care expenses for the 2012 Plan Year. IRS regulations state that any unused funds which remain in your FSA after the run-out period ends and all reimbursable requests have been submitted and processed cannot be returned to you nor carried forward to the next plan year. Use the FSA Calculation Worksheet on Page 71 to determine your annual contribution estimate.
8. When enrolling in either or both FSAs, written notice of agreement with the following will be required.
   • I will only use my FSA to pay for IRS-qualified expenses eligible under my employer’s plan, and only for me and my IRS-eligible dependents
   • I will exhaust all other sources of reimbursement, including those provided under my employer’s plan(s) before seeking reimbursement from my FSA
   • I will not seek reimbursement through any additional source and
   • I will collect and maintain sufficient documentation to validate the foregoing.
   • I agree to a salary deduction for the amount of any outstanding myFBMC Card® transactions (as permitted by law) if I do not send in documentation for an unverified myFBMC Card® expense. See Page 75 for details on the card.

What documentation of expenses do I need to keep?
The IRS requires FSA customers to maintain complete documentation, including keeping copies of receipts for reimbursed expenses, for a minimum of one year.

How do I get the forms I need?
To obtain forms after enrolling in either a Medical Expense or Dependent Care FSA, such as an FSA Claim Form, Letter of Medical Need or Direct Deposit Form, visit FBMC’s website, www.myFBMC.com or call the Customer Care Center at 1.800.342.8017.

Will contributions affect my income taxes?
Salary reductions made under a cafeteria plan, including contributions to one or both FSAs, will lower your taxable income and taxes. These reductions are one of the money-saving aspects of an FSA. Depending on the state, additional state income tax savings or credits may also be available. Your salary reductions will reduce earned income for purposes of the federal Earned Income Tax Credit (EITC).
To help you choose between the available taxable and tax-free benefits, or a combination of both, consult your tax advisor and/or the IRS for additional information.

FSA Grace Period
IRS Revenue Notice permits a “grace period” of two months and 15 days following the end of your 2012 Plan Year (December 31, 2012) for a Medical Expense FSA. This grace period ends on March 15, 2013. During the grace period, you may incur expenses and submit claims for these expenses. Funds will be automatically deducted from any remaining dollars in your 2012 Medical Expense FSA.
You should not confuse the grace period with the plan’s “run-out period.” The run-out period extends until April 15, 2013. This is a period for filing claims incurred anytime during the 2012 Plan Year, as well as claims incurred during the grace period mentioned above.
Effective January 1, 2013 the maximum annual contribution amount for a Medical Expense Flexible Spending Account (FSA) will be $2,500. This change does not affect your 2012 contribution limit. If you are contributing more than $2,500 to your 2012 Medical FSA and expect to incur expenses in 2013, please plan accordingly.
Your Dependent Care FSA also has a “run-out period” that extends until March 31, 2013. However, the “grace period” mentioned above does not apply to this account. You may not submit reimbursement requests for expenses that occur after December 31, 2012 against the 2012 Plan Year.
Claims will be processed in the order in which they are received by FBMC, and your accounts will be debited accordingly. This is true for both paper claims and myFBMC Card® transactions. If you have funds remaining in an account for the prior plan year, these funds will be used first until exhausted. Then, subsequent claims will be debited from your new plan year account balance.
What is the myFBMC Card®?
The myFBMC Card® is a stored-value card. It is a convenient Medical Expense FSA reimbursement option that allows FBMC to electronically reimburse eligible expenses under your employer’s plan and IRS guidelines. Your annual Medical Expense FSA contribution is available to you at the beginning of your plan year. When you use your myFBMC Card® to pay for eligible expenses, funds are electronically deducted from your Medical Expense FSA.

What are the myFBMC Card® advantages?
You can use your myFBMC Card® for your eligible over-the-counter (OTC) expenses! Other advantages include:
- instant reimbursements for health care expenses, including prescriptions, co-payments and mail-order prescription services
- instant substantiation of some medical, prescription, vision and dental expenses
- no out-of-pocket expense and
- easy access to your Medical Spending Account funds.
You cannot use your myFBMC Card® for cosmetic dental expenses or eyeglass warranties.

How do I get a myFBMC Card®?
When you start a Medical Expense FSA, you will automatically receive the myFBMC Card®. Two cards will be sent to you in the mail; one for you, and one for your spouse or eligible dependent. You should retain your cards for use each plan year until their expiration date.

How do I use the myFBMC Card®?
For eligible expenses, simply swipe your myFBMC Card® like you would with any other credit card. Whether at your health care provider or at your drugstore, the amount of your eligible expenses will be automatically deducted from your Medical Expense FSA. For over-the-counter and prescription purchases, the card will only be accepted at IJAS merchants. For all other qualified expenses, such as medical co-payments, the myFBMC Card® will be used normally. To find out if a pharmacy or drugstore near you accepts the card, please refer to the IIAS Store List at www.myFBMC.com.

NOTE: Your myFBMC® Card can be swiped for set co-payments in your healthcare plan. Amount being swiped must match the exact out-of-pocket cost in accordance to the plan design as as stated in the healthcare section of this online Benefits Guide.

When do I send in documentation for an myFBMC Card® expense?
You may need to send in documentation for certain myFBMC Card® transactions, such as those that are not a known office visit or prescription co-payment (as outlined in your health plan’s Schedule of Benefits). When requested, you must send in documentation for these transactions. Documentation for an myFBMC Card® expense is a statement or bill showing:
- name of the patient
- name of the service provider
- date of service
- type of service (including prescription name) and
- total amount of service.

NOTE: This documentation must be sent with a FBMC Claim Form and cannot be processed without it. Like all other FSA documentation, you must keep your myFBMC Card® expense documentation for a minimum of one year, and submit it to FBMC when requested.

As an FSA participant, you should go to www.myFBMC.com to see your account information and check for any outstanding Card transactions. If an outstanding transaction is highlighted on your monthly statement, you must submit the proper expense documentation to FBMC prior to the end of your run out period.

If you fail to send in the requested documentation for an myFBMC Card® expense, you will be subject to:
- withholding of payment for an eligible paper claim to offset any outstanding myFBMC Card® transaction
- suspension of your myFBMC Card® privileges
- the reporting of any outstanding myFBMC Card® transaction amounts as income on your W-2 at the end of the tax year.

What agreement am I making when I use the myFBMC Card®?
By using the myFBMC Card®, you are agreeing to the “FSA Guidelines” portion of the online reference guide.

What happens if I have money left in my account at the end of the plan year?
These funds will be used first until exhausted — through March 15, 2013, which is the grace period allowed by the IRS. Then, subsequent claims will be debited from your new plan year account balance. For more information on the grace period, see Page 74.

Visit www.myFBMC.com to access your account, activate your card and to see a list of participating drugstores.
About Your Card

While your myFBMC Card® (the Card) and account offer a great deal of convenience, both are regulated by IRS rules that all participants are required to follow. In most instances, you will be able to use your Card with little or no inconvenience. There are, however, situations where the Card will be declined or you will be required to submit receipts and/or other documentation to verify that the item or service purchased was eligible.

Quick Tips

Log onto your account at www.myFBMC.com regularly to see if you have any Card transactions in need of verification.

Any transactions that are highlighted in color online are outstanding and you’ll need to submit documentation.

Avoid problems: act quickly to resolve all unverified transactions.

You have 90 days from the date of the transaction to take care of any outstanding unverified purchases. If you do not take action within 90 days:

1. The amount of any outstanding unverified Card transactions may be deducted from your next claim submission.
2. Your Card will be suspended. If your Card is suspended, it will be reactivated within 24 – 48 hours after receipts or repayment have been processed for all unverified Card transactions.

Use your Card

You can use your myFBMC Card® in these ways:

1) For eligible goods and services at health care providers and select pharmacies
2) For eligible over-the-counter (OTC) non-drug items at general merchandise stores (including most drugstores) that have an industry standard (IIAS) inventory and checkout system
3) For prescribed OTC drugs and medicines at the pharmacy counter, as long as the drug is dispensed as a valid prescription

Go to www.myFBMC.com to learn more about the OTC drug prescription requirement.

In most instances, your Card transaction will be verified at checkout, which means you will not have to submit a receipt after the transaction. You are, however, required to keep each receipt for tax purposes, and in the event it is needed for verification.

Before shopping for prescriptions and over-the-counter items, always visit www.sigis.com for a list of merchants that have an IIAS system in place.

Use your Card at the doctor or other health care provider

If you use the Card at a health care provider or at a non-IIAS pharmacy that does not have an IIAS system, we will likely require that you submit a receipt or your health insurance explanation of benefits (EOB) to verify that the transaction was for an eligible health care good or service.

Verify a Card transaction after the purchase

If we are unable to determine that your Card was used to pay for eligible health care products and services, you will need to take the following action to verify the transaction:

► Log into your account at www.myFBMC.com and download a Claim Form from the Forms menu
► Fill out the Claim Form and fax toll-free to 1-866-923-6319
► Include proper documentation (see the next section to know exactly what is required).

If you have lost or misplaced the receipt, you can submit a substitute receipt of equivalent value or repay your account.

Make sure your receipts meet the requirements for verification

In order for the receipt (or any documentation) to be valid, it must include the five specific pieces of information required by the IRS:

► The patient name
► Provider name
► Date of service
► Type of service
► The amount you were charged or your cost (e.g. your deductible or copay amount or the portion not covered by your insurance)
► For OTC drug prescriptions, the receipt must also include the prescription number. If not included, a copy of the prescription must accompany the receipt instead.

Know when a Card transaction needs to be verified

When you sign up to Go Green at www.myFBMC.com, we will notify you of any Card transactions that require attention by email and when you log onto your account.
Any co-payment or out-of-pocket cost may be reimbursed through your Medical Expense FSA.

See Page 69 for a partial list of eligible expenses or visit FBMC's website at www.myFBMC.com for the full version of eligible expenses.

## SafeGuard Standard DHMO Plan

### SafeGuard Standard DHMO Plan - SGC1033

This Schedule of Benefits lists the services available to you under your SafeGuard plan, as well as the co-payments associated with each procedure. There are other factors that impact how your plan works and those are included here in the Exclusions and Limitations. SafeGuard is an affiliate of MetLife.

During the course of treatment, your SafeGuard selected general dentist may recommend the services of a dental specialist. Your SafeGuard selected general dentist will refer you directly to a contracted SafeGuard specialty care provider; no additional referral or pre-authorization from SafeGuard is required. However, you cannot go to a specialist without a referral/recommendation from the general dentist.

In addition, all non-listed services are available with your SafeGuard selected general dentist or specialty care dentist at 75% of their usual and customary fees.

**Missed Appointments:** If you need to cancel or reschedule an appointment, you should notify the dental office as far in advance as possible. This will allow the dental office to accommodate another person in need of attention. There could be up to a $25 charge for missed appointments.

SafeGuard Standard DHMO Plan

SafeGuard, a MetLife Insurance Company

This Schedule of Benefits lists the services available to you under your SafeGuard plan, as well as the co-payments associated with each procedure. There are other factors that impact how your plan works and those are included here in the Exclusions and Limitations. SafeGuard is an affiliate of MetLife.

During the course of treatment, your SafeGuard selected general dentist may recommend the services of a dental specialist. Your SafeGuard selected general dentist will refer you directly to a contracted SafeGuard specialty care provider; no additional referral or pre-authorization from SafeGuard is required. However, you cannot go to a specialist without a referral/recommendation from the general dentist.

In addition, all non-listed services are available with your SafeGuard selected general dentist or specialty care dentist at 75% of their usual and customary fees.

Missed Appointments: If you need to cancel or reschedule an appointment, you should notify the dental office as far in advance as possible. This will allow the dental office to accommodate another person in need of attention. There could be up to a $25 charge for missed appointments.

How to use dental benefits:
A list containing the Select Panel Providers in Miami-Dade, Broward, Monroe and Palm Beach Counties can be viewed online at www.metlife.com/mybenefits. You may call the SafeGuard Customer Services Department at 1.800.880.1800 to verify your dentist's continued participation in your selected plan.
How can I make an appointment with my SafeGuard dentist?
You may schedule an appointment by calling the dental office you selected on or after your effective date of coverage. When you call to schedule your appointment, inform the office that you are a member of the SafeGuard dental plan. It will not be necessary to use any claim forms. If you need to cancel your appointment for any reason, please let your provider know twenty-four (24) hours in advance of your scheduled appointment. The Benefits Schedule allows the provider to charge a fee (up to a maximum of $25) for any broken or cancelled appointment without twenty-four (24) hours notice.

Who is an eligible dependent for this coverage?
Eligible dependents for this plan include:
- SpouseDomestic Partner
- Unmarried natural children, adopted children, and stepchildren under you or your spouse’s legal guardianship until the end of the calendar year in which the child reaches age 26
- Children of a Domestic Partner, as long as the Domestic Partner is also covered.

NOTE: Children may be covered under this plan until the end of the calendar year in which the child reaches age 26, provided he/she is unmarried and resides in your home and depends upon you for support, or is registered as a full-time or part-time student. Children with a mental or physical handicap are also eligible for coverage beyond the age of 26.

What should I do if I wish to change my dentist selection?
You have control over your choice of dental offices and you can make changes at any time. If you would like to change your selected General Dentist Office, please contact SafeGuard Customer Service at (800) 880-1800. Associates will help you locate a dental office most convenient to you. The transfer will be effective on the first day of the month following the transfer request. You must pay all outstanding charges owed to your dentist before you transfer to a new dentist. In addition, you may have to pay a fee for the cost of duplicating your x-rays and dental records.

What if I need the services of a Specialist?
During the course of treatment, your selected General Dentist may recommend the services of a dental specialist. Your selected general dentist will refer you directly to a contracted SafeGuard specialty care provider; no additional referral or pre-authorization from SafeGuard is required. You may also call customer service at 800.880.1800 to get a list of specialists in your area.

What can I do if I have questions about the treatment plan prescribed by my General Dentist?
You may request a second opinion if you have unanswered questions about diagnosis, treatment plans and/or the results achieved by such dental treatment. Contact SafeGuard Customer Service at 800.880.1800 or your selected General Dentist may request a second opinion on your behalf. Such requests are processed within five (5) business days of receipt, except when an expedited second opinion is warranted. Upon approval, SafeGuard will contact the consulting dentist and make arrangements to enable you to schedule an appointment. The fee for a second opinion consultation is $5.

What if I’m currently seeing a dentist under one plan and I change plans to SafeGuard, but would like to maintain the same dentist?
As long as the dentist is part of the SafeGuard network and is accepting patients, you may select the facility as your primary dentist. If the facility is not open to new membership, you will have to select another participating provider.

How can I receive Emergency Care within the service area?
All selected General Dentist offices provide emergency dental services 24 hours a day, seven (7) days a week. If you require emergency dental services, you may go to any dental provider, the closest emergency room or call 911 for assistance as necessary. Prior authorization for emergency dental services is not required. Your reimbursement is limited to the extent that the treatment you received directly relates to emergency dental services. Hospital charges and/or other charges for care received an outpatient care facility are not covered benefits. You will be required to pay the charges to the dentist and submit a claim to SafeGuard for a benefits determination. If you seek emergency dental services from a provider located more than 25 miles away from your selected GD, you will receive emergency benefits coverage up to a maximum of $50, less any applicable co-payments. You must notify Customer Service within 48 hours after receiving such services. If your physical condition does not permit such notification, you must make the notification as soon as it is reasonably possible.

Where may I call for inquiries or additional questions?
All inquiries and questions should be directed to the SafeGuard Member Services Department at Miami-Dade: 305.995.7029 or toll-free: 800.880.1800. Representatives are available Monday - Friday, 8 a.m. - 6 p.m., ET.
The MetLife dental plans are the traditional indemnity insurance plan whereby you and your family may select the dentist of your choice. MetLife offers you a choice of two different plans. The Standard Plan is a low cost plan that is designed for those individuals who primarily would need only diagnostic and preventive dental services. The Standard Plan includes a co-pay schedule that applies to the various dental procedures. You do not have to satisfy an annual calendar year deductible if you seek services from an in-network PDP dentist. The High Plan is designed for those individuals who have more extensive dental needs. This plan provides a reimbursement of either 100 percent, 80 percent or 50 percent of the plans Preferred Dental Program fees, depending on the service provided, after you have satisfied the plan deductible. MetLife offers quality dental care at affordable prices with their Preferred Dental Program (PDP). This program includes a nationwide network of dentists who have agreed to reduce their fees below the average reasonable and customary charge for their services. You are free to choose an in-network or out-of-network dentist at the time you make your appointment. However, when using an out-of-network dentist, the level of coverage is reduced and your out-of-pocket expenses will increase.

How to select the MetLife Dental Plans

Employee-Paid Benefits:
1. You may cover yourself by selecting the “Employee Only” benefit.
2. You may cover yourself and your eligible dependent(s) by selecting the “Employee and Family” benefit.

NOTE: If you choose dependent dental coverage, your dependents must be covered by the same dental plan and level of coverage (Standard or High) which you selected for yourself.

About the MetLife Dental Plans

Pre-determination of benefits:
Pre-determination of benefits should be requested for a program of treatment which the dentist estimates will be more than $200. This provision does not apply to charges for emergency treatment.

How does the MetLife Preferred Dentist Program (PDP) work?
Dentists who participate in MetLife’s Preferred Dentist Program (PDP) have agreed to accept a schedule of maximum fees for services rendered. These scheduled fees are below the average Reasonable & Customary charge. Additionally, dentists agree not to charge for the oral examination during periodic checkups other than the initial exam under the program.

At the point of service, you decide whether to use a dentist in the PDP or any other dentist. Your out-of-pocket costs are less when services are rendered by a participating dentist.
This example indicates your savings using the MetLife High Dental Plan (Filling-Type B service):

Plan Provider: Metropolitan Life Insurance Company.
The UnitedHealthcare Vision Plan provides access to both private practice and retail chain providers that provide quality eye care and materials. This plan is designed to provide regular eye examinations and benefits toward vision care expenses including glasses or contact lenses.

The Plan offers in-network and out-of-network benefits. When using a participating network provider, you pay a modest co-payment for exam and materials as shown in the Schedule of Benefits. The out-of-network benefit allows you to select any licensed non-network provider. As the plan participant, when visiting a non-network provider, you pay the full fee to the provider and UnitedHealthcare Vision will reimburse you for services rendered up to the maximum allowance. There are no co-pays or deductibles when using an out-of-network provider.

As part of your package you are entitled to receive frames. Frames are covered in full if services are rendered in-network after paying a $10 co-payment and if selecting frames with a $50 wholesale price or less. For out-of-network, we will reimburse up to $45. The in-network contact lens benefit is covered in full after paying a $10 co-payment which includes the fitting/evaluation fees and up to two follow up visits for covered contacts. For non-covered contacts, there is a $105 allowance applied toward the fitting/evaluation fees and purchase of the contacts. Under the out-of-network contact lens benefit, we will reimburse up to $105 less any fitting/evaluation fee.

Can you explain the UnitedHealthcare Vision Plan frame benefits?
UnitedHealthcare Vision’s generous in-network frame benefit applies to virtually all of the frames on the market today and most of those are covered in-full when visiting a participating network provider, with no additional cost to you other than applicable co-pays. The in-network benefit for both private practice and retail chains are as follows:

Private Practice providers - With UnitedHealthcare Vision’s network frame benefit, all frames with a $50 wholesale cost or less are covered in-full (after applicable co-pay). For any frame with a wholesale cost greater than $50, you only pay the difference between the wholesale cost of the frame and the $50 allowance.

Retail Chain providers - You receive a $130 retail frame allowance at network retail chain locations. You can expect to receive an equivalent value to what you enjoy at private practice providers. Plus, again for any frame with a retail cost greater than $130, the member only pays the difference between the retail cost of the frame and the $130 allowance.

For out-of-network we reimburse up to $45.

What services and materials does the plan exclude?
• Cosmetic contact lenses.
• Medical or surgical treatment of the eyes.
• Services and materials for orthoptics or vision training, subnormal vision aids, aniseikonic lenses, two pair of glasses in lieu of bifocals, and nonprescription glasses.
• Lost or broken lens replacement or repair, unless it is time for your annual exam.
• Any services and material that Workers’ Compensation, another plan or a government agency provides.
• Any employer-required exam as a condition for employment.

Identity Theft Plan

Eighty percent of identity theft has nothing to do with credit. Enlist the comprehensive services of ID Watchdog and you’ll be covered from every angle.

What is identity theft?
Identity theft, also known as “identity fraud” is generally defined as the fraudulent use of someone else’s information without permission. This means that a victim of identity theft is left with the consequences of his or her imposter’s actions, whether he or she is aware of it or not. These crimes can threaten everything from your finances and personal reputation, to your livelihood and physical health.

How We Protect You
Most identity monitoring companies only monitor your information for credit card fraud, but ID Watchdog provides protection for your entire identity. We constantly monitor thousands of databases, watching for suspicious changes in our customers’ information, and promise 100% resolution if there is ever a problem on our watch.

Monitoring
When you sign up for ID Watchdog Plus, we will verify your identity and create an Identity Profile Report for you. Each month thereafter, we’ll send you an update that highlights any changes or gives you an “all clear” notice.

Step 1 - Verification
Before we unleash our search engines to retrieve your personal information, we utilize an identity verification system that generates personalized questions about you, to ensure that we are providing services to the correct individual.

Verification is the first step in making sure your identity is safe under our watch, and that your information is not being provided to anyone but you.

Step 2 - Identity Profile Report Page
After enrolling in ID Watchdog’s services, we’ll compile an “Identity Profile Report,” containing all of your personal data. This will include all of the addresses and names associated with your identity. Although there may be variances in spelling and data entry errors, we’ll have you look for red flags such as completely different addresses or entirely new names, which may be a sign that criminals may be taking advantage of your identity.

If all is recognized and approved by you, we will use this report to check against any new or changed data on a monthly basis, and alert you to any changes. If anything suspicious turns up in your Identity Profile, we’ll proceed with an ID SnapShot to start rectifying the problem.

Step 3 - Monthly Monitoring
After your recognized profile has been established, we will comb our thousands of databases for your identity information each month. If there are no new or changed data points, we’ll notify you that your records are clean. However, if we find new data points, we will notify you of the changes for you to review. More often than not, the new information will have resulted from a new account you opened. In that case, you can approve the data, and we’ll add it to your identity profile.

In the case that the new data is unfamiliar and suspicious, we ask that you let us know. We will initiate extensive reporting that will tell us more about activities on your records through our ID SnapShot, and then proceed with our ID Rehab resolution services, if necessary, until the problem is resolved.

Detection
If there is a reason to believe that your identity has been compromised, be it an unrecognized record in your Identity Profile Report or a suspicious change found through your monthly search, we’ll compile an ID SnapShot. The SnapShot is a extensive report that will allow us to pinpoint any fraudulent data. The ID SnapShot pulls information associated with your identity, including addresses, phone numbers, property deeds, driving records, banking accounts, credit history and more. If we detect new threats after your enrollment in ID Watchdog Plus, your ID SnapShot is included in your plan, but it can also be purchased separately for any pre-existing conditions.

The ID SnapShot pulls information associated with your identity, including the following:
- Credit Reports
- DMV Driving History
- Motor Vehicle Registration History
- Global Criminal Check
- U.S. Criminal Record Check
- U.S. Wants and Warrants Check
- Sex Offender Registry
- Social Security Number Trace
- Terrorist Watch List
- Bankruptcies, Liens and Judgments
- And much more...

If you require an ID SnapShot, we’ll be compiling a very detailed report with highly-sensitive data, so we’ll just need a few additional components from you to verify our permission to pull these records on your behalf. We’ll work with you to obtain these documents, so that we can efficiently compile and mail your full report to your home.

After providing the ID SnapShot to you and going over any unfamiliar data, we will then decide whether our ID Rehab resolution services are required. Through the ID SnapShot, we will know exactly which entities to contact in order to clear your good name.
Resolution
Should your ID SnapShot reveal any indication that you have been a victim of identity theft, we will work on your behalf to clear your name through our unique ID Rehab™ process. Our resolution experts will negotiate with any applicable institutions, file the necessary paperwork, and follow up to see that your good name is restored. This restoration is provided, free of charge, to ID Watchdog Plus customers who encounter issues while enrolled in the program, and is backed by our 100% resolution guarantee. ID Watchdog ensures you'll never have to worry about cleaning up the damage that can come from a breached identity.

This service, which is free of charge to any customers who become victimized during their enrollment in ID Watchdog Plus, will include the work it takes to clear your good name. After obtaining a police report and ID Theft Affidavit as proof that damages have occurred, our Resolution Agents will use limited Power of Attorney to work towards restoring the identity that is rightfully yours. By communicating on your behalf with the agencies that control your records, our experts will do all of the legwork for you.

Our guarantee of full-service protection means that we won’t stop until you are no longer held responsible for any damage caused by the identity thief.

ID Rehab is included, at no extra cost, for ID Watchdog customers who become a victim while enrolled in our services, but can also be purchased separately to help you resolve any pre-existing instance of identity theft.

You could spend hundreds of hours rectifying a case of stolen identity, but with the ID Rehab services of ID Watchdog your identity will be secure again before you know it.

Take Control with Online Account Access
You can manage your account online with our exclusive Identity Management Dashboard and receive alerts and communication via e-mail. The Miami-Dade County School Board provides all eligible, full-time employees with Standard Short-Term Disability (STD). This Standard STD plan provides a benefit of 60 percent of your earnings up to a maximum of $500 per week. Benefits under this plan are paid up to 22 weeks after a 30 calendar day elimination period. You may elect to upgrade this plan by purchasing one of the upgrade plans available.

### What is Short-Term Disability?

STD provides you with income, it protects your paycheck by paying you 60% of your earnings when you are out of work due to short periods of disability due to injury or illness, as defined in the policy. Loss of income can be devastating – and today, it’s more important than ever for employees and their families to understand how they would manage their regular expenses during a period of lost income and make sure they’re prepared.

### What STD plans are available to purchase?

You may elect to buy up to one of the voluntary options below:

- **Standard Upgrade**: This plan upgrades your Standard STD plan by paying benefits 2 weeks longer, to 24 weeks and reduces the elimination period from 30 to 15 calendar days. It continues to pay 60% of your earnings to a maximum of $500 a week.

- **High**: This plan is designed for employees with salaries in excess of $43,000 annually. It continues to pay 60% of earnings but increases the maximum benefit payable from $500 to $1000. The 30 day elimination period and 22 week benefit remain the same as the STD Standard plan.

- **High Upgrade**: This plan is also designed for employees with salaries in excess of $43,000 annually. It provides a 24 week benefit period after a 15 calendar day elimination period, while providing a benefit of 60 percent of your earnings up to a maximum of $1,000 week.

### When can I begin collecting benefits?

Depending on the STD plan you have, the:

- **Standard and High Plans** - Benefits are paid up to 22 weeks after a 30 calendar day elimination period.

- **Standard Upgrade and High Upgrade Plans** - Benefits are paid up to 24 weeks after a 15 calendar day elimination period.

### Am I eligible for disability benefits after childbirth?

Yes, if you have a Cesarean section, you will be considered disabled for a minimum period of eight weeks beginning on the date of your Cesarean section, unless you return to work prior to the end of the eight weeks. If you have vaginal birth, you will be considered disabled for a minimum of six weeks beginning on the date of your vaginal delivery, unless you return to work prior to the end of the six weeks.

### Example: You have a standard STD plan and have a C-section on January 29, 2012. Your waiting period is from January 29, 2012, through February 7, 2012. Your Standard STD benefit begins on February 8, 2012, for four weeks.

### What services does this benefit include?

What is deducted from my STD benefit payments?

What does it cover? Life’s unexpected curve balls: A back injury, for instance. Or a serious illness. Or the birth of twins. Depending on how much protection you choose, your STD plan delivers a percentage of your income every week. And beyond your monthly benefits, it offers expert help: Services from legal specialists, financial experts and therapeutic counselors to ease the stress and boost your confidence. To prevent over insurance, The Hartford will subtract from your gross disability payment other sources of income (see your certificate for a definition of other sources of income, if any). You do not have to use up your sick days to receive benefits. However, if you do choose to use your sick days, The Hartford will NOT subtract from the gross disability payment income you receive from salary continuation or sick leave plan.

### When should I submit a claim?

Your claim should be submitted within 30 days after the date of your disability begins or as soon as possible. However, The Hartford must receive written proof of your claim no later than 90 days after your elimination period. If this is not possible, proof must be given no later than one year after the time proof is required except in the absence of legal capacity.

### How do I submit a claim?

You must initiate your claim by calling The Hartford’s toll-free telephonic claim intake number at 1-800-741-4306 and report your claim. You will not need to submit a paper claim form as the The Hartford intake specialist will take your information by phone. However, it will be your responsibility to provide an authorization form to your physician to be signed/dated and faxed or mailed to The Hartford. This allows The Hartford to access your medical records in order to process your claim.

### Is there a survivor benefit?

No. There is no survivor benefit included with this Short-Term Disability plan.

The elimination period begins on the first day of disability. You can satisfy your elimination period if you are working, as long as you meet the definition of disability. Your disability may be treated as continuous as long as you do not exceed 90 return-to-work days during the elimination period.

When are benefits payable?
LTD benefits begin to accrue after you meet the definition of disability as defined in the policy to satisfy a benefit waiting period of 180 days or the expiration of accrued sick leave, whichever is greater.

What limitations apply for Mental Illness?
The monthly benefit payments for disabilities due to sickness or injury, which are due to mental illness, will not exceed 24 months. However, any period of time that you are confined in a hospital or other facility licensed to provide medical care for mental illness, alcoholism and substance abuse does not count toward the 24 months.

What benefits are included in Long-Term Disability?
If you become disabled, the following benefits can help until you get back to full-time work.

Work Incentive Benefit - This benefit offers an effective incentive if you are disabled and return to work. You may receive your full disability benefit during the first 12 months after returning, as long as your benefit and earnings are not more than 100 percent of pre-disability earnings.

Rehabilitation and Return to Work Assistance - The Hartford vocational rehabilitation experts provide qualified employees with formalized assessment and planning as well as financial support to help you return to productive, independent lifestyles.

Worksite Modification Benefit - The Hartford helps your employer make the worksite accommodations necessary to enable employees to return to work. This benefit reimburses your employer up to the amount equal to the amount of the maximum monthly benefit for worksite modifications for each employee.

Family Care Credit Benefit - When you are disabled and incurring child care expenses for your dependent child(ren) and participating continuously in the Rehabilitation and Return to Work Assistance program, The Hartford will, for the purpose of calculating your benefit, deduct the cost of family care from earnings received from work as part of a program of Rehabilitation, subject to limitations. The reimbursement payment will begin immediately after you start the Rehabilitation and Return to Work Program.

Benefit payments will be subject to the terms of the plan for the prior disability.

What are the limitations?

- War or act of war (declared or not)
- The commission of, or attempt to commit a felony
- An intentionally self-inflicted injury

Are benefits taxable?
Because your premiums are paid on a post-tax basis, disability benefits paid to you will not be taxed.
Long-Term Disability (LTD)

When should I submit a claim?
Your claim should be submitted within 30 days after the date of your disability begins or as soon as possible. However, The Hartford must receive written proof of your claim no later than 90 days after your elimination period. If this is not possible, proof must be given no later than one year after the time proof is required except in the absence of legal capacity.

How do I submit a claim?
The transition process from Short Term Disability to Long Term Disability claim is automated by our claim system. A claimant questionnaire is sent to the employee that requests information about other income/offset information, past work experience/education and medical providers. We may also obtain additional information from the employer. A separate claim form is not required.

What if I receive benefits from another group disability plan or other source?
Disability benefit payments will be reduced by other income you receive or are eligible to receive due to your disability, such as:
- Social Security Disability Insurance
- Workers’ Compensation
- Other employer-based Insurance coverage you may have
- Unemployment benefits
- Settlements or judgments for income loss
- Retirement benefits that your employer fully or partially pays for (such as a pension plan)

Disability benefit payments will not be reduced by certain kinds of other income, such as:
- Retirement benefits if you were already receiving them before you became disabled
- Retirement benefits that are funded by your after-tax contributions
- The portion of your Long Term Disability payment that you place in an IRS-approved account to fund your future retirement.
- Your personal savings, investments, IRAs or Keoghs
- Profit-sharing
- Most personal disability policies
- Social Security increases

Is there a survivor benefit?
Yes, if you die after your disability had continued for 180 or more consecutive days; and you were receiving or were entitled to receive payments under the plan, The Hartford will pay your eligible survivor a lump sum benefit equal to three months of your gross disability payment.

Is there a pre-existing condition clause?
Yes. Your insurance limits the benefits you can receive for pre-existing conditions. In general, if you were diagnosed or received care for a condition before the effective date of your policy, you will be covered for a disability due to that condition only if:
- You have not received treatment for your condition for three months before the effective date of your insurance, or
- You have been insured under this coverage for twelve months prior to your disability commencing, so you can receive benefits even if you’re receiving treatment, or
- You have already satisfied the pre-existing condition requirement of your previous insurer.

Hospital Indemnity Coverage provides benefits if you or your insured dependents are confined in a hospital as an inpatient. The levels of daily coverage are $50, $100 or $150. The Employee-Paid daily benefit levels combined cannot exceed $150. You must be enrolled for coverage in order to enroll your dependent(s). Coverage for your dependents cannot exceed your own.

If a child is born to anyone under this policy while family coverage is in force, the child shall automatically become a covered dependent from the moment of birth. However, you must still contact FBMC at 1.800.342.8017 and request a Change in Status form. This includes coverage for sickness or injury, and the necessary care and treatment of medically diagnosed congenital defects, birth abnormalities and premature birth. Routine care for the child is not covered under this policy.

You and your dependents may select different levels of coverage as long as (a) your amount does not exceed $150 and (b) your dependent’s level of coverage does not exceed your own.

Who is an eligible dependent for this coverage?
Eligible dependents covered under this plan include:
• Legal Spouse/Domestic Partner
• Unmarried children who are under age 25 provided:
  - the child is dependent upon the insured for support
  - the child is living in the insured’s household, or
  - the child is a full-time or part-time student.

NOTE: “Child” includes stepchild, legally adopted child, a child pending finalization of adoption proceedings, natural child, and children of a Domestic Partner (provided the Domestic Partner is also covered). Dependent eligibility will be determined at the time of claim.

When will my benefit payments start?
You are eligible for benefits on the first day of a covered hospitalization.

How long will the benefits continue?
These benefits are payable for each day you are confined in a hospital as an inpatient as long as the confinement is due to the same or related causes, not separated by 60 days. Successive periods of hospital confinement, due to the same or related causes, do not separate periods of hospital confinement.

Must I still pay my premiums if I am hospitalized or disabled and unable to work?
If you are confined in a hospital before your 60th birthday, coverage will be continued without further payment of premiums:
• after you have received benefits for 60 consecutive days during which premiums are paid, and
• while you remain in the hospital as an inpatient for the same or related injury or sickness and benefits continue to be paid to a maximum of 365 days.

If you become disabled before your 60th birthday, coverage will be continued without further payment of premiums after you have been disabled for nine (9) straight months during which premiums were paid. Premiums will continue to be waived as long as you remain hospitalized or disabled provided you are eligible to continue receiving benefits, but no more than 365 days.

Waiver of Premium applies only to you; however, coverage for your covered dependents will also be continued without further payments while premiums are waived.

When are benefits payable?
Benefits are payable for each day of a necessary hospital confinement when the insured is confined in a hospital as an inpatient as recommended by a doctor for care that is reasonably and medically necessary.

How do I obtain claim forms?
To obtain claim forms, call the Customer Care Center at 1.800.342.8017, Monday - Friday, 7 a.m. - 10 p.m. (ET).

Are benefits taxable?
The IRS may require you to pay taxes on payments you receive from the Hospital Indemnity Coverage plan under current law. For further information, consult your personal tax advisor.

Must I still pay my premiums if I’m disabled and unable to work?
If you become totally disabled prior to age 60 and that disability lasts for nine consecutive months, during which time premiums are paid, the insurance company will continue your life insurance in force without further payment of premiums if proof of such disability is provided and waiver is approved.

Is there any situation that would exclude my benefits?
If you commit suicide while you are sane or insane within two years of the effective date of coverage, benefits will not be paid; however, your beneficiary will receive a refund of the premiums you have paid for this insurance.

Also, if coverage was elected while you were on a leave of absence due to a disability and you did not return to work, benefits will not be paid. However, your beneficiary will receive a refund of the premiums you have paid for this insurance.

Does the plan pay any benefits if I am terminally ill?
The plan will pay a lump sum—50 percent of the life insurance benefit amount in force to a maximum of $50,000 if you are terminally ill and your life expectancy is six months or less. Your benefits paid to you will reduce the death benefit. This benefit is payable only once in your lifetime.

All benefits are subject to reduction after age 64 as follows:
• At age 65, to 65 percent of the original face value of coverage in force
• At age 70, to 45 percent of the original face value of coverage amount in force

Accidental Death and Dismemberment (AD&D), provides benefits for you or your insured dependents in the event of a covered accident—on or off the job—which results in loss of life, limbs, use of limbs, eyesight, hearing or speech. You may select $25,000 to $500,000 (in $25,000 increments) of coverage.

You must be enrolled for coverage in order to cover your dependents. Your dependent’s coverage is a percentage of your selected benefit amount. They are as follows:

Taxable Benefits and the IRS
Certain benefits may be taxed if you become disabled, depending on how the premiums were paid during the year of the disabling event. Payments, such as disability, from coverages purchased with pre-tax premiums and/or nontaxable employer credits, will be subject to Federal income and employment (FICA) tax. If premiums were paid with a combination of pre-tax and after-tax dollars, then any payments received under the plan will be taxed on a pro rata basis. If premiums were paid on a post-tax basis, you will not be taxed on the money you receive from the plan. You can elect to have Federal income tax withheld by the provider just as it is withheld from your wages. Consult your personal tax adviser for additional information.

In addition, FICA and Medicare taxes will be withheld from any disability payments paid through six calendar months following the last calendar month in which you worked prior to becoming disabled. Thereafter no FICA or Medicare tax will be withheld.

You will be required by the IRS to pay FICA, Medicare, and federal income taxes on certain other benefit payments, such as those from Hospital Indemnity Insurance, Personal Cancer Expense Insurance and Hospital Intensive Care Insurance, that exceed the actual medical expenses you incur; if these premiums were paid with pre-tax dollars and/or nontaxable employer credits. If you have questions, consult your personal tax adviser.

Women’s Health and Cancer Rights Act
The Women’s Health and Cancer Rights Act of 1998 provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedemas.

Newborn and Mothers Health Protection Act

The length of stay may not be limited to less than:
• 48 hours following a vaginal delivery; OR
• 96 hours following a cesarean section

Determination of when the hospital stay begins is based on the following:
• For an in the hospital delivery:
  • The stay begins at the time of the delivery. For multiple births, the stay begins at the time of the last delivery.
  • For a delivery outside the hospital (i.e. birthing center):
    • The stay begins at the time of admission to the hospital.
  • Requiring authorization for the stay is prohibited. If the attending provider and mother are both in agreement, then an early discharge is permitted.

Group Health Plans may not:
• Deny eligibility or continued eligibility to enroll or renew coverage to avoid these requirements.
• Try to encourage the mother to take less by providing payments or rebates.
• Penalize a provider or provide incentives to a provider in an attempt to induce them to furnish care that is not consistent with these rules.
• These rules do not mandate hospital stay benefits on a plan that does not provide that coverage.
• The group plan is not prohibited from imposing deductibles, coinsurance, or other cost-sharing related to the benefits.
