

Organizational & Staff Development

New Teacher Academy Elementary Schedule

Logistics and Information

Professional learning is a priority for the Northside Independent School District. All new teachers are strongly encouraged to attend the Elementary New Teacher Academy to gain an understanding of our programs and practices. Attendance will be beneficial to your professional growth and to your success in the classroom.

Continuing Professional Education (CPE) hours and Northside Teacher Choice (TC) hours will be awarded to participants for professional development sessions.

The Elementary New Teacher Academy will provide first-year and veteran teachers new to Northside opportunities to make professional contacts and instructional connections.

New teachers will be able to meet, work, and plan with master teachers in Northside. First-year teachers will find that the Elementary New Teacher Academy will provide them with strategies to meet the needs of their teaching assignment. Veteran teachers can acquaint themselves with Northside policies and procedures.

The 2017 Elementary New Teacher Academy will offer a myriad of training sessions that will assist all levels of teachers in providing a quality education to Northside students.
