National Council on Teacher Quality | January 2015
Teacher pension trends in the U.S.

Just seven states offer a fully or nearly fully portable primary pension plan for teachers.

Other indicators also reflect worrisome trends.

Number of states where pension funding ratios have decreased since 2008

Number of states that require excessive contributions of teachers, employers or both

Number of states that have increased teacher contribution rates since 2008

Number of states that have ten-year teacher vesting periods

Teacher pension system debt has reached a half trillion dollars.
