## Collective Bargaining Agreement between the

# Philadelphia Federation of Teachers 

Local 3, American Federation of Teachers AFL-CIO

and the

# School District of Philadelphia 

September 1, 2009 to
August 31, 2012

## A message to our members

## Dear Colleagues,

The 2009-2012 collective bargaining agreement is an historic and tremendous accomplishment for PFT members. It was reached under extremely difficult circumstances, and would not have been possible without your solidarity and support.

Because of the steadfast support of PFT members, we were able to negotiate a contract that improves our salaries, maintains our excellent healthcare and benefits and protects the rights and the dignity of PFT members.

Besides addressing our economic concerns, this landmark agreement gives Philadelphia educators ownership of the teaching profession. In new provisions, teachers may become partners in improving academic achievement, raising their own level of professionalism and supporting their colleagues.

The fight for better schools and the respect and dignity for all PFT members does not end with a new contract. The PFT advocates for you and your students daily, representing your interests to the administration, in the state legislature and in Washington, D.C.

There are many challenges in public education today, and we are committed to doing everything we can to support you in the important work you do. Providing competitive salaries, excellent benefits and making certain that employees are treated fairly is our first responsibility to you. We will continue to make our voices heard on educational and workplace issues that affect you, your families and your students.

As always, thank you for your continued support.
In unity,

Jerry T. Jordan
President

## A message from the SRC

## Dear Colleagues,

This new Agreement between the School Reform Commission of the School District of Philadelphia and the Philadelphia Federation of Teachers reflects our shared commitment to building the strong, collaborative relationship needed to implement and sustain real education reforms, innovations, and best practices. Together, we have forged a groundbreaking, historic and bold Agreement that accelerates our movement towards sustainable, high levels of achievement for all our students.

Aligned with the goals of the District's strategic plan, Imagine 2014, the Agreement provides critical tools, and the necessary flexibility, for increasing student achievement. It supports our common goals of supporting and nurturing our newest teachers to improve retention, building strong professional learning communities in schools, and targeting resources to schools where our teachers and students have the greatest needs.

With this Agreement, our collective hard work, and our steadfast commitment to putting children first, we are well on our way to accelerating academic achievement for all students.

## ARTICLE I Purpose and Scope of Agreement

1. The Board of Education and/or the School Reform Commission for the School District of Philadelphia (hereinafter referred to as "the School District") and the Philadelphia Federation of Teachers (hereinafter referred to as "the Federation") acknowledge that their shared goal is achieving excellence in education to assure that all students have every opportunity for academic success. The parties recognize that their interest in attaining this goal goes far beyond the scope of a Collective Bargaining Agreement governing the terms and conditions of employment for bargaining unit members, and are committed to work together to achieve their goal.
2. With this goal in mind, the primary purpose of this Agreement is to set the terms and conditions of employment for bargaining unit employees that permit effective and professional working relationships among bargaining unit employees, administrators and the School District.

## ARTICLE II <br> Management Rights and Responsibilities

The parties recognize that the School District has unilateral authority in the field of educational policy and development. This Agreement is not intended to modify by any of its terms any discretionary authority vested in the School District by any statutes of the Commonwealth or the Philadelphia Home Rule Charter. The School District maintains the right to exercise any and all authority granted by such legislation.

The School District shall bargain in good faith with the Federation with respect to hours, wages and terms and conditions of employment for the members of each bargaining unit represented by the Federation.

It is understood and agreed that the School District possesses the right, in accordance with applicable laws, to manage all operations, including but not limited to the direction of the work force and the right to plan, direct and control the operations of all schools, equipment and other property of the School District, except as modified by this Agreement.

Matters of inherent managerial policy are reserved exclusively to the School District. These matters include, but shall not be limited to such areas of discretion as the right to hire, to determine the size of the work force, the use of schools, and after advance notice to the Federation, to make such reasonable rules and regulations that are not in conflict with this Agreement.

This listing of managerial rights is not intended to be exhaustive but merely illustrative. It is expressly agreed by the Union that the School District's and/or the School Reform Commission's ability to manage and control the operations of the School District is limited only to the extent that there is a provision of this Agreement which expressly limits a management prerogative.

## ARTICLE III Union Rights and Responsibilities

## A. Recognition/Exclusive Representation

1. The School District recognizes the Philadelphia Federation of Teachers, Local 3, American Federation of Teachers, AFL-CIO (hereinafter referred to as the "Federation") as the sole and exclusive bargaining representative for all employees in each classification in each of the ten (10) bargaining units pursuant to the School District Resolution(s) and PERA Certification listed in Appendix A.
2. Unless otherwise noted, provisions of this Agreement contained in Articles I-XVII apply to all employee classifications included in Appendix A, to the extent that such classifications exist.

## B. Union Representatives - Leaves

1. Employees who are elected or appointed to full time positions with the Federation or any organization with which it is affiliated will, upon proper application, be granted leaves of absence for the purpose of accepting those positions. Authorized Federation leaves shall be requested in writing by the President of the Federation only. Employees granted such leaves of absence shall retain all insurance and other benefits and shall continue to accrue seniority as though they were in regular service. Annually, the President of the Federation shall inform the School District of the salary to be paid to each employee on approved leave with the Federation. The School District shall adjust each employee's salary accordingly. Upon return to service they shall be placed in the assignment which they left with all accrued benefits and increments that they would have earned had they been in regular service.
2. Employees on such leaves of absence shall be permitted to pay both their and the School District's regular contributions to all plans requiring such contributions.
3. The release of any employee for Federation business at any time during the first month of the school year shall be arranged prior to the commencement of that school year. Any release not arranged on a timely basis need not be permitted if it would be detrimental to any instructional activity.
4. Whenever members of the bargaining unit are mutually scheduled by the parties to participate during working hours in conferences or meetings or in negotiations respecting the Collective Bargaining Agreement, they shall suffer no loss in pay.
5. Within each bargaining unit listed below, the following limits on the number of employees granted leaves of absence to hold full-time staff positions with the Federation shall apply:
(a) Union leave for Teachers and School Based Employees

No more than thirty-five (35) teachers, four (4) paraprofessionals, four (4) secretaries and three (3) NTAs.
(b) Union leaves for Comprehensive Early Learning Center Employees

No more than four (4) employees shall be granted such leaves of absence for any program year.
(c) Union leaves for Food Service Managers

No more than three (3) employees shall be granted such leaves of absence for any school year.
(d) Union leaves for Head Start Employees

No more than three (3) employees shall be granted such leaves of absence for any school year.
(e) Union leaves for Per Diem Teachers

No more than two (2) substitute teachers who are assured consecutive run assignment on days during which negotiations respecting this Agreement are mutually scheduled by the parties during work hours will be released to attend such negotiations with no loss in pay.
(f) Union leaves for Professional-Technical Employees

No more than five (5) employees shall be granted such leaves of absence for any school year.

## C. Union Visitation

1. The School District shall permit a designated regular staff member of the Federation or off-duty employee representative of the Federation to visit the schools to investigate working conditions, employee complaints or problems, or for any other purposes relating to the terms and conditions of this Agreement. When one (1) representative visits the school for such purposes no advance notice need be given; however, the representative shall notify the Principal immediately upon arrival in the building. In cases when two (2) representatives visit a school for any of the aforementioned purposes, the Principal shall be notified at least one (1) school day in advance of the visit. Such advance notification may be waived with the express consent of the Principal. In the event of emergency circumstances or a prearranged special event, more than two (2) representatives shall be permitted to visit a school. Such visits shall not interfere with the educational activities of the school.
2. In the event that one (1) or two (2) representatives desire to confer with the Principal or to have the Principal take action with regard to some problem, a request for a conference with the Principal shall be made in such amount of time, in advance, as is reasonable under the circumstances, and the Principal shall then be informed of the purpose and the subject matter of the conference. Difficulties in arranging for such conferences with the Principal to discuss problems are to be resolved by the Superintendent and/or Chief Executive Officer (hereinafter referred to as "CEO") of the School District with the advice of the Labor Relations Office. If conferences with employees are necessary, they shall be scheduled so as not to interfere with the instructional program. In the event that the Principal is absent, the acting administrator shall act on his/her behalf.
3. In schools where there is no Federation representative, an employee or regular staff member of the Federation who visits the school will inform the principal or his/her designee of his/her presence, the purpose of his/her visit, and will present a letter of identification signed by the President of the Federation. When so identified, he/she will be accorded the right of the authorized representative.

## D. Meetings, Announcements and Publications

1. Federation Building Representatives shall be given time well before the end of every staff meeting for brief reports and announcements.
2. Building Representatives shall have the right to insert notices in the daily bulletin or dailygram that is circulated in each School.
3. Authorized representatives of the Federation, upon twenty-four (24) hours notice to the administrator of the school, may schedule meetings in the building before or after the regular workday or during lunch time of the employees involved. Such meetings will not interfere with the education/activities of the school.
4. The Federation shall be provided adequate bulletin board space in a place readily accessible to all employees in each school for the posting of notices and other materials relating to Federation activities. The bulletin board space allocated shall be identified with the name of the Federation and the authorized representative of the Federation or his/her designee shall have the responsibility for posting materials on the bulletin board. Materials so posted shall bear the name of said representative or of the Federation.
5. The Federation shall be provided reasonable space on existing bulletin boards in departmental and divisional offices in schools and other buildings. Material will be posted on this space under the same conditions applicable to school bulletin boards.
6. The Federation shall have the right to place material in the mailboxes of employees. Placement will be made by the authorized representative of the Federation or his/her designee. Material placed in mailboxes shall bear the name of said representative or of the Federation. Any materials shall be subject to the same reasonable and uniform regulations as apply to all other material.
7. Coverage shall be provided during time when a Federation representative is absent because he/she has been selected to attend a meeting scheduled by the Administration.

## ARTICLE IV Communication, Consultation and Cooperation

## A. General Terms

Because the parties recognize the importance of communication between the Federation and the School District to accomplish these purposes, they agree to establish the following committees and mechanisms for consultation and communication.

## B. Joint Federation-District Committee

1. A joint Federation-District Committee shall be established composed of the Superintendent and/or CEO and the President of the Federation or their designees and up to three (3) additional members named by the Federation and three (3) additional members named by the School District. By agreement of the representatives, the Committee may invite the advice of experts from within or outside the School District as needed to provide data regarding matters under consideration by the Federation-District Committee. By agreement of the representatives, the Joint Committee may constitute additional subcommittees, composed of equal numbers of Federation/District representatives, to deal with issues deemed vital to the success of the educational program.
2. The Federation-District Committee shall meet regularly, normally on a monthly basis, to discuss matters of education policy and development, matters and problems affecting employees generally, including paperwork, as well as matters relating to the implementation of this Agreement.
3. Representatives of the Federation's Nurse Committee shall meet monthly with the School District's representatives to discuss matters of concern to certified school nurses and school nurse practitioners.

## C. Region Based Committees

1. Within each Region the Regional Superintendent shall meet regularly with Federation representatives, normally on a monthly basis, to discuss matters of School District policy and operations, instructional programs, and questions relating to the implementation of this Agreement.
2. Ten (10) minutes of each Regional nurses' meeting shall be granted to the Federation or the elected staff representative for reports and announcements.
3. Whenever it will not interfere with the working time of members of the Region Committee, meetings with the appropriate administrator shall be held on program time. In the event that an employee is a member of the Region Committee, such employee shall be released to attend Region Committee meetings. The administrator shall provide such coverage as he/she shall deem appropriate for the assignments of such member of the Region Committee.

## 4. Pre-K

(a) The School District shall permit a designated regular staff member of the Federation or off-duty employee representative of the Federation to visit the centers to investigate working conditions, employee complaints or problems, or for any other purposes relating to the terms and conditions of this Agreement. Where one (1) representative visits the center for such purposes, no advance notice need be given; however, the representative shall notify the administrator, if one is present, immediately upon arrival in the building; if there is no administrator at the center, he/she shall notify the Office of Early Childhood. In cases where two (2) representatives visit a center for any of the aforementioned purposes, the appropriate administrator shall be notified at least one (1) work day in advance of the visit. Such advance notification may be waived with the express consent of the administrator. In the event of emergency circumstances or a prear-
ranged special event, more than two (2) representatives shall be permitted to visit a center.
(b) In the event that one (1) or two (2) representatives desire to confer with the appropriate administrator or have the appropriate administrator take action with regard to some problem, a request for a conference with the appropriate administrator shall be made in such amount of time, in advance, as is reasonable under the circumstances, and the appropriate administrator shall then be informed of the purpose and the subject matter of the conference. Difficulties in arranging for such conferences with the appropriate administrator to discuss problems are to be resolved by the Office of Early Childhood with the advice of the Office of Labor Relations. If conferences with employees are necessary, they shall be scheduled so as not to interfere with the work program. In the event that the appropriate administrator is absent, the acting administrator shall act on his/ her behalf.
(c) Employees shall be entitled to submit written requests for inclusion of subjects on the agenda of meetings and the method of presentation thereof. If the matter will not be included on the next agenda, the director shall, in writing, notify the employees making the request either of the date when the subject will be so included or of the reason for his/her refusal to do so.

## D. Building Committees

1. At each school, a Building Committee shall be established consisting of not more than five (5) teachers from that school and that may include, in addition, up to one (1) member from that school representing each of the other bargaining units represented by the Federation.
2. The Building Committee for each off-site Pre-K Center shall consist of not more than two (2) employees in a two (2) or three (3) classroom center, and not more than three (3) employees for a center of four (4) classrooms or more.
3. The Principal of a school who may be accompanied by one (1) Assistant Principal of his/her choice shall meet at least once a month with the Federation Building Committee at its request. At such meetings the Principal and the Building Committee shall work cooperatively on items regarding school operations and questions relating to the implementation of the Agreement.
4. Proposed changes in existing policies and procedures and new policies and procedures for the school shall be subjects for discussion at such Building Committee meetings. Such policies adopted or maintained by any Principal shall not be inconsistent with the terms of the Agreement.
5. Whenever it will not interfere with instructional time of teachers or working time of other members of the Building Committee, meetings with the Principal shall be held on school time.
6. In each senior high school, technical high school and middle school, all members of the Federation Building Committee shall be rostered for a preparation period at the same time at least once each week, provided the Federation submits to the Principal the names of its Building Committee prior to the making of the roster. Any meeting between the Principal and the Building Committee shall be held in such common preparation period.

In the event that members of other bargaining units represented by the Federation are members of the Building Committee, such persons shall be released to attend Building Committee meetings held during common preparation periods and the Principal shall provide such coverage as he/she shall deem appropriate for the assignment of such members. In the event an emergency requires that a meeting between the Principal and the Building Committee shall be held at some time other than that specified above, the Principal shall provide such coverage as he/she shall deem appropriate for the assignments of the members of the Building Committee.
7. In off-site Pre-K Centers, members of the Building Committee shall be allowed common meeting time not to exceed three (3) hours per month. Meetings shall be scheduled so as not to disrupt the program.

## E. Focus Groups and Work Teams

1. The School District shall be free to select from among all employees covered by this Agreement, as members of other committees, agencies, or bodies such as research groups, curriculum committees and the like, those employees who have special skills, expertise and experience and who have demonstrated their competence in the appropriate area. Employees serving on such bodies shall in no way be considered to represent the Federation or any employees represented by it.
2. An employee who, on any committee, agency, or other such body in the School District is to represent any employees to whom this Agreement is applicable, shall be selected from nominees named by the Federation by reason of their special skills, expertise, experience and demonstrated competence in the appropriate area.

## F. Data, Reports and Statistics

Each party agrees to make available to the other, upon its written request, information and statistics compiled and records it customarily maintains when such material is readily available and is reasonably relevant to negotiations or necessary for the proper enforcement of the terms of this Agreement. This provision shall not be construed to require either party to produce to the other surveys or other documents created to inform policy deliberations.

## G. Site-based Management-Educational Compacts

1. During the term of this Agreement, both the Federation and the School District agree to pursue an orderly process for empowering individual school administrators, teachers and staff to make programmatic and operating decisions best suited to their mission and the needs of their students and staff to the extent that these decisions may impact upon employees' working conditions.
2. In addition, the parties agree to the following contract waiver procedures whereby working conditions expressed in Articles XVIII-XXVI of this Agreement may be modified in their application to a particular school or Academy:
(a) Upon approval of the Principal, a proposed waiver will be submitted for ratification by the affected staff in the school or Academy. Ratification shall be
by way of a secret ballot in which all affected employees covered by this Agreement who are assigned to the school or Academy shall be eligible to vote, and shall require an affirmative vote of sixty-six and two-thirds percent (66.67\%) of the affected employees in the school who vote.
(b) The balloting process shall be in accordance with Federation procedures.
(c) The proposed waiver shall include a schedule for implementation, which may require implementation after the beginning of the school year.
(d) Once such a waiver is approved by the Principal and ratified by the school staff, it shall be forwarded to the Federation-District Committee for review. The waiver shall not be implemented if the Committee determines that such implementation would affect the operation of another school or would result in additional costs to the School District that exceed the allocated budget for the school seeking the waiver. In all other circumstances, the waiver shall be implemented unless the committee agrees that it should not be implemented.
(e) Any contract waiver achieved shall be presumed to continue in effect for a complete school year, up to a maximum of three (3) years. Thereafter, the waiver will be continued, modified or rescinded by a majority (greater than 50\%) of the affected employees in a school that vote in accordance with the procedures set forth above.

## ARTICLE V <br> Union Security

## A. Dues Check-Off

1. The School District will deduct the required amount for the payment of Federation dues from the pay (including termination pay) of each employee from whom a written authorization is received. A draft for the sums deducted, a list of the employees from whom they have been deducted, and the amount deducted from each, together with a list of employees who have authorized such deductions and from whom no deductions were made and the reason therefor, shall be forwarded to the Federation's office within thirty (30) days after such deductions are made.
2. Any member of the bargaining unit may resign from Federation membership and revoke his/her dues authorization by so notifying the School District and the Federation in writing during a fifteen (15) day period prior to the expiration of this Agreement.
3. In the event that an individual ceases to be employed in a position included in any of the bargaining units represented by the Federation, such person may discontinue membership and dues deduction at that time.

## B. Fair Share

4. Seniority shall be determined as follows:
(a) School System seniority of an employee shall date from the beginning of his/her continuous appointment in any classification in any bargaining unit represented by the Federation as an appointed employee.
(b) Location seniority shall be the continuous length of service as an appointed employee in the present school, center or other work location except that an employee's length of service as an appointed employee in a previous work location shall be included under the following circumstances:

Subject to the provisions of paragraph 13 below, no period of service as a per diem or long-term substitute, or intern (except intern psychologist) shall count in the calculation of an employee's location or school system seniority.
9. A seniority list of all employees in a department or location shall be maintained in that location and kept current during the school year. The list shall be available to all employees. School system seniority shall also be compiled and kept updated.
10. The Office of Human Resources shall make available to any employee his/her school system seniority as it may affect or contribute to the resolution of any specific problem.

In any conference between a Principal and an employee at which conference a person or persons are present who are not employees of the School District the employee attending such conference shall have the right to be represented by one (1) Federation representative of his/her choice. ## B. Personnel Files

1. Except for material pertaining directly to his/her work performance or such other matters that may be cause for suspension or dismissal under the School Code, no material derogatory to an employee's conduct, service, character or personality shall be placed in the official personnel file of such employee. Material relating to work performance, suspension or dismissal may be reduced to writing and maintained, only if it is signed by a person competent to know the facts or make the judgment and only if the employee has been given an opportunity to read the material promptly following its receipt or formulation. Any anonymous material placed in an employee's file prior to the execution of this Agreement shall at such employee's request be removed therefrom, and shall be given no weight or consideration for any disciplinary purpose.
2. The employee shall have the right to answer any material now in his/her file as well as any material filed hereafter, and his/her answer shall be attached to the file copy.

The Federation shall agree to the list of doctors to be used for this purpose.

## ARTICLE XV Dispute Resolution

## A. Grievance Subjects

1. A grievance is defined as a dispute or disagreement over the application or interpretation of this Agreement.
2. Wherever the term "school" is used, it is to include any other work location or functional division or group in which a grievance may arise. Wherever the term "Principal" is used, it is to include the administrator of any such other work location or functional division or group. Wherever the term "employee" is used, it is to include any member or members of the bargaining units. Wherever the singular is used, it is to include the plural. Wherever the term "Federation representative" is used, it is to mean the Federation Building Representative or his/her employee designee or, where there is no Federation member, any other employee representative designated by the Federation.
3. Nothing within this procedure shall be construed to deny to any employee his/her rights under any applicable law.

## B. Procedure for Adjustment of Grievances

1. Grievances and problems shall be presented and adjusted in accordance with the following procedure: the employee having a grievance, complaint or problem shall first discuss the matter with the Principal, either directly or accompanied by another employee in the school, or by the Federation Building Representative, with the objective of resolving the matter informally.
2. Step 1
(a) In the event the matter is not resolved informally, the grievance stated in writing may, except as hereinafter otherwise provided, be lodged with or submitted to the Principal of the school in which the grievance arises within twenty (20) school days following the discussion with the Principal. The written grievance shall state whether there was an oral discussion of the matter with the Principal.
(b) The grievance may be lodged and thereafter discussed with the Principal:
(1) By an employee accompanied by a Federation representative, if the employee so requests;
(2) Through a Federation representative, if the employee so requests;
(3) By a Federation representative in the name of the Federation;
(4) By an employee in person on his/her own behalf, provided, however, that the Federation representative is given an opportunity to be present at such discussion; or
(5) By an employee accompanied by any other employee in the same school provided, however, that the Federation representative is given an opportunity to be present at such discussion.
(c) Whenever a decision on a grievance which has been lodged and is sought to be adjusted by an employee on his/her own behalf or while accompanied by any employee in the school, other than the Federation representative, would involve the application or interpretation of any provision of this Agreement or of any policy or could be deemed a precedent as to the working conditions, or welfare of employees in the bargaining unit, the Principal shall give to the appropriate Federation representative under Step 1a the opportunity to state the views of the Federation as to the adjustment sought by the employee and that proposed by the Principal.
(d) Within five (5) school days after receiving the grievance, the Principal shall communicate his/her decision in writing to the employee who lodged the grievance and to the Federation representative.

## 3. Step 2

(a) Within five (5) school days after receiving the decision of the Principal, the aggrieved employee, through the Federation, or the Federation in its own name, may appeal from the decision at Step 1 to a Hearing Officer designated by the Superintendent of Schools and/or CEO. (It is the intention of the parties that there shall be a Hearing Officer for all cases for as long a term as possible in order to afford the parties the benefit of the knowledge and experience thus gained by such Hearing Officer.) The appeal shall be in writing and shall be accompanied by a copy of the decision at Step 1. A copy of said appeal shall be sent to the appropriate Regional Superintendent or other Administrator and to the Labor Relations Office of the Office of Human Resources. Within ten (10) school days after the receipt of the appeal, said Labor Relations Office shall use its good offices to adjust or resolve the grievance amicably.
(b) If the grievance is not thus resolved amicably, said Labor Relations Office should refer the matter to the said Regional Superintendent or Administrator, who shall take such steps as he/she deems necessary in order to adjust the grievance amicably.
(c) If the efforts at amicable adjustment do not resolve the grievance, then, not later than twenty-two (22) school days after receipt of the appeal, the Hearing Officer shall hold a hearing on the grievance.
(d) The aggrieved employee, any Federation representative who may have participated at Step 1, the Principal and the Chairperson of the Federation Grievance Committee, or his/her designee, shall be given at least five (5) school days' notice of the hearing and an opportunity to be heard thereat on the subject of the grievance. The appropriate Regional Superintendent or Associate Superintendent may participate in such hearing and may advise and counsel the Hearing Officer. In the event the hearing is conducted by a designee of the Executive Director of Human Resources, he/she shall make a written report to said Executive Director.
(e) Within ten (10) school days after the hearing on the appeal, the Executive Director of Human Resources shall state his/her independent decision and the reasons therefore in writing and simultaneously forward copies thereof to the aggrieved employee, to the Federation representatives who participated in this Step and to the Principal.
(f) Where a Principal has been involved in a determination or an action which gave rise to a grievance, he/she shall, if requested by the grievant, the Hearing Officer, or the Superintendent and/or CEO, be present at Step 2 and Step 3 proceedings.
4. Step 3
(a) Within twenty-five (25) school days after receiving the decision of the Executive Director of Human Resources, the School District or the Federation may submit the matter to arbitration if the grievance, complaint or problem involves the compliance with, or application or interpretation of this Agreement, provided that a grievance concerning any School District action, not inconsistent
with any provision of this Agreement, taken under any term of this Agreement, requiring or providing for exercise of the School District's discretion or policymaking powers, may be decided by an arbitrator only if it is based on a complaint that such action was applied in a manner inconsistent with the general practice under such action followed throughout the school system in similar circumstances.
(b) The method for submitting a matter to arbitration shall be as follows: The party to this Agreement desiring that the matter be arbitrated shall serve a Written demand for arbitration upon the other party either by certified mail addressed to the other party or by hand-delivery to a person authorized by the other party to receive a demand for arbitration. The party serving the demand for arbitration shall simultaneously mail a copy thereof to the Philadelphia Regional Office of the American Arbitration Association. The arbitrator shall be chosen in accordance with the then current Voluntary Labor Arbitration Rules of the American Arbitration Association governing the voluntary settlement of labor disputes
(c) In lieu of the above procedure to select an arbitrator, the parties during the term of this Agreement, may agree to mutually select a permanent arbitrator. In the event either party withdraws its approval of the agreed upon permanent arbitrator, they may mutually select and agree upon another permanent arbitrator. If the parties are unable to agree to a permanent arbitrator, then the procedure to select an impartial arbitrator set forth in the above paragraph shall be followed.
(d) The arbitrator shall issue his/her decision not later than thirty (30) days after the date of the closing of the hearings or, if oral hearings have been waived, then thirty (30) days from the date of transmitting the final statements and proofs to the arbitrator. The decision shall be in writing and shall set forth the arbitrator's opinion and conclusions on the issues submitted. The arbitrator shall have the power and authority to decide, and shall limit his/her decision strictly to the matters specified in paragraph (a) of Step 3; he/she shall be without power or authority to make any decisions:
(1) Contrary to, or inconsistent with or which modifies or varies in any way, the terms of this Agreement or of applicable law or rules or regulations having the force and effect of law; or
(2) Which limits or interferes in any way with the powers, duties and the responsibility of the School District under its By-laws, applicable law and rules and regulations having the force and effect of law, except that this clause (2) shall not be deemed to limit the arbitrator's authority to make decisions or awards which he/she is authorized to make under this paragraph (d) on the matters set forth in paragraph (a) of this Step 3.
(e) The decision of the arbitrator, if made in accordance with his/her jurisdiction and authority under this Agreement, will be accepted as final by the parties and both will abide by it.
(f) The arbitrator's fee will be shared equally by the parties to the dispute.
(g) The School District agrees that it will apply to all substantially similar situations the decisions of an arbitrator sustaining a grievance and the Federation agrees that it will not bring or continue, and that it will not represent any employee in, any grievance which is substantially similar to a grievance denied by the decision of an arbitrator.

## C. General Procedures

1. The filing or pendency of any grievance under the provisions of this Article shall in no way operate to impede, delay or interfere with the right of the School District to take the action complained of, subject, however, to the final decision on the grievance.
2. Nothing contained in this Article or elsewhere in this Agreement shall be construed to permit the Federation to present or process in behalf of any employee without his/her consent a grievance not of the character described in Step lb.

5. At each of the first two (2) steps of the Grievance Procedure, the School District and the Federation shall have the opportunity and duty to present all documentary evidence and witnesses on which each relies in support of its position. If a grievance (a) arises from the action of authority higher than the Principal of a school or (b) is of such a nature as to involve the application or interpretation of any provision of this Agreement or of any policy or could be deemed as setting a precedent as to the working conditions or welfare of employees, the Federation may present such grievance at Step 2 of this procedure, without Step 1 thereof.
9. No decision on or adjustment of a grievance shall be contrary to any provision of this Agreement.
10. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the Federation to lodge an appeal at the next step of this procedure.
11. The time limits specified in this procedure may be extended, in any specific instance, by mutual agreement of the School District and the Federation.
12. Principals shall make arrangements to allow reasonable time without loss of salary for Federation Building Representatives to investigate grievances. In the event clarification is necessary as to what constitutes reasonable time, the Executive Director of Human Resources, after consultation with the Federation, shall make the final determination.
13. Second step hearings of disputes arising out of rostering and/or assignments for the next school year have priority status and shall be heard as soon after May 25 as possible and no later than July 10.

(m) Middle school and high school teachers shall not be rostered to teach more than one hundred and eighty (180) minutes consecutively or one hundred and

The Parties agree, as a pilot program, to identify five (5) such schools where vacancies shall be filled by the Site Selection process as set forth in Article XVIII, Section $C(7)(1)$, without regard to the voting procedures set forth in Article

XVIII, Section C(7)(1)(7) and (8). (7) In addition, in any school not so identified, the School Council, or in the absence of a Council, the Principal and Building Committee, may choose to implement school based selection of teachers pursuant to the following procedures:
(i) Upon approval of the Principal, a proposed waiver will be submitted for ratification by the affected staff in the school. (v) Any contract waiver achieved shall be presumed to continue in effect for a complete school year. Thereafter the waiver shall continue to be effective unless modified through the procedures of this Section.
(8) When a school organization has the option to implement school-based selection of teachers, a decision to use school-based selection shall be made by December 31st prior to the hiring season that such school-based selection procedures are implemented.

## ARTICLE XXIV <br> Working Conditions of Per Diem Substitute Teachers

## A. Work Schedule

The workday for employees shall be the teacher workday of the school to which they are assigned.

## B. Assignments and Transfers

1. A substitute teacher shall not be barred from assignment to a specific school nor removed from the list of eligible substitute teachers except for just cause. A copy of the recorded reasons shall be furnished to the employee.
2. A substitute teacher shall be entitled to a conference with the appropriate administrator who has initiated the action, which may be held after school hours. He/she may have a Federation representative present at such conference.
3. A per diem substitute teacher may be removed from the substitute teacher list by action of the Office of Human Resources and become ineligible for assignment when evaluated as unsatisfactory or when there are repeated absences, or refusal to accept assignments as specified in this Agreement or for other just cause. The Office of Human Resources shall notify such employee in writing prior to removing his/her name from the list.
4. An employee shall have the right, upon request, to a hearing to appeal a recommendation for such removal from the list of eligible substitute teachers to the Executive Director of Human Resources. Such hearing shall be conducted by a designee of the Executive Director of Human Resources. A decision shall be issued on such appeal within twenty (20) days of the date of appeal. The Federation may appeal a decision related to the limitation of assignment in a school or schools to arbitration under the dispute resolution provisions of this Agreement.
5. Seniority shall be calculated by the number of units of service as defined in Paragraph 10 of this Article for per diem substitute teachers having worked twenty-two (22) days or more within the School District of Philadelphia.
6. Substitutes shall lose all accumulated seniority if they accept a position outside the bargaining unit, resign, are discharged, or otherwise leave the bargaining unit (except as provided in this Section), irrespective of whether they are subsequently rehired by the School District.
7. When per diem substitutes are assigned as long term substitute teachers, they shall cease to be covered by the provisions of this Agreement.
8. However, should such employees return to this bargaining unit from long term status or should such employee return to the bargaining unit within four (4) years after leaving the bargaining unit for any other reason other than discharge, they shall receive full credit for seniority accumulated prior to their becoming a long term substitute or otherwise leaving the bargaining unit.
9. Seniority shall be calculated in the following manner:
10. Within a school year of September 1 to June 30, a per diem substitute teacher shall receive the following seniority units for days worked:

| DAYS WORKED | UNITS ACCUMULATED |
| :---: | :---: |
| Twenty-two to Forty-nine days | $1 / 2$ unit |
| Fifty to Ninety-four days | 1 unit |
| Ninety-five days or more | 2 units |

11. Effective each September 1, the Office of Human Resources shall establish seniority lists for substitutes who shall be grouped on such lists in accordance with their respective units of accumulated seniority.
12. Where possible, and to the extent permitted by the regulations of the Pennsylvania State Board of Education or the School Laws of the Commonwealth, substitutes shall be called for assignments from within the respective seniority groupings, from highest number of units to least number of units, irrespective of their areas of certification or lack of certification.
13. Should the regulations of the Pennsylvania State Board of Education or the School Laws of the Commonwealth not permit such method of assignment, then two (2) seniority lists shall be established. The first shall list all certified substitutes; the second shall list all non-certified substitutes, each within their respective seniority unit groupings.
14. The first shall list all properly certificated substitutes; the second shall list all non-certificated substitutes, each within their respective seniority unit groupings.
15. Assignments shall then be made from within the seniority groupings, from highest to least number of units, first to properly certificated substitutes within their area(s) of certification, second to such substitutes into areas where they do not hold certificates.
16. When all such certified substitutes have been offered assignments, the second seniority list of non-certified substitutes may be used following the unit grouping procedures as described above.
17. All assignments, within the respective seniority list(s), shall be distributed equitably among the substitutes within the respective seniority unit groupings.
18. All substitutes shall receive assignments solely from the AESOP System.
19. In the event a substitute is assigned to a school where the need for a substitute within his/her area(s) of certification extends past the initial assignment, the substitute may be offered an extension of such assignment.
20. In the event a certificated substitute is assigned to cover a position where the need for a substitute extends past the initial assignment, the substitute may be offered extension of such assignment.
21. A certificated substitute assigned to a position that will require a consecutive run shall remain in that position. However, the substitute shall become eligible for long term status in that position only if the long term substitute list has been exhausted.
22. Substitutes shall be permitted three (3) refusals of an assignment within their area of certification or availability. Further refusals will cause the substitute to be dropped from the list of active substitutes. A substitute dropped from the list shall not be permitted to re-register for employment as a substitute for three (3) months after the effective date of the drop. The Administration may, based upon the needs of the school system, waive the application of the above. The application of this clause may be reinstituted by the Administration upon prior notification to the Federation.
23. A lay off of up to one (1) year shall not be considered a break in service.
24. Any employee who is laid off up to one (1) year shall have all time in lay off status counted as service time for seniority purposes.
25. Per diem substitutes, who will not be permanently hired, shall be trained to relieve museum education teachers in the event that they are ill and cannot come to work.
26. If a per diem substitute teacher is assigned to a particular subject in a school and upon arrival at the school the subject is not available, he/she shall have the right to decline the assignment without penalty if he/she is not certified in the alternative subject.
27. In the event a substitute teacher reports to a building in accordance with an assignment given by the AESOP System and the services of the substitute teacher are unnecessary, then the substitute may be assigned to another school where the substitute is needed.
28. If the substitute teacher travels from the original school assignment to a second school assignment, he/she shall be paid at the authorized rate per mile for any distance traveled between the original and the second assignments.
29. After the third day of assignment to a consecutive run position, as permitted by the roster, the substitute teacher shall be given preparation time, not to exceed one (1) period per day.
30. To the extent that the policy of providing examination credit points for student teaching and/or teaching experience continues, substitute teachers shall receive one half ( $1 / 2$ ) point of examination credit for each one hundred (100) days of substitute service within a school year to a maximum of three (3) points.

## C. Duties

Substitutes shall be required to perform only those duties normally required of an appointed employee.

## D. Support Services, Facilities and Supplies

1. Facilities that are available to teachers shall also be available to substitute teachers.
2. If a child exhibits anti-social behavior, such essential information shall be recorded in the pupil pocket and maintained for a period of eighteen (18) months if the pupil has not exhibited similar and/or related behavior.
3. The School District and the Federation agree that special attention and supportive help and guidance in classroom techniques shall be provided the substitute teacher. All available resources including Principals, Assistant Principals, Department Heads and Administrative Assistants, as well as the experience and diverse abilities of all teachers, should be utilized to help orient the substitute teacher.
4. Each teacher shall be provided with a sufficient number of appropriate instructional materials.

## ARTICLE XXV Working Conditions of Professional Technical Employees

1. When the calendar has been established there shall be no revision in that calendar which shall result in a change in the total number of workdays, holidays and unpaid days off. The calendar applicable to twelve (12) month employees shall include no fewer than thirteen (13) paid holidays, among which shall be New Year's Day, Memorial Day, the Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

5. All employees in the bargaining unit shall be eligible to opt for compensatory time in lieu of overtime. Requests to utilize compensatory time must be submitted at least three (3) days in advance and must be approved by the employee's immediate supervisor and the division director. Permission will not be unreasonably withheld, however, it will not be granted where the employee's absence will interfere with the effective operation of the department. Special consideration will be given to personal emergencies requiring immediate attention.
6. In the event an additional second shift is established in any department in the bargaining unit to begin at 3:00 p.m. or thereafter, employees working on such shift shall receive, effective September 1, 1975, fifty cents (.50) per hour more than is payable in their respective classifications for day shift work.

4. The Assignment and Transfer provisions of Article XIX, Section B shall apply.
5. Subject to residence requirements, regularly appointed employees, who are displaced because of a program reduction or elimination of jobs shall have the right based on seniority to transfer to a vacant position similar to the one which the employee held prior to such reduction or elimination, or to a vacant lower paid position. In the event no such vacancies exist at the time the employee is displaced then the employee shall be placed on a preferential list for a period of two (2) years and during this period vacancies for such positions shall be filled from the employees on this list until they shall have had the opportunity to be offered such employment.
6. When an employee accepts an appointment to a permanent position not covered by this Agreement, his/her seniority as defined in this Section shall cease to accumulate. Should such an employee return to a position in the bargaining unit within one (1) year of the date on which he/she left his/her position
in the bargaining unit, his/her departmental seniority shall be the sum of his/her departmental seniority prior to his/her appointment to a position outside the bargaining unit and his/her departmental seniority from his/her date of return to a position in the bargaining unit.
7. No one shall be involuntarily transferred unless there is a drop in positions in which case it shall be done by department seniority within the work location.
8. An employee transferred due to a drop in positions shall have the right of return to his/her original department in the reverse order to that in which he/ she was transferred out, provided a request for such transfer is made within one (1) year of the date he/she was transferred out.

3. In the event that the schools are closed on account of inclement weather, the employees assigned thereto shall not be required to report for duty that day. Such employees shall be paid for the regular daily number of hours for that day.

## B. Assignments and Transfers

1. Subject to Federal Program guidelines, an employee who is in service shall be eligible for a summer position in his/her present job classification in seniority order.

## C. Duties

2. No employees shall be required to perform duty on street corners, which are not on the sidewalk immediately adjacent to school buildings. 5. The adjustment of behavioral problems is the responsibility of employees as well as of teachers and administrators. Employees shall have immediate recourse to the teacher or administrator to whom they report and shall be given effective and consistent support by such teacher or administrator who shall promptly take appropriate action in each case.

## E. Other Conditions

## APPENDIX C <br> Professional Development Standards

The parties are committed to effect improvements in the content and delivery mechanisms of professional development. In addition, the parties are committed to encourage employees' appreciation of the relevance and importance of professional development. With these objectives in mind, the parties agree that professional development within the School District must be based upon the following design principles/standards:

1. All professional development will be designed to meet the School District's strategic goals, content/performance standards, and assessed teacher/staff needs and/or to improve assessed student performance.
2. Professional development within the School District must be a continuous and ongoing process that promotes sustained interaction among teachers and other instructional and instructional support personnel to address issues of local common concern and the School District as a whole.
3. Professional development programs and activities for school-based employees will focus on improving teaching practice and school climate issues, and to the greatest extent possible, shall be linked to reflecting upon and improving daily practice.
4. Professional development programs for teachers shall be based on the recognition of education as a dynamic, professional field characterized by new developments and knowledge about the teaching and learning process and, to the greatest extent possible, shall emphasize growth and development in addition to remediation.
5. Professional development shall be implemented as part of a comprehensive program to improve student achievement. Thus, at the school level, for example, professional development programs should reflect school improvement planning.
6. Professional development programs shall draw on the resources and expertise of employees within schools. Programs shall also promote the School District's partnering with the Federation, and institutions of higher education as service providers.
7. Professional development shall emphasize the following key content areas:
(a) Enhancing content knowledge and delivery;

(c) Developing lessons, units and courses of study or curriculum development;
(d) Pedagogy and instructional strategies, including accommodating different learning styles;
(e) Assessment;
(f) Classroom management and conflict resolution;
(g) Student discipline and behavior management;
(h) Integrating learning technologies;

Delivery models may include but are not limited to the following:
(a) Study groups including structured discussion around instructional topics;
(b) Training through conferences and workshops;
(c) Involvement in development/improvement processes such as curriculum development, and special work assignments;
(d) Observation/assessment including peer coaching, clinical supervision and observing demonstration lessons modeling exemplary practice;
(e) Inquiry/action research and data analysis; and
(f) Individually guided activities that may include the use of interactive media and technology.
9. Professional development shall incorporate evaluation/assessment using multiple sources of data. Success of any professional development program must be measurable not merely by whether participants enjoy the experience, but by whether the program results in the acquisition and appropriate use of new knowledge and skills that bring about desired outcomes.

## APPENDIX D Curriculum

The Philadelphia Federation of Teachers and the School District mutually recognize the necessity of aligning standards, curriculum and assessment. This alignment is necessary in order to provide meaningful professional development that can be successfully incorporated into classroom content and instruction. Therefore, the parties agree to work cooperatively to develop wellarticulated programs of instruction for each grade level, including career and technical education, that will guide and support teachers in aligning classroom instruction with the standards, curriculum and assessment system in order to support improved student achievement. The programs of instruction will outline to teachers and inform parents as to what students should know and be able to do, and incorporate relevant research-based developments in the areas of teaching and learning and effective practice. National and local curriculum programs, models and materials will be reviewed on an ongoing basis to determine their value for alignment with the standards, curriculum and assessment system, and where deemed appropriate will be incorporated into the programs of instruction. Professional development framed by the aligned standards, curriculum and assessments will support teachers in the continuing enhancement of their content knowledge and classroom practice.

Teachers may be awarded years of credit for all their years minus one (1), to a maximum of step ten (10) on the current teacher salary schedule.

## Teacher Vacancies

The School District will use its best efforts to fill vacancies as promptly as possible.

## Teacher Recruitment

In the event the School District has been unable to recruit and/or hire a sufficient number of certified teachers to fill existing vacancies in areas of critical need through the normal hiring, posting and transfer processes by June 1, the School District may enter into contracts with outside providers to provide services which would otherwise be filled by bargaining unit members. Except in circumstances of unanticipated vacancies, the Federation shall be provided with no less than three (3) months' prior written notice of any decision to utilize any outside providers.

The School District shall use its best efforts to fill such vacancies through the normal hiring, transfer and job posting processes. The School District will continue its effort to recruit in shortage areas.

Ordinarily an outside provider may be utilized to fill a vacancy in any location for two (2) school years. The Federation-District Committee shall meet in February 2002 and in February of each subsequent year to evaluate whether a vacancy(ies) in critical needs areas can be addressed effectively by means other than renewal of a contract(s) with an outside provider(s). The Federation-District Committee will also consider ways to fill chronic vacancies permanently. Absent a concrete and reasonable basis for concluding that the vacancy(ies) can be filled for the following school year through the normal recruitment, hiring, transfer and job posting processes, the School District may contract for up to an additional two (2) years. A contract renewal shall be for only one (1) year if there is a concrete and reasonable basis to conclude that the vacancy(ies) can be filled through normal processes in less than two (2) years.

Teachers assigned by the School District pursuant to this agreement shall be considered as employees of the outside provider(s), shall not be considered as members of the school faculty or staff, and shall not be available for any other school duties.

## Professional Development for New Teachers

All newly hired teachers shall receive two (2) days of professional development at their school. Those teachers who receive their two (2) days of professional development during the summer, shall be paid at the professional development rate. New teachers hired after September 1st will be paid at their daily rate of pay for their professional development.

## Special Education Exceptionalities

The following will apply to Special Education Teachers:
In recognition of the vast differences between the exceptionalities, the teacher's approval will be required in order to change the teacher's assignment to a dif-
ferent exceptionality. If no one elects to teach a specific exceptionality, it will be offered as an option to the least senior Special Education Teacher.

## Retired Teachers and Retired School Nurses/Practitioners

The following will apply to retired teachers and retired school nurses/ practitioners:
A. After completion of the transfer process and the appointment of new teachers, the School District may hire retired certified teachers to fill teaching vacancies where there is no appointed certified teacher.
B. Retired teachers may be site selected.
C. The School District, at its discretion, can replace a retired teacher with a certified teacher at any time during the school year.

F. Rate of Pay

1. Retired teachers in a known vacancy shall be paid the daily rate for a starting teacher (currently Step 4 on the salary schedule) with the same degree.

b. The School District will pay out accumulated leave benefits at the end of each year to retired teachers; all leave will be prorated based on the amount of time the retired teacher works during the year.
H. The retired teacher benefits set forth in this Section are limited to teachers that retired from the School District of Philadelphia. Retirement is defined as superannuation according to the rules of the Public School Retirement System (PSERS).
I. Employment of retired teachers pursuant to this Section is subject to the continued emergency declaration as required by Act 63 of 2004.

## Payback for Prep Time

This will confirm the School District's procedure for repaying preparation time which could not be restored during the school year.

In June of each school year each school is to submit the dates on which the employee is to be reimbursed for lost prep time on a form distributed by the School District. Each school will total the periods lost and then indicate the number of lost prep periods to be reimbursed by either the cash pay back option [at the extra-curricular rate] and/or the personal leave option [one (1) day for every 315 minutes owed].

Not included in the above figures will be:
The first four (4) prep periods for elementary teachers for whom an S-324 has been submitted.

The first 180 minutes taken for coverage for secondary teachers. There is no pay back at the secondary level until the taking away is more than 180 minutes.

Every effort must be made to repay teachers for their lost prep time through the use of substitute service, if possible.

## Leaving Building During Preparation Time

The School District will reissue the March 24,1976 memo published by Charles A. Highsmith (the "Highsmith Memo") as follows:

It has been agreed that when teachers have prep time, they may leave the building. To insure that this is done in an appropriate and orderly fashion, the following procedures must be followed:

When teachers leave the building during prep time, it is their responsibility to return in time to meet their next scheduled class. Prep time may not extend the lunch period when it occurs after lunch unless permission is granted by the Principal. Prep time may not be used to permit teachers to arrive in school later than the set arrival time nor to leave school earlier than the set dismissal time.

In all schools, the following procedures must be followed:
a. The Principal, or his/her designee, shall grant such permission unless permission cannot be granted because:
(1) There is a need for emergency coverage.
(2) The teacher has a previously scheduled conference with a parent, another teacher, the counselor, the Principal, etc.
b. A "sign-out and sign-in" book will be placed beside the school sign-in register.
c. A teacher who wishes to leave the building must indicate this desire by signing out in the appropriate book when he/she signs in for that day.

These procedures must be made known to all members of the school staff.

## Administering Medication

Medication to students shall be administered in accordance with School District policy.

## Secretaries in Schools with Extended Day Programs

Principals who choose to pay secretaries supporting the Extended Day Program from Extra-Curricular (EC) funds shall follow the procedures below:

- Principals are required to send a memorandum to the Office of School Management requesting that EC funds be transferred to an appropriate budget to be established by the Finance Office. This memorandum shall confirm that all EC hours have been offered. Principals should have the appropriate PFT Building Representative co-sign the memorandum to the Office of School Management confirming that all EC hours have been offered.
- The Finance Office will establish an appropriate EBAR that will pay the employee the correct hourly rate.
- Secretaries shall only be eligible for additional pay under this Side Letter, at their appropriate rate, if they actually work beyond their regular work day.

## Food Services - Classification Formula Revision

This will confirm that upon review of the Classification Formula, it is agreed that credit should be given to the PFT Manager for performance requiring additional duties in: After School Programs and Saturday Programs. It is also agreed that the faculty meal equivalent will be revised to reflect actual sales.

Saturday Programs will be credited for actual meals served and will parallel the Classification Formula: one breakfast will be credited 1 meal equivalent and one lunch will be credited $11 / 2$ meal equivalent.

After School Programs will be credited at a rate of $1 / 2$ meal equivalent for each after school meal served.

Credit for faculty dining rooms will be realized on current revenues of the year earned and will be credited by the formula indicated in the May 26, 1993 "New Classification Formula." The grandfathering of the faculty rating will end after the classification rating for the June 2000 bid.

## Food Services - Special Service Manager

This will confirm the elimination of the position of Special Service Manager and the reclassification of incumbent employees to Food Service Manager IV Category. This action will allow the Special Service manager incumbents to be
added to the end of the Manager IV seniority list in their current Special Service Manager seniority order.

## Food Services - Manager IV Performance Bonus

Each Food Service Manager IV who achieves a base equivalent of 2,700 meal equivalents will be eligible for a bonus for the year of achievement. That bonus shall be two dollars for every meal equivalent above the 2,000 meal equivalent level. The 2,700 level must be achieved for eligibility.

## Food Services - Tuition Reimbursement

Food Service Managers shall be eligible for tuition reimbursement. The sum of fifteen thousand dollars $(\$ 15,000)$ will be earmarked by the Division of Food Services for tuition reimbursement for Food Service Managers. Each year, managers shall be eligible for tuition assistance for the cost of college credits to a maximum of seventy-five dollars (\$75) per credit to a maximum of six (6) credits per school year.

## Food Services - Distance Education

Effective September 1, 2000, Food Service Managers will be afforded the opportunity to participate in the Distance Education Program currently offered by Penn State University. Managers will be selected by the Division of Food Services on the basis of seniority. ## Professional/Technical Ten (10) Hour/Four (4) Day Per Week Shift

The following provisions will apply to foremen/planners (in the professional/ technical unit including the following Job Codes: 7085 (Area Maintenance Foreman); 5035 (Pest Control Foremen); and 6025 (Landscaping Foreman)), working a ten (10) hour/four (4) day per week schedule. The School District will create a new job code for individuals assigned to the ten (10) hour/four (4) day per week schedule.

Overtime compensation on this shift will be earned for hours worked in excess of forty (40) hours in a workweek.

Employees assigned to the ten (10) hour / four (4) day per week schedule shall receive pro-rated vacation, personal and sick leave benefits to be used in accordance with the terms of this Agreement. For example, if an employee is entitled to ten (10) paid vacation days at the rate of eight (8) hours per day under the terms of this Agreement, employees on this shift will be entitled to eight (8) days of vacation at the rate of ten (10) hours per day.

Twelve (12) month employees assigned to work the four (4) day workweek shall receive no less than 10.5 holidays per calendar year computed a the rate of ten (10) hours per holiday. Within thirty (30) days after the School District publishes the school calendar for the following year, the School District shall provide a schedule of holidays for employees on this shift, which the Union may review. Included in the schedule of holidays will be a specific number of "floating holi-
days" which shall represent pro-rated time off for holidays that occur on Mondays and Tuesdays for that fiscal year. In no event, however, will the number of holidays exceed the total pro-rated amount referenced in this paragraph. Employees shall be entitled to use floating holidays after the actual holiday for which it was provided occurs, on the condition that the employee was actively employed on the date of the actual holiday.

For example, if a holiday falls on a Monday (i.e. Labor Day), the employees on this shift will be provided with a floating holiday, to be used in accordance with the terms of this Section. If a holiday falls on a Wednesday, Thursday or Friday the employees will be off on the designated holiday. Finally, if an actual holiday falls on a Saturday (i.e. New Years Day, Fourth of July, Christmas Day), the School District may designate that holiday as a scheduled holiday for this shift, and the employees will work the remaining days of their regularly scheduled shift.

Compensation for floating holidays will be at the employee's regular rate of pay. Unused floating holidays shall not be accumulated or carried over from year to year. Employees shall be paid for any unused floating holidays at the end of a fiscal year at his/her current rate of pay.

This is to confirm our April 10th agreement of this office placing a fax machine in all of our non-school locations effective September 2000. We will not provide another phone line, but will notify staff when it is necessary for us to fax information to them.

Hopefully, this will alleviate staff from receiving documents late or not at all by mail.

## Paychecks

The School District agrees that as soon as possible, paycheck stubs shall itemize all "adjustments" including such as have not heretofore been itemized.

## Reading at Faculty Meetings

The School District agrees that any printed or duplicated materials distributed at faculty meetings shall not be read to the teachers.

- An evening school employee shall be paid twenty-five percent $(25 \%)$ of his/her unused sick leave at the termination of all employment by the School District of Philadelphia. Such pay shall be at the rate applicable when the employee last served in evening school, until such time as all employees have terminated and received their termination pay at the stipulated rates.
- Employees working in the evening school will be given for each period beginning September 1 and ending August 31, up to a maximum of two (2) evenings sick leave with full pay. Twenty (20) sessions of work will entitle such employee to one (1) evening of accrued sick leave.
- An evening school employee shall suffer no loss in leave time or evening school pay if he/she is absent because he/she is required to attend an unpaid activity by his/her day school principal.

## School Day/School Year

The Parties recognize the obligation arising under the Pennsylvania Public School Code, 24 Purdon's Statutes, Act 46 of 1998 and Act 83 of 2001, codified at 24 P.S. Sec. $6-696(\mathrm{k})(3)$, with respect to the number of hours of instruction required on an annual basis and the number of instructional days per school year.

The Parties agree that the number of instructional days currently provided in the Collective Bargaining Agreement meets or exceeds the State average as determined by the State Department of Education and further that the number of hours of instruction for students on an annual basis meets or exceeds the required number of hours of instruction for students as determined by the Department of Education.

In the event that during the life of this Agreement the School District no longer meets either of these requirements, the Parties agree that they will meet to resolve any issues arising therefrom.

## Incentive Schools

For the 2009-2010 school year, each teacher on the staff of a school on the Incentive Schools List in 2009-2010 shall receive tuition reimbursement of up to six (6) credits, at the rate of $\$ 400$ per credit to a maximum of $\$ 2,400$.

For the 2009-2010 school year, teachers on the staff of schools on the Incentive School List in 2009-2010 who have attained a Masters +30 and beyond shall have the option of receiving tuition reimbursement or three (3) additional personal leave days in the 2009-2010 school year to be placed in a frozen leave bank payable at retirement or resignation.

## Savings Clause

The consolidation of contract language covering CELC, Head Start and any other Pre-K employees into a single section of the Collective Bargaining Agreement called Pre-K is not intended as a consolidation of any existing bargaining unit. This consolidation of language shall not affect, modify or change any contractual rights of any bargaining unit members including but not limited to, lay-off, seniority, assignment, job bidding or any other contractual right unless such change is agreed to by the parties and incorporated into this Agreement.
