Dear Colleagues,

Prince George’s County Public Schools is committed to continuous improvement when it comes to implementing the teacher evaluation process. In response to your request for multiple forms of communication, we are providing you with a hard copy of the **2012-2013 PGCPS Teacher Evaluation Handbook** this year. The handbook includes the guidelines, forms and other useful information that teachers and administrators will need in a single reference document. The individual sections will also be available electronically and information will be posted to the appropriate website throughout the school year as new information and tools become available.

As we continue the roll out of the Danielson Framework for Teaching model as the teaching and learning framework for PGCPS, you will start to see more and more of the professional development and instructional resources aligned to FFT. This year, new FFT-aligned lesson plan templates for most content areas have been created, with remaining content areas currently in development. These templates can be found on the Office of Curriculum and Instruction google site at [https://sites.google.com/a/pgcps.org/curriculum-and-instruction-home/home](https://sites.google.com/a/pgcps.org/curriculum-and-instruction-home/home). We encourage you to familiarize yourself with the new templates and to begin using them as soon as possible.

PGCPS will also move into year two of the MSDE Educator Effectiveness pilots in 2012-13. The PGCPS MSDE Teacher Evaluation Pilot will be implemented in 38 schools. We’ve created a separate version of the handbook specifically for administrators and teachers assigned to these schools. Please make sure you refer to the appropriate version of the handbook for your situation (MSDE-pilot or Non-MSDE pilot).

The electronic references for the handbook and other information will be available online at the appropriate website. Once the school year begins, the websites will be the best places to access the latest information, tools and resources.

If you have any questions about the teacher evaluation process or suggestions for ways to make it better, please contact the Office of Employee Performance at [teacher.evaluation@pgcps.org](mailto:teacher.evaluation@pgcps.org). The work to redesign the teacher evaluation system is ongoing and there will likely be additional changes and refinements as the year progresses.

We wish you all the best for a fabulous school year!

The Office of Employee Performance
July 23, 2012

Dear Educator:

Prince George's County Public Schools is moving towards an evaluation system that ensures every student has a highly effective teacher in every classroom.

As you know, education is the engine that sustains the economy to transform our country's future. We are committed to graduating students who are college- and career-ready, equipping them with the necessary tools for success in the 21st century.

For our students to achieve at the highest levels, they need the best education. Improvements in student achievement ultimately rely upon the expertise of our educators. The Framework for Teaching model will assist in improving student achievement and rewarding effective teachers and principals.

This process will be consistent, transparent and fair. The evaluative process will provide instructionally-relevant information and facilitate recognition of our most effective educators.

We want to assure you that this process will help us to guide struggling teachers, remove ineffective teachers from the classroom when necessary, and ultimately establish a path that all educators can follow for continuous improvement in the delivery of instruction.

Sincerely,

Duane Arbogast
Chief Academic Officer

Synthia Shilling
Chief Administrator for Human Resources

Members of the Prince George's County Educators' Association

Dear Colleagues:

Several years ago the Prince George's County Public Schools and the Prince George’s County Educators’ Association embarked on a collaborative effort to improve the process for classroom observations. During this time, largely in response to Federal Race to the Top (RTTT) initiative, the Maryland legislature in Annapolis instituted many changes to the evaluation process for educators in the State of Maryland. Thanks to our prior work with the FIRST grant and our willingness to have the hard conversations about finding a way to improve practice in the classroom, we are well-positioned in this, the new age of “accountability,” to cope with these changes from the Maryland State Department of Education.

Last year we piloted the Framework for Teaching (FFI) with twenty-five percent of our classroom instructors; this fall will see its implementation for every on-cycle teacher in Prince George's County. It is our hope that everyone will embrace the Charlotte Danielson model and recognize that the intent is to build more reflection about instruction into our daily lives. This new observation process also gives us an opportunity to recognize effectiveness in the classroom and excellence in instructional practice with an eye to creating new Teacher Leadership positions in the coming years.

Change is always difficult, and issues are sure to arise as we go forward. We have maintained since the beginning that a new observation process must be fair, free of personal bias and based on evidence. The Association will continue to be actively involved in the implementation process to safeguard the interests of its members. We hope that everyone will eventually come to see the Framework for Teaching as little more than a roadmap to improved professional practice.

For the Association,

Kenneth B. Haines

PGCEA President

Administrators and Educators:

The Association of Supervisory and Administrative School Personnel (ASASP) is in full support of the newly developed Teacher Evaluation Handbook. Cooperative partnerships between the Superintendent, Members of the Board of Education, and those organizations representing the professional employees of the school district, can only increase the academic success levels of our students. ASASP has participated in the development of the design and in the implementation strategies outlined in the completed document.

The release of the Handbook could be critical to the expressed academic outcomes included in the Master Plan for all Prince George’s County Public Schools. It is with this acknowledgment that we submit this letter of endorsement highlighting our commitment to the articulated evaluation process.

Respectfully,

Teacher Evaluation Guidelines

These guidelines are intended to highlight important considerations for implementing the teacher evaluation process for 2012-13. The detailed step-by-step process for using Framework for Teaching is a separate document that includes links / page references to the forms you need to complete the process. If you have questions, please contact the Employee Performance Office at teacher.evaluation@pgcps.org.

Basic Terminology

- **Evaluation vs. Observation**: “Evaluation” means an appraisal of professional performance over a period of time based on written criteria and procedures that result in a written evaluation report. “Observation” means a classroom observation of a teacher’s professional practice on a specific date conducted by certificated individuals who have completed training related to the identification of teaching behaviors that result in student growth. Formal observations are conducted as a part of the evaluation process for teachers “on-cycle” for an annual evaluation. The minimum number of formal observations is determined by the tenure status of the teacher. All “on cycle” tenured teachers must be observed formally twice a year; non-tenured teachers must be observed four times.

Categories of Teachers

- **Regular Contract Teachers (self-renewing contract)**
  - **Probationary / Non-tenured Teacher**: These teachers have a hire date on or after July 1, 2010. They have a 3-year probationary period before being considered for tenure. They are required to be on-cycle for evaluation until they become tenured and their evaluation is supported by a minimum of four formal observations. They are also required to have an interim and final evaluation.
  - **Tenured Teacher**: These teachers have a hire date prior to July 1, 2010. Tenured teachers are required to be evaluated every year if they hold an SPC certificate. If they hold an APC certificate, they are required to be evaluated in the first year of the 5-year certificate validity period and a minimum of one more time during years 2 through 5. An APC certificate holder may be placed on-cycle more frequently for a variety of reasons (e.g. teacher is in a new assignment, teacher is having performance issues, teacher is looking for additional support to improve his/her effectiveness, etc.).

- **Provisional Contract Teachers (fixed term contract for one year, subject to annual renewal)**
  - Conditionally certificated teachers
  - Resident teacher certificate holders

Teacher Evaluation Cycles

- Not all teachers must be evaluated every year (see “Guidelines for Selecting a Teacher to be “On-cycle” for Evaluation in 2012-13”); however, all teachers – even those “off-
cycle” -- should conduct a self-assessment and goal setting each year and have an end-of-year conference with their administrators as a matter of sound professional practice. The self-assessment tool and goal setting process are based on Framework for Teaching so all teachers should familiarize themselves with FFT in order to complete this process.

- “On-cycle” means that a teacher will be evaluated that year; “off-cycle” means that a teacher will not be evaluated that year (i.e., that the teacher is a tenured teacher with an APC and the principal has determined they will not be evaluated that year. Remember: All tenured APC holders are not automatically placed “off-cycle.” Tenured teachers with an APC must be evaluated within the first year of the APC certificate validity period and a minimum of twice during the five year validity period. Any teacher who is having performance issues should be placed “on-cycle” regardless of certificate type. The principal has discretion to determine when to evaluate a tenured teacher with an APC in the required cycle.

- If a teacher is “on-cycle,” he/she is required to have formal observations (see below for minimum numbers).

- Principals will have to review and finalize their teacher evaluation rosters in Oracle. Evaluation cycle status will be communicated to teachers directly by the school administrative team and the Office of Employee Performance no later than early September.

**Placing an “Off-cycle” Teacher “On-cycle” Mid-Year**

- Any teacher who is identified as having performance issues mid-year may be placed “on-cycle” by the principal. The principal will submit the request along with documented evidence of the performance problem to the instructional director and associate superintendent for approval.

- Absent very unusual circumstances (e.g., a sudden and significant deterioration in teaching skills late in the school year, or where a teacher returns late in the school year from a lengthy leave of absence), a decision to place a teacher “on-cycle” for the school year should be made by February 1.

- Placement of a teacher “on-cycle” during the school year requires prompt written notification to the teacher of the reason[s] for such action, with copies of such notification being sent to the appropriate instructional director and associate superintendent, as well as to the Office of Employee Performance. Notification to the Office of Employee Performance should be made via email to teacher.evaluation@pgcps.org and include the teacher’s name, EIN and school name. Once notification has been received, the Office of Employee Performance will send out a confirmation to the principal, the teacher, and the instructional director with a copy to PGCEA.

**Classroom Observations**

- Observation requirements are separate from evaluation requirements. All MSDE pilot participants and classroom-based teachers will use FFT for the formal classroom observations if they are on-cycle for evaluation. The number of formal observations is based on tenure status. All “on cycle” tenured teachers must be observed formally twice per year; non-tenured teachers must be observed four times.

- All non-tenured teachers must be observed by more than one qualified person each school year even if their performance is fully satisfactory

- All observations must be conducted with full knowledge of teachers, but need only be “announced” in certain situations; e.g., for non-tenured teachers, 1 of the 4 required observations must be announced at least 2 days in advance, and, for tenured teachers,
once written notice is given to a teacher of needed improvements, at least 2 days advance notice of an observation is required.

- Informal observations using the “look fors” that are based on Framework for Teaching may be used with any teacher regardless of whether or not he/she is on-cycle for evaluation this year.
- An administrator conducting an observation conference may, at his or her discretion, allow the teacher to have union representation at such conference. In many instances, the presence of a union representative may facilitate the administrator’s communication to the employee of the nature and seriousness of the noted performance concerns. Even if the union representative is not in attendance at the observation conference, it is still permissible – and frequently beneficial – for the administrator to have discussions with the union representative outside of the formal observation conference regarding the noted performance concerns.

Framework for Teaching (FFT) Exempt Positions

- The following teaching positions are exempt from using FFT for formal observations. Teachers holding these positions who are “on-cycle” for evaluation should be formally observed using Standards for Excellence.
  - Reading Specialist
  - Wing Coordinator
  - Testing Coordinator
  - Program Coordinator
  - Media Specialist
  - Guidance Counselor
  - Athletic Director
  - SPED CSEP
  - SPED CRI
- Questions that arise during the year about which observation protocol to use, should be directed to the Office of Employee Performance at teacher.evaluation@pgcps.org.

Teacher Evaluation

- If a teacher has performance issues, he/she should ideally have both an interim and a final/year-end evaluation. Interim evaluations should be given if performance problems are noted in the appropriate timeframe; however, they are not required in all circumstances (e.g., where there is a sudden and significant deterioration in teaching skills late in the school year, or where a teacher returns late in the school year from a lengthy leave of absence).
- More than one interim evaluation may be given if the evidence supports such action.
- An overall unsatisfactory annual evaluation must include at least one observation by an individual other than the immediate supervisor.
- Principals will use the Standards for Excellence evaluation tool and provide an overall rating of Satisfactory or Unsatisfactory based on the assessment of the teacher’s performance that includes, but is not limited to the classroom observations.
- If a teacher is out on leave for a portion of the year (such as after an interim evaluation), making additional observations, etc., impossible to conduct, a principal may still provide a final/year-end evaluation to the teacher as long as reasonable documentation exists on which to base such an evaluation.
- If a teacher is performing unsatisfactorily in a discrete area, a principal is not required to, but may, rate that teacher as unsatisfactory overall; it will depend on the facts of the case.
• An administrator conducting an evaluation conference may, at his or her discretion, allow the teacher to have union representation at such conference. In many instances, the presence of a union representative may facilitate the administrator’s communication to the employee of the nature and seriousness of the noted performance concerns. Even if the union representative is not in attendance at the evaluation conference, it is still permissible – and frequently beneficial – for the administrator to have discussions with the union representative outside of the formal evaluation conference regarding the noted performance concerns.

• Ordinarily, a teacher who receives an overall unsatisfactory final/year-end evaluation will be placed on second class certificate status for the following school year, and will continue to be provided with assistance and support throughout that year to achieve a satisfactory level of performance. Receipt of a second consecutive overall unsatisfactory annual evaluation will normally result in a recommendation by the Superintendent of Schools for termination of employment. However, there is no automatic entitlement to the adherence to such a two-year process. Significant performance deficiencies may result in a termination recommendation at an earlier time; as long as thorough documentation exists of such deficiencies, the assistance and support given to the teacher in an effort to ameliorate those deficiencies, and the impact on students of the continuing deficiencies.

• If a teacher received an unsatisfactory evaluation in 2011-12 and the formal classroom observations were conducted with Standards for Excellence, the teacher’s observations in 2012-13 will be conducted using Framework for Teaching if the teacher is in a classroom-based instructional position. An unsatisfactory evaluation last year does not exempt the teacher from being observed using FFT.

• The written evaluation report must be shared with the teacher. If the teacher is on leave when the evaluation is completed, scan and email a copy to the teacher, and also mail copies to the teachers’ home (both first class mail and certified mail) and ask the teacher to sign and return a copy to you.

• Deadlines: Overall Un-satisfactory Evaluation – June 1

1. Place them in Teacher Handbook distributed at beginning of school year or refer to the hard copy or electronic versions of the PGCPS Teacher Evaluation Handbook.
2. Teachers with performance issues should have a minimum of 4 formal observations during the year, but even more may be appropriate.
3. Off-Cycle Tenured teachers – follow this same format if informal observations raise performance concerns and cause placement of teacher on an evaluation cycle. Absent very unusual circumstances, a decision to place a teacher “on-cycle” for the school year should be made by February 1.
4. Self Assessments will use only the 8 Essential Components of the Danielson Framework for Teaching.
5. Must be only 2 measurable goals for the year.
6. All observations must last at least 30 minutes.
7. As soon as performance issues are noted, an Action Plan should be developed, assistance should be provided, etc.
8. Interim evaluations can be issued at any time if performance problems are noted later in the school year.
9. Recommendation for nonrenewal of probationary teacher must be submitted to ELRO, with all supporting documentation, by March 1, due to requirements for Board action and notification to employee by May 1.
10. Unsatisfactory evaluations must include at least one observation by someone other than the employee’s immediate supervisor.

Framework for Teaching Observation Process

The following Framework for Teaching Observation Process pages itemize the observation process steps and list all corresponding forms and timelines in which to complete the forms. Please utilize this document for detailed instructions on how to complete the observation process. The online version of this document also includes links to the referenced observation process documents.

Framework for Teaching Observation Process Documentation Form

The Framework for Teaching Observation Process Documentation Form serves as a companion checklist to be used throughout the observation process. Administrators can use this tool to ensure they have completed the necessary documents and are meeting timeline requirements through each step of the observation process. While this form is not mandatory, it is a helpful documentation tool which summarizes the steps taken thus far in the observation process and is encouraged for use.
## FFT Observation Process

**NON-TENURED TEACHERS WITH NO PERFORMANCE ISSUES AND PROVISIONAL CONTRACT TEACHERS WITH OR WITHOUT PERFORMANCE ISSUES**

### FFT Observation Procedures 2012-13

- All non-tenured teachers will be observed a minimum of four times a year using the full version of FFT observation tool.
- Administrators should provide teachers a copy of the observation and evaluation forms at the beginning of the school term or whenever the teacher begins his/her service.

### Step 1: Self Assessment
- Teachers will complete a self assessment focused on **only the 8 Essential Components** of the Danielson Framework for Teaching (FFT). [Click here](#) for the Self Assessment Form.
- Used to create a minimum of 2 goals. It is not required that the teacher develops a goal for each of the 8 components; first-time FFT users should consider setting a goal of becoming familiar with the 8 essential components.
- The self assessment must be completed by September 15th and prior to the goal setting conference.

### Step 2: Goal Setting Conference
- The teacher will develop professional growth goals using the Teacher Goal Setting Form. [Click here](#) for the Goal Setting Form.
- The teacher will indicate the domain(s) and component(s) for growth and explain how s/he will improve and measure/document growth.
- Teacher brings the goal setting form and the self-assessment form to the goal setting conference.
- If the teacher is not a 1st year teacher, the administrator will review the self assessment, the goal setting form, the prior year’s summative evaluation and prior year’s observations during the goal setting conference.
- Administrator and teacher agree upon 2 measurable goals for the year.
- The conference will be held face-to-face by September 15th.

### Step 3: First Formal Observation
- First formal observation (including pre and post conference) may begin one week after the goal setting conference.
- Pre-observation conference:
  - The teacher provides the administrator with the lesson plan for the visit prior to the observation.
  - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. [Click here](#) for the Pre-Observation Conference Agenda and Meeting Notes Form.
- Classroom Observation:
  - Observation lasts at least 30 minutes
  - Focus will be on the 8 essential components
  - Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. [Click here](#) for the Lesson Reflection Form.
  - Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. [Click here](#) for the Formal Observation Form.
- Post-observation conference:
Step 4: Second Formal Observation

- Second formal observation (including pre and post conference) must be completed by the end of the first semester.
  - Pre-observation conference:
    - The pre-conference will be held at least 2 weeks prior to the second formal observation.
    - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. [Click here](#) for the Pre-Observation Conference Agenda and Meeting Notes Form.
    - The observation is scheduled to occur any work day within a 5 work day window following the pre-observation conference.
    - The teacher provides the administrator with the lesson plan prior to the observation.
  - Classroom Observation:
    - Observation lasts at least 30 minutes
    - Focus will be on the 8 essential components
    - Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. [Click here](#) for the Lesson Reflection Form.
    - Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. [Click here](#) for the Formal Observation Form.
  - Post-observation conference:
    - The conference will be held within 5 work days of receiving the teacher’s reflection.
    - Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. [Click here](#) for the Post-Observation Conference Agenda and Meeting Notes Form.
    - Teacher may provide additional artifacts as follows:
      - May present supporting evidence for domains 2 and 3
      - May demonstrate competency for the components not observed for domain 1
      - Should demonstrate competency in the components not observed for domain 4.
    - Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

Step 5: Interim (Mid-year) Evaluation

- The interim evaluation must be completed by the end of the 1st semester.
  - Interim / mid year reviews are to be completed using the Interim Evaluation Form. [Click here](#) for the Interim Evaluation Form.
  - Administrator provides the teacher with a copy of the interim evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

Step 6: Third Formal Observation (Completed in February or March)

- Pre-observation conference:
The pre-conference will be held at least 2 weeks prior to the third formal observation. The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda and Meeting Notes Form.

The observation is scheduled to occur any work day within a 5 work day window following the pre-observation conference.

The teacher provides the administrator with the lesson plan prior to the observation.

- **Classroom Observation:**
  - Observation lasts at least 30 minutes
  - Focus will be on the 8 essential components
  - Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. Click here for the Lesson Reflection Form.
  - Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. Click here for the Formal Observation Form.
  - Observations must be performed by personnel eligible for and certified by the district in FFT who have demonstrated proficiency in conducting FFT and passed assessments demonstrating the required skills to evaluate.
  - Observers may only observe one teacher at a time in a classroom setting.
  - Observers may only observe teachers in a setting that is part of their normal instructional duty, which would exclude covering for another teacher or when children from other classes have been placed in their classrooms on a temporary basis.
  - Observations shall not occur the day before or the day after holidays such as Thanksgiving, Winter Break, Spring Break, emergency closings greater than three days or approved absences greater than three days.

- **Post-observation conference:**
  - The conference will be held within 5 work days of receiving the teacher’s reflection.
  - Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Post-Observation Conference Agenda and Meeting Notes Form.
  - Teacher may provide additional artifacts as follows:
    - May present supporting evidence for domains 2 and 3
    - May demonstrate competency for the components not observed for domain 1
    - Should demonstrate competency in the components not observed for domain 4.
  - Administrator provides the teacher with a final copy of the Formal Observation Form with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

**Step 7: Fourth Formal Observation**

- The fourth formal observation must be completed in April or May.
- **Pre-observation conference:**
  - The pre-conference will be held at least 2 weeks prior to the fourth formal observation
  - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda and Meeting Notes Form.
  - The observation is scheduled to occur any work day within a 5 work day window following the pre-observation conference.
  - The teacher provides the administrator with the lesson plan prior to the observation.
- **Classroom Observation:**
  - Observation lasts at least 30 minutes
  - Focus will be on the 8 essential components
  - Teacher completes the lesson reflection form within two work days of the observation and...
submits it to the administrator. Click here for the Lesson Reflection Form.

- Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. Click here for the Formal Observation Form.

- Observations must be performed by personnel eligible for and certified by the district in FFT who have demonstrated proficiency in conducting FFT and passed assessments demonstrating the required skills to evaluate.

- Observers may only observe one teacher at a time in a classroom setting.

- Observers may only observe teachers in a setting that is part of their normal instructional duty, which would exclude covering for another teacher or when children from other classes have been placed in their classrooms on a temporary basis.

- Observations shall not occur the day before or the day after holidays such as Thanksgiving, Winter Break, Spring Break, emergency closings greater than three days or approved absences greater than three days.

- **Post-observation conference:**
  - The conference will be held within 5 work days of receiving the teacher’s reflection.
  - Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Post-Observation Conference Agenda and Meeting Notes Form.
  - Teacher may provide additional artifacts as follows:
    - May present supporting evidence for domains 2 and 3
    - May demonstrate competency for the components not observed for domain 1
    - Should demonstrate competency in the components not observed for domain 4.
  - Administrator provides the teacher with a final copy of the Formal Observation Form with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

**Step 8: Final Evaluation (Summative/End-of-Year) Conference**

- The administrator should complete the Final Evaluation form for teachers receiving a Final Evaluation. Click here for the Final Evaluation Form.

- The administrator and teacher will establish a date and time for the Final (Summative/End of Year) Evaluation Conference.

- The conference will be held by the last teacher duty day

- The following topics may be reviewed:
  - The goals developed by the teacher and any evidence collected which demonstrates growth and attainment of the goals.
  - A review of the marked Descriptors of Practice from the 4 formal observations to determine growth and practice.
  - A review of the informal classroom observations and other evaluation inputs (such as student achievement data).

- **Discussion and debrief:**
  - Review the teachers’ goals and growth in the identified components of practice.
  - Were the goals achieved and to what extent?
  - What opportunities are needed for further growth in these components?
  - What additional supports does the teacher perceive are needed to support growth?

- Administrator provides the teacher with a copy of the final evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

**NOTES FOR NON-TENURED TEACHERS**
All non-tenured teachers must be observed each year by more than one qualified person – i.e. all four observations can’t be by the same person.

**Note on Informal Observations**

- Informal observations can be conducted at any time. When conducting informal observations, you may use the PGCPS Instructional “Look Fors”. These are optional tools that can be used as a guide during informal observations and are not required. The Look Fors can be accessed/downloaded here [Elementary Reading/ English Language Arts](#), [Middle School Reading/ English Language Arts (Grades 6-8)](#), [High School Reading & Language Arts](#), [Mathematics](#), [Science K-8](#), [Science- High School](#), [Social Studies](#), [World Languages](#).

If the administrator sees evidence that would support basic or unsatisfactory performance ratings during an informal observation, he/she should refer to the “Teacher Observation and Evaluation Matrix,” for next steps.

**Step 7: Fourth Formal Observation**

- The fourth formal observation must be completed by February 28th.

- Pre-observation conference:
  o The pre-conference will be held at least 2 weeks prior to the fourth formal observation
  o The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda Meeting Notes and Form.
  o The observation is scheduled to occur any work day within a 5 work day window following the pre-observation conference.
  o The teacher provides the administrator with the lesson plan prior to the observation.

- Classroom Observation:
  o Observation lasts at least 30 minutes
  o Focus will be on the 8 essential components
  o Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. Click here for the Lesson Reflection Form.
  o Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. Click here for the Formal Observation Form.

  - Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

**Step 8: Final Evaluation (Summative/End-of-Year) Conference**

- The final evaluation conference must be completed by February 28th.
- The administrator should complete the Final Evaluation form for teachers receiving a Final Evaluation. Click here for the Final Evaluation Form.
- The administrator and teacher will establish a date and time for the Final (Summative/End of Year) Evaluation Conference.
- The conference will be held by the last teacher duty day
- The following topics may be reviewed:
  - The teacher’s self-assessment and their self-reflection of growth in practice with the 8 essential components.
  - The goals developed by the teacher and any evidence collected which demonstrates growth and attainment of the goals.
  - A review of the marked Descriptors of Practice from the 4 formal observations to determine growth and practice.
  - A review of the informal classroom observations and other evaluation inputs (such as student achievement data).

- Discussion and debrief:
  - Review the teachers’ goals and growth in the identified components of practice.
  - Were the goals achieved and to what extent?
  - What opportunities are needed for further growth in these components?
  - What additional supports does the teacher perceive are needed to support growth?
- Administrator provides the teacher with a copy of the final evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

**NOTES FOR NON-TENURED TEACHERS**
- Recommendations for non-renewal must be submitted by the administrator to the Employee & Labor Relations Office by March 1st.
For non-tenured teachers hired on/after January 1st, non-renewal notification is required no later than 60 days prior to the 1st, 2nd or 3rd anniversary date or June 15th of a given year. Please refer to the “Teacher Observation and Evaluation Matrix,” for any questions related to this process.

All non-tenured teachers must be observed each year by more than one qualified person – i.e. all four observations can’t be by the same person.

Note on Informal Observations
- Informal observations can be conducted at any time. When conducting informal observations, you may use the PGCPS Instructional “Look Fors”. These are optional tools that can be used as a guide during informal observations and are not required. The Look Fors can be accessed/downloaded here: Elementary Reading/ English Language Arts, Middle School Reading/ English Language Arts (Grades 6-8), High School Reading & Language Arts, Mathematics, Science K-8, Science- High School, Social Studies, World Languages.

If the administrator sees evidence that would support basic or unsatisfactory performance ratings during an informal observation, he/she should refer to the “Teacher Observation and Evaluation Matrix,” for next steps.

ON CYCLE TENURED TEACHERS WITH NO PERFORMANCE ISSUES
FFT Observation Procedures 2012-13

All “SPC” certificated teachers and “APC” certificated teachers who are due for evaluation and do not have performance issues*

*Note: “APC” certificated teachers must be evaluated 2 times of the 5 year APC certificate period. One of these two evaluations must be in the first year of that 5 year APC certificate period.

- Administrators should provide teachers a copy of the observation and evaluation forms at the beginning of the school term or whenever the teacher begins his/her service.

**Step 1: Self Assessment**
- Teachers will complete a self-assessment using only the 8 Essential Components of the Danielson Framework for Teaching (FFT). [Click here](#) for the Self Assessment Form.
- Used to create a minimum of 2 goals. It is not required that the teacher develops a goal for each of the 8 components; first-time FFT users should consider setting a goal of becoming familiar with the 8 essential components.
- The self assessment must be completed by September 30th and prior to the goal setting conference.

**Step 2: Goal Setting Conference**
- The goal setting conference should be completed by September 30th.
- The teacher will develop professional growth goals using the Teacher Goal Setting Form. [Click here](#) for the Goal Setting Form.
- The teacher will indicate the domain(s) and component(s) for growth and explain how s/he will improve and measure/document growth.
- The teacher brings the goal setting form and the self-assessment form to the goal setting conference.
- The administrator (observer) will review the self assessment, the goal setting form, the prior year’s final evaluation and prior year’s observations with the teacher during the goal setting conference.
- Administrator and teacher agree upon a minimum of 2 measurable goals for the year
- The goal setting and pre-observation conferences for the first formal observation may be held as one face-to-face meeting. If the pre-observation is to be held as a separate meeting, it should be scheduled at the end of the goal setting conference.

**Step 3: First Formal Observation**
- The first formal observation (including the pre and post conference) should happen as soon as possible after the Goal Setting Conference and no later than the end of the 1st semester.
- Pre-observation conference:
  - The teacher provides the administrator with the lesson plan for the visit prior to the observation.
  - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. [Click here](#) for the Pre-Observation Conference Agenda and Meeting Notes Form.
- Classroom Observation:
  - Observation lasts at least 30 minutes
  - Focus will be on the 8 essential components
  - Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. [Click here](#) for the Lesson Reflection Form.
  - Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. [Click here](#) for the Formal Observation form.
  - Observations must be performed by personnel eligible for and certified by the district in FFT who have demonstrated proficiency in conducting FFT and passed assessments demonstrating the required skills to evaluate.
  - Observers may only observe one teacher at a time in a classroom setting.
  - Observers may only observe teachers in a setting that is part of their normal instructional duty, which would exclude covering for another teacher or when children from other classes have been placed in
their classrooms on a temporary basis.

- Observations shall not occur the day before or the day after holidays such as Thanksgiving, Winter Break, Spring Break, emergency closings greater than three days or approved absences greater than three days.

**Post-observation conference:**

- The conference will be held within 5 work days of receiving the teacher’s reflection.
- Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Post-Observation Conference Agenda and Meeting Notes Form.
- Teacher may provide additional artifacts as follows:
  - May present supporting evidence for domains 2 and 3
  - May demonstrate competency for the components not observed for domain 1
  - Should demonstrate competency in the components not observed for domain 4.
- Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

### Step 4: Second Formal Observation

- The second formal observation should be completed during the 2nd semester.

**Pre-observation conference:**

- The teacher provides the administrator with the lesson plan for the visit prior to the observation.
- The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda and Meeting Notes Form.

**Classroom Observation:**

- Observation lasts at least 30 minutes
- Focus will be on the 8 essential components
- Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. Click here for the Lesson Reflection Form.
- Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. Click here for the Formal Observation Form.
- Observations must be performed by personnel eligible for and certified by the district in FFT who have demonstrated proficiency in conducting FFT and passed assessments demonstrating the required skills to evaluate.
- Observers may only observe one teacher at a time in a classroom setting.
- Observers may only observe teachers in a setting that is part of their normal instructional duty, which would exclude covering for another teacher or when children from other classes have been placed in their classrooms on a temporary basis.
- Observations shall not occur the day before or the day after holidays such as Thanksgiving, Winter Break, Spring Break, emergency closings greater than three days or approved absences greater than three days.

**Post-observation conference:**

- The conference will be held within 5 work days of receiving the teacher’s reflection.
- Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Post-Observation Conference Agenda and Meeting Notes Form.
- Teacher may provide additional artifacts as follows:
  - May present supporting evidence for domains 2 and 3
  - May demonstrate competency for the components not observed for domain 1
  - Should demonstrate competency in the components not observed for domain 4.
- Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

**Step 5: Final Evaluation (Summative/End-of-Year) Conference**
The administrator should complete the Final Evaluation form for teachers receiving a Final Evaluation. Click here for the Final Evaluation Form.

The administrator and teacher will establish a date and time for the Final Evaluation Conference.

The conference will be held by the last duty day for teachers.

The following topics may be reviewed:

- The teacher’s self-assessment and their self-reflection of growth in practice with the 8 essential components.
- The goals developed by the teacher and any evidence collected which demonstrates growth and attainment of the goals.
- A review of the informal classroom observations and other evaluation inputs (such as student achievement data).

Discussion and debrief:

- Review the teachers’ goals, evidence, and growth in the identified components of practice.
- Were the goals achieved and to what extent?
- What opportunities are needed for further growth in these components?
- What additional supports does the teacher perceive are needed to support growth?

Administrator provides the teacher with a copy of the final evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

Note on Informal Observations

- Informal observations can be conducted at any time. When conducting informal observations, you may use the PGCPS Instructional “Look Fors”. These are optional tools that can be used as a guide during informal observations and are not required. The Look Fors can be accessed/downloaded here: Elementary Reading/ English Language Arts, Middle School Reading/ English Language Arts (Grades 6-8), High School Reading & Language Arts, Mathematics, Science K-8, Science- High School, Social Studies, World Languages.

If the administrator sees evidence that would support basic or unsatisfactory performance ratings during an informal observation, he/she should refer to the “Teacher Observation and Evaluation Matrix,” for next steps.

  - Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

**Step 5: Interim (Mid-year) Evaluation**
The interim/mid-year evaluation must be completed by the end of the 1st semester.
Interim / mid year reviews are to be completed using the Interim Evaluation Form. Click here for the Interim Evaluation Form.
Administrator provides the teacher with a copy of the interim evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

Step 6: Third Formal Observation
- The third formal observation must be completed in February or March.
- Pre-observation conference:
  - The teacher provides the administrator with the lesson plan for the visit prior to the observation.
  - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda and Meeting Notes Form.
- Classroom Observation:
  - Observation lasts at least 30 minutes

  - Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

Step 7: Fourth Formal Observation
- The fourth formal observation must be completed in April or May.
- Pre-observation conference:
  - The teacher provides the administrator with the lesson plan for the visit prior to the observation.
  - The administrator uses the Pre-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Pre-Observation Conference Agenda and Meeting Notes Form.
- Classroom Observation:
  - Observation lasts at least 30 minutes
  - Focus will be on the 8 essential components
  - Teacher completes the lesson reflection form within two work days of the observation and submits it to the administrator. Click here for the Lesson Reflection Form.
Administrator provides the teacher with a rough draft of the Formal Observation Form with the marked Descriptors of Practice, with cited evidence, at the element level for the 8 essential components within 5 work days of the observation. Click here for the Formal Observation Form.

Observations must be performed by personnel eligible for and certified by the district in FFT who have demonstrated proficiency in conducting FFT and passed assessments demonstrating the required skills to evaluate.

Observers may only observe one teacher at a time in a classroom setting.

Observers may only observe teachers in a setting that is part of their normal instructional duty, which would exclude covering for another teacher or when children from other classes have been placed in their classrooms on a temporary basis.

Observations shall not occur the day before or the day after holidays such as Thanksgiving, Winter Break, Spring Break, emergency closings greater than three days or approved absences greater than three days.

Post-observation conference:

The conference will be held within 5 work days of receiving the teacher’s reflection.

Uses the Post-Observation Conference Agenda and Meeting Notes form to guide the discussion. Click here for the Post-Observation Conference Agenda and Meeting Notes Form.

Teacher may provide additional artifacts as follows:

- May present supporting evidence for domains 2 and 3
- May demonstrate competency for the components not observed for domain 1
- Should demonstrate competency in the components not observed for domain 4.

Administrator provides the teacher with a final copy of the Descriptors of Practice, with cited evidence, within 5 work days of the post-observation conference. Administrator enters the observation ratings in the Oracle Appraisal module.

Step 8: Final Evaluation (Summative/End-of-Year) Conference

- The administrator should complete the Final Evaluation form for teachers receiving a Final Evaluation. Click here for the Final Evaluation Form.
- The administrator and teacher will establish a date and time for the Final Evaluation Conference.
- The conference will be held by the last duty day for teachers. Unsatisfactory evaluations must be given to the teacher on or before June 1st and must include at least one observation by someone other than the employee’s immediate supervisor.
- The following topics may be reviewed:
  - The goals developed by the teacher and any evidence collected which demonstrates growth and attainment of the goals.
  - A review of the marked Descriptors of Practice from the 4 formal observations to determine growth and practice.
  - A review of the informal classroom observations and other evaluation inputs (such as student achievement data).

Discussion and debrief:

- Review the teachers’ goals, evidence, and growth in the identified components of practice.
- Were the goals achieved and to what extent?
- What opportunities are needed for further growth in these components?
- What additional supports does the teacher perceive are needed to support growth?

Administrator provides the teacher with a copy of the final evaluation and uploads the signed document to the Oracle Appraisal module (unless the entire process has been completed online).

Reminder:
At least one of the formal observations must be announced with the teacher given two days notice of the observation, per the negotiated agreement.

Note on Informal Observations
Informal observations can be conducted at any time. When conducting informal observations, you may use the PGCPS Instructional “Look Fors”. These are optional tools that can be used as a guide during informal observations and are not required. The Look Fors can be accessed/downloaded here Elementary Reading/ English Language Arts, Middle School Reading/ English Language Arts (Grades 6-8), High School Reading & Language Arts, Mathematics, Science K-8, Science- High School, Social Studies, World Languages.

If the administrator sees evidence that would support basic or unsatisfactory performance ratings during an informal observation, he/she should refer to the “Teacher Observation and Evaluation Matrix,” for next steps.

*Teachers rated unsatisfactory must have this completed by June 1*
“APC” certificated teachers who are not scheduled for evaluation

Step 1: Self Assessment
- Teachers will complete the self-assessment using only the Danielson 8 Essential Components of the Danielson Framework for Teaching (FFT). Click here for the Self Assessment Form.
- Used to create a minimum of 2 goals. It is not required that the teacher develops a goal for each of the 8 components; first-time FFT users should consider setting a goal of becoming familiar with the 8 essential components.
- The self assessment must be completed by September 30th and prior to the goal setting conference.

Step 2: Goal Setting Conference
- The teacher will develop professional growth goals using the Teacher Goal Setting Form. Click here for the Goal Setting Form.
- The teacher will indicate the domain(s) and component(s) for growth and explain how s/he will improve and measure/document growth.
- The administrator will review the self assessment, the goal setting form, the prior year’s final evaluation and prior year’s observations with the teacher during the goal setting conference.
- The administrator and teacher will agree on the conference format.
- The conference must be completed by September 30th.

Step 3: End of Year Goal Review Conference (Optional)
- An end of year conference is recommended so that the administrator and teacher can review their goal attainment/progress.
- The conference will be held between January and June.
- The administrator and teacher will establish a date and time for the Goal Review Conference.
- The following topics may be reviewed:
  - The goals developed by the teacher and any evidence collected which demonstrates growth and attainment of the goals.
  - A review of any informal classroom observations and other inputs (such as student achievement data).
- Discussion and debrief:
  - Review the teachers’ goals, evidence, and growth in the identified components of practice.
  - Were the goals achieved and to what extent?
  - What opportunities are needed for further growth in these components?
  - What additional supports does the teacher perceive are needed to support growth?

Note on Informal Observations
- Informal observations can be conducted at any time. When conducting informal observations, you may use the PGCPS Instructional “Look Fors”. These are optional tools that can be used as a guide during informal observations and are not required. The Look Fors can be accessed/downloaded here Elementary Reading/ English Language Arts  Middle School Reading/ English Language Arts (Grades 6-8)  High School Reading & Language Arts  Mathematics  Science K-8  Science- High School  Social Studies  World Languages
If the administrator sees evidence that would support basic or unsatisfactory performance ratings during an informal observation, he/she should refer to the “Teacher Observation and Evaluation Matrix,” for next steps.

**Placing an “Off-cycle” Teacher “On-cycle” Mid-Year**

- Any teacher who is identified as having performance issues mid-year may be placed “on-cycle” by the principal. The principal will submit the request along with documented evidence of the performance problem to the instructional director and associate superintendent for approval.
- Absent very unusual circumstances (e.g., a sudden and significant deterioration in teaching skills late in the school year, or where a teacher returns late in the school year from a lengthy leave of absence), a decision to place a teacher “on-cycle” for the school year should be made by February 1.
- Placement of a teacher “on-cycle” during the school year requires prompt written notification to the teacher of the reason[s] for such action, with copies of such notification being sent to the appropriate instructional director and associate superintendent, as well as to the Office of Employee Performance. Notification to the Office of Employee Performance should be made via email to teacher.evaluation@pgcps.org and include the teacher’s name, EIN and school name. Once notification has been received, the Office of Employee Performance will send out a confirmation to the principal, the teacher, and the instructional director with a copy to PGCEA.

| 4c: Communicating with Families | Teacher communication with families, about the instructional program, or about individual students, is sporadic or culturally inappropriate. Teacher makes no attempt to engage families in the instructional program. | Teacher adheres to school procedures for communicating with families and makes modest attempts to engage families in the instructional program. But communications are not always appropriate to the cultures of those families. | Teacher communicates frequently with families and successfully engages them in the instructional program. Information to families about individual students is conveyed in a culturally appropriate manner. | Teacher’s communication with families is frequent and sensitive to cultural traditions; students participate in the communication. Teacher successfully engages families in the instructional program; as appropriate. |

**Goal Setting Guidelines**

**Objective**
The objective of the formative aspect is to improve professional practice. To achieve this objective, learners require ownership of the learning goals, established by thoughtful self-assessment, personal reflection on teaching practices, and specific feedback based upon standards of teaching practice.

**Overview**
Teachers and administrators will identify and agree upon professional growth goals which align with the *Framework for Teaching* (FFT) Domains of Professional Practice. Teachers will self-assess their practice utilizing the FFT Domains and review feedback and data received from previous observations. Goals will then be developed related to areas of growth they have identified from the self-assessment and the observation feedback.

<table>
<thead>
<tr>
<th>Domain 1: Planning and Preparation</th>
<th>Domain 2: The Classroom Environment</th>
<th>Domain 3: Instruction</th>
<th>Domain 4: Professional Responsibilities</th>
</tr>
</thead>
</table>

**Procedures**
1. *Self-assessment and goal setting:* Teachers will self-assess their practice using the FFT and evidence from the first cycle of evaluations from the prior year. From this information, teachers will identify two (2) measurable professional growth goals and develop a professional growth plan to achieve those goals in the current year.

2. *Agreement of evaluation components:* Administrator and Pilot Teacher Evaluation teacher review diagnostic observation data and teacher’s self-assessment to identify the eight evaluation components for each teacher.
   a. Non-tenured teachers will focus on the 8 Essential Components
   b. Tenured teachers will have eight evaluative Components identified through collaboration. The administrator will suggest four of the 8 Essential Components and the teacher will suggest an additional four Components from the *Framework for Teaching*.

3. *Agreement of goals and professional growth activities:* The teacher and supervising administrator will discuss options for professional growth related to the selected Components.

4. *Developing a professional growth plan:* Once approved, teachers will develop a professional growth plan and measurement methods to be implemented during the school year, and present the plan to their supervising administrator within ten school days.
   a. If necessary, the teacher and/or administrator may schedule an additional meeting to clarify any aspect of the professional growth plan.

5. *Completing and reflecting upon goals:* Teachers will collect and present artifacts which document growth in the selected areas. Observation evidence gathered by the administrator can also be used to determine the degree to which the teacher attained the goals.
   1. *Reviewing progress toward meeting the goals:* The professional growth plan and progress made to attain the goals will be reviewed during the Summative Evaluation conference.

Goal-setting process

- Use the Framework for Teaching Descriptors of Practice, Component Level to complete a self-assessment of your teaching practice.
- Review the data and feedback provided from previous observations.
- Identify areas of practice for professional growth within the eight components you and your administrator have agreed to as areas of focus. It is recommended that teachers select two goals to address in a school year.
- Complete this form to indicate the domain(s) and component(s) selected for growth, and provide information describing how you will improve in the selected areas, and how you will measure/document growth.
- Attach this form, when completed, to the Descriptors of Practice, Component Level form.
- Use this form to refine goals and to develop professional growth plans.

Goal: During the first year of using Framework for Teaching, teachers consider learning The Framework for Teaching and the Evaluation system as one of their professional growth goals.

Review Self-Assessment
Notes:

Review the Eight Essential Components for the evaluation
- Based on the teacher’s self-assessment, how will the teacher address the Eight Essential Components in their practice in the classroom?
- Administrator and teacher will agree upon the teacher’s goals based upon the data from the self assessment for the teacher’s professional growth.
- It is recommended the teacher select no more than two goals to address during the school year. Goals selected must be measurable to document professional growth.

Lesson Reflection Form

Teacher Name: ___________________________  EIN: __________  Date: __________

Date of Observation: ______________________  School: ______________________

This document is provided to assist teachers in preparing for your post-observation conference. It provides you with an opportunity to document your reflection (Domain 4) and will help to shape your discussion with your administrator.

- As you reflect on the lesson, were the students cognitively engaged in the work? How do you know? (4a: Reflecting on Teaching; 3c: Engaging Students in Learning)

- Did the students learn what you expected them to learn? How do you know? If you do not know at this point, when will you know, and what will be evidence of their learning? (1c: Selecting Instructional Goals; 1f: Designing Student Assessments)

- How did the instructional strategies you chose support student learning? How do you know? (1e: Designing Coherent Instruction)

- What have you done to promote a culture for learning in your classroom? (2b: Culture for Learning)

- Did you alter your lesson plan or adjust your outcomes as you taught the lesson? If so, how, and for what reason? (3d: Using Assessment in Instruction; 3e: Demonstrating Flexibility & Responsiveness)

- If you had the opportunity to teach this lesson again to the same group of students, what would you do differently? (4a: Reflecting on Teaching)

Are there other thoughts about the lesson that you would like to share? Please add any additional comments.
Post-Observation Conference Questions

1. In general, how successful was the lesson? Did the students learn what you intended for them to learn? How do you know?

2. If you were able to bring samples of student work, what do those samples reveal about those students’ levels of engagement and understanding?

3. Comment on your classroom procedures, student conduct, and your use of physical space. To what extent did these contribute to student learning?

4. Did you depart from your plan? If so, how, and why?

5. Comment on different aspects of your instructional delivery (e.g., activities, grouping of students, materials, and resources). To what extent were they effective?

6. If you had a chance to teach this lesson again to the same group of students, what would you do differently?

- Teacher will have the reflection form completed for the conference
- Lesson plan and lesson artifacts (materials, assessments, etc.) may be presented by the teacher for review

Notes:

Review/discuss evidence collection & marked Descriptors of Practice for the observed lesson
- What was the rigor of the task(s)?
- What was the evidence of student learning?

Notes:

Discussion Points
- What strategies might help the teacher achieve his/her goals?
- What strengths were observed in the lesson that presents opportunities for additional growth?
- What resources or supports would help students achieve?
- What resources would support the teacher’s work?

**Discussion Points**

- What areas did you excel in throughout the year?

- Were your goals achieved and to what extent?

- How did you gather evidence throughout the year to determine your progress to your goals?

- What evidence is there that you achieved your goals?

- Reflecting on your progress to your goals, what could you have done differently throughout the year to support attainment of your goals?
  
  - What action steps are planned in support of continuing your goals in the next year?

- What additional supports do you need to support growth?

</tr>
<tr>
<td>o Teachers use Teacher’s Guide to BCR to model and score BCRs (grades 3-5), and create SRs based on examples from MDk12.org.</td>
</tr>
<tr>
<td>o A formative assessment, written or oral, is included in each lesson. (America’s Choice schools, teachers keep and use assessment notebooks to chart student progress.)</td>
</tr>
</tbody>
</table>

### Grouping Students
- Teacher differentiates instruction in guided reading groups and/or flexible groups based on students’ needs (includes ELL, SPED, and Advanced Learners)

  - Curriculum Framework Progress Guide (CFPG), Comprehension Skill Lesson Plans, Teacher’s Guide to BCRs along with Extensions to CFPGs for Alt-MSA and Special Populations
  - Classroom library with books at a variety of instructional levels
  - Use of the teacher guides and mentor texts for writer’s workshop (America’s Choice schools)
  - Books, magazines, and other reading materials (fiction, nonfiction, poetry, etc.) available for student choice at a variety of reading levels
  - A variety of charts are created interactively and posted to support student learning
  - Technology used appropriately by teacher and/or students

**Instructional Groups**
Teacher considers the learning needs of each group when grouping:

- K-2 students receive instruction at their instructional level in small groups daily. (In America’s Choice schools, individual teacher conferences may substitute for small groups on their own and others’ learning

- Teacher uses a variety of techniques for all students to participate (e.g. Turn and Talk or Think-Pair-Share, Equity Sticks, exit tickets)

- Teacher elicits participation through a variety of sensory modes and every pupil responses (i.e. Thumbs Up/Down)

- Students share ideas/questions through the use of post-it notes, journals, and/or chart paper.

  - Uses cooperative learning groups that can be differentiated or flexible based on student needs.

**Instructional Materials & Resources**
- Houghton Mifflin *Reading*, with leveled readers and other books to meet every child’s instructional reading level; vocabulary leveled readers for Special Education Resource Teachers

- Classroom libraries
- Leveled texts
- On-line libraries

*The following resource(s), while not intended for student use, are intended to aid the teacher in the goal of student learning:*

- MDSE websites, Blackboard (including Reading Web Connection and *Bringing Words to Life* Power Points), MSA Finishline or additional test preparation materials, *Get Set to Read* and other approved software.

**Structure and Pacing**
- A gradual release of responsibility is used to show students clear expectations (I Do), guide them in attempting lesson objectives (We Do), and provide opportunities for individual and partner practice (You Do).
as appropriate during the work period.)

- In all grades, students also have opportunities for heterogeneous groupings to discuss grade level reading, independent reading with teacher conferencing, and flexible groups as needed to reinforce skills or strategies.

**Lesson and Unit Structure**

- Teacher models using reading strategies and students apply across the curriculum.
- Instruction is based on the CFPG and reflects posted objective.
- Teacher structures the lesson and unit to allow students with different learning needs to meet the intended outcomes.
- Teacher effectively paces the lesson and monitors student progress.
- Teacher invites self-reflection on the learning experience in daily journals or learning logs.

Informal Observations Forms
Middle School Reading/English Language Arts (Grades 6-8)
Should include:
- Lesson aligns with the State Curriculum and the CFPG
- Outcomes are scaffolded, build on prior learning, and establish a foundation for future learning
- Teacher’s plan references previous lessons/units to sequence outcomes
- Other:

Clarity Should include:
- Measurable outcome
- Outcomes are specific and doable within time allotted.
- Other:

Balance Should include:
- Lesson reflects rigor/requires HOTS
- Outcomes represent different types of learning
- Outcomes coordinated between multiple disciplines

Suitability for Diverse Learners Should include:
- Considers students’ cultures, special needs, and skill levels in planning
- Differentiates/provides accommodations for classroom instruction and assessment (ELL, Honors, Special Education)

Instructional Materials & Resources
May include:
- Core text and/or ancillaries
- Engaging and relevant approved resources (e.g. trade books, websites, video clips)
- Effective incorporation of technology for teacher and/or student use
- Other:

Instructional Groups May include:
- Teacher considers different learning needs or styles
- Teacher considers group numbers that will maximize learning
- Plan shows roles/responsibilities of group members
- Other:

Student Participation May include:
- Teacher uses a variety of techniques for all students to participate (e.g. Turn and Talk or Think-Pair-Share, Equality Sticks)
- Teacher elicits participation through a variety of sensory modes (e.g. Thumbs Up/Down, etc.)
- Other:

Discussion Techniques May include:
- Teacher invites students to respond to other students’ comments
- Teacher aims for questioning/discussion among students
- Teacher groups students for small group discussions
- Other:

Grouping Students May include:
- Teacher uses flexible grouping
- Teacher uses a variety of methods to form groups (e.g. random, clock partners, student choice)
- Teacher shares student roles and responsibilities
- Other:

Instructional Materials & Resources May include:
- Effective incorporation of technology for teacher and/or student use
- Core text and/or ancillaries

### 2b: Establishing a Culture for Learning

**Importance of Content**
- Activates and builds on prior knowledge for all mathematics activities by linking content concepts to students’ personal experiences, cultural backgrounds, and instructional needs in order to make explicit connections between previously learned material and new information.

**Expectations for Learning & Achievement**
- Establish high expectations for all learners; i.e. routines and procedures.
- Creates a low-anxiety environment with feelings of mutual acceptances and respect.
- Provides a physical environment that is rich in mathematics learning and achievement.

**Student Pride in Work**
- Classroom routines and procedures promote students ownership of high expectations.
- Displays student work, lesson themes, key vocabulary.

#### Expectations for Learning & Achievement
- Has high expectations for World Languages students and encourages them to participate fully.
- Models learning goals by demonstrating what the students are to accomplish, and then asks students to participate with teacher support prior to completing tasks independently.
- Models correct pronunciation and targeted language structures.
- Creates a low-anxiety environment with feelings of mutual acceptance and respect.
- Respects students’ home language and culture.
- Provides a language-rich environment.

#### Student Pride in Work
- Utilizes target vocabulary and language structures in context.
- Displays student work, lesson themes, and key vocabulary.
- Gives immediate feedback for the students in a positive manner.
## Domain 1: Planning and Preparation

**Value, Sequence, & Alignment**

<th><strong>RATING ELEMENTS</strong></th>
</tr>
</thead>
</table>

## I. Effective Teaching Preparation

### A. Planning and Preparation

- Implements lessons which provide for instruction of students at appropriate achievement levels, and reflects an appropriate sequencing of instruction based on approved curricular objectives.

### B. Learning Climate

1. Creates a classroom climate that is warm and inviting. Promotes the development of positive self concept for all students.

2. Involves students at all instructional levels in each lesson and encourages and receives inquiries, ideas and opinions that relate to those lessons from the students involved.

3. Presents lessons in such a way as to encourage students to employ higher order critical thinking skills.

4. Demonstrates fairness and consistency in the handling of student discipline.

### C. Instruction

1. Demonstrates knowledge of subject matter and transmits that knowledge in an interesting manner using a variety of techniques and/or materials to accomplish the objectives of instruction.

2. Maximizes the use of time for instructional purposes, with all students being involved in meaningful learning activities.

3. Uses a wide range of assessment information (including but not limited to observations by the teacher, CRT, etc.) to regularly adjust student instruction.

4. Makes clear the purpose and/or practical importance of the lesson and how the content of the homework assignment relates to that lesson.

5. Provides prompt and appropriate feedback on work completed by students.

6. Demonstrates a keen understanding of the needs, concerns, abilities, and interest of each student in such a manner that leads to the delivery of needed instructional or other resources.

7. Performs so that there is observable satisfactory growth in children.

Directions For the Proper Use of This Teacher Evaluation Form

Rating Options

An evaluation system can only be fair and effective when there is common agreement and understanding between the principal and the teacher as to the criteria for each of the rating options. The following descriptive explanation of each of the rating options is provided to ensure a common understanding of each:

- **Satisfactory**: Performance is consistently adequate and acceptable. A satisfactory rating indicates that the teacher has effectively executed the tasks referenced in the rating element.

- **Needs to Improve**: Performance is sometimes inadequate and unacceptable. Additional assistance and supervision may be required. (This rating option may be used for interim evaluations only)

- **Unsatisfactory**: Fails to correct weaknesses; or deficiencies are such a serious nature that they result in inadequate or unacceptable performance.

**Note**: Principals are to place a check in the most appropriate box for each rating element.

Rating Elements

The rating elements listed within the evaluation are designed to reflect the characteristics of effective teaching as defined in the teacher edition of Standards for Excellence in Teaching published by the Prince George's County Public Schools. Principals and teachers may refer to that publication for a detailed definition of the characteristics of effective teaching.

Achievement Outcomes

Non-tenured teachers and teachers rated less than satisfactory must develop a reasonable set of outcomes for the students to achieve. The outcomes could include performance on the CRT's, magazine tests, or any other outcomes that the principal and teacher believe are reasonable. During the last six weeks of school, the principal will review the expected outcomes and the actual achievement of each. These goals should be included as an attachment to this evaluation form.

Comments

The “Comments” section may be used to record any information the principal determines is appropriate to the evaluation. It may also be used to list extra duty contributions.
