- Eager to share information and ideas with colleagues
- Is resilient, flexible, persistent and open-minded
- Enjoys new challenges and solving problems
- Articulates effective instructional strategies with skill
- Ask questions that prompt reflection and understanding
- Is regarded by colleagues as an outstanding teacher
- Has excellent knowledge of pedagogy and subject matter
- Demonstrated excellent classroom management skills
- Understands the policies and procedures of the school district
- Collaborates well with other teachers and administrators
- Works well with individuals from different cultures
- Is patient
- Recognize and have the ability to do good planning

Duties and Responsibilities:
- Work with beginning teachers by developing and sustaining mentoring relationships, characterized by openness, sharing, and reflection, through effective interpersonal and communication skills. Support beginning teachers to establish baseline competency.
• Exhibit knowledge of the state-adopted academic content standards/performance levels for students and the state-adopted curriculum framework.
• Demonstrate knowledge of beginning teacher development and give on-site support to beginning teachers by providing guidance, assistance, and information that leads them to effective professional practice and the completion of their induction requirements.
• Participate in professional training to acquire the knowledge and skills needed be an effective Mentor including:
  o Attend 3 days of national mentor training during the summer, at a site to be determined, conducted by the Educational testing Service’s National Induction Coordinators using the ETS Pathwise Induction Program format and tools. The training dates are July 26-28, 2005 or August 9-11, 2005.
• Demonstrate commitment to personal professional growth and learning by attending the monthly professional development sessions with novices as part of the ETS Pathwise Induction Program.
• Conduct monthly study groups for novices to deepen their understanding of issues related to the seven ETS Pathwise Induction Events and to update their understanding and usage of instructional strategies.
