Snapshot of Utah’s pension system

- Teacher pension system is well funded (at least 90%).
- Teachers have the option of a fully portable primary pension plan.
- Teachers vest in three years or less.
- Teachers leaving early can take at least a partial employer contribution with them.
- Teacher and employer contribution rates are reasonable.
- Retirement eligibility is based on age only.
- Pension benefits accrue in a way that treats each year of work uniformly.
- Future contributions required to fully amortize total pension debt are projected and reported.
- Contributions required to fully amortize pension debt under different discount rates are reported.
- The source(s) of employer contributions (e.g., state and/or school districts) are disclosed, as well as the proportion of total contributions for which each contributor is responsible.
- The amount of retirement contributions that are normal costs and amortization are reported.
- Individual teachers are provided with information that breaks out employee and employer contributions.
- Individual teachers are provided with information about how their benefits accrue over time.

Utah pension system characteristics

- Type of plan: Choice of Hybrid or Defined contribution (DC)
- Unfunded liabilities (percent of system funded)*: $2,493,683,010 (85.4%)
- Vesting period: 4 years
- Teacher contribution rate (percent of salary): 10%
- Employer contribution rate (percent of salary): 23.3%
- Basis for retirement eligibility: Age and years of service
- Cost-of-living adjustments: Based on Consumer Price Index
- Participation in Social Security: Yes
- Contributions teachers may withdraw from plans if they leave after five years: Own plus employer plus earnings or losses
- Policy for purchasing time for prior teaching or approved leave: Unlimited

* For states in which teachers are part of a larger public employee system, the liabilities were adjusted to reflect an estimate of the percentage of teachers in the system

For states with multiple tier teacher pension systems, this analysis applies to the tier that applies to current new teachers joining the system.
